6.1 The Host warrants that it has in place policies and procedures governing workplace practices and staff behaviour to reasonably discharge its obligations under the occupational health and safety and equal opportunity laws (Safety Procedures).

6.2 During the Internship the Host will provide the Student with all relevant training and supervision necessary for the Internship to be conducted in a manner that, so far as reasonably practicable, is safe and without risks to the health and safety of the Student.

6.3 If, during the Internship, the Student is directly or indirectly involved in an incident that may compromise their health or safety while on the Host’s premises, the Host will as soon as practicable notify the Monash Contact of the incident, the circumstances giving rise to the incident, the effect on the Student including any injury to the Student and the measures put in place at that time to remedy the situation, and will keep Monash informed on an ongoing basis of such measures while the Internship continues.

6.4 The Monash reserves the right to withdraw the Student from the Internship at any time without notice if it forms concerns about the Student’s health, safety or welfare.

7. INSURANCE

7.1 Monash warrants that it maintains insurance cover for the Student as follows:

7.1.1 Public liability and professional indemnity insurance cover as it may relate to the conduct of the Student whilst engaged on the Internship.

8. OWNERSHIP AND USE OF INTELLECTUAL PROPERTY

8.1 Ownership of rights in any pre-existing Intellectual Property which is contributed by a Party for the purpose of carrying out the Internship will remain with the contributing party. Where the pre-existing Intellectual Property is contributed by the Host, the Student is licensed to use, modify or adapt that Intellectual Property for the purpose of undertaking the Internship.

8.2 Intellectual Property in all material created or prepared by the Student in undertaking the Internship (“Project IP”) shall vest in the Host, apart from copyright in the Student’s thesis or assessable work which will be owned by the Student. The Host grants Monash and the Student a non-exclusive, royalty-free licence for Monash and the Student to use the Project IP to the extent required to complete and assess the Student’s work in the Unit. Written consent from the Host will be required where the Student or Monash wish to use the Project IP for other purposes, including but not limited to publication.
8.3 Subject to clause 8.4, a Party shall not represent that the other Party in any way endorses, supports or approves of, any products, services, Intellectual Property or business of that Party unless the other Party has first given its express written consent to such representation. In addition, neither Party shall use the name or logos of the other Party without the express written approval of the other Party being first obtained. Such consent will not be unreasonably withheld.

8.4 Monash shall not use the name, logos or trademarks of the Host without express written approval save that Monash is permitted to use the name, logos or trademarks of the Host solely for promotional activities in relation to the Internship and the Unit.

8.5 The Host assumes sole responsibility and risk in interpreting, using and exploiting the Project IP and shall indemnify Monash and the Student against any actions, proceedings, suits, claims and demands made against them arising from such interpretation, use or exploitation by the Host or any of its sub-licensees.

9. PRIVACY

9.1 In this clause, "Personal Information" means information or an opinion (including information or an opinion forming part of a database), whether true or not, and whether recorded in material form or not, about a natural person whose identity is apparent, or can reasonably be ascertained from the information or opinion.

9.2 The privacy obligations in this clause apply to all Personal Information which the Host receives from Monash or which the Host receives, creates or holds in connection with this Agreement.

9.3 The Host acknowledges that Monash must conform to the Information Privacy Act 2014 enacted by the State of Victoria, Australia. This Act may, in certain cases, restrict the transfer of students’ Personal Information between parties.

9.4 The Host agrees to handle the Personal Information to which this clause applies in accordance with any reasonable and lawful direction given by Monash.

9.5 This document does not prohibit the disclosure of Personal Information by the Host to the extent that any of the following terms apply:

9.5.1 Monash, or the person to whom the Personal Information belongs, has consented in writing to such disclosure; or

9.5.2 The disclosure is required by law.

9.6 Where the Host discloses any Personal Information to which this clause applies to any third party, the Host agrees to ensure that such a third party is subject to enforceable obligations requiring the third party to comply with the obligations in this clause, as if the third party were the Host, and to enforce these obligations against the third party in accordance with such directions as Monash may give.

9.7 The Host shall indemnify Monash (and its officers, directors, employees, students, contractors and agents) from and against all damages and costs (including, without limitation, reasonable legal costs) that are caused by any negligent or wilful breach of these privacy obligations by the Host or by any third party under subclause 9.6.

