

GRADUATE CERTIFICATE OF HEALTH MANAGEMENT

TAKE THE NEXT STEP IN YOUR HEALTH CAREER
Get ready to lead and manage healthcare services

- **Course code:** M4006
- **Study mode:** Online
- **Duration:** 6 months (full-time) or 1 year (part-time)
- **Intakes:** First semester (February)
Second semester (July)

Expand your knowledge and skills to lead in healthcare services and health-related agencies with a Graduate Certificate of Health Management.

Our course extends your core capabilities in areas like clinical leadership, safety and quality systems, and financial and resource management in healthcare settings.

This program is taught by some of Victoria's leading senior health executives and health service researchers, sharing their extensive experience in the sector with you.

Designed with clinicians and working professionals in mind, the Graduate Certificate of Health Management is delivered primarily online with a small number block days each semester in the Alfred Hospital precinct.

COURSE STRUCTURE

In the Graduate Certificate of Health Management course, you'll complete your choice of four units from:

- Clinical leadership and management
- Principles of health care quality and improvement
- Financial management in health care
- Law for health systems
- Foundations of health policy
- Principles of health systems

In the Graduate Certificate of Health Management you will:

- Understand the fundamentals of financial and resource management in the healthcare context.
- Develop the interpersonal communication and team leadership skills required by today's senior health managers.
- Learn how to identify, analyse, research and implement solutions to complex health care problems.
- Gain an understanding of the latest developments in areas such as health law, health policy and contemporary healthcare systems.

COMMONWEALTH SUPPORTED PLACES

Limited Commonwealth Supported Places (CSP) are available for this course in 2021. Learn more about CSP and check your eligibility on our [website](#).

Please note: if you continue your studies into 2022, you will be transferred to a full-fee place for the remainder of your degree.

FURTHER STUDY

A Graduate Certificate of Health Management could also lead you towards further study, with the opportunity to progress into a Master of Health Management or a Master of Public Health (with the opportunity to specialise in health policy or health economics).

CAREER OPPORTUNITIES

Our graduates can pursue leadership and management roles in a range of settings, including hospitals, health services, health-related agencies, primary and community care, aged care, not-for-profit, government and non-government sectors.
