For 60 years, we’ve been working to change the world, and we’re not about to stop. At Monash, we see challenges as opportunities to make things better.

It’s hard to imagine a time when the need to make positive change has been greater than now. Through understanding and solving complex challenges, we can create a world where future generations can thrive.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world.

That’s why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

Ready to make a change?

ACKNOWLEDGEMENT OF COUNTRY
Monash University recognises that its Australian campuses are located on the unceded lands of the people of the Kulin Nations, and pays its respects to their Elders, past and present.
Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in China, Malaysia, Indonesia, Italy and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever.

Each Monash campus has its own personality, and all are friendly, welcoming communities where you’ll feel at home.

ITALY
Prato
In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.
Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.

**MELBOURNE AUSTRALIA**

**Clayton**
Our biggest campus, home to 38,000 students and nine of our 10 faculties. Everything you need is on campus — food outlets, sporting facilities, health services and more.

**Caulfield**
Our Caulfield campus hosts 19,000 students and is our base for Art, Design and Architecture, and Monash Business School, as well as some Arts and IT courses.

**Parkville**
Our dedicated Pharmacy and Pharmaceutical Sciences campus hosts 2000 students and is part of Australia’s leading health and biomedical precinct.

**Peninsula**
A coastal home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education and select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

**INDONESIA**

**Jakarta**
Research-intensive and industry-engaged, Monash Indonesia is a postgraduate campus for future leaders — those seeking master’s and PhD degrees, as well as executive programs and micro-credentials.

**CHINA**

**Suzhou**
The Southeast University-Monash University Joint Graduate School offers master’s and PhD study options in areas ranging from industrial design and IT to business.

**MALAYSIA**

**Kuala Lumpur**
Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.
THE MONASH EXPERIENCE

Be ready to make the change you want.

At Monash, we offer our students the opportunity to curate a transformative personal program of immersive global, entrepreneurial, technological and industry experiences.

Through the Monash Experience, you’ll challenge your mindset, pursue your passions and build distinctive capabilities so you can play your part in creating a better and more sustainable future for all. You’ll build an enviable CV with a qualification from a top-100 university, enhanced with a mix of global, technological, innovation and entrepreneurial skills acquired from your experiences beyond the classroom.

GLOBAL IMMERSION
You can immerse yourself in other cultures and communities through a life-changing global study experience.

INDUSTRY IMMERSION
Gain hands-on experience partnering with a start-up, a commercial or social enterprise, a government or UN agency. Develop an entrepreneurial mindset and bring your ideas to life, or participate in a focused industry-based program.

RESEARCH AND DISCOVERY
Explore cutting-edge research and investigate how to bridge the gap between research and practice. Collaborate with world-leading researchers focussed on responding to the challenges of our time, and build your capacity to lead global, generational change.

EMPLOYMENT
From the moment you join Monash, we offer an end-to-end experience that builds your capability and develops your employability. Our Monash Talent program can help you secure the job you want, and your studies and experiences will have helped you develop the vital transferable skills essential for the modern marketplace. We want you to be prepared not just for your first job, but for a lifetime of career advancement.

PROFESSIONAL NETWORKS
And our support won’t end when you graduate. You’ll always be connected with and supported by us, through our active alumni network and continued professional education.

Whatever your degree, we’ll ensure you’re ready to create your future today.

monash.edu/flagship-rich-experiences

Click here for more information.
GLOBAL IMMERSION

Are you ready to expand your perspective and think globally?

As one of Australia’s most international universities, you’ll have the opportunity to undertake different programs around the world throughout your studies. You’ll experience new cultures, enhance your global perspective, and be ready to live and work in a global community.

GLOBAL IMMERSION GUARANTEE
You can take your education global and study at one of our international campuses. And through our Global Immersion Guarantee, you’ll work with local leaders to understand and develop innovative and sustainable solutions to real-world problems.

MONASH GLOBAL CAMPUS INTENSIVES
From our study centre in Italy, to our campus in Malaysia, or with our strategic partner universities – University of Warwick in the UK and Pennsylvania State University in the US – you can take intensive units focused on the world’s most pressing challenges.

EXCHANGE
Choose from more than 100 partner institutions in Asia, Africa, Europe and the Americas, gaining credit towards your degree while seeing the world.

GLOBAL WORK-INTEGRATED LEARNING
Rub shoulders with US Congress, or intern with Oxfam in South Africa. There’s a wide range of global professional practice programs from many different courses available to students. Placements and industry projects are offered for credit as part of most courses.

INDUSTRY IMMERSION

No matter your career path, you’ll need to be innovative, collaborative and entrepreneurial to drive positive change in the world.

The Industry Immersion program will transform your capacity to drive change — both now, and in your future career. Graduate as part of a generation of innovators and changemakers that have the right experience to lead commercial or social enterprises.

MONASH INNOVATION GUARANTEE
An innovation experience that will transform your capacity to drive change and lead the development of solutions to the big issues facing industry and society. You’ll work alongside our network of industry partners tackling global challenges such as climate change, inequality and digital disruption.

By harnessing the creativity and agility of social and commercial enterprises, you’ll get hands-on experience working in multidisciplinary teams and develop critical employability skills in ideation and validation, design thinking, communication, problem solving, and stakeholder engagement that will help you make change that matters.

INDUSTRY PLACEMENTS
Undertake a focused industry placement to advance your technical understanding and industry knowledge in your chosen field.

ENTREPRENEURSHIP, INTERNSHIPS AND LEADERSHIP
A huge range of opportunities is available to broaden your skill set and prepare you for your future career. From leadership programs, to participating in a start-up incubator or joining a multidisciplinary project such as the Green Steps program, you can choose a program that will provide you with the experience needed to excel in your chosen field.

RESEARCH AND DISCOVERY

Through research and education, Monash University actively contributes to meeting the challenges of the age for a better future.

As a Monash student, you’ll be part of an active, world-leading research community. There are a number of opportunities to become involved in research… you don’t have to wait until you graduate.

The solutions to the biggest problems of our time won’t come from just one subject or discipline. You can learn how to collaborate to build your capacity to lead and activate change.

RESEARCH, EXPERIMENTATION AND DISCOVERY
The Monash Research experience will challenge you to explore how we might translate research into practice. In interdisciplinary student teams, you’ll be invited to connect with Monash researchers and partners on projects that range from responding to the impacts of a changing climate, preserving geopolitical security and fostering thriving communities.

By uniting creative approaches with evidence and rigour, you’ll be asked to develop strategies that bridge the gap between research and practice, and in doing so build your capacity to change the world.

RESEARCH UNITS
Many courses offer research units that can be taken as part of your courses. No matter your career aspirations, research skills are integral to meeting the challenges of our time. Across academia, industry, not-for-profit and the public service: research and researchers are shaping the world of today and tomorrow.

By choosing these units you’ll develop skills and experience that prepare you for continuing your education with a research-based degree, or set you up to make an impact across many sectors where you’ll have the ability to undertake independent investigation and propose new solutions.
We know life can be a bumpy road, and your ATAR might not accurately reflect your abilities.

No matter the circumstances, we recognise and support talent. That’s why we offer schemes to help you enter your preferred course by considering your life circumstances.

The Monash Guarantee
Most Monash undergraduate courses have a Monash Guarantee ATAR lower than the expected selection rank. You could be eligible for entry through the Monash Guarantee if you:
- have experienced financial disadvantage
- live in a low socioeconomic area
- are an Indigenous Australian
- attend a Monash-listed under-represented school.

[monash.edu/guaranteedentry](monash.edu/guaranteedentry)

Monash Indigenous Entry Scheme
Through VTAC, this scheme provides an entry point for Aboriginal and Torres Strait Islander applicants into a range of undergraduate courses with an achieved ATAR of 50+ (higher for some courses). There are no extra requirements of time added to your course when you start a course via this entry scheme.

[monash.edu/study/indigenous-entry](monash.edu/study/indigenous-entry)

Special Entry Access Scheme (SEAS)
SEAS adjusts your ATAR in recognition of any circumstances that may have affected your education, giving you a better chance to get into the course you want. If you’re eligible for SEAS, the adjustments are made to your combined study score and your selection rank estimate is recalculated.

Check out our SEAS calculator for an estimate of your SEAS-adjusted ATAR at [monash.edu/seas](monash.edu/seas)

---

I’ve experienced financial disadvantage

I go to a Monash-listed under-represented school

I live in a low socioeconomic area

I’m an Indigenous Australian

You’ll be eligible for

THE MONASH GUARANTEE

MONASH INDIGENOUS ENTRY SCHEME

SPECIAL ENTRY ACCESS SCHEME

I have a disability or medical condition

I’m from a non-English-speaking background

I go to school in a regional or remote area

I’ve experienced difficult personal circumstances

I am a recent refugee or seeking asylum in Australia

I’ll be 21 or older on 1 January 2024

[8 2024 UNDERGRADUATE COURSE GUIDE](8 2024 UNDERGRADUATE COURSE GUIDE)
There are many other pathways into Monash University if you haven’t quite met the entry requirements. Whether you’re transferring from another university, or want to complete one of our diplomas, if there’s a pathway, we’ll help you get there.

**MONASH COLLEGE**
Monash College offers accredited diploma programs that lead to the faculties of Art, Design and Architecture, Arts, Business, Engineering, and Science at Monash University.

