

# MONASH PHARMACEUTICAL SCIENCE

## INDUSTRY EXPERIENCE

### TAP INTO EMERGING TALENT FROM AUSTRALIA'S TOP-RANKED PHARMACEUTICAL SCIENCE FACULTY

Host a Monash Pharmaceutical Science student through the Monash Industry Experience Placement Program.

#### Key benefits to your organisation include:

- Access to top talent from one of Australia's leading pharmaceutical science programs
- Fresh perspectives, innovative ideas and up-to-date technical training and advice from our driven students
- Opportunity to position your organisation as an employer-of-choice for early graduates.

#### HOW DOES IT WORK?

The program allows you to opt for students from either the Bachelor of Pharmaceutical Science (to offer a 20-day experience) or the Master of Pharmaceutical Science (for a 50-day experience). The placements occur in the second half of 2024 (see dates below) and are typically carried out full time. To get on board with the program, all you need to do is submit an EOI (hit the button below), and we will guide you through the process.

#### DEDICATED PLACEMENT TEAM

Our centralised placement team will work with you to source suitable students and conduct a thorough vetting process to ensure they are matched to your requirements and expectations. A shortlist of appropriate candidates will then be sent to you, and you can decide who to interview and, if suitable, select for placement.

#### NO FINANCIAL OBLIGATION

The program does not involve any financial commitment on your part. The students are not paid as it is a compulsory component of their degree.

#### MONASH INSURED

Monash University provides insurance coverage for the students.

#### HASSLE-FREE PLACEMENT PROCESS

We **manage** the placement paperwork  
We **identify** suitable candidates for the role  
We **shortlist** aligned candidates  
We **arrange** interviews  
We **monitor and support** both you and the student during their placement

## Bachelor of Pharmaceutical Science Placement

### Placement Duration:

120 hours, 4 weeks full-time (20 x 6 hours per day)

### Placement Dates\*:

Winter | 24 June - 19 July

Semester 2 | 22 July - 16 August

Our Bachelors of Pharmaceutical Science students bring a strong foundation in the pharmaceutical sciences (physiology/pharmacology, medicinal and analytical chemistry, formulation science) and advanced laboratory skills to their placements. They understand key aspects of the drug development process (GMP, regulatory affairs, IP) and have developed their communication and teamwork skills throughout the degree. Now in their final year, they are ready to apply their skills to a real-world placement task.

**EOI - BACHELOR STUDENT**

## Master of Pharmaceutical Science Placement

### Placement Duration:

350 hours, 10 weeks full-time (50 x 7 hours per day)

### Placement Dates\*:

10 weeks between 22 July and 4th of October

Our Masters of Pharmaceutical Science students are highly motivated science or health science graduates who seek to expand their skill set to become professionals in the pharmaceutical or related sectors. In the Master's degree course, they build on their prior experience to complement their scientific knowledge and apply it to the commercial, regulatory and social context of drug discovery and development. A strong focus on professional communication and teamwork skills prepares them for their 10-week placement as the culmination of their Master's degree.

**EOI - MASTER STUDENT**

## Preferred Industry Sectors and Roles:

- Biotechnology
- Clinical Trials
- Compounding
- Consulting
- Cosmetic Industry
- Diagnostics
- Environmental Analysis
- Food and Nutraceuticals
- Government
- Health Technology
- Intellectual Property
- Pathology
- Pharmaceutical Industry
- Pharmaceutical Production (manufacturing)
- Product Development (formulation)
- Quality Assurance
- Quality Control
- Regulatory Affairs

## PARTNER WITH MONASH

Join a collaborative partnership with one of Australia's leading universities and play a vital role in strengthening the nation's future leaders.

Click one of the buttons above to fill out our EOI form if you're interested in placing a student.

Placement dates unsuitable for you? Let us know in your EOI what your preferred dates are and we can discuss alternative arrangements.

### CONTACT US

If you have any questions at all about our program, please feel free to call or email and we will get in touch with you.