9.8 This clause applies regardless of whether the Personal Information, the Host or any third party to whom the Host discloses Personal Information to which this clause applies is located in or outside Victoria.

9.9 This clause shall survive the expiration or termination of this Agreement.

10. CONTROL AND DISCIPLINE

10.1 Whilst on premises of the Host, the Student shall be bound by the rules, regulations, protocols, procedures and reasonable directions of the Host.
10.2 Discipline and control of the Student shall be the responsibility of Monash provided always that the Host shall be entitled to issue instructions to the Student on matters affecting the Internship, and such instructions shall be complied with fully and promptly by the Student.

10.3 If the Student fails or omits to be bound by or conform to any rule, regulation, protocol, procedure or reasonable direction of the Host or behaves in an unsafe or unprofessional manner and fails to remedy that failure, omission or behaviour within two (2) days (or such longer period as agreed to by the Host) of receipt of a written or oral warning from the Host, the Host has the right to request that the Student immediately leave the Host premises and to enforce that request permanently or for any other period of time which the Host deems appropriate. The Host will notify the Monash Contact as soon as is reasonably practicable where such a warning has been issued to the Student.

10.4 Where the Host requests the Student immediately to leave its premises in accordance with clause 10.3, or intends to make such a request at a later date, the Host shall immediately inform the Monash Contact verbally of its reasons for doing so, or intention to do so, and shall as soon as practicable thereafter confirm the same in writing to Monash, through the Monash Contact.

11. DISPUTE DETERMINATION

11.1 If any dispute arises between the Parties in relation to this Agreement, the Parties shall endeavour to resolve the dispute by negotiation in good faith. If the dispute is not mutually resolved within seven (7) days of a Party serving on the other Party a written dispute notice, each Party must nominate one senior representative each who shall meet as soon as practicable for the purpose of endeavouring to resolve the dispute. If the said senior representatives cannot resolve the dispute, then either Party may by written notice to the other Party require that the matter be referred to mediation.

11.2 The Parties shall bear their own costs of any mediation and shall share equally the cost of the mediator and other necessary mediation expenses. The mediation will be conducted without prejudice and in confidence. If the dispute is not resolved by mediation the Parties may take such other action as they consider appropriate.

11.3 The operation of this clause does not preclude a Party from applying for and obtaining interlocutory relief.

12. FOREIGN RELATIONS Act 2020

The Host acknowledges that under Australia’s Foreign Relations (State and Territory Arrangements) Act 2020 (Cth) (Act) MUA may be required to give details of this Agreement and any subsidiary arrangement to the Australian Minister for Foreign Affairs and that the Minister may declare an arrangement with a foreign entity to be invalid and unenforceable, required to be varied or terminated if the Minister believes the arrangement may adversely affect Australia’s foreign relations or be inconsistent with Australia’s foreign policy. Notwithstanding any other clause in this Agreement, MUA shall not be liable to the Host in respect of any loss or damage arising directly or indirectly from a decision of the Minister under the Act or anything done or not done by MUA to comply with the Act, and shall be released from compliance with its obligations under this Agreement to the extent that such compliance would be inconsistent with the Act or the Minister’s decision.

13. TERMINATION

Without limiting clause 6.4, either Party may, at any time and for any reason, terminate this Agreement by giving the other Party sixty days prior written notice provided that any Student who has already started his or her Internship before the date of the written notice to terminate may finish that Internship.

14. GENERAL TERMS

14.1 The Parties are independent contracting Parties and nothing herein is intended to create the relationship of partnership, employment or agency.
14.2 This Agreement is governed by and shall be construed in accordance with the laws of the State of Victoria, within the Commonwealth of Australia. The Parties submit to the non-exclusive jurisdiction of the courts of Victoria.

14.3 Neither Party may assign any right or obligation under this Agreement to any other person without the prior written consent of the other Party.

14.4 Clauses 3, 5, 6, 7, 8, 9 and 10 and, to the extent necessary, any other clause necessary or desirable to give effect to those clauses survive expiry or termination of this Agreement.

