2024

# CHANGE IT

For 60 years, we've been working to change the world, and we're not about to stop. At Monash, we see challenges as opportunities to make things better.

It's hard to imagine a time when the need to make positive change has been greater than now. Through understanding and solving complex challenges, we can create a world where future generations can thrive.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world.

That's why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

Ready to make a change?

## ACKNOWLEDGEMENT OF COUNTRY

Monash University recognises that its Australian campuses are located on the unceded lands of the people of the Kulin Nations, and pays its respects to their Elders, past and present.

# A GLOBAL COMMUNITY

Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in China, Malaysia, Indonesia, Italy and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever.

Each Monash campus has its own personality, and all are friendly, welcoming communities where you'll feel at home.

## ITALY

### Prato

In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.

## MALAYSIA

### Kuala Lumpur

Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.

## INDONESIA

### Jakarta

Research-intensive and industry-engaged, Monash Indonesia is a postgraduate campus for future leaders – those seeking master's and PhD degrees, as well as executive programs and micro-credentials.

## MELBOURNE AUSTRALIA

### Clayton

Our biggest campus, home to 38,000 students and nine of our 10 faculties. Everything you need is on campus – food outlets, sporting facilities, health services and more.

### Caulfield

Our Caulfield campus hosts 19,000 students and is our base for Art, Design and Architecture, and Monash Business School, as well as some Arts and IT courses.

### Parkville

Our dedicated Pharmacy and Pharmaceutical Sciences campus hosts 2000 students and is part of Australia's leading health and biomedical precinct.

### Peninsula

A coastal home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education and select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

## CHINA

### Suzhou

The Southeast University-Monash University Joint Graduate School offers master's and PhD study options in areas ranging from industrial design and IT to business.

## INDIA

### Mumbai

Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.

# THE MONASH EXPERIENCE

Be ready to make the change you want.

At Monash, we offer our students the opportunity to curate a transformative personal program of immersive global, entrepreneurial, technological and industry experiences.

Through the Monash Experience, you'll challenge your mindset, pursue your passions and build distinctive capabilities so you can play your part in creating a better and more sustainable future for all. You'll build an enviable CV with a qualification from a top-100 university, enhanced with a mix of global, technological, innovation and entrepreneurial skills acquired from your experiences beyond the classroom.

## GLOBAL IMMERSION

You can immerse yourself in other cultures and communities through a life-changing global study experience.

## INDUSTRY IMMERSION

Gain hands-on experience partnering with a start-up, a commercial or social enterprise, a government or UN agency. Develop an entrepreneurial mindset and bring your ideas to life, or participate in a focused industry-based program.

## RESEARCH AND DISCOVERY

Explore cutting-edge research and investigate how to bridge the gap between research and practice. Collaborate with world-leading researchers focussed on responding to the challenges of our time, and build your capacity to lead global, generational change.

## EMPLOYMENT

From the moment you join Monash, we offer an end-to-end experience that builds your capability and develops your employability. Our Monash Talent program can help you secure the job you want, and your studies and experiences will have helped you develop the vital transferable skills essential for the modern marketplace. We want you to be prepared not just for your first job, but for a lifetime of career advancement.

## PROFESSIONAL NETWORKS

And our support won't end when you graduate. You'll always be connected with and supported by us, through our active alumni network and continued professional education.

Whatever your degree, we'll ensure you're ready to create your future today.

[monash.edu/flagship-rich-experiences](https://monash.edu/flagship-rich-experiences)

**Click here for more information.**

# THE MONASH EXPERIENCE

## GLOBAL IMMERSION

Are you ready to expand your perspective and think globally?

As one of Australia's most international universities, you'll have the opportunity to undertake different programs around the world throughout your studies. You'll experience new cultures, enhance your global perspective, and be ready to live and work in a global community.

### GLOBAL IMMERSION GUARANTEE

You can take your education global and study at one of our international campuses. And through our Global Immersion Guarantee, you'll work with local leaders to understand and develop innovative and sustainable solutions to real-world problems.

### MONASH GLOBAL CAMPUS INTENSIVES

From our study centre in Italy, to our campus in Malaysia, or with our strategic partner universities – University of Warwick in the UK and Pennsylvania State University in the US – you can take intensive units focused on the world's most pressing challenges.

### EXCHANGE

Choose from more than 100 partner institutions in Asia, Africa, Europe and the Americas, gaining credit towards your degree while seeing the world.

### GLOBAL WORK-INTEGRATED LEARNING

Rub shoulders with US Congress, or intern with Oxfam in South Africa. There's a wide range of global professional practice programs from many different courses available to students. Placements and industry projects are offered for credit as part of most courses.

## INDUSTRY IMMERSION

No matter your career path, you'll need to be innovative, collaborative and entrepreneurial to drive positive change in the world.

The Industry Immersion program will transform your capacity to drive change – both now, and in your future career. Graduate as part of a generation of innovators and change-makers that have the right experience to lead commercial or social enterprises.

### MONASH INNOVATION GUARANTEE

An innovation experience that will transform your capacity to drive change and lead the development of solutions to the big issues facing industry and society. You'll work alongside our network of industry partners tackling global challenges such as climate change, inequality and digital disruption.

By harnessing the creativity and agility of social and commercial enterprises, you'll get hands-on experience working in multidisciplinary teams and develop critical employability skills in ideation and validation, design thinking, communication, problem solving, and stakeholder engagement that will help you make change that matters.

### INDUSTRY PLACEMENTS

Undertake a focused industry placement to advance your technical understanding and industry knowledge in your chosen field.

### ENTREPRENEURSHIP, INTERNSHIPS AND LEADERSHIP

A huge range of opportunities is available to broaden your skill set and prepare you for your future career. From leadership programs, to participating in a start-up incubator or joining a multidisciplinary project such as the Green Steps program, you can choose a program that will provide you with the experience needed to excel in your chosen field.

## RESEARCH AND DISCOVERY

Through research and education, Monash University actively contributes to meeting the challenges of the age for a better future.

As a Monash student, you'll be part of an active, world-leading research community. There are a number of opportunities to become involved in research... you don't have to wait until you graduate.

The solutions to the biggest problems of our time won't come from just one subject or discipline. You can learn how to collaborate to build your capacity to lead and activate change.

### RESEARCH, EXPERIMENTATION AND DISCOVERY

The Monash Research experience will challenge you to explore how we might translate research into practice. In interdisciplinary student teams, you'll be invited to connect with Monash researchers and partners on projects that range from responding to the impacts of a changing climate, preserving geopolitical security and fostering thriving communities.

By uniting creative approaches with evidence and rigour, you'll be asked to develop strategies that bridge the gap between research and practice, and in doing so build your capacity to change the world.

### RESEARCH UNITS

Many courses offer research units that can be taken as part of your courses. No matter your career aspirations, research skills are integral to meeting the challenges of our time. Across academia, industry, not-for-profit and the public service: research and researchers are shaping the world of today and tomorrow.

By choosing these units you'll develop skills and experience that prepare you for continuing your education with a research-based degree, or set you up to make an impact across many sectors where you'll have the ability to undertake independent investigation and propose new solutions.

# OUR ENTRY SCHEMES TO MONASH

[Click here for more information.](#)

We know life can be a bumpy road, and your ATAR might not accurately reflect your abilities.

No matter the circumstances, we recognise and support talent. That's why we offer schemes to help you enter your preferred course by considering your life circumstances.

## The Monash Guarantee

Most Monash undergraduate courses have a Monash Guarantee ATAR lower than the expected selection rank. You could be eligible for entry through the Monash Guarantee if you:

- have experienced financial disadvantage
- live in a low socioeconomic area
- are an Indigenous Australian
- attend a Monash-listed under-represented school.

[monash.edu/guaranteedentry](https://monash.edu/guaranteedentry)

## Monash Indigenous Entry Scheme

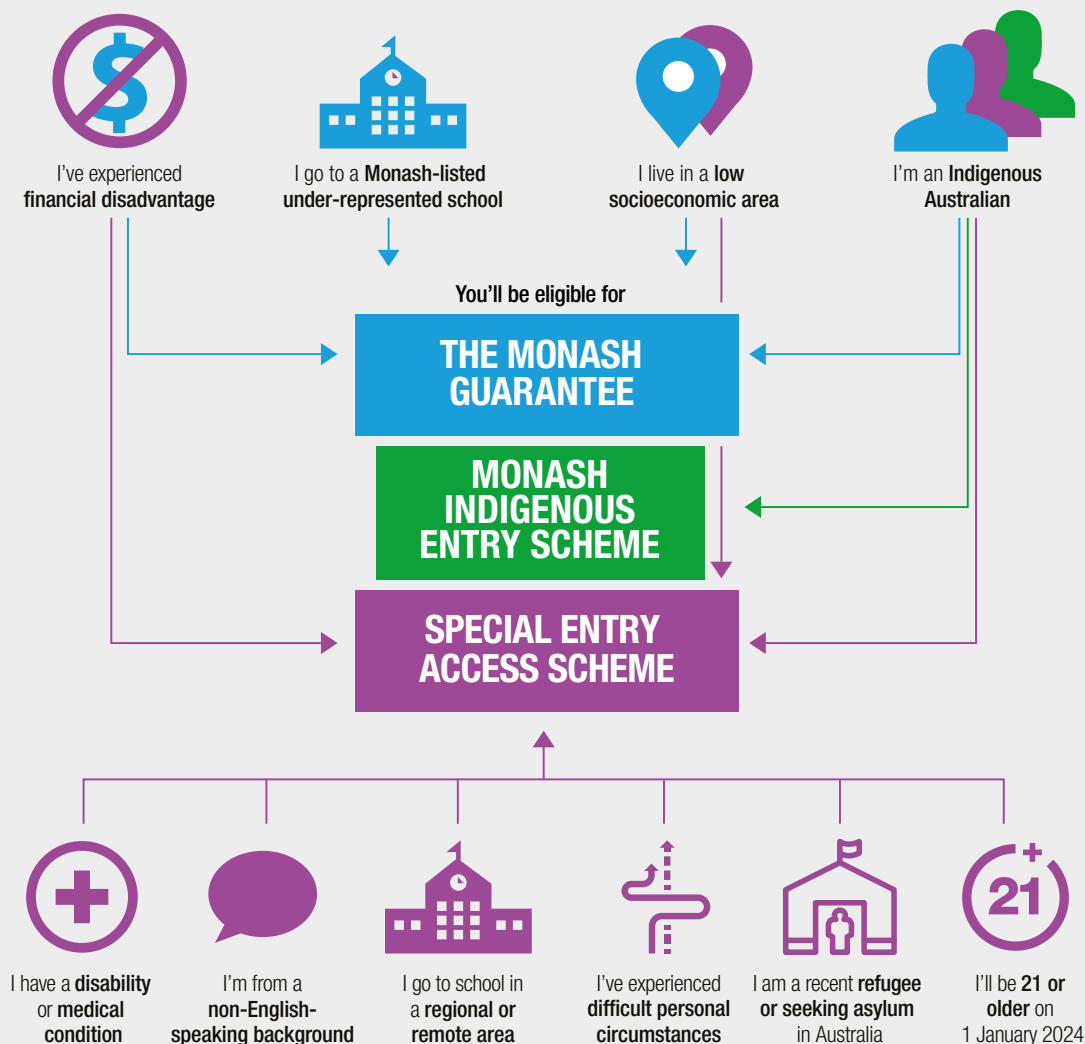

Through VTAC, this scheme provides an entry point for Aboriginal and Torres Strait Islander applicants into a range of undergraduate courses with an achieved ATAR of 50+ (higher for some courses). There are no extra requirements of time added to your course when you start a course via this entry scheme.

