WHY STUDY EDUCATION AT MONASH?

There is always a demand for excellent teachers. Whether you choose to specialise in early childhood, primary or secondary education – or a combination of these – with Monash you’ll graduate ready for a successful career.

I can bring my own hobbies and interests into the classroom; I love that I can share my passion for music with my students."

WHY MONASH?

Experience teaching placements
Put your learning into practice by completing at least 80 days of professional experience. You can stay local, head rural or overseas, you can be in a classroom as an integral part of a community program – the choices are endless. Build your confidence and gain real-world experience so you’re job-ready when you graduate.

Double your potential
At Monash you can study two different kinds of teaching at the same time, further broadening your career opportunities with combinations like Primary and Secondary education in the same degree. Alternatively, you can choose to study a double degree, and combine your education studies with a degree from a different area.

Professional recognition
When you graduate, you’ll have the qualifications to be a registered school teacher or a registered early childhood teacher in Australia. See page 2 for more information.

Honours puts you ahead
Whichever specialisation you choose, you’ll graduate with an honours degree. With Monash, you’ll be ready to take a leading role in your chosen education setting and teaching field.

Reputation for excellence
Monash Education is ranked No. 1 in Australia¹ and in the top 13 in the world².

Broaden your career opportunities
An education degree sets you up for careers in and outside of schools, with opportunities in youth and community education, publishing, government services, consulting, and so much more.

Gain a different perspective
Did you know you can choose to complete one of your professional experience placements at a rural school or even overseas? See page 8 for more information.

MONASH UNIVERSITY recognises that its Australian campuses are located on the unceded lands of the people of the Kulin Nations, and pays its respects to their Elders, past and present.
Bachelor of EDUCATION (Honours)

Education makes the world a better place.

Great teachers can change the world, one student, one classroom, one school at a time. In an education degree you’ll learn so much more than lesson planning and behaviour management. You’ll study the development of learners and how to work with a diverse range of students, and you’ll discover that learning comes in all different forms. Studying an honours degree means you will engage more deeply with educational research and will have the opportunity to reflect on your own teaching practice.

Professional experience plays a large part of an education degree, and at Monash you’ll have work placements every year, to nurture your continued growth and confidence as a teacher.

Professional recognition
To teach in a Victorian school, graduates must be registered with the Victorian Institute of Teaching (VIT).

Clayton

### 12-18 YEARS

**Already completed a degree?**
If you’ve already completed a bachelor’s degree in another discipline, then you can complete the two-year Master of Teaching to qualify you as a teacher.

Some specialisations are available in accelerated mode, meaning you can complete in 1.5 years.

---

1. This is a 4.25-year course taken in accelerated mode, where you’ll do the equivalent of 4.25 years of study in four calendar years.
2. Commonwealth Supported Place.
3. The Science Primary specialisation is only available within the single Primary Education degree.
4. If you are studying Education as a double degree with Business or Fine Art, you will undertake your Education subjects at the Clayton campus, and your Business or Fine Art subjects at the Caulfield campus.
5. These areas available by course are subject to change each year. Please note that some discipline areas of study have VCE subject prerequisites.
I became a teacher because I wanted to empower my students to be leaders in the world and to make a positive difference in their communities.”

MIGUEL REGALO
Bachelor of Education (Honours) and Bachelor of Arts Graduates

Study a double degree and you’ll not only learn everything you need to know to be a fantastic teacher, but you’ll graduate with an additional qualification in an area that you love. Our double degrees can be studied with two different specialisations: Primary education or Secondary education.

If you study a double degree with Primary education:
Your subject choices in your second degree won’t have any influence on your education studies.

If you study a double degree with Secondary education:
The subjects you choose in your second degree will correspond to the teaching areas you’ll be able to teach in secondary schools after you graduate.

Secondary specialist teaching areas
Choose two (or one double) specialist areas from the list on page 5. Your teaching areas must be from the same degree (e.g. a Business double degree student must choose two from accounting, business management, economics and legal studies). Some teaching areas may have additional prerequisites. Visit <a>monash.edu/education/specialist</a> for details.

PROFESSIONAL EXPERIENCE

With placements every year during your degree, you’ll be able to apply your skills and knowledge as you learn them.

How do placements work?
Every student will be provided with a minimum 80 days of professional experience (90 days for the Early Childhood and Primary Education specialisation). This is organised by the faculty's Professional Experience Office (PEO), meaning you don’t have to look for your own placements.

Standard placements take place in schools in and around Melbourne, and can be in public or private schools. You’ll usually be placed in a different school for each placement.

Before you start placements, you’ll have a preparation class so you know what to expect when you go to a school, what to wear, where to go, how to act professionally, and much more! You’ll also get lots of support from the university during your placement so you can get the most out of your experience.

International placements
Head overseas on placement to see how teaching and learning works in different cultural settings, and get university credit for your travels. Current international opportunities include China, Cook Islands, England, Italy, Japan, Switzerland, United Arab Emirates, Vietnam and Fiji*.

* Subject to change.

Rural and regional placements
Get off the beaten track and choose a placement outside of metropolitan and suburban Melbourne. Head to the centre of Victoria’s Food Bowl in sunny Mildura, or get some fresh seaside air on our Bass Coast placement, and experience learning and teaching in a different setting.

After doing the Bass Coast placement, working in a rural environment is definitely something I would consider. It’s been awesome.”
