

# Top tips for Library Search

## Quick study guide

### Sign in

To request books from other campuses, renew loans and use the e-Shelf

### All resources

Search all resources, then refine results after your search is completed

### AND

Join words using AND to find resources with BOTH search terms

**Ur AND cemetery**

### OR

Join words using OR to find resources with EITHER OR BOTH search terms

**Ur OR cemetery**

### Truncation

Use an asterisk (\*) at the end of part of a word to find word variations:

**archaeolog\* finds  
archaeology,  
archaeologist,  
archaeological, etc.**

### Phrase search

Use double quotation marks to find phrases:

**"ancient Greece"  
"ancient Egypt"**

### Refine results

After searching, use the "refine results" options to focus your selections to:

resource type: books, journals, multimedia, etc.  
campus location or online resources  
publication date, topic, language

### View it, Get it

Access our growing collection of online and print resources by choosing either:

View it - for online resources  
Get it - to get the call number for a physical item

### Virtual Browse

Use Virtual Browse to highlight books on the shelf in call number order, making it easy to find more relevant books
