CHANGE THE WORLD
Apply for a PhD in the Energy Sector

Scholarship applications now open.

Dr Tanya Tan, Graduate Research Manager

Thursday 24th September, 5pm – 6pm
Via Zoom Only
OUR GRADUATE RESEARCH DEGREES

A graduate research degree is a truly global qualification; one that provides an opportunity to delve deeply into engineering challenges and develop solutions for the future.

DOCTOR OF PHILOSOPHY (PhD)

- Original research project
- Competitive edge & become experts in your field
- Innovative training options – 2x coursework units
- Thesis ~80,000 words
- Generous scholarships, so you can focus on what’s important.

ENTRY REQUIREMENTS

A four-year bachelor’s degree in a relevant field, which includes a significant research component or an honours year, leading to an honours 1 or 2A or equivalent.
ENGLISH LANGUAGE REQUIREMENTS

If your first language is not English (i.e. you are not from a country where English is an official language), you must satisfy at least one of the following:

Previous studies in English - Within the last five years have successfully completed a course of tertiary studies lasting at least two years conducted entirely in English from a recognised English language country.

English language test - In the past two years, have achieved the minimum score in one of the below English language tests:

<table>
<thead>
<tr>
<th>IELTS (Academic)</th>
<th>TOEFL (paper-based)</th>
<th>TOEFL (internet-based)</th>
<th>Pearson Test of Academic English</th>
<th>Cambridge English</th>
</tr>
</thead>
<tbody>
<tr>
<td>6.5 overall</td>
<td>550+</td>
<td>79 +</td>
<td>58 + communicative score 50</td>
<td>176 + no skill below 169</td>
</tr>
<tr>
<td>No band less than 6.0</td>
<td>TWE 4.5</td>
<td>Reading 13, Listening 12, Speaking 18, Writing 21</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Other means of meeting our English language proficiency requirements include the ‘Monash English Bridging (MEB) Program’.
HOW TO APPLY

Are you driven to pursue a passion in a world-class research environment? Take the plunge.

CHECK YOUR ELIGIBILITY
Before beginning the application process, make sure to check you meet both academic and English language requirements.

FIND A SUPERVISOR
To find a Monash Energy Researcher, visit: https://www.monash.edu/energy-institute/our-people/monash-energy-researchers

EXPRESS YOUR INTEREST
Contact a suitable Monash Energy supervisor and discuss your research with them.

INVITATION TO APPLY
If you’re deemed eligible, a supervisor will issue you an Invitation to Apply. This invitation is necessary to apply and must be uploaded with your application.

APPLY
Lodge an application for admission and scholarship using the online application system.
In partnership with the Australian Energy Market Operator (AEMO)

The Zema Energy Studies Scholarship has been established to honour the memory of AEMO’s founding Chief Executive Officer, energy reform leader and Monash alumnus Matt Zema, and is designed to support the next generation of leaders to meet Australia’s energy sector challenges. It is created with the support of the Council of Australian Governments (COAG) Energy Council.

The program’s purpose is to ease Australia’s energy transition in the context of resource constraints, energy reforms, decentralisation and new digital capabilities and build adaptive capabilities of those markets and the underlying infrastructure. The PhD program is intended to deepen student’s expertise, unlock their full leadership potential and help them gain exposure to Australia’s energy industry.

**OPPORTUNITY**
- $35,000 per annum stipend (tax free)
- Industry placement

**ELIGIBILITY**
- AU citizen or permanent resident
- Applicants to meet H1/H1E requirement

A partnership between:

WOODSIDE MONASH ENERGY PARTNERSHIP

How to apply

1. Check your eligibility
2. Express your interest 2 weeks prior to the deadline of the applicable round
3. Seek and receive invitation to apply letter from an academic supervisor
4. Apply for a scholarship specifying your application for the ‘Woodside Research’ (domestic students) or ‘Woodside Excellence’ award (domestic and international students)

You must meet the following criteria:

- must have submitted a Monash University Graduate Research Scholarship in the applicable round
- be undertaking research in one of the three research themes of the Woodside Monash Energy Partnership

Express your interest   Apply now
