PREFACE

Monash University was established by an Act of the Victorian Parliament on 15 April 1958 after the immediate acceptance by the Government of the advice of the Murray Committee. This committee was appointed by the Commonwealth Government in December 1956 with Sir Keith Murray, chairman of the University Grants Committee in the United Kingdom, as chairman, to inquire into and report upon the needs of Australian university education. While the committee was in Victoria, the Government obtained its special recommendations upon the early establishment of a second university in the State.

The new seat of learning bears the name of Sir John Monash, a Victorian of great distinction, remarkable for the range of his interests and the versatility of his intellectual powers. An engineer by profession he won fame as the commander of the Australian Army Corps in the first world war, and as chairman of the State Electricity Commission from 1921 to 1931 he inspired and directed the scheme for the development of electric power and fuel production from the brown coal deposits at Yallourn upon which the whole State now so largely depends for supplies. In these and many other fields he made a notable contribution to the life of Victoria and of Australia.

In June 1958 an Interim Council, appointed under the transitory provisions of the *Monash University Act* 1958 and charged with the duty of taking "all such steps as may be necessary in order that the Council of the University may be duly constituted upon the appointed day", held its first meeting, under the chairmanship of Mr. (later Sir) Robert Blackwood. The site of 250 acres at Clayton was acquired and with the advice of architects a master plan for its development was adopted.

The Vice-Chancellor, Registrar, and the first Professor took up duty early in 1960. Rapid progress with the buildings and the appointment of additional staff leading to the development of the teaching programme enabled the opening of the University in its permanent quarters by the Premier of Victoria on 11 March 1961. This was three years earlier than originally envisaged. Teaching began with an enrolment of 363 undergraduates and graduates in the faculties of Arts, Economics and Politics, Engineering, Medicine, and Science.

The Interim Council, having discharged its duty, was replaced by the permanent Council on 3 July 1961 with Sir Robert Blackwood as Chancellor. Enrolments rose to 798 in 1962, 1,598 in 1963, and to 2,970 in 1964. The enrolment figure in 1968 is 8,326. It is hoped to house as many full-time students as possible in halls of residence,

the first of which was opened in 1962. A faculty of Law was established in 1964 when graduate studies in education were also introduced. The faculty of Education was formally constituted in 1965.

The University offers the degrees of Bachelor, Master, Doctor of Philosophy, and higher Doctorates, and conferred its first Bachelor degrees at the beginning of the 1964 academic year.

The University's funds are derived largely from the State and Commonwealth Governments, and from the academic fees paid by students. The State Government contributes equally with the Commonwealth to the cost of buildings and major items of equipment. With respect to recurrent expenditure, the Commonwealth contributes \$1 for every \$1.85 received by way of State grants and students' fees.

Over the period of nearly twelve years from the incorporation of the University on 30 May 1958 up to the end of the current triennium on 31 December 1969, it is anticipated that recurrent expenditure will total approximately \$70 million and other expenditure \$50 million.

COAT OF ARMS

Granted November 20, 1963

The Coat of Arms of the University is described as follows:

"Azure a Chevron Argent between in chief an open Book proper bound clasped and edged Or and a Sword environed by a Laurel Wreath Gold and in base a representation of the constellation of the Southern Cross also Argent."

The devices on the shield arise as follows: the open book is commonly found on the shields of universities and learned societies and symbolizes the pursuit of knowledge, the stars of the Southern Cross are of course appropriate to our geographical position, and the wreath and sword are a quotation from the shield of Sir John Monash.

The motto "Ancora Imparo" is said to have been a saying of Michelangelo's and means "I am still learning".