[monash.edu/study/indigenous-entry](https://monash.edu/study/indigenous-entry)

## Special Entry Access Scheme (SEAS)

SEAS adjusts your ATAR in recognition of any circumstances that may have affected your education, giving you a better chance to get into the course you want. If you're eligible for SEAS, the adjustments are made to your combined study score and your selection rank estimate is recalculated.

Check out our SEAS calculator for an estimate of your SEAS-adjusted ATAR at [monash.edu/seas](https://monash.edu/seas)

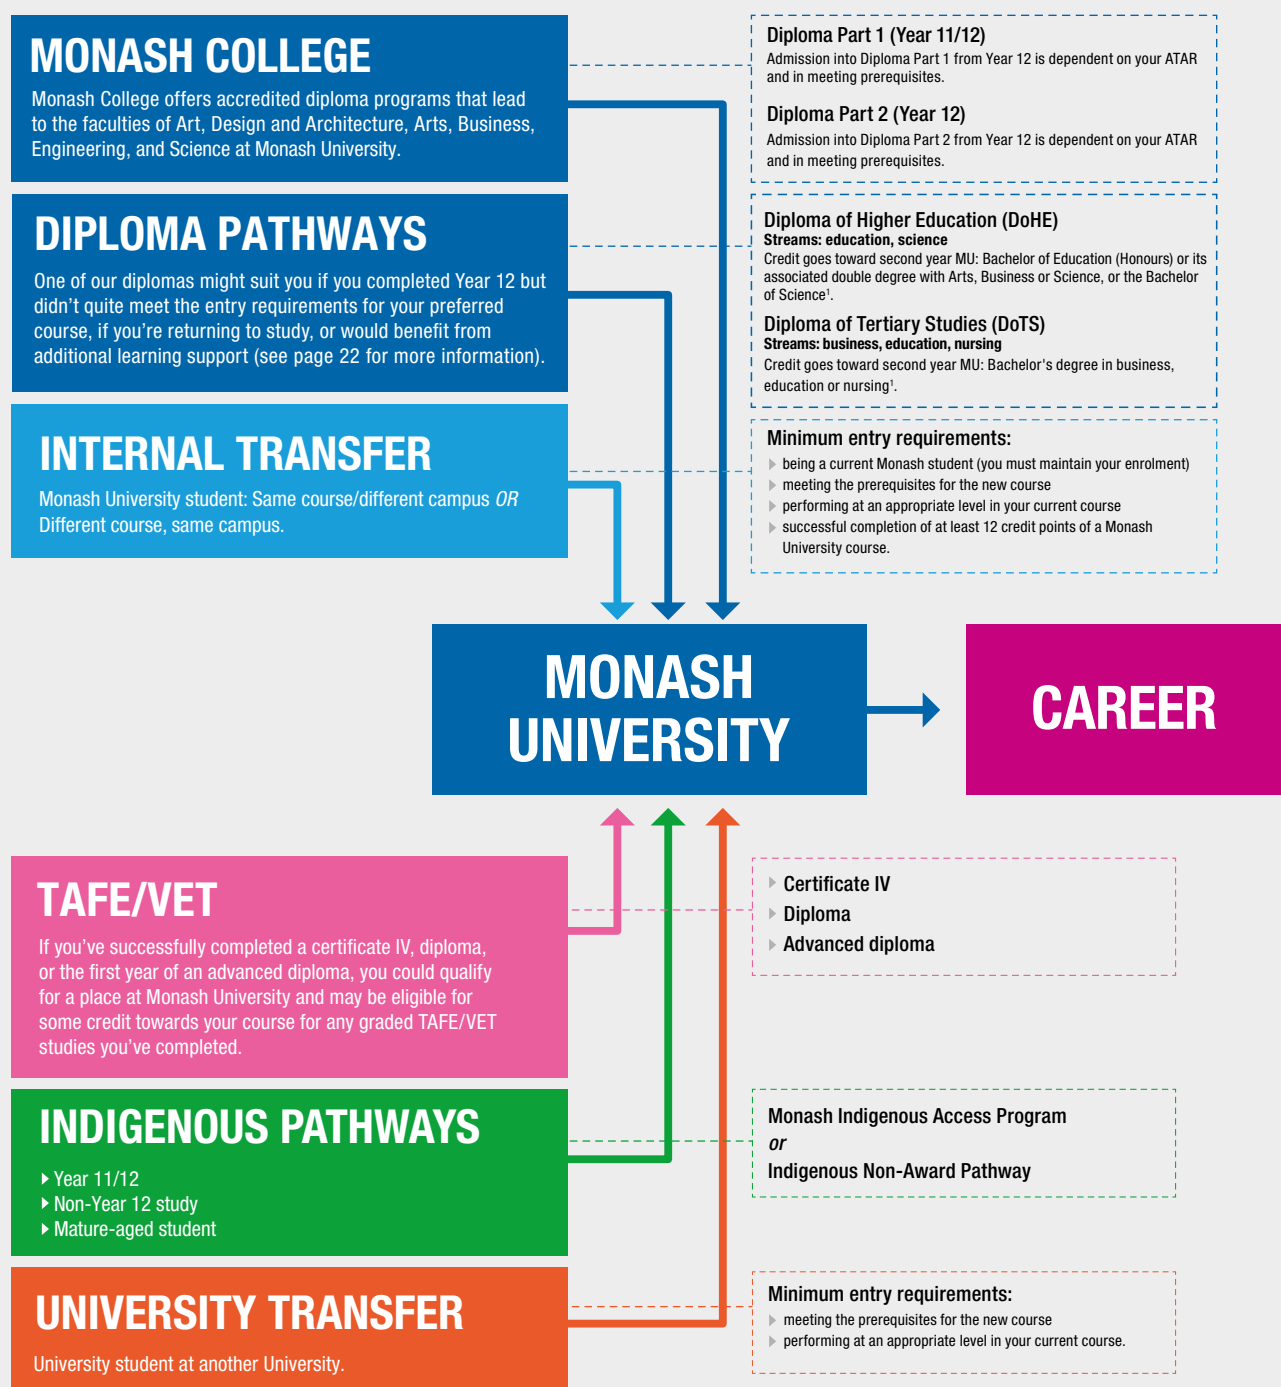

# YOUR PATHWAY TO CHANGE

[Click here for more information.](#)

There are many other pathways into Monash University if you haven't quite met the entry requirements. Whether you're transferring from another university, or want to complete one of our diplomas, if there's a pathway, we'll help you get there.

<sup>1</sup> Students must meet all eligibility requirements to be granted a full-year of credit and enter the second year of their chosen degree.

<sup>2</sup> Transfers are limited and not guaranteed. Please note that for admissions purposes, you must have received a graded result. We do not accept satisfactory/non-satisfactory or competent/not competent.

# SCHOLARSHIPS TO UNLOCK YOUR TALENT

Our doors are open to the curious,  
the optimistic and the change-makers.

A scholarship will help you make the most of your time at university. And that's why we have more than 300 types of scholarships. Here's just some of the types of scholarships we offer:

## **Academic scholarships**

We want as many bright minds as possible to benefit from a Monash education. Our Sir John Monash scholarships aim to attract academically gifted students. And our faculties also offer scholarships for academically gifted students. But we also want to recognise those students who want to make a difference in the lives of other students by becoming mentors.

## **Equity scholarships**

We recognise that sometimes your ATAR doesn't reflect your potential. If you're from a low-income background, have a disability or medical condition, live in a regional or remote area, are from an asylum-seeking background, or have experienced difficult circumstances, we offer scholarships to ensure that none of these factors prevent you from pursuing your dreams.

Image: The Learning and Teaching Building, home of the Faculty of Education, Clayton campus.

### Indigenous students

The Achieving Potential Indigenous Support Scholarship is guaranteed to all Indigenous students (\$5000 per annum).

### Accommodation scholarships

We offer scholarships to help cover the costs of your accommodation, and there are even scholarships to support any relocation costs if you're from a rural area.

At Monash, we believe in giving our students the best chance to achieve their potential.

The number of scholarships and grants offered each year varies. So find the right scholarship for you at [monash.edu/scholarships](https://monash.edu/scholarships)

**Click here to learn about our scholarships program.**

# THE CHOICE IS YOURS

Image: View of sound shell exiting the library at our Caulfield campus.

So, you know exactly what studies you're keen to pursue? Or maybe you want to explore your options? Either way, you can create the course that best suits you.

At Monash, we offer courses where you can specialise from the very start of your studies – perfect if you have something specific in mind. But if you're not quite so sure, we'll help you figure it all out.

### COMPREHENSIVE, SPECIALIST OR DOUBLE DEGREE?

You'll enrol in either a comprehensive, specialist or double degree course. We offer five **comprehensive** degrees in: Arts, Business, Commerce, IT and Science. They offer many possibilities, especially when you combine them with one of our double degree options.

