

# ANZSCDB 7<sup>th</sup> Annual Symposium

## Melbourne Cell & Developmental Biology

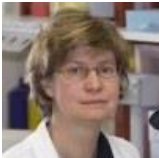

5 November 2014

The annual ANZ Society for Cell and Developmental Biology symposium is being held in Melbourne in 2014. It is hosted by Monash University at the Alfred Medical Research and Education Precinct (AMREP).

### Plenary speakers

Professor Emma Whitelaw  
Head of Department of Genetics  
*La Trobe University*

Professor Jane Visvader  
Joint Division Head, Stem Cells and Cancer  
Walter and Eliza Hall Institute

### About the symposium

The symposium will showcase cutting edge cell and developmental biology research taking place in Melbourne, from both students and post-doctoral fellows, working on various aspects of cellular mechanisms, organism development, tissue/birth defects and regenerative medicine.

**Prizes** for best oral and poster presentations (selected from submitted abstracts)
