Looking to add accounting to your business toolkit? Complement your undergraduate studies, gain professional accreditation and graduate career ready.

The Master of Professional Accounting is perfect if you’re a non-accounting professional or a recent graduate.

In this degree, you’ll cover the full spectrum of business, financial and management accounting – giving you a broad understanding that’ll complement your other studies. You’ll also spend time learning the latest business practices while developing a more general professional skill set.

Course structure
The course is structured in three parts. Part A. Advanced preparatory, Part B. Mastery knowledge and Part C. Application studies.

<table>
<thead>
<tr>
<th>Part A.</th>
<th>Part B. Mastery knowledge (60 credit points)</th>
<th>Part C. Application studies (12 credit points)</th>
</tr>
</thead>
</table>

* Students who undertake the 12 point option as their application studies will not need to complete an additional unit for Part C.
Entry requirements
An Australian bachelor degree (or equivalent) with a Weighted Average Mark (WAM) of 60 or an equivalent GPA as determined by the School. You’ll be ranked and selected based on your entire academic record.

Applicants who have completed relevant discipline units in an Australian bachelor degree (or equivalent qualification) may be eligible for credit for advanced preparatory units on the basis of recognised prior learning (RPL).

ENGLISH LANGUAGE REQUIREMENTS
All applicants must demonstrate English language proficiency at the required standard.

- IELTS (Academic): 6.5 overall, no band lower than 6.0, or equivalent approved English test;
- Tertiary study undertaken in an English medium institution;
- Other acceptable measures include a combination of approved qualifications and residence/work experience within an English speaking country.

Don’t meet the English language requirements? Apply for the Monash Bridging Program: monashcollege.edu.au/courses/english/monash-english-bridging

Where could it lead?
This degree will strengthen your CV for any business role, working alongside other studies to give you a more comprehensive picture of the way businesses operate across public, private and government sectors. You’ll also be qualified to take an accounting role.

Accreditation and professional recognition
By studying this course you will qualify for associate membership with leading accounting institutions and industry bodies, such as CPA Australia, the Institute of Public Accountants, and entry into the Chartered Accountant’s Program of the Institute of Chartered Accountants Australia and New Zealand.

Why choose Monash Business School?
A degree from Monash Business School comes with global recognition, to help you launch a successful career wherever you land. We hold the prestigious ‘triple accreditation’ with the world’s three major business school accreditation bodies – putting us in the top 1% of business schools worldwide.

But that’s not the only reason our graduates stand out. In an industry characterised by disruption, we’ll challenge you to broaden your outlook, think more creatively and put innovative ideas to the test.

"After realising that quantitative and accounting skills were crucial for being a competent professional, I chose Monash because it was offering one of the top-notch accounting programs for graduates from a non-accounting background.

The world revolves around numbers and anyone who plans to work in the corporate environment, or open their own business, should understand how numbers work."

BOGDAN TURINSKYI