A **specialist** course is exactly what it sounds like. This course type is quite focused in its subject matter. You'll still have options to broaden your studies, but you'll specialise in a particular subject area. Some examples include criminology, computer science, law, engineering, pharmacy, and nursing.

A **double degree** course allows you to study towards two degrees at the same time. This means you can keep your options open, develop expertise in different but complementary areas, or simply pursue two areas of interest in greater depth. Refer to page 14 for more information on double degrees.

### HOW DO YOU CREATE YOUR COURSE?

Your course is made up of units, and depending on what you've enrolled in, you'll be able to select units from both within or outside of your discipline area. Let's break this down.

#### DISCIPLINE-SPECIFIC UNITS

These are units that must be completed as part of your course. They usually provide a basic or broad understanding of a particular subject matter, and completing these allows you to pick subsequent units that branch off into more specialist fields/areas that particularly appeal to you.

#### DISCIPLINE ELECTIVE UNITS

This is a unit of study where you choose what unit to study. The choice could be from a specified list of units from within your study area, or it may be a free elective.

#### FREE ELECTIVES

A free elective is a unit offered by Monash from any study/interest area<sup>1</sup>. For example, you could be enrolled in a Bachelor of Business, but with a free elective you could study a unit in law, communication and media studies, biology or computer science.

It's through your electives that you'll either focus or broaden your studies. And along the way, you can always revise what units you study.

No matter what your study or career goals, we'll help you get there.

**This course progression map shows you how you can build a comprehensive course through your unit choices.**

#### YEAR 1 COMPREHENSIVE COURSE<sup>1</sup>

Semester 1	Major unit	Minor unit	Discipline-specific unit	Free elective
Semester 2	Major unit	Minor unit	Discipline-specific unit	Free elective

#### YEAR 2

Semester 1	Major unit	Minor unit	Discipline-specific unit	Free elective
Semester 1	Major unit	Minor unit	Discipline-specific unit	Free elective

#### YEAR 3

Semester 1	Major unit	Major unit	Free elective	Free elective
Semester 1	Major unit	Major unit	Free elective	Free elective

■ Major unit ■ Minor unit ■ Discipline-specific unit ■ Free elective

**Click here** to access course progression maps.

<sup>1</sup> This progression map is a sample only. Please consult our website, or the faculty directly, for specific information on course progressions.

# DOUBLE YOUR OPTIONS WITH A DOUBLE DEGREE

Monash offers two types of double degrees: a double undergraduate degree, and an undergraduate/graduate double degree. You'll be awarded with two testamurs, one for each course completed. More than 140 double degree combinations are available.

## Double undergraduate degree

### How long does it take?

A double undergraduate degree course takes two years less to complete than studying the two degrees separately. This is because the required units in one course count as electives in the other. For example, if you decide to take a Bachelor of Business and a Bachelor of Arts, it will take you four years instead of six. Therefore, you would take all the common core units for Business as well as your units for your major. You'll also take all the prescribed core units in Arts as well as the units that make up your Arts major. So not only will you save two years of time, you'll also save two years of course fees.

### Sample course map<sup>1</sup>

#### Year 1

Sem 1	BUS	BUS	ARTS	ARTS

Sem 2	BUS	BUS	ARTS	ARTS

#### Year 4

Sem 1	BUS	BUS	ARTS	ARTS
Sem 2	BUS	BUS	ARTS	ARTS

BUS	specified study	ARTS	specified study
BUS	major	ARTS	major

## Bachelor's/master's double degree courses

Some double degree courses incorporate both an undergraduate and graduate element. After five years you'll graduate with both a bachelor's and a graduate master's degree. These courses are:

- Bachelor of Medical Science and Doctor of Medicine
- Bachelor of Pharmacy (Honours) and Master of Pharmacy.

In addition, the Bachelor of Arts (page 26) and the Bachelor of Engineering (Honours) (page 38) offer accelerated master's pathways that enable you to complete an expert master's course with only one further year of study.

### Sample course map – bachelor's/arts master's accelerated pathway

1 Available only with the industrial design specialisation.  
2 Available only with the fine art specialisation.  
3 Available only with the formulation science specialisation.

Some double degree courses may require you to study across two campuses in order to complete your course. To be eligible for admission to a double degree course, you'll need to meet the academic entry requirements for both single degree courses. For example, if you're applying for the Bachelor of Laws and Bachelor of Music double degree, you'll need to satisfy the subject prerequisites for both courses as well as any range of criteria requirements that apply for either of the courses. The back tables in this brochure provide a guide to the overall score, or an estimate, required for admission in 2023. All scores are to be used as a guide only.

# LIVING ON CAMPUS

Start with a short stroll to class before lunch. Study on the lawns in the afternoon. Gyms, sports fields and even restaurants – they're all on your doorstep if you live on campus.

Sample studio room

Image: Logan Hall at Clayton campus.

Image: Inside one of the studio apartments, Clayton campus.

Before you begin your studies at Monash, it's a good idea to plan and prepare a budget.

Here are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things such as medication and other personal items, such as clothes. Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies. All costs are subject to inflation.

## ACCOMMODATION

### On-campus accommodation

On-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There's also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Prices for on-campus accommodation range from approximately \$250 to \$320 per week<sup>1</sup>. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

**Applications are free and open in September.**

With students from more than 70 countries and a wide range of facilities on your doorstep, discover why on-campus accommodation is much more than just your room.

[monash.edu/accommodation](https://monash.edu/accommodation)

### Off-campus accommodation

The below lists some options for off-campus accommodation and estimated prices. Prices will most likely vary depending on where you choose to live.

OFF-CAMPUS ACCOMMODATION	AUD\$ PER WEEK
Hostels and guesthouses	\$130 to \$200 per week
Shared rentals <sup>2</sup>	\$160 to \$300 per week
Rental <sup>3</sup>	\$250 to \$500 per week

## OTHER LIVING EXPENSES

There are additional living expenses beyond accommodation costs. You'll also need to budget for groceries, utilities, public transport or a car, and there's also entertainment to consider as well.

The website below provides a calculator where you can calculate your estimated costs to give you a sense of what your expenses may be.

[www.studyaustralia.gov.au/english/live/living-costs](https://www.studyaustralia.gov.au/english/live/living-costs)

**Click here to learn more about our Clayton campus.**

<sup>1</sup> The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation cost includes gas, water, electricity, internet, residential parking permit and laundry. The rates above are for 2023. Rates for 2024 may be different; the contract period for 2024 will be available from late October 2023. Details: [monash.edu/accommodation/accommodation/pricing](https://monash.edu/accommodation/accommodation/pricing)

<sup>2</sup> Shared accommodation varies on a weekly basis depending on the accommodation location and the number of occupants. Off-campus shared rental accommodation prices do not include utilities. Prices listed here are rates for 2023; prices may vary in 2024.

<sup>3</sup> Rental costs listed here are based on costs for two-bedroom apartments. Prices vary depending on suburbs.

# WE'LL SUPPORT YOU

Choose from a vast range of clubs, make friends and share unforgettable experiences.

We offer a range of student support services to make sure you get the most out of university life, including study skills, mentoring support, health and wellbeing services, financial aid, technology assistance, education and professional goals, and more.

We can also put you in touch with like-minded people to share information, build networks and get the support you need throughout your Monash studies. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

Visit [monash.edu/students/support](https://monash.edu/students/support) to learn more about:

- Monash Connect (support with enrolment, fees, accommodation and more)
- Career Connect (career, leadership and volunteer opportunities)
- cultural inclusion
- clubs and associations
- safety and security
- student news
- The William Cooper Institute – a hub for Aboriginal and Torres Strait Islander study, learning and engagement
- events and activities
- study programs
- self-development
- medical, dental, counselling and other health services
- disability support
- LGBTQIA+ support
- child care and parenting rooms.

We also have a peer mentoring program, to help you adjust from high school to university. Every first-year student will receive mentoring from a senior student in the same faculty.

Details: [monash.edu/about/peer-mentoring](https://monash.edu/about/peer-mentoring)

**Click here** to see how you can use social networking tool aMigo to connect with other new Monash students before commencing your studies.

# DIPLOMAS AT MONASH

If you've just missed out on meeting the entry requirements to your chosen course, Monash offers two diplomas as pathways into specific bachelor's degree courses. These are the Diploma of Higher Education (DoHE) and the Diploma of Tertiary Studies (DoTS).

## Diploma of TERTIARY STUDIES

COURSE CODE: D0502

Peninsula

1 year

February

When you apply for the diploma, you'll select a course stream (Business, Education or Nursing) that will be your area of specialisation leading to your chosen degree. On successful completion, you'll gain up to one year of credit towards a range of degrees in business, business administration, education or nursing and, provided you've met all the requirements, have a pathway into the second year of select courses.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS	
English	Maths	Sci/Other	ATAR <sup>1</sup>	
✓	N/A	N/A	<b>See below</b>	<b>1</b>
<b>Business</b>			53.90 RC	1
<b>Education</b>			53.25 RC	1
<b>Nursing</b>			52.70 RC	1

**Pathways into second year of<sup>2</sup>**

<b>Business</b>	Bachelor of Business, Bachelor of Business Administration
<b>Education</b>	Bachelor of Education (Honours) specialisations in: Early childhood and primary education, Primary education, Primary and secondary health and physical education, Secondary health and physical education.
<b>Nursing</b>	Bachelor of Nursing

### STREAMS

- Business** – you'll be introduced to a range of business disciplines and the impact they have on multi-discipline decision-making in organisations, spanning the business, professional and public policy communities.
- Education** – you'll be introduced to studies about learning and educational inquiry, and build a foundation for the skills and knowledge required to practise as a teacher/educator in a range of educational settings.
- Nursing** – you'll be introduced to nursing and healthcare as a profession. You'll study foundational knowledge in human bioscience, nursing and midwifery, health assessment and professional practice.

### PREREQUISITE STUDIES

<b>ENGLISH UNITS 3 AND 4</b>		<b>ENGLISH</b>
<b>EDUCATION:</b>	<b>BUSINESS/NURSING:</b>	<b>LEVEL 1</b>
25 in English other than EAL or 30 in English (EAL).	25 in English other than EAL or 30 in English (EAL).	For prerequisite subject requirements, please refer to page 56.

