

Jessica is from Auckland, New Zealand where she completed her Bachelor of Pharmacy at the University of Auckland in 2017. She is a registered pharmacist and served as the intern pharmacist representative for the Pharmaceutical Society of New Zealand in 2018. In March 2019, Jessica moved to Melbourne and commenced a PhD with Drug Discovery Biology. She is the current Parkville campus representative for the Monash Graduate Association and outside of research, Jessica enjoys travelling, exploring new cafes and going to the gym. She is interested in joining the Academic Board as she would like to provide an HDR student's perspective to the deliberations at the Board.
