NOTE FROM THE HEAD

Welcome to Monash Business School's Celebrating Excellence Awards 2017.

This evening is an important acknowledgement of the 2016 academic year, where we celebrate the outstanding achievements of our academic and professional staff and our students.

Our goal is to be recognised as one of the world's leading business schools, with world-leading research and teaching excellence that helps prepare our future leaders for the challenges that lie ahead.

This is our second Monash Business School business awards celebration and it's my pleasure to again present the recipients of the 2016 Dean's Awards. And this year, we

introduce a new award, the Alumni Excellence Award 2017, which particularly celebrates alumni who have achieved excellence in their profession or work life.

I'd also like to highlight our Future Global Leaders Award, which showcases the inspiring achievements of our students – our leaders of tomorrow.

It's my great pleasure to congratulate all those recognised in this special evening and encourage you to take a moment and reflect on your extraordinary achievements in 2016.

Professor Colm Kearney
Head, Monash Business School

PROFESSOR COLM KEARNEY

Head, Monash Business School and
Dean, Faculty of Business and Economics

KEYNOTE SPEAKER

We are honoured to welcome John Zeigler as our keynote speaker at the Monash Business School Celebrating Excellence Awards 2017.

A staunch advocate of marketing effectiveness, Mr Zeigler launched the world's first integrated agency in 1986, making him one of the most experienced integrated marketers at a time when everyone was taking the single-minded approach to communications.

After a career spanning nearly 30 years, Mr Zeigler has stepped down from his position as Chairman and CEO of DDB Group Asia Pacific – one of the most successful agency networks in Asia Pacific spanning 26 agencies in 14 countries, and more than 3,200 employees.

JOHN ZEIGLER

Chairman Emeritus DDB Group Asia Pacific

In recognition of his outstanding contribution to the marketing industry, Mr Zeigler was awarded the 2013 Global Marketer of the Year by the Academy of Marketing Science along with the Brand Leadership Award at the CMO Asia Awards.

John's illustrious marketing career began at Monash. He graduated with a Bachelor of Business (Marketing), a Master of Marketing and is Past President of the Monash Marketing Alumni. He has been a member of the Industry Advisory Board since 2004, which he chaired in 2010 and 2011, representing the interests of industry and the University.

In 2010 and 2012, under his watch, DDB Group Asia Pacific was awarded Campaign's Creative Network of the Year; he was also named Campaign's Agency Head of the Year in 2010. To further affirm DDB Group Asia Pacific's creative prowess, it was honoured as Spikes Asia Network of the year in 2010 and 2011, as well as AdFest Network of the Year for 2011 and 2012.

In the global arena, DDB Group Asia Pacific finished third in the Regional Network during Cannes 2014 and DDB Group Asia Pacific won gold, silver and bronze at the 2014 Clio Awards. DDB Singapore is also the Most-Awarded Effie Agency in Singapore and has been ranked No. 1 in effectiveness twelve years in a row and was awarded Agency of the Year in 2015.

MONASH BUSINESS SCHOOL ALUMNI EXCELLENCE AWARD

The Monash Business School engages in the highest quality research and education to have a positive impact on a changing world. Our alumni represent some of the foremost thinkers and brightest achievers across many diverse business disciplines from accounting and economics to management and marketing.

The Monash Business School Alumni Excellence Award celebrates graduates who are creating a positive impact on the world through outstanding professional contributions. This award particularly celebrates alumni who have achieved excellence in their profession or work life, who have demonstrated leadership/innovation in their particular field, who are a source of inspiration to students and pride to the Business School community and beyond; and who value and reflect the importance of their Monash education.

In 2017, we are delighted to award the inaugural **Monash Business School Alumni Excellence Award** to **Professor Gary Sampson**, who in 1970, was the first person to be awarded a Doctor of Philosophy (PhD) in Economics within the then Faculty of Economics and Politics.

Following the completion of his PhD, Gary was awarded a post-doctoral research grant by Cambridge University and subsequently appointed Senior Lecturer in Economics at Monash. He then moved to Geneva where he worked in various divisions of the United Nations.

From 1984-86, he was Reserve Bank Professorial Fellow at the Centre of Policy Studies at Monash and held various advisory positions with the Australian Industries Commission and the Economic Policy Advisory Committee in the Office of the Prime Minister.

He was appointed Director at the General Agreement on Tariffs and Trade in Geneva (GATT) in 1986, and in 1995, Director at the World Trade Organisation (WTO). He is the most highly placed Australian to have worked at both GATT and the WTO.

Gary is currently the John Gough Professor in the Practice of International Trade at Melbourne Business School. He has published several specialist books and monographs, and his research has been published in top-tier international academic journals. He continues to write opinion pieces in the business press, and he is a leading teacher on the world-renowned TRIUM program - the combined Executive MBA of Stern School of Business in New York, London School of Economics, and HEC School of Management in Paris.