14.5 The Agreement may be amended by mutual consent in writing by the Parties.

14.6 The Host undertakes not to engage in any act, which may result in Monash contravening an Australian Sanctions Law. For the purposes of this clause Australian Sanctions Law means any law prohibiting or restricting dealings with proscribed states, persons or entities or seeking to prevent the proliferation of weapons, including but not limited to laws implementing the sanctions imposed by the United Nations Security Council.

14.7 If this Agreement were translated into another language, both texts would be authentic but the English text would prevail in the event of a dispute.

14.8 This Agreement may be executed in counterparts, which taken together will constitute one agreement.

14.9 Each Party may communicate its execution of this Agreement by successfully transmitting an executed copy of this agreement by email to the other Parties.

15. COUNTERPARTS

A party may execute this agreement by signing a counterpart. All counterparts constitute one agreement when taken together.

16. ELECTRONIC COMMUNICATIONS

An electronic copy of a signed counterpart sent with an email from the signatory Party confirming that it is a copy of the original signed counterpart shall have the same legal force and effect as the original signed counterpart. Each Party hereby waives any right to raise any defence or waiver based upon exchange of counterparts of this agreement by means of electronic exchange or upon electronic storage of the fully executed agreement.

Host Organisation Operational Matters

1. How long has the internship program been in existence in your organisation?

2. How many students typically intern at your organisation at the same time?

3. Will the majority of internship activities take place in an office environment?

4. What is the main language used to conduct business in your organisation?

5. Does your organisation have a risk management plan in place and is it available for our office’s review?

6. If the student is required to be available for non-standard hours, will your organisation arrange safe transport for the student?
MONASH UNIVERSITY OCCUPATIONAL HEALTH AND SAFETY POLICY

This policy applies to the activities of Monash University and we encourage our partner host companies to reflect occupational health and safety practices that emulate our commitment to a safe working environment.

Monash University is committed to providing employees, students, contractors and visitors with a healthy and safe environment.

The University strives to integrate health and safety into all aspects of its activities through:

- Implementing and maintaining a framework that ensures the systematic management of health and safety throughout all work sites of Monash University and compliance with legal and other requirements; and
- Aiming to control higher risk activities and increasing awareness of health and safety through education.

Our principal goal is to improve health and safety and to prevent workplace injuries and illnesses at the University.

The University promotes a proactive health and safety management philosophy based on effective communication and consultation and the systematic identification, assessment and control of hazards.

We expect our partner host organisations will have suitable OH&S policies in place to ensure the safety and wellbeing of all students participating in an internship.

Placement Arrangement Form

Purpose
This form is to be completed by all host organisations preparing to host students in the WIL program at Monash University. The form will be used to advise the university of the capability and intention of the host to supervise and provide tasks to students during their WIL placement in a remote or hybrid working environment. The approval of the host organisation or placement will not be dependent on this information.

It is important that host organisations provide this information so that in the event of unscheduled workplace closures, the WIL team can ensure the student is able to continue with his/her course of study. In some cases, there may not be an option to place students with other hosts or withdraw the student from the WIL unit they are enrolled in, without significant financial or academic consequences, therefore remote working options are extremely important in the case of short-term onsite closures of approximately 2 weeks due to Covid19 outbreaks, and we encourage you to consider options for these situations.

1. **Please indicate what percentage of the internship will be performed remotely** (including any training/onsite inductions).

   None ☐   20% ☐   50% ☐   80% ☐   100% ☐

If you answered ‘none’ please complete question 2 below. If you answered that some/all of the internship will be performed remotely, please go to the next page to complete further information about remote supervision and support.

2. **Are you open to considering options for providing remotely supervised work for a short period if your work place were required to close suddenly due to a Covid19 outbreak?**

   ☐ Yes – we could provide remote work options for a short period if our organisation was required to close suddenly due to a Covid19 outbreak
   ☐ No – remote work options would not be possible

Please outline some options you could consider: *This could include provision of a short project or task, online training or development they could undertake from home.*

**Virtual networking**

Networking in a virtual setting is a challenge. Please consider how you can provide opportunities to connect with colleagues or help build their professional networks. *E.g. team coffee catch ups and work drinks on Fridays which the student will be encouraged to attend.*

What opportunities will you provide so they can meet colleagues or interact more socially?
