Qualifications:	BSc (Hons) LaTrobe; PhD (1980; LaTrobe University)
Employment Experience	Postdoctoral Research, School of Chemistry, University of Bristol , 1980-82 Lecturer/Snr Lecturer, School of Chemistry, National University of Singapore 1982-87 Lecturer/Snr Lect/A. Prof/Professor, Applied Chemistry, RMIT University 1987-2010 Professor of Chemistry, Monash University Oct 2010-
Membership Professional Organisations:	Fellow of the Royal Australian Chemical Institute FRACI Fellow of the Federation of Asian Chemical Societies FFACS Member of the American Chemical Society
Key Professional Experience and Invitations:	Editorial Board member: Journal of Chromatography A; Journal of Separation Science; Analytical Chemistry News; LC-GC Europe; LC-GC Asia Pacific; Chromatographia; Environmental Technology Visiting Professorial Fellow: University of Tasmania 1999; University of Hong Kong, 2000 KOSEF Invited Professor: Lecture Tour Korea, (Nov 14-Nov 21) 1999 Visiting Professor: Zhejiang University, China (2006); National University of Singapore (2009); Technical University of Gdansk; Federal University of Minas Gerais; Xi'an Jiao Tung University, China (2014-6) External Course Examiner: Singapore Polytechnic, Industrial Chemistry Discipline (2008-10) AAS (Australian Academy of Science)/China Academy of Science Exchange program to China, 2006. (Dalian DICP; Shanghai SIOC; Shanghai Jiaotong Univ; Zhejiang University; Research Centre for EcoEnvironmental Science RCEES Beijing; Peking Univ; Tsinghua Univ; Beijing HuaGong University) AAS (Australian Academy of Science)/European Union FP7 IRSES Exchange program to Portugal 2011. (New University of Lisbon) WCU (World Class University Program) Distinguished Professor, Korean National Research Foundation, Chung-Ang University, Korea (2 months/year; 2009/10/11) CNPq Brazil Distinguished Visiting Researcher award, 2015-2017 Deputy Director of Australian Centre for Research on Separation Science (ACROSS)
Key Research Experience & Interests:	Supervision of about 80 successful Hons, Master & PhD Research theses Research leader in area of Separation Science, primary experience in GC, MDGC, GC×GC, Mass spectrometry, extraction methods Extensive consultations and collaborations with Industry Successful ARC Discovery, Linkage and LIEF grants for large equipment facilities. Patent holder for cryogenic modulation methodology in gas chromatography
Key Awards	Chromatographic Society, London. Silver Jubilee Medal, 2000 Royal Australian Chemical Institute, Analytical Division Medal Award, 2001 Royal Australian Chemical Institute, Inc. Applied Research Award, 2004 Karasek Award for Innovations in Environmental Analysis, 2007 Dean's Award for Innovation and External Collaboration, 2012

	<p>Scientific achievement award, Comprehensive two-dimensional gas chromatography, 2012</p> <p>ARC Discovery Outstanding Researcher Award (DORA) 2013-2015.</p> <p>ARC College of Experts (Chemistry) Panel 2013-2015.</p> <p>Brazil CNPq Distinguished Visiting Researcher award, 2015-2017.</p> <p>Federation of Asian Chemical Societies, Foundation Lectureship Award 2017 in Analytical Chemistry</p> <p>International Guest Lecturer, Dept Chemistry, Brawijaya University, Malang, Indonesia Oct 2017</p>
Publications	<p>Over 355 research papers and 26 book chapters. Average Citations per publication item: 28.22;</p> <p>Sum of the Times Cited (Scopus): 9221; h-index: 46 (Scopus)</p>

Research Student Completions & PhD theses examined

27 Completed Honours theses

18 Completed Master theses

36 Completed PhD theses

21 Invited PhD thesis examinations (national and international)

Research Grants

Total Competitive research funding: **\$6,608,000**

Comprising ARC Discovery, Linkage, LIEF; DORA; Former ARC Large Grants & ARC Small Grants.

Total other funding: **\$3,080,000**

Comprising direct industry / company grants; Industry matching funding for ARC Linkage grants; Government organisation grants; Internal University grants.

Research Group Visitors:

Approximately 50 visiting Sabbatical, visiting postdoctoral and visiting PhD students have joined my research group over the past 10 years. They have come from:

Brazil (many), USA, Mexico, Colombia, Germany (many), Switzerland, France, Portugal, Italy, Belgium, Turkey, Pakistan, Malaysia, Singapore, Thailand, Vietnam, China (many), New Zealand, Sweden, Finland, United Kingdom, Korea, Poland,
