RTSA = Railway Technical Society of Australasia

A joint Technical Society of Engineers Australia and the Institution of Professional Engineers New Zealand

The 21st Century is the Century of Rail

For further details about RTSA please visit http://www.rtsa.com.au
What do we do in the RTSA?

The RTSA exists to promote the advancement and understanding of railway technology in Australasia.

One of our aims is to banish forever Mark Twain’s famous "paralysis of intellect".
An interesting example of track on our country network (we think that the tree was there first!)
On the other hand – we could look forward to High Speed Rail (e.g. TGV Océane)
We also have some fun looking at how things can go wrong
And even more wrong........
Upcoming Award Nominations

• Railway Project Innovation Award
• RTSA Individual Award
• Railway Engineering Student Thesis Award
• Post Graduate Thesis Award

All open on 02 October – 01 December 2017

For details see www.rtsa.com.au/awards
