

The Australian Regenerative Medicine Institute (ARMI) and the Monash e-Research Centre (MeRC) are pleased to host the following Seminar:

Bioinformatics: Services, Tools and Know How - An EBI Perspective

Know-How

10.30am - 12.00pm

Dr Maria J Martin

Head Coordinator UniProt, EMBL-EBI

- Public data resources at the European Bioinformatics Institute (EBI)
- The European Nucleotide Archive (ENA)
- UniProt: resources contents and user services.

Services and Tools

2.00pm - 3.30pm

Mr Rodrigo Lopez

Head of External Services, EMBL-EBI

- Bioinformatics services infrastructure and frameworks.
- Ware-house approaches (ie. SRS and meta-data-based solutions).
- How to get data. ASPERA, PTP, gridFTP, hardware mirrors, read-only database replication.
- ELIXIR-services (model for mirroring/hosting life-sciences).

Date: Monday 3rd August

Place: MISCL Meeting Room, Lvl 3, Bldg 75
Clayton Campus
Monash University

MONASH University
Medicine, Nursing and Health Sciences