### ADDITIONAL SELECTION REQUIREMENTS

You'll also need to complete a VTAC Personal Statement outlining why you're applying for the Diploma of Tertiary Studies (in a particular stream, e.g. Business, Education or Nursing), and provide evidence to demonstrate your motivation to study, and any relevant work experience and/or community involvement.

## Diploma of HIGHER EDUCATION

COURSE CODE: D0501

Clayton

1 year

February

The DoHE lets you begin studying towards your Monash degree from day one. Equivalent to the first year of university undergraduate study, it provides a pathway to selected undergraduate courses, along with the support you'll need to ensure you achieve your academic goals. When you apply for DoHE, you'll select either the Education or the Science stream. These streams provide a direct pathway into specified Monash courses.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

# UNDERGRADUATE CERTIFICATES AT MONASH

The undergraduate certificate is another pathway into Monash University. We offer three undergraduate certificates, listed below.

## Undergraduate Certificate of AGED CARE HEALTH ESSENTIALS

COURSE CODE: M0502

Online 1 year<sup>1</sup> February

This undergraduate certificate seeks to develop basic knowledge and skills for those interested in roles in aged care, or have a role as a carer of an older person at home. This course will increase your knowledge and understanding of the health and care of older people, and will be attractive to those who work or live with older people requiring care or who are considering working or completing further studies in the aged care sector.

You'll learn about the latest understanding of nutrition for older people, wound prevention and care, patient safety, mental health and neurocognitive disorders. The course has been developed by experienced health professionals, educators and researchers.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS
English	Maths	Sci/Other	You must meet Monash University's minimum age and English language requirements.
✓	N/A	N/A	

### PREREQUISITE STUDIES

VCE	IB

## Undergraduate Certificate of HEALTH CARE ESSENTIALS

COURSE CODE: M0503

Online 1 year<sup>1</sup> February

This undergraduate certificate seeks to develop basic knowledge and skills for those interested in roles in the disability or respite sectors or have a role as a carer in any setting. This course will increase your knowledge and understanding of patient care, and will be attractive to those who work or live with people requiring care or who are considering working or completing further studies in the health sector.

Designed by experienced health professionals, educators and researchers, you'll develop your basic knowledge and skills that will help qualify you for work in these fields. You'll learn about the latest understandings of patient care basics and patient safety, and you'll be able to choose from four electives: wound prevention and care, nutrition, rural health and mental health. Upon successful completion of this course, you'll gain credit toward the Bachelor of Health Sciences, should you wish to pursue further studies.

## Undergraduate Certificate of MENTAL HEALTH

COURSE CODE: M0501

Online 6 months<sup>2</sup> February

This undergraduate certificate course seeks to develop basic knowledge and skills for those with an interest in mental health care. The certificate consists of four online units of study undertaken part-time over one year giving you the flexibility to study in your own time. The units have been developed by some of Australia's most experienced mental health professionals, educators and researchers so you'll be equipped with the latest thinking on the recognition and basic assessment of common mental disorders such as depression, anxiety and contemporary models of mental health care and management.

The course will be attractive to those who work with people living with mental illness or who are considering working or completing further studies in the mental health sector. Successful completion of the Undergraduate Certificate can be used as a pathway option for entry to the Bachelor of Health Sciences at Monash University.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

### DID YOU KNOW?

Commonwealth supported places (CSP) are available for eligible students for these three courses, so that there are no fees payable for students who complete the course in 2024.

<sup>1</sup> This course is only available part-time.

<sup>2</sup> This course is available in both full-time and part-time mode. If you choose to take the course part-time, the duration will be one year.

Bachelor of

# ARCHITECTURAL DESIGN

COURSE CODE: F2001

 Caulfield  3 years  February

In this course, you'll combine creative vision and technical expertise to imagine the built environments of the future.

You'll study with award-winning architects and industry professionals, use outstanding workshop facilities, and learn how to think beyond the building to create solutions that transform the way we live, and improve our quality of life.

This studio-based course builds your skills and capabilities to provide the perfect pathway into our professionally-accredited Master of Architecture, and an excellent foundation to become an architect.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

Engineering (Honours) (mechanical engineering) <sup>3</sup>			85.20	31.25	75	5

## SPECIALISATIONS

- Communication design
- Industrial design
- Spatial design
- Collaborative design.

## PROFESSIONAL RECOGNITION

All our design degrees are recognised by the Design Institute of Australia (DIA).

## PREREQUISITE STUDIES

VCE	IB
ENGLISH	ENGLISH
UNITS 3 AND 4	LEVEL 1
25 in English other than EAL or 30 in English (EAL).	For prerequisite subject requirements, please refer to page 56.

## INTERNSHIPS AND OVERSEAS EXPERIENCE

You'll have the opportunity to undertake an internship to get industry experience, or to study overseas in Prato in Italy as one of the electives.

## CAREER OPTIONS

**Communication design:** communication designer, advertising art director, branding expert, digital animator, experience designer, graphic designer, information designer, interaction designer, mobile app developer, motion graphics designer, product packaging designer, web/UX designer.

**Industrial design:** industrial designer, digital product designer, experience designer, product and packaging designer, design consultant, furniture designer, lighting designer, public transport designer, automotive designer, service designer.

**Spatial design:** interior designer, experience designer, museum and exhibition designer, stage/set production designer, visual merchandiser.

**Collaborative design:** service designer, design strategist, interdisciplinary designer, social innovator, design entrepreneur, design researcher – as well as many careers that haven't yet been imagined.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).

2 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://monash.edu/study).

3 Only available with the Industrial design specialisation.

# Bachelor of FINE ART

COURSE CODE: F2003

📍 Caulfield ⌚ 3 years → February

Our fine art degrees are unique, multidisciplinary, studio-based courses that provide you with options to explore the world of contemporary fine art. Using state-of-the-art facilities, you can focus your studies through a hands-on practice-based approach or develop your knowledge as a specialist in art history and curating.

We'll foster your education and knowledge, and introduce you to key figures in the local and international art worlds to help you grow as a contemporary artist or creative practitioner.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

Media Communication			RC	RC	RC	

## SPECIALISATIONS

- **Art history and curating** – develop a specialised knowledge of the art world, art history and art writing.
- **Fine art** – rotate through a range of mediums in your first year, and then choose one, or a combination of mediums, to develop your contemporary art practice and creativity.

The degree you're awarded will reflect your chosen specialisation.

## PREREQUISITE STUDIES

VCE	IB
ENGLISH	ENGLISH
UNITS 3 AND 4	LEVEL 1
25 in English other than EAL or 30 in English (EAL).	For prerequisite subject requirements, please refer to page 56.

## ADDITIONAL SELECTION REQUIREMENTS

### Fine art specialisation

For single and double degrees, you'll need to complete an online application form that includes:

- a digital portfolio of 10-15 images of original work, and
- a 300-word written statement.

For additional information on extra requirements and how to submit your folio, please visit: [monash.edu/study/course/f2003](https://monash.edu/study/course/f2003)

## CAREER OPTIONS

**Fine art:** artist collaborator, arts manager, contemporary artist, creative business entrepreneur, filmmaker, marketing or communications professional, museum or gallery professional, new media artist, studio manager, teacher.

**Art history and curating:** art historian, arts journalist, arts programmer, collections manager, curator, gallery teacher, gallery owner, museum director, museum education officer, publisher, researcher, writer.

## INTERNSHIPS AND OVERSEAS EXPERIENCE

Monash Art, Design and Architecture is a creative community offering unique opportunities for collaboration and industry experience across disciplines.

We offer focused electives that provide you with opportunities for internships and placements within your field of practice, as well as the opportunity to collaborate with practitioners across disciplines, and even the chance to study at our international campus in Prato, Italy.

<sup>1</sup> The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.

<sup>2</sup> For double degree courses you must meet the entry requirements and prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://monash.edu/study)

ACCELERATED PATHWAY TO A MASTER'S DEGREE VIA THE BACHELOR + MASTER'S PROGRAM

AVAILABLE WITH ELIGIBLE ARTS SINGLE DEGREES<sup>1</sup>.

Did you know that with Monash Arts, you can graduate with a bachelor and master's degree in only four<sup>2</sup> years? After completing two years of your bachelor's course, and providing you're a high-achieving student, you can take master's-level units as your electives in your third year.

You then complete the remainder of your master's course in your fourth year.

We have the most extensive bachelor + master's offering in Australia, allowing you to match your bachelor's degree with a master's degree in one of the following:

- Applied Linguistics
- Bioethics
- Communications and Media Studies
- Cultural and Creative Industries
- International Development Practice
- International Relations
- International Relations and Journalism double master's<sup>2</sup>
- International Sustainable Tourism Management
- Interpreting and Translation Studies
- Journalism
- Public Policy
- Strategic Communications Management.

THE BENEFITS

- Fast-track your studies and graduate with an undergraduate and graduate degree in just four years instead of five.
- Make yourself more employable with two degrees and specialist knowledge.
- Save time.
- Save on fees.

Visit Monash Arts at [monash.edu/arts](https://monash.edu/arts) for more information.

Bachelor of ARTS

COURSE CODE: A2000

Caulfield, Clayton 3 years February, July and November

• WORK-INTEGRATED LEARNING AVAILABLE

Our Bachelor of Arts is designed to give you maximum flexibility and choice. With more than 30 areas of study to choose from, our comprehensive arts degree allows you to design a course structure aligned with your worldview and career objectives.

The course is built around deeply enriching experiences, and offers you four Professional Futures units through which to develop your unique graduate profile. You can choose from local and international internships, professional engagements and entrepreneurial opportunities, and the choice of more than 50 global immersion programs, preparing you to live and work in complex and culturally diverse environments, while building a network of like-minded peers.

Bachelor of

# CRIMINOLOGY

COURSE CODE: A2008

 Clayton

 3 years

 February and July

• **WORK-INTEGRATED LEARNING AVAILABLE**

Criminology is the study of crime and social control. Crime – how we define it, how we understand its causes and the ways we respond to it – provides a window into society’s challenges, values and aspirations.

Throughout the course, you’ll consider the local, national and global aspects of crime and justice, and become familiar with a range of lenses for understanding and assessing the impact of society’s changing responses to crime and justice.