**DIPLOMA PATHWAYS**
One of our diplomas might suit you if you completed Year 12 but didn’t quite meet the entry requirements for your preferred course, if you’re returning to study, or would benefit from additional learning support (see page 22 for more information).

**INTERNAL TRANSFER**
Monash University student. Same course/different campus OR Different course, same campus.

**TAFE/VET**
If you’ve successfully completed a certificate IV, diploma, or the first year of an advanced diploma, you could qualify for a place at Monash University and may be eligible for some credit towards your course for any graded TAFE/VET studies you’ve completed.

**INDIGENOUS PATHWAYS**
- Year 11/12
- Non-Year 12 study
- Mature-aged student

**UNIVERSITY TRANSFER**
University student at another University.

**MONASH UNIVERSITY**

**MONASH UNIVERSITY CAREER**

**MONASH COLLEGE**
Monash College offers accredited diploma programs that lead to the faculties of Art, Design and Architecture, Arts, Business, Engineering, and Science at Monash University.

**DIPLOMA PATHWAYS**
One of our diplomas might suit you if you completed Year 12 but didn’t quite meet the entry requirements for your preferred course, if you’re returning to study, or would benefit from additional learning support (see page 22 for more information).

**INTERNAL TRANSFER**
Monash University student. Same course/different campus OR Different course, same campus.

**TAFE/VET**
If you’ve successfully completed a certificate IV, diploma, or the first year of an advanced diploma, you could qualify for a place at Monash University and may be eligible for some credit towards your course for any graded TAFE/VET studies you’ve completed.

**INDIGENOUS PATHWAYS**
- Year 11/12
- Non-Year 12 study
- Mature-aged student

**UNIVERSITY TRANSFER**
University student at another University.

1 Students must meet all eligibility requirements to be granted a full-year of credit and enter the second year of their chosen degree.
2 Transfers are limited and not guaranteed. Please note that for admissions purposes, you must have received a graded result. We do not accept satisfactory/non-satisfactory or competent/not competent.

Click here for more information.
SCHOLARSHIPS TO UNLOCK YOUR TALENT

Our doors are open to the curious, the optimistic and the change-makers.

A scholarship will help you make the most of your time at university. And that’s why we have more than 300 types of scholarships. Here’s just some of the types of scholarships we offer:

**Academic scholarships**
We want as many bright minds as possible to benefit from a Monash education. Our Sir John Monash scholarships aim to attract academically gifted students. And our faculties also offer scholarships for academically gifted students. But we also want to recognise those students who want to make a difference in the lives of other students by becoming mentors.

**Equity scholarships**
We recognise that sometimes your ATAR doesn’t reflect your potential. If you’re from a low-income background, have a disability or medical condition, live in a regional or remote area, are from an asylum-seeking background, or have experienced difficult circumstances, we offer scholarships to ensure that none of these factors prevent you from pursuing your dreams.
Indigenous students
The Achieving Potential Indigenous Support Scholarship is guaranteed to all Indigenous students ($5000 per annum).

Accommodation scholarships
We offer scholarships to help cover the costs of your accommodation, and there are even scholarships to support any relocation costs if you’re from a rural area.

At Monash, we believe in giving our students the best chance to achieve their potential.

The number of scholarships and grants offered each year varies. So find the right scholarship for you at monash.edu/scholarships
THE CHOICE
IS YOURS

Image: View of sound shell exiting the library at our Caulfield campus.
So, you know exactly what studies you’re keen to pursue? Or maybe you want to explore your options? Either way, you can create the course that best suits you.

At Monash, we offer courses where you can specialise from the very start of your studies – perfect if you have something specific in mind. But if you’re not quite so sure, we’ll help you figure it all out.

**COMPREHENSIVE, SPECIALIST OR DOUBLE DEGREE?**

You’ll enrol in either a comprehensive, specialist or double degree course. We offer five comprehensive degrees in: Arts, Business, Commerce, IT and Science. They offer many possibilities, especially when you combine them with one of our double degree options.

A specialist course is exactly what it sounds like. This course type is quite focused in its subject matter. You’ll still have options to broaden your studies, but you’ll specialise in a particular subject area. Some examples include criminology, computer science, law, engineering, pharmacy, and nursing.

A double degree course allows you to study towards two degrees at the same time. This means you can keep your options open, develop expertise in different but complementary areas, or simply pursue two areas of interest in greater depth. Refer to page 14 for more information on double degrees.

**HOW DO YOU CREATE YOUR COURSE?**

Your course is made up of units, and depending on what you’ve enrolled in, you’ll be able to select units from both within or outside of your discipline area. Let’s break this down.

**DISCIPLINE-SPECIFIC UNITS**

These are units that must be completed as part of your course. They usually provide a basic or broad understanding of a particular subject matter, and completing these allows you to pick subsequent units that branch off into more specialist fields/areas that particularly appeal to you.

**DISCIPLINE ELECTIVE UNITS**

This is a unit of study where you choose what unit to study. The choice could be from a specified list of units from within your study area, or it may be a free elective.

**FREE ELECTIVES**

A free elective is a unit offered by Monash from any study/interest area. For example, you could be enrolled in a Bachelor of Business, but with a free elective you could study a unit in law, communication and media studies, biology or computer science.

It’s through your electives that you’ll either focus or broaden your studies. And along the way, you can always revise what units you study.

No matter what your study or career goals, we’ll help you get there.

---

This course progression map shows you how you can build a comprehensive course through your unit choices.

DOUBLE YOUR OPTIONS
WITH A DOUBLE DEGREE

Monash offers two types of double degrees: a double undergraduate degree, and an undergraduate/graduate double degree. You’ll be awarded with two testamurs, one for each course completed. More than 140 double degree combinations are available.

Double undergraduate degree
How long does it take?
A double undergraduate degree course takes two years less to complete than studying the two degrees separately. This is because the required units in one course count as electives in the other. For example, if you decide to take a Bachelor of Business and a Bachelor of Arts, it will take you four years instead of six. Therefore, you would take all the common core units for Business as well as your units for your major. You’ll also take all the prescribed core units in Arts as well as the units that make up your Arts major. So not only will you save two years of time, you’ll also save two years of course fees.

Bachelor’s/master’s double degree courses
Some double degree courses incorporate both an undergraduate and graduate element. After five years you’ll graduate with both a bachelor’s and a graduate master’s degree. These courses are:

- Bachelor of Medical Science and Doctor of Medicine
- Bachelor of Pharmacy (Honours) and Master of Pharmacy.

In addition, the Bachelor of Arts (page 26) and the Bachelor of Engineering (Honours) (page 38) offer accelerated master’s pathways that enable you to complete an expert master’s course with only one further year of study.

## Entry requirements

Some double degree courses may require you to study across two campuses in order to complete your course. To be eligible for admission to a double degree course, you'll need to meet the academic entry requirements for both single degree courses. For example, if you're applying for the Bachelor of Laws and Bachelor of Music double degree, you'll need to satisfy the subject prerequisites for both courses as well as any range of criteria requirements that apply for either of the courses. The back tables in this brochure provide a guide to the overall score, or an estimate, required for admission in 2023. All scores are to be used as a guide only.

1. Available only with the industrial design specialisation.
2. Available only with the fine art specialisation.
3. Available only with the formulation science specialisation.
LIVING ON CAMPUS

Start with a short stroll to class before lunch. Study on the lawns in the afternoon. Gyms, sports fields and even restaurants – they’re all on your doorstep if you live on campus.
Before you begin your studies at Monash, it’s a good idea to plan and prepare a budget.

Here are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things such as medication and other personal items, such as clothes. Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies. All costs are subject to inflation.

ACCOMMODATION

On-campus accommodation
On-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There’s also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Prices for on-campus accommodation range from approximately $250 to $320 per week. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

Applications are free and open in September.

With students from more than 70 countries and a wide range of facilities on your doorstep, discover why on-campus accommodation is much more than just your room.

monash.edu/accommodation

Off-campus accommodation
The below lists some options for off-campus accommodation and estimated prices. Prices will most likely vary depending on where you choose to live.

<table>
<thead>
<tr>

<td>$160 to $300 per week</td>
</tr>
<tr>
<td>Rental(^3)</td>
<td>$250 to $500 per week</td>
</tr>
</tbody>
</table>

OTHER LIVING EXPENSES

There are additional living expenses beyond accommodation costs. You’ll also need to budget for groceries, utilities, public transport or a car, and there’s also entertainment to consider as well.

The website below provides a calculator where you can calculate your estimated costs to give you a sense of what your expenses may be.

---

1 The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation cost includes gas, water, electricity, internet, residential parking permit and laundry. The rates above are for 2023. Rates for 2024 may be different; the contract period for 2024 will be available from late October 2023. Details: monash.edu/accommodation/pricing

2 Shared accommodation varies on a weekly basis depending on the accommodation location and the number of occupants. Off-campus shared rental accommodation prices do not include utilities. Prices listed here are rates for 2023; prices may vary in 2024.

3 Rental costs listed here are based on costs for two-bedroom apartments. Prices vary depending on suburbs.
Choose from a vast range of clubs, make friends and share unforgettable experiences.

