BACHELOR OF NURSING

BE AT THE FRONTLINE OF HEALTHCARE

Nursing is one of the most trusted professions in the world - a rewarding, varied, challenging and fulfilling career choice which allows you to continually develop.

Our Bachelor of Nursing will inspire you to make a difference, you’ll develop a range of transferrable skills, such as problem solving, communication and critical thinking that today’s employers demand.

This hands-on course provides you with the knowledge and expertise to deliver high quality nursing care, with leadership capabilities in a range of healthcare contexts. A significant proportion of your learning takes place in our state-of-the-art clinical learning environments, the closest possible simulation of the realities of hospital-based nursing.

In the Bachelor of Nursing you will:
- Gain practical nursing experience in a range of settings.
- Practice your clinical skills in our state-of-the-art clinical learning environments on campus.
- Learn from highly-skilled nurses, leaders in their field with a wealth of knowledge and expertise.
- Gain skills and knowledge in line with current practice.

Course code
M2006
CRICOS code: 075119J

Study mode
On-campus (Clayton, Peninsula)

Intakes
First Semester (February)

Durations
Full time: 3 years
Part time: 6 years

“Through my studies, I have been introduced to a number of great influences. I have a keen interest in emergency care and deteriorating patients, and have been taught and mentored by a number of highly skilled emergency nurses.”

Keith Dwyer
Bachelor of Nursing Graduate (2020)
SCHOLARS PROGRAM
Designed for high performing prospective students interested in nursing, the Bachelor of Nursing (Scholars Program) focuses on research and leadership development and provides a pathway to more advanced learning and engagement in nursing research. You will complete the same academic program as your fellow students but, in addition, have access to a range of development opportunities including expert mentoring, special activities and seminars that support and enhance your experience.

CLINICAL PLACEMENTS
Throughout your degree, you’ll complete 840 hours of clinical placement experiencing life as a nurse in a range of settings such as acute medical and surgical wards, mental health, community, and may include both metropolitan and rural locations.

There is also the opportunity for international clinical experiences via our student exchange and volunteer programs.

PROFESSIONAL RECOGNITION
After successfully completing your degree, you’ll be eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA), provided you also meet their required English language skills standard.

FURTHER STUDY
We are committed to ongoing professional development, with opportunities for registered nurses to gain specialist knowledge and skills to advance their knowledge and career prospects or contribute to evidence-based practice.
- Bachelor of Nursing (Honours)
- Master of Advanced Nursing
- Master of Advanced Clinical Nursing

CAREER OPPORTUNITIES
Nurses play a crucial role in healthcare systems worldwide, and it’s a career with strong predicted career growth, flexibility and international employment opportunities. As a registered nurse, no two days are the same. After completing your graduate year, you can go on to specialise in a specific area of practice - like emergency, intensive care, mental health or paediatrics.