You’ll gain an understanding of victimisation and perpetration, inequality and its impacts, and approaches to understanding crime. You’ll learn about crime committed by individuals, groups, organisations and states, and the mechanisms of the criminal justice system, including police, courts and corrections. Options are available to develop knowledge of specific criminal concerns.

Criminology at Monash is closely connected to three major research centres at Monash Arts: Gender and Family Violence Prevention, Migration and Inclusion, and Gender, Peace and Security.

Bachelor of

# CRIMINOLOGY AND POLICING

COURSE CODE: A2014

 Clayton

 3 years

 February

• **SUPPLEMENTARY INFORMATION FORM REQUIRED**

Crime is a complex phenomenon, which requires it to be viewed from various perspectives. In a joint venture with Victoria Police, the Bachelor of Criminology and Policing is the only course of its kind in Victoria. In this three-year program, you’ll complete the core requirements of the Monash Bachelor of Criminology, and have the opportunity to apply to undertake a Diploma of Policing, undertaken at the Victoria Police Academy in your third year. You’ll be paid by Victoria Police while completing the Diploma of Policing.

The breadth and depth of our Bachelor of Criminology is a necessary foundation if you’re considering a career in policing or criminal justice. To be truly successful in policing, you must understand the crime event, the broader context in which crime occurs, the drivers of criminal behaviour, and the limits of formal and informal responses to crime. This course will provide you with the chance to apply to join Victoria Police and, if successful, continue your studies at the Victorian Police Academy, or you can choose to work in other areas requiring crime and justice experts.

# Bachelor of GLOBAL STUDIES

COURSE CODE: A2001

📍 Clayton ⌚ 3 years ➡ February

• WORK-INTEGRATED LEARNING AVAILABLE

Designed for students who aspire to be leaders in creating social change, you'll learn how to critically analyse the global challenges facing cultures and communities throughout the world, and how to devise imaginative and well-informed solutions to help solve them.

This course has a number of exciting features that set it apart. Core units provide leadership development, and project-based learning includes the opportunity to work in collaboration with global organisations and non-government organisations (NGOs). There's also a compulsory international study component of the course designed to add to your study by challenging you to engage with your international experience, to step outside and reflect on the people and culture of your chosen destination.

 February and July<sup>1</sup>

• AUDITION REQUIRED • WORK-INTEGRATED LEARNING AVAILABLE

The Sir Zelman Cowen School of Music and Performance has one of the most comprehensive music programs in the country. We excel in classical, jazz and popular music performance, and have vibrant programs in composition, improvisation and creative music technology.

This course is focused on your music journey and your career development. You'll have weekly one-to-one lessons, collaborate with students in other specialisations, learn from accomplished music staff and engage with international artists.

Monash's world-class Digital Hub enables audiovisual streaming, globalising your learning experience in real-time for collaborative performance experiences with renowned performers, and the creation of a digital portfolio for your career profile.

## CAREER OPTIONS

Auditing, business advisory, forensic accounting, liquidation, management accounting, mergers and acquisitions, taxation.

# Bachelor of ACTUARIAL SCIENCE

COURSE CODE: B2033

📍 Clayton ⌚ 3 years ➡ February<sup>2</sup>

If you're big on numbers and the role they play in our day-to-day lives, actuarial science can help turn your curiosity into a promising commercial career.

In this course you'll learn to apply mathematical concepts to real-life scenarios, and use your analytical skills to help companies plan for the future. Evaluate risk and opportunity in a business setting, and use your findings to influence some of society's most important economic structures.

Monash Business School's Department of Econometrics and Business Statistics is the only dedicated department of its kind in Australia, and has the largest concentration of econometricians and statisticians in the region.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

**DOUBLE DEGREES**

A double degree is a great option if you're interested in teaching but also want to gain expertise in another discipline. At Monash, you can choose from the following double degrees with either the primary or secondary education specialisation: Arts, Business, Fine Art, Music, and Science.

**PATHWAYS INTO EDUCATION**

If you've narrowly missed the entry requirement for direct entry into an education course, you can consider a pathway program such as the Diploma of Tertiary Studies or Diploma of Higher Education. On successful completion you can gain up to one year of credit towards a range of Monash Education degrees. See page 22 for more information.

**PROFESSIONAL EXPERIENCE – LOCAL OR GLOBAL**

Put your learning into practice by completing at least 80 days of professional experience during your course. You can stay local, head rural or overseas. You can be in a classroom or an integral part of a community program. Build your confidence and gain real-world experience so you're ready to teach when you graduate.

**NON-ACADEMIC SELECTION REQUIREMENT – CASPER**

All applicants are required to complete a mandatory online 120-minute computer-based test called Casper, as part of the application process. For more information, visit [monash.edu/education/takecasper](https://monash.edu/education/takecasper)

**POST-ENROLMENT REQUIREMENTS**

During your course you'll be required to meet some extra requirements:

- Working with Children Check
- Literacy and Numeracy Test.

**CAREER OPTIONS**

School or early childhood teacher, community education, corporate training, curriculum development, health and fitness coaching, student welfare, school leadership, teaching.

1 This is a 4.25-year course taken as an accelerated course where you'll do the equivalent of 4.25 years of study in four calendar years.  
2 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.  
3 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60–63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://monash.edu/study)  
4 This double degree is only available with the Fine Art specialisation.  
5 This course has special requirements. Please refer to page 30 for more information.

## SPECIALISATIONS

TEACH PUPILS AGED	SPECIALISATION	DESCRIPTION	LOCATION
0-12 years	Early childhood and primary education	Teach infants and children in childcare, kindergartens, preschools and primary schools.	Peninsula
5-12 years	Primary education	Develop your knowledge of the primary curriculum areas and specialise in English and literacy, mathematics and numeracy, or science, or choose to enhance your career options by studying this course as a double degree <sup>2</sup> .	Clayton (double degrees) <sup>2</sup> Peninsula (single degree)
5-18 years	Primary and secondary education	Teach across the primary school curriculum and in one secondary school specialist teaching area.	Clayton
	Primary and secondary health and physical education	Qualify as a primary school teacher with specialist skills in health and physical education, as well as a secondary school teacher with health and physical education as your two teaching specialist areas.	Peninsula
	Primary and secondary inclusive and special education	Teach across the primary school curriculum and one secondary school specialist teaching area. You'll also be accredited as a specialist for teaching students with disabilities, and have the skills to make education accessible for all learners.	Clayton
12-18 years	Secondary education <sup>2</sup>	Studied as a double degree, you'll be able to follow your passion for a particular subject area and combine it with a highly respected education degree. Choose a second degree in arts, business, fine art, music or science.	Clayton
	Secondary health and physical education	Qualify as a secondary health (including human development) and physical education teacher. You'll also be able to choose a third teaching area, which could be English, biology or mathematics, among other choices.	Peninsula

Bachelor of

# ENGINEERING (Honours)

COURSE CODE: E3001

**RANKED NO.39 IN THE WORLD FOR ENGINEERING**

QS World University Rankings by Subject 2022

 Clayton  4 years  February, July<sup>1</sup> and November

• **PROFESSIONALLY ACCREDITED**

Engineers are collaborative and creative problem-solvers who design technology and develop innovative solutions across a vast range of areas, including: advancing technologies for clean water, green energy, high-speed communications and transportation, advanced healthcare devices, reliable autonomous systems, safe, smart sustainable products, homes and cities, and more.

At Monash – one of Australia’s leading engineering schools – you’ll apply maths and science in a practical way, and work in teams to develop new technologies and improve existing ones.

We’ve created a professionally accredited engineering program that gives you maximum choice and flexibility. You’ll study a common first year, where you’ll get a taste for each of the 10 specialisations before deciding which one to pursue from your second year.

You can complement your specialisation with a minor<sup>2</sup> from 10 different and emerging engineering fields, such as artificial intelligence and smart manufacturing, to explore your interests and expand your career opportunities.

You’ll learn in the latest interactive teaching spaces in the new Woodside Building for Technology and Design, and have access to collaborative Makerspaces. Work closely with industry and develop job-ready skills in Monash’s new innovation ecosystem, the Monash Smart Manufacturing Hub.

ENGLISH	MATHS	SCIENCE
UNITS 3 AND 4	UNITS 3 AND 4	UNITS 3 AND 4
25 in English other than EAL or 30 in English (EAL).	25 in Mathematical Methods or Specialist Mathematics.	25 in Chemistry or Physics.
IB		
ENGLISH	MATHS	SCIENCE
LEVEL 1	LEVEL 3	Chemistry or Physics only.
For prerequisite subject requirements, please refer to page 56.		

**CAREER OPTIONS**

Advanced manufacturing, aerospace, artificial intelligence, automation, biotechnology, defence, design and construction, energy and power generation, environment and sustainability, financial services, food and agriculture, infrastructure, management consulting, medical devices, mining, natural resources, renewable energy, research and development, robotics and autonomous systems, software systems and IT services, technology start-up, traffic and transport, tunnelling, water management and recycling.

**CONNECT WITH INDUSTRY**

Build your industry network with a three, six or 12-month paid internship in one of our partner organisations with the Co-operative Education Program. Or work on campus with a team of students and academics to design solutions to real challenges faced by our industry partners, in the new Industry Innovation Program (IIP). You’ll graduate with the practical skills, industry experience and connections you need to launch your career.

1 Please note that July intake admission into the Robotics and mechatronics specialisation will require that you undertake a bespoke course progression due to sequencing. The course adviser will work with you to formulate a progression to suit your academic preparation.

2 Please refer to [monash.edu/study](https://monash.edu/study) for further details on which minors can be undertaken within individual specialisations.

3 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).

4 The accelerated master’s pathway is not available with all specialisations. Higher entry requirements apply for the Engineering (Honours)/master’s accelerated pathway. See [monash.edu/study](https://monash.edu/study) for further details.

5 Double degrees are only available for some engineering specialisations. For double degree courses, you must meet the prerequisites for both courses. You must have completed the VCE subject prerequisites (or equivalent university units) no more than 10 years prior to admission. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://monash.edu/study).

6 The common first year is not available for the Biomedical engineering specialisation. Apply directly to the Bachelor of Biomedical Engineering (Honours) if you intend to choose this specialisation. Please note that there are different scores required for entry into Biomedical Engineering (Honours). Refer to page 58 for further details.