We offer a range of student support services to make sure you get the most out of university life, including study skills, mentoring support, health and wellbeing services, financial aid, technology assistance, education and professional goals, and more.

We can also put you in touch with like-minded people to share information, build networks and get the support you need throughout your Monash studies. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

Visit monash.edu/students/support to learn more about:
- Monash Connect (support with enrolment, fees, accommodation and more)
- Career Connect (career, leadership and volunteer opportunities)
- cultural inclusion
- clubs and associations
- safety and security
- student news
- The William Cooper Institute – a hub for Aboriginal and Torres Strait Islander study, learning and engagement
- events and activities

DIPLOMAS AT MONASH

If you’ve just missed out on meeting the entry requirements to your chosen course, Monash offers two diplomas as pathways into specific bachelor’s degree courses. These are the Diploma of Higher Education (DoHE) and the Diploma of Tertiary Studies (DoTS).

Diploma of TERTIARY STUDIES

COURSE CODE: D0502

When you apply for the diploma, you’ll select a course stream (Business, Education or Nursing) that will be your area of specialisation leading to your chosen degree. On successful completion, you’ll gain up to one year of credit towards a range of degrees in business, business administration, education or nursing and, provided you’ve met all the requirements, have a pathway into the second year of select courses.

SUBJECT PREREQUISITES

English  Maths  Sci/Other

ATAR1  ☑️

N/A  N/A  See below 1

ENTRY REQUIREMENTS

Business  53.90 RC  1

Education  53.25 RC  1

Nursing  52.70 RC  1

Pathways into second year of1

Business  Bachelor of Business, Bachelor of Business Administration

Education  Bachelor of Education (Honours) specialisations in: Early childhood and primary education, Primary education, Primary and secondary health and physical education, Secondary health and physical education.

Nursing  Bachelor of Nursing

STREAMS

• Business – you’ll be introduced to a range of business disciplines and the impact they have on multi-discipline decision-making in organisations, spanning the business, professional and public policy communities.

• Education – you’ll be introduced to studies about learning and educational inquiry, and build a foundation for the skills and knowledge required to practise as a teacher/educator in a range of educational settings.

• Nursing – you’ll be introduced to nursing and healthcare as a profession. You’ll study foundational knowledge in human bioscience, nursing and midwifery, health assessment and professional practice.

PREREQUISITE STUDIES

VCE

ENGLISH

UNITS 3 AND 4  BUSINESS/NURSING:

EDUCATION:  LEVEL 1  For prerequisite subject requirements, please refer to page 56.

25 in English (A) or 25 in English (EAL).

ADDITIONAL SELECTION REQUIREMENTS

You’ll also need to complete a VTAC Personal Statement outlining why you’re applying for the Diploma of Tertiary Studies (in a particular stream, e.g. Business, Education or Nursing), and provide evidence to demonstrate your motivation to study, and any relevant work experience and/or community involvement.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).

2 Provided you’ve met the entry requirements for your destination course.

Diploma of HIGHER EDUCATION

COURSE CODE: D0501

The DoHE lets you begin studying towards your Monash degree from day one. Equivalent to the first year of university undergraduate study, it provides a pathway to selected undergraduate courses, along with the support you’ll need to ensure you achieve your academic goals. When you apply for DoHE, you’ll select either the Education or the Science stream. These streams provide a direct pathway into specified Monash courses.

SUBJECT PREREQUISITES

English  Maths  Sci/Other

ATAR1  ☑️

N/A  N/A  See below 1

ENTRY REQUIREMENTS

Education  61 RC  1

Science  60.45 RC  1

Pathways into second year of2

Education  Bachelor of Education (Honours) in Primary and Secondary Education

Bachelor of Education (Honours) in Primary and Secondary Inclusive and Special Education

Double degrees:

Bachelor of Education (Honours) and Bachelor of Arts

Bachelor of Education (Honours) and Bachelor of Business

Bachelor of Education (Honours) and Bachelor of Science

Science  Bachelor of Science

Double degree: Bachelor of Education (Honours) and Bachelor of Science

STREAMS

• Education – you’ll build a foundation in the professional skills and knowledge required to practise as a teacher/educator in a range of educational and school settings.

• Science – you’ll be introduced to a broad range of science fields where you’ll complete a sequence of study in two of the following areas: biological sciences; chemistry; computational science; earth, atmosphere and environment; physics. This allows you to gain a foundation in key scientific principles while you determine your future major area of study.

You’ll also need to complete a VTAC Personal Statement outlining why you’re applying for the Diploma of Higher Education (in a particular stream, e.g. Education or Science), and provide evidence to demonstrate your motivation to study, and any relevant work experience and/or community involvement.
UNDERGRADUATE CERTIFICATES AT MONASH

The undergraduate certificate is another pathway into Monash University. We offer three undergraduate certificates, listed below.

Undergraduate Certificate of
AGED CARE HEALTH ESSENTIALS
COURSE CODE: MO502

Online 1 year February

This undergraduate certificate seeks to develop basic knowledge and skills for those interested in roles in aged care, or have a role as a carer of an older person at home. This course will increase your knowledge and understanding of the health and care of older people, and will be attractive to those who work or live with older people requiring care or who are considering working or completing further studies in the aged care sector.

You’ll learn about the latest understanding of nutrition for older people, wound prevention and care, patient safety, mental health and neurocognitive disorders. The course has been developed by experienced health professionals, educators and researchers.

Undergraduate Certificate of
HEALTH CARE ESSENTIALS
COURSE CODE: MO503

Online 1 year February

This undergraduate certificate seeks to develop basic knowledge and skills for those interested in roles in the disability or respite sectors or have a role as a carer in any setting. This course will increase your knowledge and understanding of patient care, and will be attractive to those who work or live with people requiring care or who are considering working or completing further studies in the health sector.

Designed by experienced health professionals, educators and researchers, you’ll develop your basic knowledge and skills that will help qualify you for work in these fields. You’ll learn about the latest understandings of patient care basics and patient safety, and you’ll be able to choose from four electives: wound prevention and care, nutrition, rural health and mental health. Upon successful completion of this course, you’ll gain credit toward the Bachelor of Health Sciences, should you wish to pursue further studies.

Undergraduate Certificate of
MENTAL HEALTH
COURSE CODE: MO501

Online 6 months February

This undergraduate certificate course seeks to develop basic knowledge and skills for those with an interest in mental health care. The certificate consists of four online units of study undertaken part-time over one year giving you the flexibility to study in your own time. The units have been developed by some of Australia’s most experienced mental health professionals, educators and researchers so you’ll be equipped with the latest thinking on the recognition and basic assessment of common mental disorders such as depression, anxiety and contemporary models of mental health care and management.

The course will be attractive to those who work with people living with mental illness or who are considering working or completing further studies in the mental health sector. Successful completion of the Undergraduate Certificate can be used as a pathway option for entry to the Bachelor of Health Sciences at Monash University.

DID YOU KNOW?

Commonwealth supported places (CSP) are available for eligible students for these three courses, so that there are no fees payable for students who complete the course in 2024.

1 This course is only available part-time.
2 This course is available in both full-time and part-time mode. If you choose to take the course part-time, the duration will be one year.
Bachelor of
ARCHITECTURAL DESIGN

COURSE CODE: F2001

In this course, you’ll combine creative vision and technical expertise to imagine the built environments of the future.

You’ll study with award-winning architects and industry professionals, use outstanding workshop facilities, and learn how to think beyond the building to create solutions that transform the way we live, and improve our quality of life.

This studio-based course builds your skills and capabilities to provide the perfect pathway into our professionally-accredited Master of Architecture, and an excellent foundation to become an architect.

Double degree² with
Engineering (Civil engineering) 85.40 31.25 75 5

PROFESSIONAL RECOGNITION

The Monash Master of Architecture is recognised by a range of international accreditation systems, so you can work across the world with your qualification.

CAREER OPTIONS

Architectural writer and commentator, community development officer, historic building conservationist, interior design consultant, property developer, sustainable design consultant, theatre and set designer, urban design and planning consultant, urban informatics designer.

GUARANTEED ENTRY FOR MONASH STUDENTS INTO MASTER OF ARCHITECTURE

Monash students who have successfully completed our Bachelor of Architectural Design are guaranteed entry into our two-year Master of Architecture, which is the required pathway to become a registered architect.

 decks

1. The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
2. For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study.
3. Only available with the Industrial design specialisation.

Bachelor of
DESIGN

COURSE CODE: F2010

Learn how to think like a designer to solve complex problems with curiosity, agility, experimentation and creativity.

In our highly flexible Bachelor of Design you’ll explore design in the first semester of your first year, then choose your specialisation (Communication, Industrial or Spatial design) in your second semester. Or you can explore your interests and undertake a mix of studios in Collaborative design.

SPECIALISATIONS

• Communication design
• Industrial design
• Spatial design
• Collaborative design.

PROFESSIONAL RECOGNITION

All our design degrees are recognised by the Design Institute of Australia (DIA).

CAREER OPTIONS

Communication design: communication designer, advertising art director, branding expert, digital animator, experience designer, graphic designer, information designer, interaction designer, mobile app developer, motion graphics designer, product packaging designer, web/UX designer.

Industrial design: industrial designer, digital product designer, experience designer, product and packaging designer, design consultant, furniture designer, lighting designer, public transport designer, automotive designer, service designer.

