

Candidate statement - Temitope (Tim) Leon Adeshola Areago

Hey Monashians! My name Temitope Areago (But please call me Tim), and I am currently in my 2nd year of my Bachelor of Science degree. I am also the European Country Representative in MUISS.

Ever since I joined Monash University Malaysia I have wanted to help students and make them feel represented, which is also why I became country representative.

One of the first things that I would like to focus on when elected is the impact of Covid-19 on the short timespan in which many high-weight assignments (for some students up to 20% + 20% + 30% = 70% worth of assignments) is given, within 3 working days of each other. This is not good for student mental health, or academic results, which is why I will argue to limit this practice as much as possible.

I will also work my hardest to try and make sure that every student, wherever they are, gets ample options to socialise with peers online. Lockdowns around the world have made it hard for people to meet each other, which is why the university should focus on more socialisation options, especially for the new intakes.

In short, on the academic board, I will positively contribute to the high, Australian accredited standards that give Monash University its prestigious name, while also making sure that students are given enough opportunities to maintain an excellent academic record and a good mental health.

Vote [1] for Temitope Leon Adeshola Areago for Academic board!