## SPECIALISATIONS

SPECIALISATION	DESCRIPTION
Aerospace	Aerospace engineers design, develop and maintain flight vehicles. Using knowledge of aerodynamics, aerostructures, avionics, propulsion, materials engineering and computational simulation, aerospace engineers make airline and space travel happen. You could create a more environmentally-friendly passenger aircraft, or even build vehicles capable of exploring our solar system, and beyond.
Biomedical	Imagine, design and build new technologies that transform the future of healthcare. Biomedical engineers bridge the gap between medicine and technology to create new types of diagnostics, monitoring tools and therapies, and build game-changing medical instruments and devices. Whatever you do, you'll make a powerful impact on patients' treatment, recovery and quality of life.
Chemical	Chemical engineers invent, design, develop and improve processes that convert raw materials into useful products with minimal environmental impact. Blend chemistry with engineering to develop products or catalysts for chemical reactions, design plants for international manufacturers, or develop alternative fuels and cleaner energy sources.
Civil	Civil engineers design, construct and maintain physical and naturally-built environments for the benefit of society. As a civil engineer, you could build safe and efficient transportation systems, plan and manage a clean and safe water supply, design and oversee the construction of complex structures, and advise on the integrity and suitability of the infrastructure to support these essential projects.
Electrical and computer systems	As an electrical and computer systems engineer, you might design and develop virtual reality systems, games or robotic medical devices, or work on integrating renewable energy sources into the power grid. Electrical and computer systems engineering is a field that evolves rapidly, with new technologies and techniques being patented every day, across diverse fields such as telecommunications, electronics, electrical power, AI and robotics.
Environmental	Environmental engineers make a profound impact on the health, quality of life and future wellbeing of the planet. Using the principles of sustainable development and humanitarian engineering, you could manage water and air-pollution control, recycling, water supply, waste disposal, land management, transport and the built environment, and public health issues.
Materials	Materials engineering is all about making new materials and improving those that already exist by making them stronger, lighter and more functional, sustainable and cost-effective. As a materials engineer, you'll have the opportunity to play a significant role in improving the design of final products across every industry.
Mechanical	Mechanical engineers harness the efficient use of motion and energy for the design and function of all types of mechanisms, from the simplest to the most complex. It builds on physics, chemistry, materials, mathematics and biology to achieve this goal. If an engineering solution moves, you'll find mechanical engineering at the heart of its design.
Robotics and mechatronics	As a robotics and mechatronics engineer, you could create planetary exploration rovers, or robots for precision manufacturing or to assist the elderly. Choosing from either our AI or automation streams, you'll employ computer science and control systems to make the autonomous machines of the future.
Software	As a software engineer, you'll apply engineering principles to systematically analyse, develop and improve software to ensure it runs effectively, safely and securely. You'll acquire high-level programming expertise, plus undertake your choice of IT electives such as cybersecurity, games programming and business information systems.

### ACCELERATED PATHWAY TO A MASTER'S DEGREE

Graduate with a bachelor's degree plus an expert master's degree in just five years. If you're a high-achieving student, accelerate your studies and earn both a Bachelor of Engineering (Honours) and a master's degree in engineering. Save time, save on fees, and improve your employment outcomes with two degrees and advanced technical knowledge.

Bachelor of  
**COMPUTER SCIENCE**

COURSE CODE: C2001

📍 Clayton

🕒 3 years

➡ February and July

• PROFESSIONALLY ACCREDITED

DEGREE AWARDED

The degree you're awarded will reflect your chosen specialisation.

Computer scientists drive everything from search engines to cybersecurity to scientific discoveries. When you study computer science, you'll develop the skills to design data structures, develop algorithms and create software to solve real-world computational challenges.

# Bachelor of BIOMEDICAL SCIENCE

COURSE CODE: M2003

📍 Clayton ⌚ 3 years → February

## DEGREE AWARDED

Bachelor of Biomedical Science, or  
Bachelor of Biomedical Science (Scholars Program).

By studying biomedical science, you'll explore the various body systems and the interactions between organs, issues and cells, as well as the complex processes that occur to allow us to function and develop normally. You'll also learn how disruption of these processes can lead to disease, and you'll gain an understanding of how this knowledge fits into the big picture of human health.

Design your own degree – you'll complete a specialised program and explore electives based on your interests, in areas such as biochemistry, immunology and physiology. You can even choose subjects in business or law, to diversify your degree.

VCE		IB	
ENGLISH	MATHS	ENGLISH	MATHS
UNITS 3 AND 4	UNITS 1 AND 2 OR 3 AND 4	LEVEL 1	LEVEL 1
25 in English other than EAL and English language requirements of self-declaration <sup>2</sup> or 30 in English (EAL).	Satisfactory completion in two units (any study combination) of General Mathematics, Mathematical Methods or Specialist Mathematics; or Units 3 and 4: any mathematics.	For prerequisite subject requirements, please refer to page 56	

**POST-ENROLMENT REQUIREMENTS<sup>3</sup>**

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Awareness of drugs administration policy relevant to your particular year of study
- National Disability Insurance Scheme (NDIS) Worker screening check.

**CAREER OPTIONS**

Acute hospital care, aged care, community-based care, medical and surgical, mental health, rehabilitation, palliative care, paediatrics and other specialities.

**ADDITIONAL ENGLISH LANGUAGE PROFICIENCY REQUIREMENT**

If you want to be considered for a place in a Nursing course, which leads to registration, it is an Australian Nursing and Midwifery Accreditation Council accreditation requirement that on entry into the course you meet the Nursing and Midwifery Board of Australia (NMBA) English language requirements for registration. This is in addition to Monash University's course-specific academic admission requirements.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.  
2 You must also demonstrate English language proficiency either by providing a written declaration that English is your primary language, or evidence that you have achieved the minimum English language test results as specified in the Nursing and Midwifery Board of Australia's (NMBA) English language skills registration standard. Information on this requirement can be found at [monash.edu/study](https://monash.edu/study)  
3 Applicants must be 18 years of age by 30 September 2024 in order to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, [monash.edu/medicine/study/compliance](https://monash.edu/medicine/study/compliance). You'll undertake some online assessments throughout the course. To access these courses you'll need to download specific software that requires a webcam; otherwise you'll need to undertake the online assessments on campus in the computer lab or library.

# Bachelor of NURSING AND MIDWIFERY (Honours)

COURSE CODE: M3007

Peninsula 4 years February

## PROFESSIONALLY ACCREDITED

Nurses and midwives are among the most valued members of any community. The versatility of the nurse and midwife is increasingly important in Australian and international health services. This joint qualification makes you highly employable in many practice settings, including rural and remote areas where being a multi-skilled practitioner is highly valued.

# Bachelor of NUTRITION SCIENCE

COURSE CODE: M2001

Clayton 3 years February

## PROFESSIONALLY ACCREDITED

### DEGREE AWARDED

Bachelor of Nutrition Science, or Bachelor of Nutrition Science (Scholars Program)

In this course you'll explore the multi-faceted discipline of human nutrition, gain an appreciation of the broad scope of food in society, develop an in-depth knowledge of nutritional and biomedical science, and understand the role of nutrition in health and disease.

As you progress through the course you'll have the opportunity to undertake a work placement in a nutrition-related industry, work alongside nutrition researchers on a project, or apply for the opportunity to study nutrition overseas at a partner university.

As the only Australian course accredited by the UK Association for Nutrition, our graduates can register and pursue international professional nutrition careers in the UK.

### A pathway to graduate studies

Both the Bachelor of Nutrition Science (Scholars Program) and Bachelor of Nutrition Science provide a pathway to our Master of Nutrition and Dietetics which is accredited by Dietitians Australia and enables graduates to apply for accreditation as dietitians.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

CAREER OPTIONS

Paramedic in national and international ambulance services, private services, industry or community-based emergency health services.

**A PATHWAY TO GRADUATE STUDIES**

We offer the only paramedic course from a Group of Eight university. Following the completion of your course, you'll have the opportunity to undertake the Master of Specialist Paramedic Practice. Monash University has been a leader in graduate education and training for the intensive care paramedic role, community care, as well as within the field of aeromedical retrieval.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).  
2 While not prerequisite subjects, it's recommended that you undertake VCE Units 3 and 4 in at least two of the following: biology, chemistry, geography, health and human development, psychology or physical education.  
3 For the **Bachelor of Occupational Therapy**, applicants must be 18 years of age by 1 July 2024 to meet the mandatory requirements for clinical placements. For the **Bachelor of Paramedicine**, applicants must be 18 years of age by 30 September 2024 in order to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, [monash.edu/medicine/study/compliance](http://monash.edu/medicine/study/compliance)

# Bachelor of PHYSIOTHERAPY (Honours)

COURSE CODE: M3002

Peninsula 4 years February

## • PROFESSIONALLY ACCREDITED

Prepare to flourish in one of the most in-demand healthcare professions. A degree in physiotherapy prepares you to work independently or as part of a team of healthcare professionals.

You'll gain the skills to practise as a physiotherapist, using exercise, movement analysis, manual therapy and specialist techniques to restore, improve and promote health.

After completing your studies, you'll be eligible to apply for registration to the Physiotherapy Board of Australia.

### CAREER OPTIONS<sup>3</sup>

Clinical research, disease prevention, government services, health planning and management, health promotion, non-government organisations, practice and policy, social work.

**PRACTICAL EXPERIENCE**

You can complete a 100-hour health promotion placement at a relevant organisation, such as a community health service, local government or non-government organisation. Get a taste of what a health promotion career could be like, and build industry connections. Or you can put your research skills into practice and work on a real-world public health research project, paired with an expert supervisor.

# Bachelor of RADIATION SCIENCES

COURSE CODE: M2017

 Clayton<sup>1</sup>

 3 years

 February

• **INDIGENOUS ENTRY PATHWAY AVAILABLE**

**DEGREE AWARDED**  
Bachelor of Radiation Sciences  
Bachelor of Radiation Sciences (Informatics).

Radiation therapy is an exciting and engaging healthcare field that uses ionising radiations for the treatment of cancer and benign conditions. Studying radiation sciences at Monash allows you to combine scientific and technical knowledge with studies in health and patient care. The Radiation Sciences stream prepares you for an 18-month graduate master's program in radiation therapy.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS			
English	Maths	Sci/Other	ATAR <sup>2</sup>	IB <sup>2</sup>	MG

Radiation Sciences			<b>80.10</b>	<b>28.75</b>	<b>80</b>	<b>3</b>
Radiation Sciences – Informatics specialisation			<b>82.75</b>	<b>30</b>	<b>80</b>	<b>3</b>

### SPECIALISATIONS

- Radiation sciences
- Informatics – combines radiation sciences with IT application and knowledge.