Spatial design: interior designer, experience designer, museum and exhibition designer, stage/set production designer, visual merchandiser.

Collaborative design: service designer, design strategist, interdisciplinary designer, social innovator, design entrepreneur, design researcher – as well as many careers that haven’t yet been imagined.
Bachelor of
FINE ART

COURSE CODE: F2003

Caulfield    3 years    → February

Our fine art degrees are unique, multidisciplinary, studio-based courses that provide you with options to explore the world of contemporary fine art. Using state-of-the-art facilities, you can focus your studies through a hands-on practice-based approach or develop your knowledge as a specialist in art history and curating. We’ll foster your education and knowledge, and introduce you to key figures in the local and international art worlds to help you grow as a contemporary artist or creative practitioner.

ADDITIONAL SELECTION REQUIREMENTS

Fine art specialisation

For single and double degrees, you’ll need to complete an online application form that includes:
- a digital portfolio of 10-15 images of original work, and
- a 300-word written statement.

For additional information on extra requirements and how to submit your folio, please visit: monash.edu/study/course/f2003

CAREER OPTIONS

Fine art: artist collaborator, arts manager, contemporary artist, creative business entrepreneur, filmmaker, marketing or communications professional, museum or gallery professional, new media artist, studio manager, teacher.

Art history and curating: art historian, arts journalist, arts programmer, collections manager, curator, gallery teacher, gallery owner, museum director, museum education officer, publisher, researcher, writer.

SPECIALISATIONS

- Art history and curating – develop a specialised knowledge of the art world, art history and art writing.
- Fine art – rotate through a range of mediums in your first year, and then choose one, or a combination of mediums, to develop your contemporary art practice and creativity.

The degree you’re awarded will reflect your chosen specialisation.

INTERNSHIPS AND OVERSEAS EXPERIENCE

Monash Art, Design and Architecture is a creative community offering unique opportunities for collaboration and industry experience across disciplines.

We offer focused electives that provide you with opportunities for internships and placements within your field of practice, as well as the opportunity to collaborate with practitioners across disciplines, and even the chance to study at our international campus in Prato, Italy.
Bachelor of ARTS

COURSE CODE: A2000

Caulfield, Clayton  3 years  February, July and November

• WORK-INTEGRATED LEARNING AVAILABLE

Our Bachelor of Arts is designed to give you maximum flexibility and choice. With more than 30 areas of study to choose from, our comprehensive arts degree allows you to design a course structure aligned with your worldview and career objectives.

The course is built around deeply enriching experiences, and offers you four Professional Futures units through which to develop your unique graduate profile. You can choose from local and international internships, professional engagements and entrepreneurial opportunities, and the choice of more than 50 global immersion programs, preparing you to live and work in complex and culturally diverse environments, while building a network of like-minded peers.

Bachelor of CRIMINOLOGY

COURSE CODE: A2008

Clayton  3 years  →  February and July

* WORK-INTEGRATED LEARNING AVAILABLE

Criminology is the study of crime and social control. Crime – how we define it, how we understand its causes and the ways we respond to it – provides a window into society’s challenges, values and aspirations.

Throughout the course, you’ll consider the local, national and global aspects of crime and justice, and become familiar with a range of lenses for understanding and assessing the impact of society’s changing responses to crime and justice.

You’ll gain an understanding of victimisation and perpetration, inequality and its impacts, and approaches to understanding crime. You’ll learn about crime committed by individuals, groups, organisations and states, and the mechanisms of the criminal justice system, including police, courts and corrections. Options are available to develop knowledge of specific criminal concerns.

Criminology at Monash is closely connected to three major research centres at Monash Arts: Gender and Family Violence Prevention, Migration and Inclusion, and Gender, Peace and Security.

---

Bachelor of CRIMINOLOGY AND POLICING

COURSE CODE: A2014

Clayton  3 years  →  February

* SUPPLEMENTARY INFORMATION FORM REQUIRED

Crime is a complex phenomenon, which requires it to be viewed from various perspectives. In a joint venture with Victoria Police, the Bachelor of Criminology and Policing is the only course of its kind in Victoria. In this three-year program, you’ll complete the core requirements of the Monash Bachelor of Criminology, and have the opportunity to apply to undertake a Diploma of Policing, undertaken at the Victoria Police Academy in your third year. You’ll be paid by Victoria Police while completing the Diploma of Policing.

The breadth and depth of our Bachelor of Criminology is a necessary foundation if you’re considering a career in policing or criminal justice. To be truly successful in policing, you must understand the crime event, the broader context in which crime occurs, the drivers of criminal behaviour, and the limits of formal and informal responses to crime. This course will provide you with the chance to apply to join Victoria Police and, if successful, continue your studies at the Victorian Police Academy, or you can choose to work in other areas requiring crime and justice experts.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.

2 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study.
Bachelor of GLOBAL STUDIES

COURSE CODE: A2001

[Clayfield] 3 years → February

WORK-INTEGRATED LEARNING AVAILABLE

Designed for students who aspire to be leaders in creating social change, you’ll learn how to critically analyse the global challenges facing cultures and communities throughout the world, and how to devise imaginative and well-informed solutions to help solve them.

This course has a number of exciting features that set it apart. Core units provide leadership development, and project-based learning includes the opportunity to work in collaboration with global organisations and non-government organisations (NGOs). There’s also a compulsory international study component of the course designed to add to your study by challenging you to engage with your international experience, to step outside and reflect on the people and culture of your chosen destination.

Bachelor of ACTUARIAL SCIENCE
COURSE CODE: B2033

Clayton 3 years February

If you’re big on numbers and the role they play in our day-to-day lives, actuarial science can help turn your curiosity into a promising commercial career.

In this course you’ll learn to apply mathematical concepts to real-life scenarios, and use your analytical skills to help companies plan for the future. Evaluate risk and opportunity in a business setting, and use your findings to influence some of society’s most important economic structures.

Monash Business School’s Department of Econometrics and Business Statistics is the only dedicated department of its kind in Australia, and has the largest concentration of econometricians and statisticians in the region.

PROFESSIONAL RECOGNITION AND ACCREDITATION
This degree is also accredited by the Actuaries Institute Australia, and may allow you to achieve Part I of the Actuaries Institute Australia professional qualification.

Bachelor of MARKETING

COURSE CODE: B2036

Caulfield 3 years → February 2

Develop the creative and technical insights you need to help businesses build their brand. This course will give you a combination of technical, practical and analytical skills, from understanding buyer behaviour to building social media campaigns — everything you need to think and act as a professional marketer.

Marketing employers around the world recognise the quality of a marketing qualification from Monash and the solid grounding in business that it offers. This makes our graduates sought-after nationally and internationally.

Brand management, campaign analysis, digital marketing, market research, media planning, social media.

---

1 QS World University Rankings by Subject is a discipline ranking, not a course ranking. It is based on academic reputation, employability, research citations and impact.
2 This course may be taken in an accelerated mode, where you’ll be required to undertake more than the standard annual load of 48 credit points in order to complete the course in two calendar years.
3 Applications for mid-year enrolment in July are also available, but are strictly dependent on availability.
4 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
5 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60–63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study
Bachelor of EDUCATION (Honours)

COURSE CODE: D3001

Clayton, Peninsula

4 years¹ 

• PROFESSIONALLY ACCREDITED • INDIGENOUS ENTRY PATHWAY AVAILABLE • ADMISSIONS TEST REQUIRED • PROFESSIONAL EXPERIENCE PLACEMENT

Become the teacher your students remember. Choose to specialise in early childhood, primary or secondary education — or a combination of these — and graduate ready for a successful career.

25 in English other than EAL or 30 in English (EAL). Satisfactory completion of two units (any study combination) of General Mathematics, Mathematical Methods or Specialist Mathematics; or Units 3 and 4: any mathematics

DOUBLE DEGREES

A double degree is a great option if you’re interested in teaching but also want to gain expertise in another discipline. At Monash, you can choose from the following double degrees with either the primary or secondary education specialisation: Arts, Business, Fine Art, Music, and Science.

PATHWAYS INTO EDUCATION

If you’ve narrowly missed the entry requirement for direct entry into an education course, you can consider a pathway program such as the Diploma of Tertiary Studies or Diploma of Higher Education. On successful completion you can gain up to one year of credit towards a range of Monash Education degrees. See page 22 for more information.

PROFESSIONAL EXPERIENCE – LOCAL OR GLOBAL

Put your learning into practice by completing at least 80 days of professional experience during your course. You can stay local, head rural or overseas. You can be in a classroom or an integral part of a community program. Build your confidence and gain real-world experience so you’re ready to teach when you graduate.

NON-ACADEMIC SELECTION REQUIREMENT – CASPER

All applicants are required to complete a mandatory online 120-minute computer-based test called Casper, as part of the application process. For more information, visit monash.edu/education/takecasper

POST-ENROLMENT REQUIREMENTS

During your course you’ll be required to meet some extra requirements:

• Working with Children Check
• Literacy and Numeracy Test.

CAREER OPTIONS

School or early childhood teacher, community education, corporate training, curriculum development, health and fitness coaching, student welfare, school leadership, teaching.

