- A total Paper Based TOEFL score of at least 550 with a TWE score of 4.5 or more

• OR

- Internet Based TOEFL score of 79 with a score of 20 in Listening, 19 in Reading, 21 in Writing and 18 in Speaking.

- We offer a bridging program to prepare internationally qualified nurses for registration in Australia as Registered Nurses. Our program, addresses cultural competence and issues relating to language, health care, legal and ethical systems, and the nature, role and function of the different workforce categories within the Australian health workforce.
- Our course involves 5 weeks of on-line learning, one week of intensive education at Monash University and 6 weeks of clinical experience. Certain criteria need to be met to confirm approval to participate in this course.

- This program was developed following a mapping exercise of the Philippines national nursing curriculum with the Australian accreditation standards.
- We are able to map any baccalaureate nursing course to the Australian accreditation standards to assist with international benchmarking.
- Having international equivalence of nursing programs enables countries and health services to demonstrate quality and best practice.
- It also enables nurses to move more freely to other countries to work.