### PREREQUISITE STUDIES

VCE		IB	
ENGLISH	MATHS	ENGLISH	MATHS
UNITS 3 AND 4	UNITS 3 AND 4	LEVEL 1	LEVEL 3
25 in English other than EAL or 30 in English (EAL).	25 in Mathematical Methods or Specialist Mathematics.	For prerequisite subject requirements, please refer to page 56	

### CAREER OPTIONS

Challenging and fulfilling opportunities await those who successfully complete the program. There's an increasing demand for adaptable radiation therapists in response to the ageing population, expansion of services in regional Australia, and organic growth of the industry.

**GAIN GENERAL REGISTRATION AS A RADIATION THERAPIST<sup>4</sup>**

If you're interested in becoming a registered radiation therapist through the Medical Radiations Practice Board of Australia (MRPBA), you'll need to complete additional studies – for example, Monash's Master of Radiation Therapy. Once you've successfully completed this master's, you'll then be eligible to register with the MRPBA.

For more information, visit [monash.edu/study/course/M6004](https://monash.edu/study/course/M6004)

<sup>1</sup> Some units will be taught at the Caulfield campus.  
<sup>2</sup> The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).  
<sup>3</sup> Further study may be required for some options.  
<sup>4</sup> This option is not available to students from the Informatics stream.

# Bachelor of RADIOGRAPHY AND MEDICAL IMAGING

COURSE CODE: M3006

Clayton
 4 years
 February

• **PROFESSIONALLY ACCREDITED**

This course is designed to develop expert skills to become a registered radiographer, enabling patient diagnosis and management by using x-rays – including CT scanning, ultrasound and magnetic resonance imaging (MRI) – to create diagnostic images for analysis and interpretation.

Radiographers are also responsible for implementing best-practice imaging protocols. The program is designed to allow closely related integration between the classroom and the clinical workplace.

# Bachelor of PHARMACEUTICAL SCIENCE

COURSE CODE: P2001

Parkville
 3 years
 February

• **WORK-INTEGRATED LEARNING AVAILABLE**

Research and develop more effective treatments with the world's No.1 school<sup>1</sup> for pharmacy and pharmacology.

Acquire the skills to improve human health by researching and developing more reliable, accessible and effective treatments. Learn about the chemistry, biology, biomedicine and delivery technology of medicines, and gain the hands-on technical and professional skills that enable you to put your knowledge to work in practice. Our strong relationships with industry ensure you'll graduate equipped for a successful career in one of Victoria's fastest-growing sectors – pharmaceuticals and biomedical research.

The first two years provide you with cross-disciplinary knowledge and the key skills relevant to pharmaceutical science. A research or industry placement in the last semester of the course will give you an insight into real-world applications of your studies and prepare you for the next step, be that employment or further studies.

Academia, biomedical research, biotechnology, clinical trials, drug analysis, food technology, paints and coatings, pharmaceutical industry, regulatory affairs, research and development, skincare and cosmetics industry, toxicology.

1 Ranked No.2 for Pharmacy and Pharmacology, QS World University Rankings by Subject, 2023.

2 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).

3 Applicants must be 18 years of age by 31 March of the first year of the course to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, [monash.edu/medicine/study/compliance](https://monash.edu/medicine/study/compliance)

4 Some career options may require additional study.

5 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://monash.edu/study)

6 Only available with the Chemical engineering specialisation; see [monash.edu/study](https://monash.edu/study)

Bachelor of

# PHARMACEUTICAL SCIENCE ADVANCED (Honours)

COURSE CODE: P3002

 Parkville

 4 years

 February

• **WORK-INTEGRATED LEARNING AVAILABLE**

**DEGREE AWARDED**

Bachelor of Pharmaceutical Science Advanced (Honours),  
Bachelor of Pharmaceutical Science Advanced (Honours) (Scholars Program).

Equip yourself for a research career with a global leader.

This advanced version of the Bachelor of Pharmaceutical Science has been tailored for high-achieving students. It culminates in an honours year that gives you the chance to undertake original research, under the guidance of researchers from one of the world's leading institutes of pharmaceutical sciences.<sup>2</sup>

You'll learn how to develop reliable, accessible and effective medicinal products, and translate new drug targets into treatments for patients. You'll begin by developing your understanding of the foundations of pharmaceutical science. In your third year, you'll choose from a range of electives and undertake an extended placement in either research or industry.

Our strong relationships with industry and other research institutes in Australia and overseas ensure you'll graduate ready for a successful career in two fast-growing sectors: pharmaceuticals and biomedical research.

**SCHOLARS PROGRAM<sup>4</sup>**

We acknowledge very high-achieving students by offering access to our Scholars Program. This provides exclusive learning opportunities, including:

- an annual bursary of \$6000
- an annual Dean's Scholars networking lunch
- invitations to the Monash Institute of Pharmaceutical Sciences seminar series (normally reserved for staff and PhD students)
- exclusive guest lectures and workshops throughout the year.

Bachelor of

# PHARMACY (Honours) and MASTER OF PHARMACY

COURSE CODE: P6001

 Parkville

 5 years

 February

• **INTERNSHIP<sup>1</sup> AVAILABLE**

**DEGREE AWARDED**

Bachelor of Pharmacy (Honours) and Master of Pharmacy, or  
Bachelor of Pharmacy (Honours) and Master of Pharmacy (Scholars Program)

In 2023, Monash was ranked No.2 in the world for pharmacy and pharmacology<sup>1</sup>.

As the experts in medicines, pharmacists play a vital role in improving the health of their communities. You'll learn about how the body works, how medicines work, what pharmacists do, and how to provide comprehensive care as part of a team of health professionals. You'll also undertake extensive work placements in community pharmacies, hospitals and other environments.

Monash offers an integrated bachelor and master of pharmacy. It takes no longer to qualify than any other pharmacy course, but you graduate with a higher-level qualification.

4 Higher entry requirements apply for the Pharmacy (Honours) and Master of Pharmacy (Scholars Program); refer to page 59.

## Bachelor of APPLIED DATA SCIENCE

COURSE CODE: S2010

Clayton

3 years

February

We live in a time where information and knowledge have never been more abundant. The decisions that shape our future will rely on graduates who can extract meaning from large volumes of data and transmit it to community and industry leaders.

The Bachelor of Applied Data Science is a program of study that equips you with the skills necessary to provide solutions to a wide range of problems. You'll bring together key skills in information technology and mathematics, and apply these to real-life projects.

This unique blend of skills will empower you to apply data science to a wide range of industries, making you a highly desirable problem-solver.

You may be eligible to take advantage of our VTAC subject adjustment bonus, which could improve your ranking. For further information, email [sci-futurestudents@monash.edu](mailto:sci-futurestudents@monash.edu)

## Bachelor of APPLIED DATA SCIENCE ADVANCED (Honours)

COURSE CODE: S3003

Clayton

4 years

February

The advent of big data is creating the need for a unique set of skills. This advanced program is designed to equip you with the necessary skills to provide solutions to a wide range of problems.

This four-year specialist course will develop your technical know-how in approaching these challenges. A new and specially designed stream of units will harness core skills in data science and mathematics for a series of authentic, interdisciplinary problem-solving challenges. From the first year of the course, you'll also complete a series of studio-based units where you'll apply the knowledge you've developed to real-world projects. In the final year, you'll synthesise the knowledge acquired during the program in an individual research project.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS

VTAC SUBJECT ADJUSTMENT BONUS

You may be eligible to take advantage of our VTAC subject adjustment bonus, which could improve your ranking. For further information, email [sci-futurestudents@monash.edu](mailto:sci-futurestudents@monash.edu) or visit: [monash.edu/science/subject-adjustment](https://monash.edu/science/subject-adjustment)

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.  
2 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](https://monash.edu/study)  
3 Only available with select engineering specialisations.  
4 IB (SL or HL), at least ONE of: Biology, Chemistry, Environmental Systems and Societies (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interpretations (HL only), Physics or Psychology.

## Bachelor of SCIENCE ADVANCED – GLOBAL CHALLENGES (Honours)

COURSE CODE: S3001

📍 Clayton ⌚ 4 years<sup>1</sup> ➡ February

• SUPPLEMENTARY INFORMATION FORM REQUIRED • INTERVIEW REQUIRED

This course includes all the elements of a Bachelor of Science, and more. In addition to studying the scientific discipline of your choice – from the broad range available – you'll receive high-level training in leadership, persuasive communication, entrepreneurship, policy, ethics, and corporate social responsibility. The program includes an overseas industry placement.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS			
English	Maths	Sci/Other	ATAR <sup>2</sup>	IB <sup>2</sup>	MG	⌚

### ADDITIONAL SELECTION REQUIREMENTS

You'll also be required to submit a supplementary information form. You'll complete a written submission, and if shortlisted, attend an interview in person.

[vtac-supp.adm.monash.edu/SupplementaryVTAC](http://vtac-supp.adm.monash.edu/SupplementaryVTAC)

### CAREER OPTIONS

Business, consultancy, corporate social responsibility, entrepreneurship, government and non-government organisations, policymaking.

## Bachelor of SCIENCE ADVANCED – RESEARCH (Honours)

COURSE CODE: S3002

📍 Clayton ⌚ 4 years ➡ February and July

Make a difference in the world through the advancement of scientific research. This four-year science degree is suitable for high-achieving students who intend to pursue careers in research, industry and academia. With access to exclusive enrichment programs and research mentoring from leading scientists, your career as a scientist could take off.

SUBJECT PREREQUISITES			ENTRY REQUIREMENTS			
English	Maths	Sci/Other	ATAR <sup>2</sup>	IB <sup>2</sup>	MG	⌚
✓	✓	✓	<b>93.05</b>	<b>36</b>	<b>83</b>	<b>4</b>

### CAREER OPTIONS

Banking, biochemistry, biomedical science, cryptology, environmental geoscience, genetics, finance, food chemistry, forensic science, industrial physics, mathematical modelling, weather and climate science.