Gary is involved in thought leadership forums and seminars for Monash Business School, and will present on Global Political Economy on the Monash MBA and Executive MBA programs in the future.

FUTURE GLOBAL LEADERS

The Monash Business School Future Global Leaders Award recognises students who are committed to the development of sustainable businesses and practices that contribute to the economic, environmental and social development of communities, and who demonstrate the drive and ambition to become global leaders of the future.

The winner of the 2017 Future Global Leaders Award (undergraduate) is Morgan Stevens, who is currently studying a Bachelor of Business (Accounting) at Monash Business School.

Morgan was selected to attend the United Nations Global Compact Leaders Summit in New York City in June 2016, as a student representative. The UN Global Compact Leaders Summit discussed the impact the UN Sustainable Development Goals (SDGs) on society and the business world. It also outlined the opportunity for change and action involving the SDGs.

“Attending the UN Global Compact Leaders Summit has given me a better understanding of the active role we all have to play in ensuring a sustainable future. I aim to start making a difference and have started thinking about how my actions affect the greater community and the world we live in.”

The winner of the 2017 Future Global Leaders Award (postgraduate) is Katherine Wood, who is completing a Master of Business Economics (graduating 2017).

Katherine is passionate about economic development, social justice, cultural diversity and environmental sustainability. She has a Bachelor of Arts majoring in Environmental Geography (Sustainability) and Australian Indigenous Studies (with a special interest in climate change) at the University of Melbourne. She is completing a Masters of Business Economics at Monash Business School.

“This combination of disciplines reveals my passion for marrying business and policy with respect for and protection of the environment and human rights. I believe there needs to be more effective engagement with the key stakeholders whose decisions affect the environment and human rights most drastically; namely business and government.”

2017 FUTURE GLOBAL LEADERS AWARD WINNER (UNDERGRADUATE)

Morgan Stevens
Bachelor of Business (Accounting)

2017 FUTURE GLOBAL LEADERS AWARD WINNER (POSTGRADUATE)

Katherine Wood
Master of Business Economics

2016 MOLLIE HOLMAN MEDAL

The Mollie Holman Medal was established in 1998 and is named after the late pioneering physiologist, Emeritus Professor Mollie Holman AO, in honour of her significant contributions to science and education.

A pioneer in her field, Professor Holman's memory is preserved in these medals struck in her honour. They are among the highest academic honours we bestow, and mark the recipients as researchers of the highest order.

Each year, a maximum of ten medals are awarded to doctoral students, normally one from each faculty, who have fulfilled their degree requirements and presented their faculty's best thesis of the year.

The Vice-Chancellor's commendations for thesis excellence are also awarded annually to outstanding Doctoral and Research Master's thesis excellence. A maximum of five Commendations are awarded each year.

2016 MOLLIE HOLMAN MEDAL RECIPIENT

Dr Susan O'Leary
Department of Accounting

2017 DONALD COCHRANE POSTGRADUATE RESEARCH SCHOLARSHIP

The Donald Cochrane Postgraduate Research Scholarship is a prestigious award supporting outstanding PhD candidates in the Monash Business School. The scholarship recipients receive financial support of \$10,000 per annum for three years.

This scholarship has been made possible through the generous philanthropic support of Dr Fiona Cochrane and Dr Andrew Cochrane AM, in honour of their late father, Emeritus Professor Donald Cochrane CBE, who was the founding Dean of the Faculty of Economics and Politics (now Business and Economics) at Monash University. Under his guidance, the Faculty of Economics and Politics grew to be recognised as a leading centre of quality teaching and ground-breaking research.

In addition to Fiona and Andrew's generosity, almost \$90,000 has been donated from 67 individual and organisation donors since 2007. Thanks to their support, Monash Business School has been able to fund an additional Donald Cochrane Postgraduate Research Scholarship annually.

The scholarship has supported 30 PhD students to date, including the 2017 Donald Cochrane Postgraduate Research Scholarship Recipients.

2017 DONALD COCHRANE POSTGRADUATE RESEARCH SCHOLARSHIP RECIPIENTS

Lina Zhang

PhD, University of California, USA, M. Economics, Peking University, China, BSc, Zhejiang University, China.

Proposed Research Title - Asymptotic properties of the semiparametric and nonparametric binary choice model.

Zhenyang Bao

(International) B. Economics, University of Queensland, B. Finance, Shandong University, China.

Proposed Research Title – An asset market experiment with a realistic fundamental value process.

Jia'en Carolyn Lo

(International) B. Commerce (Hons) (Marketing), Monash University, B. Commerce (Marketing and International Business, Murdoch University, Singapore.

Proposed Research Title – Moral Reasoning and the Consumer

2016 DEAN'S HONOUR AND COMMENDATION LIST (CONTINUED)

DEAN'S COMMENDATION LIST

Congratulations to all students who completed a Monash Business School Bachelor or Master degree with a weighted average mark in the 2-5 percentile, and all honours students who achieved upper second class (H2A) honours.