SPECIALISATIONS

Choose from one of the following specialisations:

• Early childhood and primary education
• Primary education – studied as a single or double degree
• Primary and secondary education
• Primary and secondary health and physical education
• Primary and secondary inclusive and special education
• Secondary health and physical education.

¹ This is a 4.25-year course taken as an accelerated course where you’ll do the equivalent of 4.25 years of study in four calendar years.
² The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.
³ For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study
⁴ This double degree is only available with the Fine Art specialisation.
⁵ This course has special requirements. Please refer to page 30 for more information.

**Bachelor of ENGINEERING (Honours)**

**COURSE CODE:** E3001

**RANKED NO.39 IN THE WORLD FOR ENGINEERING**
QS World University Rankings by Subject 2022

- **4 years**
- **February, July** and **November**

**• PROFESSIONALLY ACCREDITED**

Engineers are collaborative and creative problem-solvers who design technology and develop innovative solutions across a vast range of areas, including: advancing technologies for clean water, green energy, high-speed communications and transportation, advanced healthcare devices, reliable autonomous systems, safe, smart sustainable products, homes and cities, and more.

At Monash – one of Australia’s leading engineering schools – you’ll apply maths and science in a practical way, and work in teams to develop new technologies and improve existing ones.

We’ve created a professionally accredited engineering program that gives you maximum choice and flexibility. You’ll study a common first year, where you’ll get a taste for each of the 10 specialisations before deciding which one to pursue from your second year.

You can complement your specialisation with a minor2 from 10 different and emerging engineering fields, such as artificial intelligence and smart manufacturing, to explore your interests and expand your career opportunities.

You’ll learn in the latest interactive teaching spaces in the new Woodside Building for Technology and Design, and have access to collaborative Makerspaces. Work closely with industry and develop job-ready skills in Monash’s new innovation ecosystem, the Monash Smart Manufacturing Hub.

**CAREER OPTIONS**

Advanced manufacturing, aerospace, artificial intelligence, automation, biotechnology, defence, design and construction, energy and power generation, environment and sustainability, financial services, food and agriculture, infrastructure, management consulting, medical devices, mining, natural resources, renewable energy, research and development, robotics and autonomous systems, software systems and IT services, technology start-up, traffic and transport, tunnelling, water management and recycling.

**CONNECT WITH INDUSTRY**

Build your industry network with a three, six or 12-month paid internship in one of our partner organisations with the Co-operative Education Program. Or work on campus with a team of students and academics to design solutions to real challenges faced by our industry partners, in the new Industry Innovation Program (IIP). You’ll graduate with the practical skills, industry experience and connections you need to launch your career.

---

1. Please note that July intake admission into the Robotics and mechatronics specialisation will require that you undertake a bespoke course progression due to sequencing. The course adviser will work with you to formulate a progression to suit your academic preparation.

2. Please refer to [monash.edu/study](http://monash.edu/study) for further details on which minors can be undertaken within individual specialisations.

3. The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).

4. Double degrees are only available for some engineering specialisations. For double degree courses, you must meet the prerequisites for both courses. You must have completed the VCE subject prerequisites (or equivalent university units) no more than 10 years prior to admission. Course codes and CRICOS codes for double degrees are available at [monash.edu/study](http://monash.edu/study).

5. Please note that July intake admission into the Robotics and mechatronics specialisation will require that you undertake a bespoke course progression due to sequencing. The course adviser will work with you to formulate a progression to suit your academic preparation.

6. The common first year is not available for the Biomedical engineering specialisation. Apply directly to the Bachelor of Biomedical Engineering (Honours) if you intend to choose this specialisation. Please note that there are different scores required for entry into Biomedical Engineering (Honours). Refer to page 58 for further details.
### SPECIALISATIONS

<table>
<thead>
<tr>
<th>SPECIALISATION</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Aerospace</td>
<td>Aerospace engineers design, develop and maintain flight vehicles. Using knowledge of aerodynamics, aerostructures, avionics, propulsion, materials engineering and computational simulation, aerospace engineers make airline and space travel happen. You could create a more environmentally-friendly passenger aircraft, or even build vehicles capable of exploring our solar system, and beyond.</td>
</tr>
<tr>
<td>Biomedical</td>
<td>Imagine, design and build new technologies that transform the future of healthcare. Biomedical engineers bridge the gap between medicine and technology to create new types of diagnostics, monitoring tools and therapies, and build game-changing medical instruments and devices. Whatever you do, you'll make a powerful impact on patients' treatment, recovery and quality of life.</td>
</tr>
<tr>
<td>Chemical</td>
<td>Chemical engineers invent, design, develop and improve processes that convert raw materials into useful products with minimal environmental impact. Blend chemistry with engineering to develop products or catalysts for chemical reactions, design plants for international manufacturers, or develop alternative fuels and cleaner energy sources.</td>
</tr>
<tr>
<td>Civil</td>
<td>Civil engineers design, construct and maintain physical and naturally-built environments for the benefit of society. As a civil engineer, you could build safe and efficient transportation systems, plan and manage a clean and safe water supply, design and oversee the construction of complex structures, and advise on the integrity and suitability of the infrastructure to support these essential projects.</td>
</tr>
<tr>
<td>Electrical and computer systems</td>
<td>As an electrical and computer systems engineer, you might design and develop virtual reality systems, games or robotic medical devices, or work on integrating renewable energy sources into the power grid. Electrical and computer systems engineering is a field that evolves rapidly, with new technologies and techniques being patented every day, across diverse fields such as telecommunications, electronics, electrical power, AI and robotics.</td>
</tr>
<tr>
<td>Environmental</td>
<td>Environmental engineers make a profound impact on the health, quality of life and future wellbeing of the planet. Using the principles of sustainable development and humanitarian engineering, you could manage water and air-pollution control, recycling, water supply, waste disposal, land management, transport and the built environment, and public health issues.</td>
</tr>
<tr>
<td>Materials</td>
<td>Materials engineering is all about making new materials and improving those that already exist by making them stronger, lighter and more functional, sustainable and cost-effective. As a materials engineer, you’ll have the opportunity to play a significant role in improving the design of final products across every industry.</td>
</tr>
<tr>
<td>Mechanical</td>
<td>Mechanical engineers harness the efficient use of motion and energy for the design and function of all types of mechanisms, from the simplest to the most complex. It builds on physics, chemistry, materials, mathematics and biology to achieve this goal. If an engineering solution moves, you’ll find mechanical engineering at the heart of its design.</td>
</tr>
<tr>
<td>Robotics and mechatronics</td>
<td>As a robotics and mechatronics engineer, you could create planetary exploration rovers, or robots for precision manufacturing or to assist the elderly. Choosing from either our AI or automation streams, you’ll employ computer science and control systems to make the autonomous machines of the future.</td>
</tr>
<tr>
<td>Software</td>
<td>As a software engineer, you’ll apply engineering principles to systematically analyse, develop and improve software to ensure it runs effectively, safely and securely. You’ll acquire high-level programming expertise, plus undertake your choice of IT electives such as cybersecurity, games programming and business information systems.</td>
</tr>
</tbody>
</table>

### ACCELERATED PATHWAY TO A MASTER’S DEGREE
Graduate with a bachelor’s degree plus an expert master’s degree in just five years. If you’re a high-achieving student, accelerate your studies and earn both a Bachelor of Engineering (Honours) and a master’s degree in engineering. Save time, save on fees, and improve your employment outcomes with two degrees and advanced technical knowledge.
Bachelor of Computer Science

COURSE CODE: C2001

Clayton 3 years → February and July

• PROFESSIONALLY ACCREDITED

DEGREE AWARDED
The degree you’re awarded will reflect your chosen specialisation.

Computer scientists drive everything from search engines to cybersecurity to scientific discoveries. When you study computer science, you’ll develop the skills to design data structures, develop algorithms and create software to solve real-world computational challenges.

SPECIALISATIONS
• Advanced computer science
• Data science

GAIN REAL-WORLD EXPERIENCE
The Industry-based Learning program allows eligible IT students to enhance their education through a practical placement with one of our leading global or Australian industry partners. Our Industry Experience Studio Projects also enable learners to build IT-driven solutions with industry mentors.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
2 For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study
3 A double degree with Engineering is only available with the Advanced computer science specialisation, and can only be studied as a double degree with specific Engineering specialisations; see monash.edu/study for full details.
Bachelor of 
INFORMATION TECHNOLOGY

COURSE CODE: C2000

• PROFESSIONALLY ACCREDITED • INDIGENOUS ENTRY PATHWAY AVAILABLE

IT is everywhere, but its power comes from the experts who create the IT systems upon which we all rely. This highly practical course gives you the problem-solving skills to drive the ongoing revolution in the way we communicate, conduct business and experience the world.

At our leading IT faculty, you’ll learn from the best in an innovative environment.

Our comprehensive range of majors, minors and double degrees gives you the flexibility to pursue your interests, develop your strengths and explore new areas.

Bachelor of LAWS (Honours)

COURSE CODE: L3001

Clayton  4 years  February

• PROFESSIONALLY ACCREDITED

Whether you aspire to work in a top-tier law firm, in a multinational corporation or as an advocate for justice, take the first step with Monash Law. Law teaches you how to think critically, analyse complex problems and articulate solutions. These skills are demanded by employers across multiple roles and industries. Monash Law graduates are among the highest-earning and most employable professionals in Australia and around the world.