<sup>1</sup> This course can be taken part-time; however, this course is intended to be taken on a full-time basis and, as such, a full-time study load will ensure you have a better cohort experience.

<sup>2</sup> The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.

<sup>3</sup> IB (SL or HL): Biology, Chemistry, Environmental Systems and Societies (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interpretations (HL only), Physics or Psychology.

# ADMISSIONS AND APPLICATIONS

## HOW TO APPLY

### Semester 1 entry – apply through VTAC

If you're aiming for semester 1 entry into undergraduate courses at Monash, you must apply via the Victorian Tertiary Admissions Centre (VTAC) at [www.vtac.edu.au](http://www.vtac.edu.au), unless specified in this course guide. VTAC applications open in August each year.

### Semester 2 entry

If you're applying for mid-year entry, please visit our website for more information.

[monash.edu/admissions/apply/domestic-ug](http://monash.edu/admissions/apply/domestic-ug)

### Requirements

To be considered for an undergraduate course, you need to meet Monash's entry and course-specific requirements, as well as the English language minimum prerequisites. Some parts of these, such as VCE study scores and extra requirements, are subject to change, so check the Monash website for the most up-to-date information on the course for which you're applying. Meeting the minimum requirements doesn't guarantee entry to a course, as there may be more applicants than places available.

[monash.edu/study](http://monash.edu/study)

### Deferment

At Monash, you're allowed to defer your course for up to 12 months. Deferment for longer than a year may be considered in exceptional circumstances – for example, financial difficulties or compulsory military service.

Some courses don't allow you to defer your studies – please contact the faculty of your chosen course for advice if needed. Scholarship holders should also check the conditions before applying, as not all scholarships can be deferred.

To apply you'll need to submit an enquiry form via our website and let us know that you want to defer (by the enrolment deadline in your offer letter). You can read more about deferring and what happens after you apply on our website.

[monash.edu/admissions/study-options/defer](http://monash.edu/admissions/study-options/defer)

For enquiries about deferring: [monash.edu/students/support/connect/contact-us](http://monash.edu/students/support/connect/contact-us)

# FEES

We're committed to providing you with an ever-evolving, modern student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We're investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those that aren't yet created.

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirror the true cost of delivering a premium educational experience where you'll learn from some of the finest minds in the world.

## Commonwealth Supported Places

In the Australian higher education system, Australian citizens, New Zealand citizens and Australian permanent visa holders who'll undertake a course of study in Australia are considered domestic students and are eligible for a Commonwealth Supported Place (CSP).

A CSP is a subsidised enrolment where the government pays for part of your course and you only have to pay the Student Contribution Amount (SCA).

Each unit of study is classified into a student contribution band, depending on the study area of the unit (this may be different from the study area of your course). The amount you pay for your unit of study is usually the maximum allowed by the government for that band.

Eligible CSP students may use a HECS-HELP loan to pay for all or part of the SCA.

[monash.edu/study/csp](https://monash.edu/study/csp)

[monash.edu/fees](https://monash.edu/fees)

## Student Services and Amenities Fee (SSAF)

Students enrolled at Monash University in a (CSP) are also charged a Student Services and Amenities Fee (SSAF).

In 2023, the maximum SSAF was \$326; this fee may differ in 2024.

Eligible students may use a SA-HELP loan to pay for all or part of the SSAF.

[monash.edu/fees/fee-types/amenities](https://monash.edu/fees/fee-types/amenities)

# ACADEMIC PREREQUISITE LEVELS

All Monash undergraduate courses require you to have previously studied and achieved required standards in certain specified subjects.

The table below outlines the prerequisite levels and subjects.

	English		Mathematics			Science
	■ Level 1	■ Level 2	■ Level 1	■ Level 2	■ Level 3	■ Science approved list?
VCE	Units 3 and 4: a study score of at least 25 in English other than EAL, or 30 in English (EAL).	Units 3 and 4: a study score of at least 30 in English other than EAL, or 35 in English (EAL).	Units 1 and 2: satisfactory completion in two units (any combination) of General Mathematics or Mathematical Methods or Specialist Mathematics.	Units 3 and 4: a study score of at least 22 in Mathematical Methods or Specialist Mathematics, or a score of at least 25 in Further Mathematics.	Units 3 and 4: a study score of at least 25 in one of Mathematical Methods or Specialist Mathematics.	Units 3 and 4: a study score of at least 25 in one of Science approved list, unless otherwise stated.
IB	At least 4 in one of the following SL subjects: <ul style="list-style-type: none"><li>English A: Literature, or</li><li>English A: Language and Literature, or</li><li>Literature and Performance, OR</li></ul> At least 3 in one of the following HL subjects: <ul style="list-style-type: none"><li>English A: Literature, or</li><li>English A: Language and Literature, OR</li></ul> At least 5 in one of the following SL subjects: <ul style="list-style-type: none"><li>English AB, or</li><li>English B, OR</li></ul> At least 4 in the following HL subject: <ul style="list-style-type: none"><li>English B.</li></ul>	At least 5 in one of the following SL subjects: <ul style="list-style-type: none"><li>English A: Literature, or</li><li>English A: Language and Literature, or</li><li>Literature and Performance, OR</li></ul> At least 4 in one of the following HL subjects: <ul style="list-style-type: none"><li>English A: Literature, or</li><li>English A: Language and Literature, OR</li></ul> At least 6 in one of the following SL subjects: <ul style="list-style-type: none"><li>English AB, or</li><li>English B, OR</li></ul> At least 5 in the following HL subject: <ul style="list-style-type: none"><li>English B.</li></ul>	At least 3 in any mathematics subject at SL or HL level. Bachelor of <b>Science Advanced – Research (Honours)</b>	4		■			30+ in Maths Methods		93.05	36	83

<sup>5</sup> When taken as part of a double degree, the location will be at Clayton.

<sup>6</sup> The Bachelor of Education (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.

<sup>7</sup> The accelerated master's pathway is not available with all specialisations. Please see [monash.edu/study](https://monash.edu/study) for more information.

<sup>8</sup> The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.

<sup>9</sup> The first part of study commences in Caulfield, and then moves to Clayton.

# DOUBLE DEGREE COURSES AT A GLANCE

Monash University has the largest offering of double degrees in Australia.

For admission into a double degree, generally the higher entry requirements apply of the two single degrees. The range of criteria that applies to each single degree also applies to the double degree. For example, if you're applying for the Bachelor of Arts and Bachelor of Music, you'll need to meet the subject prerequisites for both courses and satisfy an audition. Refer to each single degree course page at the beginning of the guide to locate the range of criteria that applies to each course. Some double degree courses may require you to study across two campuses in order to complete your course.

								Bachelor of Mechanical Engineering (Honours) and Bachelor of Arts				
								Bachelor of Robotics and Mechatronics Engineering (Honours)				
								Bachelor of Software Engineering (Honours) and Bachelor of Arts				

1 Duration is based on a standard full-time load of 48 credit points per annum.

2 You'll need to have at least ONE subject from the Science approved list: **VCE:** Biology, Chemistry, Environmental Science, Geography, Mathematical Methods (any), Specialist Mathematics, Physics or Psychology.

**IB (SL or HL):** Biology, Chemistry, Environmental Systems and Societies (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interpretations (HL only), Physics or Psychology.

3 Indicative – The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).

4 Depending on your Arts major, you may take the Arts component at Clayton or Caulfield.

5 This course has additional selection requirements; see [monash.edu/study](https://monash.edu/study)

6 The Bachelor of Education (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.

<sup>5</sup> This course has additional selection requirements; see [monash.edu/study](https://monash.edu/study)

<sup>6</sup> The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete this double degree course in five calendar years.

<sup>7</sup> The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete this double degree course in six calendar years.

# GLOSSARY

Universities use some words you might not be familiar with. So to make sure nothing is lost in translation, we've put together a list of explanations.

## Prerequisites

Previous study or other criteria required to gain admission into a particular course or unit.

## Undergraduate course

The first level of tertiary studies at university, including diploma or bachelor degree courses.

## Units

Subjects that make up your course are known as units.

## Elective

A unit where you choose what unit to study. The choice may be from a specified list of units, or it may be a free elective where you can choose any unit within Monash providing you have the necessary entry requirements and there are no restrictions on enrolment in the unit.

## Degree

The academic title you get when you complete a course of study. For example: Bachelor of Arts, Master of Business.

## Double degree courses

Two courses studied concurrently with required units in one course being counted as elective units in the other. A double degree takes fewer years to complete than if you studied one after the other.

## Comprehensive course

These courses allow you to select from a wide range of subjects within a broad field of study. You have the option to choose your major immediately or later, and you'll try a range of subjects in your first year before narrowing your focus in year two – while still having the opportunity to try new things – before finally committing to your major area of study.

## Major

The main area(s) of study chosen in a comprehensive course, study in a single discipline, totalling 48 credit points (eight units) taken sequentially over three years. You don't need to declare your major when you enrol.

## Extended major

An extended version of your major requiring you to study 72 credit points (12 units) over three years.

## Minor

Study in a single discipline, totalling 24 points (four units).

## Specialist course

A structured course usually focused on developing the knowledge and skills needed for professional practice in a specific field or profession.

## Specialisation

Taken in specialist courses, a specialisation is a minimum of 12 units in a particular discipline, and provides an in-depth education in your chosen field. You must choose your specialisation when you enrol.

## Honours

Honours may be an extra year of study at the end of your undergraduate degree. All of our four-year undergraduate courses include honours in their structure.

## Graduate courses

Further study completed after you graduate with a bachelor's degree.

## DISCOVER MONASH IN 2023

Do you want to learn more about Monash, get a feel for which course is right for you, or perhaps experience what life and study would be like on one of our four campuses? We've got an event to suit you.

### About Monash events

Learn more about what your study options are, pathway opportunities, scholarships, SEAS, fees, accommodation and everything else there is to know about studying at Monash.

### Discipline and Course events

Hear from current and past students as well as academics across our ten faculties. You'll find out more about our courses, internships, career outcomes and so much more!

### Campus experience events

Join us at Open Day to see and experience student life at Monash. You can also tour one of our four Victorian campuses throughout the year. Can't make it to a tour? That's ok, we have a virtual option for you.
