Looking to add accounting to your business toolkit?
Complement your undergraduate studies, gain professional accreditation and graduate career ready.

The Master of Professional Accounting is perfect if you're a young professional or a recent graduate.

In this degree, you'll cover the full spectrum of business, financial and management accounting – giving you a broad understanding that'll complement your other studies. You'll also spend time learning the latest business practices while developing a more general professional skill set.

Course structure

The course is structured in three parts. Part A. Advanced preparatory, Part B. Mastery knowledge and Part C. Application studies.

Part A. Advanced preparatory (24 credit points)	Part B. Mastery knowledge (60 credit points)	Part C. Application studies (12 credit points)
Four units: – Introduction to financial accounting – Business communication for accounting professionals – Economics – Business statistics	Nine units: – Strategic management accounting – Accounting information systems – Financial accounting – Management accounting – Advanced financial accounting – Auditing and assurance – Business finance – Business and company law – Taxation law One capstone experience from the following: – Integrated accounting – International study program in accounting – Industry placement* (6 or 12 points)	You must complete two units of electives from the following list: – Management control systems – Forensic accounting and fraud examination – Financial statement analysis and business valuation – Financial reporting issues – Integrated systems for business enterprises – Applied contemporary accounting – Case studies in risk management – Global financial markets – Corporate treasury management – Introduction to risk management – Integrated accounting – Business analytics – Business insights from data analysis – Engaging with international business – Australia – Advanced derivatives – International study program in accounting – Industry placement (12 points)

* Students who select to undertake the 12 point option as their capstone experience will only need to complete one unit (6 points) for Part C.

“After realising that quantitative and accounting skills were crucial for being a competent professional, I chose Monash because it was offering one of the top-notch accounting programs for graduates from a non-accounting background.

The world revolves around numbers and anyone who plans to work in the corporate environment, or open their own business, should understand how numbers work.”

BOGDAN TURINSKYI
Master of Professional Accounting

Entry requirements

An Australian bachelor degree (or equivalent) with a Weighted Average Mark (WAM) of 60 or an equivalent GPA as determined by the School. You'll be ranked and selected based on your entire academic record.

Applicants who have completed relevant discipline units in an Australian bachelor degree (or equivalent qualification) may be eligible for credit for advanced preparatory units on the basis of recognised prior learning (RPL).

ENGLISH LANGUAGE REQUIREMENTS

All applicants must demonstrate English language proficiency at the required standard

- > IELTS (Academic): 6.5 overall, no band lower than 6.0, or equivalent approved English test; *OR*
- > Tertiary study undertaken in an English medium institution; *OR*
- > Other acceptable measures include a combination of approved qualifications and residence/work experience within in an English speaking country
- > See <https://www.monash.edu/admissions/english-language-requirements>

Don't meet the English language requirements?