At Monash, we have one of the largest range of elective units of any law school in Australia so you can customise your studies and pursue areas of interest that you’re passionate about.

GUARANTEED CLINICAL PLACEMENTS

At Monash Law, you’re guaranteed the opportunity of a clinical legal education experience. This is your chance to work hand-in-hand with expert lawyers on real cases, helping real clients, and learning how to be a great lawyer. And it all counts as credit towards your Laws degree.

PREREQUISITE STUDIES

VCE  |  IB
---|---
ENGLISH
UNITS 3 AND 4  |  LEVEL 2
30 in English other than EAL or 35 in English (EAL).

For prerequisite subject requirements, please refer to page 56

CAREER OPTIONS

Barrister, solicitor, legal roles within national, international and boutique law firms, in-house legal counsel in major corporations, non-profits and start-ups across all industries.

GUARANTEED CLINICAL PLACEMENTS

At Monash Law, you’re guaranteed the opportunity of a clinical legal education experience. This is your chance to work hand-in-hand with expert lawyers on real cases, helping real clients, and learning how to be a great lawyer. And it all counts as credit towards your Laws degree.

1. This is a 4.25-year course taken as an accelerated course where you’ll do the equivalent of 4.25 years of study in four calendar years.

2. The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.

3. For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites.

4. Only available with some specialisations; see monash.edu/study for full details. Applicants must have completed the VCE subject prerequisites (or equivalent university units) no more than 10 years prior to admission.
Bachelor of **BIOMEDICAL SCIENCE**

**COURSE CODE:** M2003

- **Clayton**
- **3 years**
- **February**

**DEGREE AWARDED**

Bachelor of Biomedical Science, or Bachelor of Biomedical Science (Scholars Program).

By studying biomedical science, you’ll explore the various body systems and the interactions between organs, issues and cells, as well as the complex processes that occur to allow us to function and develop normally. You’ll also learn how disruption of these processes can lead to disease, and you’ll gain an understanding of how this knowledge fits into the big picture of human health.

Design your own degree – you’ll complete a specialised program and explore electives based on your interests, in areas such as biochemistry, immunology and physiology. You can even choose subjects in business or law, to diversify your degree.

Bachelor of MEDICAL SCIENCE AND DOCTOR OF MEDICINE

COURSE CODE: M6011

Clayton: 5 years → February
Peninsula: 5 years → February

• PROFESSIONALLY ACCREDITED • INigenous ENTRY PATHWAY AVAILABLE
• INTERVIEW REQUIRED

Monash is the only Victorian university to offer two entry points for students considering a career in medicine – one directly from school, and a graduate-entry pathway.

For school-leaver entry, the first two years are largely campus-based, although some city and rural clinical placements are possible. Interdisciplinary units introduce the basic medical and behavioural sciences of anatomy, biochemistry, genetics, immunology, microbiology, pathology, pharmacology, physiology, psychology and sociology.

If you’re considering graduate-entry into Medicine, please go to monash.edu/study/course/M6018

ADDITIONAL SELECTION REQUIREMENTS
• You’ll need to undertake the University Clinical Aptitude Test (UCAT). For more information, please visit www.ucat.edu.au
• Interview – you may be invited to attend an interview based on your UCAT and ATAR results.
• To ensure that you don’t miss any deadlines, please check our website for the latest information about dates and requirements for Medicine: monash.edu/study/course/M6011

POST-ENROLMENT REQUIREMENTS
• You must demonstrate compliance with police, Working With Children Checks, immunisation and first aid requirements before you undertake clinicalplacements. monash.edu/mnhs/compliance
• Registration with the Australian Health Practitioner Regulation Agency.

CAREER OPTIONS
Extra training is required after your internship for specialties. See monash.edu/study/course/M6011 for the latest information about dates and requirements for Medicine.

DEAN’S RURAL LIST
Dean’s Rural List – If you grew up outside of a major city, you may be eligible for a place on the Dean’s Rural List (DRL).

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.
2 You must also demonstrate English language proficiency either by providing a written declaration that English is your primary language, or evidence that you have achieved the minimum English language test results as specified in the Nursing and Midwifery Board of Australia’s (NMBA) English language skills registration standard. Information on this requirement can be found at monash.edu/study

Bachelor of NURSING

COURSE CODE: M2006

Clayton: 3 years → February
Peninsula: 3 years → February

• PROFESSIONALLY ACCREDITED • INigenous ENTRY PATHWAY AVAILABLE

Vibrancy and currency in research, and links to major teaching hospitals – Monash nursing graduates are sought-after worldwide. Acquire the skills to become a registered nurse who can provide leadership and care across the age spectrum, and gain the ability to provide care in multiple settings, including acute care, primary healthcare and health promotion. We also offer the Bachelor of Nursing (Scholars Program), which has been designed for high-performing students interested in nursing with additional engagement in an academic support program.

ADDITIONAL SELECTION REQUIREMENTS
• PROFESSIONALLY ACCREDITED • INDIGENOUS ENTRY PATHWAY AVAILABLE

Vibrancy and currency in research, and links to major teaching hospitals – Monash nursing graduates are sought-after worldwide. Acquire the skills to become a registered nurse who can provide leadership and care across the age spectrum, and gain the ability to provide care in multiple settings, including acute care, primary healthcare and health promotion. We also offer the Bachelor of Nursing (Scholars Program), which has been designed for high-performing students interested in nursing with additional engagement in an academic support program.

CAREER OPTIONS
Acute hospital care, aged care, community-based care, medical and surgical, mental health, rehabilitation, palliative care, paediatrics and other specialties.

ADDITIONAL ENGLISH LANGUAGE PROFICIENCY REQUIREMENT

If you want to be considered for a place in a Nursing course, which leads to registration, it is an Australian Nursing and Midwifery Accreditation Council accreditation requirement that on entry into the course you meet the Nursing and Midwifery Board of Australia (NMBA) English language requirements for registration. This is in addition to Monash University’s course-specific academic admission requirements.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.
2 You must also demonstrate English language proficiency either by providing a written declaration that English is your primary language, or evidence that you have achieved the minimum English language test results as specified in the Nursing and Midwifery Board of Australia’s (NMBA) English language skills registration standard. Information on this requirement can be found at monash.edu/study
3 Applicants must be 18 years of age by 30 September 2024 in order to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, monash.edu/medicine/study/compliance. You’ll undertake some online assessments throughout the course.
To access these courses you’ll need to download specific software that requires a webcam; otherwise you’ll need to undertake the online assessments on campus in the computer lab or library.
Bachelor of NURSING AND MIDWIFERY (Honours)

COURSE CODE: M3007

Peninsula  4 years  →  February

• PROFESSIONALLY ACCREDITED

Nurses and midwives are among the most valued members of any community. The versatility of the nurse and midwife is increasingly important in Australian and international health services. This joint qualification makes you highly employable in many practice settings, including rural and remote areas where being a multi-skilled practitioner is highly valued.

• National Police Records Check (annual requirement)
• Working with Children Check
• National Disability Insurance Scheme (NDIS) Worker screening check
• Awareness of drugs administration policy relevant to your particular year of study. Refer to the faculty’s clinical guidelines webpage.

CAREER OPTIONS

Acute hospital care, aged care, community-based care, mental health, rehabilitation, midwifery (including antenatal, birth and postnatal care).

ADDITIONAL ENGLISH LANGUAGE PROFICIENCY REQUIREMENT

If you want to be considered for a place in a Nursing course, which leads to registration, it is an Australian Nursing and Midwifery Accreditation Council accreditation requirement that on entry into the course you meet the Nursing and Midwifery Board of Australia (NMBA) English language requirements for registration. This is in addition to Monash University’s course-specific academic admission requirements.

Bachelor of NUTRITION SCIENCE

COURSE CODE: M2001

Clayton  3 years  →  February

• PROFESSIONALLY ACCREDITED

DEGREE AWARDED

Bachelor of Nutrition Science, or Bachelor of Nutrition Science (Scholars Program)

In this course you’ll explore the multi-faceted discipline of human nutrition, gain an appreciation of the broad scope of food in society, develop an in-depth knowledge of nutritional and biomedical science, and understand the role of nutrition in health and disease.

As you progress through the course you’ll have the opportunity to undertake a work placement in a nutrition-related industry, work alongside nutrition researchers on a project, or apply for the opportunity to study nutrition overseas at a partner university.

As the only Australian course accredited by the UK Association for Nutrition, our graduates can register and pursue international professional nutrition careers in the UK.

A pathway to graduate studies

Both the Bachelor of Nutrition Science (Scholars Program) and Bachelor of Nutrition Science provide a pathway to our Master of Nutrition and Dietetics which is accredited by Dietitians Australia and enables graduates to apply for accreditation as dietitians.

CAREER OPTIONS

Dietetics (with further study), food industry, food science, government and non-government agencies, nutrition research, public health nutrition, sports nutrition.

