BACHELOR OF EDUCATION (HONOURS)

There is always a demand for excellent teachers. Whether you choose to specialise in early childhood, primary or secondary education — or a combination of these — with Monash you’ll graduate ready for a successful career.

WHY MONASH?

80+

Experience teaching placements
Put your learning into practice by completing at least 80 days of professional experience. You can stay local, head rural or overseas, you can be in a classroom or an integral part of a community program — the choices are endless. Build your confidence and gain real-world experience so you’re job-ready when you graduate.

1+1

Double your potential
At Monash you can study two different kinds of teaching at the same time, further broadening your career opportunities with combinations like Primary and Secondary education in the same degree. Alternatively, you can choose to study a double degree, and combine your education studies with a degree from a different area.

Professional recognition
When you graduate, you’ll have the qualifications to be a registered school teacher or a registered early childhood teacher in Australia. See page 4 for more information.

Honours puts you ahead
Whichever specialisation you choose, you’ll graduate with an honours degree. With Monash, you’ll be ready to take a leading role in your chosen education setting and teaching field.

Reputation for excellence
Monash Education is ranked No. 1 in Australia and in the top 15 in the world1.

Broaden your career opportunities
An education degree sets you up for careers in and outside of schools, with opportunities in youth and community education, publishing, government services, consulting, and so much more.

Gain a global perspective
Did you know you can do one of your professional experience placements in a school overseas? See page 6 for more information.

BACHELOR OF EDUCATION (HONOURS)

Education makes the world a better place.

Great teachers can change the world, one student, one classroom, one school at a time. In an education degree you’ll learn so much more than lesson planning and behaviour management. You’ll study the development of learners and how to work with a diverse range of students, and you’ll discover that learning comes in all different forms. Studying an honours degree means you’ll also look deeper into educational research, and be able to reflect on your own practice as an educator and leader. Professional experience plays a large part of an education degree, and at Monash you’ll have work placements every year, to nurture your continued growth and confidence as a teacher.

Professional recognition
To teach in a Victorian school, graduates must be registered with the Victorian Institute of Teaching (VIT). Students planning to register and work as school teachers or early childhood teachers in Australia or overseas should check registration requirements with local teacher regulatory bodies in case additional requirements apply.

Specialisations in early years/childhood education are accredited by the Australian Children’s Education and Care Quality Authority (ACECQA). This means that these qualifications will be accepted for early childhood teacher registration in Victoria and most other Australian states and territories, which qualifies you to work as a teacher in licensed preschools and childcare centres in Victoria. If you plan to teach in a preschool or kindergarten setting then you’ll need to register with the VIT. All primary and secondary education specialisations (including double degrees) are accredited by the VIT using the national accreditation standards. This means that these qualifications will be accepted for school teacher registration in Victoria and all other Australian states and territories.

PROFESSIONAL EXPERIENCE

With placements every year during your degree, you’ll be able to apply your skills and knowledge as you learn them.

How do placements work?
Every student will be provided with a minimum 80 days of professional experience (90 days for the Early Childhood and Primary Education specialisation). This is organised by the faculty’s Professional Experience Office (PEO), meaning you don’t have to look for your own placements.

Standard placements take place in schools in and around Melbourne, and can be in public or private schools. You’ll usually be placed in a different school for each placement.

Before you start placements, you’ll have a preparation class so you know what to expect when you go to a school, what to wear, where to go, how to act professionally, and much more! You’ll also get lots of support from the PEO during your placement so you can get the most out of your experience.

International placements
Head overseas on placement to see how teaching and learning works in different cultural settings, and get university credit for your travels. Current international opportunities include China, Cook Islands, England, Italy, Japan, Switzerland, United Arab Emirates, and Vietnam.

Rural and regional placements
Get off the beaten track and choose a placement outside of metropolitan and suburban Melbourne. Head to the centre of Victoria’s Food Bowl in sunny Mildura, or get some fresh seaside air on our Bass Coast placement, and experience learning and teaching in a different setting.

After doing the Bass Coast placement, working in a rural environment is definitely something I would consider. It’s been awesome.”

“I had a special placement at the Monash Tech School during my degree, and really enjoyed the opportunity to work with new programs and technologies. My eyes were opened to how easily technology can be used to enhance and enrich student learning.”

Enrollment considerations

Literacy and Numeracy Test: All students enrolled in Australian initial teacher education courses must achieve a satisfactory standard in the National Literacy and Numeracy Test prior to graduating.

Working with Children Check: Before participating in a professional experience placement in any educational setting, students must meet specific security clearances that apply to the state or territory where the placement is being undertaken.

Immunisations:
The Victorian Government recommends you have immunisations for the Early Childhood and Primary Education specialisation as per the Government website. Vaccination for people working with children. Refer to www.health.vic.gov.au for details.

The Diploma of Tertiary Studies helped me feel more supported and to understand the structure of university. I transferred straight into second year of the Bachelor of Education, with the same teachers and friends.
