Let’s Enrol!
Get Started

• In order to accept your offer and enrol you need to follow the steps in Get Started to create a computer account, register your details and then complete your online enrolment.

• Domestic students, you will need to create or retrieve your Unique Student Identifier (USI)

• All students must enrol for a full year but don’t worry you can amend your enrolment at a later stage.
Almost all amendments to your enrolment can be done via WES. Once you have registered your details you will be able to confirm your enrolment or add/remove units.

If you’re unable to enrol yourself please submit an Enrolment Amendment Form

Tip! Your enrolment will only have been changed if you receive a transaction number that starts with the letter U. If you do not receive this, your enrolment has not been changed.

Once you are enrolled you will be able to log into Allocate+ and pick your preferences for your classes. Step by step instructions can be found here.

Tip! Allocate opens on different days depending on which trimester you are enrolled into.
See the Postgraduate Timetables page for Allocate+ opening dates.