SCHOLARS PROGRAM FOR HIGH ACHIEVERS

If you’re a high-achieving student, you can apply for access to our Scholars Program, which provides a range of extracurricular opportunities to engage with research staff and guaranteed entry to the 1.5-year Master of Nutrition and Dietetics if you complete the course with an average grade of distinction or above.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.
2 You must also demonstrate English language proficiency either by providing a written declaration that English is your primary language, or evidence that you’ve achieved the minimum English language test results as specified in the Nursing and Midwifery Board of Australia’s (NMBA) English language skills registration standard. Information on this requirement can be found at monash.edu/medicine/study.compliance. You’ll undertake some online assessments throughout the course. To access these courses you’ll need to download specific software that requires a webcam; otherwise you’ll need to undertake the online assessments on campus in the computer lab or library.
3 Applicants must be 16 years of age by 31 March 2024 to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, monash.edu/medicine/study/compliance. You’ll undertake some online assessments throughout the course. To access these courses you’ll need to download specific software that requires a webcam; otherwise you’ll need to undertake the online assessments on campus in the computer lab or library.
Bachelor of OCCUPATIONAL THERAPY (Honours)

COURSE CODE: M3001

Peninsula  4 years  → February

• PROFESSIONALLY ACCREDITED • INDIGENOUS ENTRY PATHWAY AVAILABLE

Occupational therapists help people participate to their fullest potential in self-care, play, leisure, education, work, sleep or social activities, as well as promote health and wellbeing.

Our course is accredited by the Occupational Therapy Council Limited, and is recognised by the World Federation of Occupational Therapy, which can open doors for you to work in other countries (each country has its own registration requirements for overseas graduates).

UNITS 3 AND 4

LEVEL 1

25 in English other than EAL or 30 in English (EAL).

For prerequisite subject requirements, please refer to page 56.

POST-ENROLMENT REQUIREMENTS³

• Mandatory immunisation requirements
• National Police Records Check (annual requirement)
• Working with Children Check
• Ambulance Victoria medical and fitness prerequisites; visit www.ambulance.vic.gov.au for details.

CAREER OPTIONS

Paramedic in national and international ambulance services, private services, industry or community-based emergency health services.

A PATHWAY TO GRADUATE STUDIES

We offer the only paramedic course from a Group of Eight university. Following the completion of your course, you’ll have the opportunity to undertake the Master of Specialist Paramedic Practice. Monash University has been a leader in graduate education and training for the intensive care paramedic role, community care, as well as within the field of aeromedical retrieval.

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
2 While not prerequisite subjects, it’s recommended that you undertake VCE units 3 and 4 in at least two of the following: biology, chemistry, geography, health and human development, psychology or physical education.
3 For the Bachelor of Occupational Therapy, applicants must be 18 years of age by 30 September 2024 in order to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, monash.edu/medicine/study/compliance
Bachelor of PHYSIOTHERAPY (Honours)
COURSE CODE: M3002

Prepare to flourish in one of the most in-demand healthcare professions. A degree in physiotherapy prepares you to work independently or as part of a team of healthcare professionals.

You’ll gain the skills to practise as a physiotherapist, using exercise, movement analysis, manual therapy and specialist techniques to restore, improve and promote health.

After completing your studies, you’ll be eligible to apply for registration to the Physiotherapy Board of Australia.

IB

ENGLISH

LEVEL 1

25 in English other than EAL or 30 in English (EAL).

For prerequisite subject requirements, please refer to page 56

**PRACTICAL EXPERIENCE**

You can complete a 100-hour health promotion placement at a relevant organisation, such as a community health service, local government or non-government organisation. Get a taste of what a health promotion career could be like, and build industry connections. Or you can put your research skills into practice and work on a real-world public health research project, paired with an expert supervisor.

**CAREER OPTIONS**

Clinical research, disease prevention, government services, health planning and management, health promotion, non-government organisations, practice and policy, social work.

Bachelor of RADIATION SCIENCES

COURSE CODE: M2017

Clayton¹  3 years  → February

• INDIGENOUS ENTRY PATHWAY AVAILABLE

DEGREE AWARDED

Bachelor of Radiation Sciences
Bachelor of Radiation Sciences (Informatics).

Radiation therapy is an exciting and engaging healthcare field that uses ionising radiations for the treatment of cancer and benign conditions. Studying radiation sciences at Monash allows you to combine scientific and technical knowledge with studies in health and patient care. The Radiation Sciences stream prepares you for an 18-month graduate master’s program in radiation therapy.

Get a taste of what a health promotion career could be like, and build industry connections. Or you can put your research skills into practice and work on a real-world public health research project, paired with an expert supervisor.

**CAREER OPTIONS**

Challenging and fulfilling opportunities await those who successfully complete the program. There’s an increasing demand for adaptable radiation therapists in response to the ageing population, expansion of services in regional Australia, and organic growth of the industry.

**GAIN GENERAL REGISTRATION AS A RADIATION THERAPIST**

If you’re interested in becoming a registered radiation therapist through the Medical Radiations Practice Board of Australia (MRPBA), you’ll need to complete additional studies – for example, Monash’s Master of Radiation Therapy. Once you’ve successfully completed this master’s, you’ll then be eligible to register with the MRPBA.

For more information, visit monash.edu/study/course/M6004

---

1 Some units will be taught at the Caulfield campus.
2 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
3 Further study may be required for some options.
4 This option is not available to students from the Informatics stream.
Bachelor of
RADIONOGRAPHY AND MEDICAL IMAGING

COURSE CODE: M3006

Clayton 4 years → February

**PROFESSIONALLY ACCREDITED**

This course is designed to develop expert skills to become a registered radiographer, enabling patient diagnosis and management by using x-rays – including CT scanning, ultrasound and magnetic resonance imaging (MRI) – to create diagnostic images for analysis and interpretation.

Radiographers are also responsible for implementing best-practice imaging protocols. The program is designed to allow closely related integration between the classroom and the clinical workplace.

- Sonographer
- Applications specialist in digital imaging or x-ray and medical imaging equipment
- Research in medical imaging.

---

Bachelor of
PHARMACEUTICAL SCIENCE

COURSE CODE: P2001

Parkville 3 years → February

**WORK-INTEGRATED LEARNING AVAILABLE**

Research and develop more effective treatments with the world’s No.1 school¹ for pharmacy and pharmacology.

Acquire the skills to improve human health by researching and developing more reliable, accessible and effective treatments. Learn about the chemistry, biology, biomedicine and delivery technology of medicines, and gain the hands-on technical and professional skills that enable you to put your knowledge to work in practice. Our strong relationships with industry ensure you’ll graduate equipped for a successful career in one of Victoria’s fastest-growing sectors – pharmaceuticals and biomedical research.

The first two years provide you with cross-disciplinary knowledge and the key skills relevant to pharmaceutical science. A research or industry placement in the last semester of the course will give you an insight into real-world applications of your studies and prepare you for the next step, be that employment or further studies.

Academia, biomedical research, biotechnology, clinical trials, drug analysis, food technology, paints and coatings, pharmaceutical industry, regulatory affairs, research and development, skincare and cosmetics industry, toxicology.

---

¹ Ranked No.2 for Pharmacy and Pharmacology, QS World University Rankings by Subject, 2023.
² The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
³ Applicants must be 18 years of age by 31 March of the first year of the course to meet the mandatory requirements for clinical placements. Underage applicants who cannot meet this requirement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information, monash.edu/medicine/study/compliance
⁴ Some career options may require additional study
⁵ For double degree courses you must meet the prerequisites for both courses. Refer to pages 60-63 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study
⁶ Only available with the Chemical engineering specialisation; see monash.edu/study

2024 UNDERGRADUATE COURSE GUIDE
Bachelor of
PHARMACEUTICAL SCIENCE ADVANCED (Honours)

COURSE CODE: P3002

CAREER OPTIONS
Academia, biomedical research, biotechnology, clinical trials, drug analysis, food technology, paints and coatings, pharmaceutical industry, regulatory affairs, research and development, skincare and cosmetics industry, toxicology.

SCHOLARS PROGRAM
We acknowledge very high-achieving students by offering access to our Scholars Program. This provides exclusive learning opportunities, including:
• an annual bursary of $6000
• an annual Dean’s Scholarships
• invitations to the Monash Institute of Pharmaceutical Sciences seminar series (normally reserved for staff and PhD students)
• exclusive guest lectures and workshops throughout the year.

1 Ranked No. 2 for Pharmacy and Pharmacology, QS World University Rankings by Subject, 2023.
2 In the final year of this course, you’ll complete an internship.
3 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
4 Higher entry requirements apply for the Pharmacy (Honours) and Master of Pharmacy (Scholars Program); refer to page 59.

Bachelor of
PHARMACY (Honours) and
MASTER OF PHARMACY

COURSE CODE: P6001

CAREER OPTIONS
Community pharmacy, government, hospital pharmacy, pharmaceutical industry, public health, regulatory bodies, research and clinical trials.

SCHOLARS PROGRAM
If you’re a very high-achieving student, you can access our Scholars Program. This provides exclusive learning opportunities, such as seminars normally only open to staff and PhD students, and a $6000-per-year bursary.
We live in a time where information and knowledge have never been more abundant. The decisions that shape our future will rely on graduates who can extract meaning from large volumes of data and transmit it to community and industry leaders.

The Bachelor of Applied Data Science is a program of study that equips you with the skills necessary to provide solutions to a wide range of problems. You’ll bring together key skills in information technology and mathematics, and apply these to real-life projects.

This unique blend of skills will empower you to apply data science to a wide range of industries, making you a highly desirable problem-solver.

**CAREER OPTIONS**

Business intelligence analyst, data architect, data mining engineer, data scientist.

---

The advent of big data is creating the need for a unique set of skills. This advanced program is designed to equip you with the necessary skills to provide solutions to a wide range of problems.

This four-year specialist course will develop your technical know-how in approaching these challenges. A new and specially designed stream of units will harness core skills in data science and mathematics for a series of authentic, interdisciplinary problem-solving challenges. From the first year of the course, you’ll also complete a series of studio-based units where you’ll apply the knowledge you’ve developed to real-world projects.

In the final year, you’ll synthesise the knowledge acquired during the program in an individual research project.

2024 UNDERGRADUATE COURSE GUIDE
Bachelor of SCIENCE ADVANCED – GLOBAL CHALLENGES (Honours)

COURSE CODE: S3001

Clayton  4 years  → February

+ SUPPLEMENTARY INFORMATION FORM REQUIRED  INTERVIEW REQUIRED

This course includes all the elements of a Bachelor of Science, and more. In addition to studying the scientific discipline of your choice – from the broad range available – you’ll receive high-level training in leadership, persuasive communication, entrepreneurship, policy, ethics, and corporate social responsibility. The program includes an overseas industry placement.

For prerequisite subject requirements, please refer to page 56.

ADDITIONAL SELECTION REQUIREMENTS

You’ll also be required to submit a supplementary information form. You’ll complete a written submission, and if shortlisted, attend an interview in person.

vtac-supp.adm.monash.edu/SupplementaryVTAC

CAREER OPTIONS

Business, consultancy, corporate social responsibility, entrepreneurship, government and non-government organisations, policymaking.

Bachelor of SCIENCE ADVANCED – RESEARCH (Honours)

COURSE CODE: S3002

Clayton  4 years  → February and July

Make a difference in the world through the advancement of scientific research. This four-year science degree is suitable for high-achieving students who intend to pursue careers in research, industry and academia. With access to exclusive enrichment programs and research mentoring from leading scientists, your career as a scientist could take off.

CAREER OPTIONS

Banking, biochemistry, biomedical science, cryptology, environmental geoscience, genetics, finance, food chemistry, forensic science, industrial physics, mathematical modelling, weather and climate science.

1 This course can be taken part-time; however, this course is intended to be taken on a full-time basis and, as such, a full-time study load will ensure you have a better cohort experience.

2 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E). RC – Range of criteria.

3 IB SL or HL: Biology, Chemistry, Environmental Systems and Societies (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interpretations (HL only), Physics or Psychology.
ADMISSIONS AND APPLICATIONS

HOW TO APPLY

Semester 1 entry – apply through VTAC

If you’re aiming for semester 1 entry into undergraduate courses at Monash, you must apply via the Victorian Tertiary Admissions Centre (VTAC) at www.vtac.edu.au, unless specified in this course guide. VTAC applications open in August each year.

Semester 2 entry

If you’re applying for mid-year entry, please visit our website for more information.

monash.edu/admissions/apply/domestic-ug

Requirements

To be considered for an undergraduate course, you need to meet Monash’s entry and course-specific requirements, as well as the English language minimum prerequisites. Some parts of these, such as VCE study scores and extra requirements, are subject to change, so check the Monash website for the most up-to-date information on the course for which you’re applying. Meeting the minimum requirements doesn’t guarantee entry to a course, as there may be more applicants than places available.

monash.edu/study

Deferment

At Monash, you’re allowed to defer your course for up to 12 months. Deferment for longer than a year may be considered in exceptional circumstances – for example, financial difficulties or compulsory military service.

Some courses don’t allow you to defer your studies – please contact the faculty of your chosen course for advice if needed. Scholarship holders should also check the conditions before applying, as not all scholarships can be deferred.

To apply you’ll need to submit an enquiry form via our website and let us know that you want to defer (by the enrolment deadline in your offer letter). You can read more about deferring and what happens after you apply on our website.

monash.edu/admissions/study-options/defer

For enquiries about deferring: monash.edu/students/support/connect/contact-us
FEES

We’re committed to providing you with an ever-evolving, modern student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We’re investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those that aren’t yet created.

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirror the true cost of delivering a premium educational experience where you’ll learn from some of the finest minds in the world.

Commonwealth Supported Places
In the Australian higher education system, Australian citizens, New Zealand citizens and Australian permanent visa holders who’ll undertake a course of study in Australia are considered domestic students and are eligible for a Commonwealth Supported Place (CSP).

A CSP is a subsidised enrolment where the government pays for part of your course and you only have to pay the Student Contribution Amount (SCA).

Each unit of study is classified into a student contribution band, depending on the study area of the unit (this may be different from the study area of your course). The amount you pay for your unit of study is usually the maximum allowed by the government for that band.

Eligible CSP students may use a HECS-HELP loan to pay for all or part of the SCA.

monash.edu/study/csp
monash.edu/fees

Student Services and Amenities Fee (SSAF)
Students enrolled at Monash University in a (CSP) are also charged a Student Services and Amenities Fee (SSAF).

In 2023, the maximum SSAF was $326; this fee may differ in 2024.

Eligible students may use a SA-HELP loan to pay for all or part of the SSAF.

monash.edu/fees/fee-types/amenities
# ACADEMIC PREREQUISITE LEVELS

All Monash undergraduate courses require you to have previously studied and achieved required standards in certain specified subjects.

The table below outlines the prerequisite levels and subjects.

<table>
<thead>
<tr>
<th>Language</th>
<th>VCE</th>
<th>IB</th>
</tr>
</thead>
</table>
| **English**       | Level 1: Units 3 and 4: a study score of at least 25 in English other than EAL, or 35 in English (EAL). | Level 1: At least 4 in one of the following SL subjects:  
  - English A: Literature, or  
  - English A: Language and Literature, or  
  - Literature Performance, OR  
  At least 3 in one of the following HL subjects:  
  - English A: Literature, or  
  - English A: Language and Literature, or  
  - Literature Performance, OR  
  At least 5 in one of the following SL subjects:  
  - English AB, or  
  - English B, OR  
  At least 4 in the following HL subject:  
  - English B. |
|                   | Level 2: Units 3 and 4: a study score of at least 30 in English other than EAL, or 35 in English (EAL). | Level 2: At least 5 in one of the following SL subjects:  
  - English A: Literature, or  
  - English A: Language and Literature, or  
  - Literature Performance, OR  
  At least 4 in one of the following HL subjects:  
  - English A: Literature, or  
  - English A: Language and Literature, or  
  - Literature Performance, OR  
  At least 6 in one of the following SL subjects:  
  - English AB, or  
  - English B, OR  
  At least 5 in the following HL subject:  
  - English B. |
|                   | Level 2: Units 1 and 2: satisfactory completion in two units (any combination) of General Mathematics or Specialist Mathematics. | Level 2: At least 3 in any mathematics subject at SL or HL level. |
| **Mathematics**   | Level 3: Units 3 and 4: a study score of at least 22 in Mathematical Methods or Specialist Mathematics, or a score of at least 25 in Further Mathematics. | Level 3: At least 4 in one of the following SL subjects:  
  - Math Studies, or  
  - Mathematics: Applications and Interpretations, or  
  - Mathematics, or  
  - Mathematics: Analysis and Approaches  
  At least 3 in one of the following HL subjects:  
  - Mathematics: Applications and Interpretations, or  
  - Mathematics, or  
  - Further Mathematics, or  
  - Mathematics: Analysis and Approaches. |
| **Science**       | Science approved list 2: Units 3 and 4: a study score of at least 25 in one of Science approved list, unless otherwise stated. | Science approved list 2: At least 4 at SL or 3 at HL in Science approved list, unless otherwise stated. |
## SINGLE DEGREE COURSES AT A GLANCE

### Entry requirements

This table provides key details of all our courses, along with the overall score (or an estimate) required for admission, for each course. The course listing also tells you which academic prerequisite levels apply to each course.

Note that some courses have selection and/or extra requirements such as folios, admissions tests or interviews. Make sure you check if this applies to your course of choice in the courses section of this guide (pages 22-53).

### DEGREE AWARDED

#### DIPLOMAS

**Diploma of Higher Education**
- **Education**: 1 Level
- **Science**: 1 Level

**Diploma of Tertiary Studies**
- **Business**: 1 Level
- **Education**: 1 Level
- **Nursing**: 1 Level

#### ART, DESIGN AND ARCHITECTURE

**Bachelor of Architectural Design**
- **Design**
- **Bachelor of Communication Design**
- **Bachelor of Industrial Design**
- **Bachelor of Spatial Design**
- **Bachelor of Collaborative Design**

**Fine Art**
- **Bachelor of Art History and Curating**
- **Bachelor of Fine Art**

#### ARTS, HUMANITIES AND SOCIAL SCIENCES

**Bachelor of Arts**
- **Criminology**
- **Criminology and Policing**
- **Global Studies**
- **Media Communication**
- **Music**
- **Politics, Philosophy and Economics**

**Bachelor of Business**
- **Accounting**
- **Actuarial Science**
- **Banking and Finance**
- **Business**
- **Business Administration**
- **Commerce**
- **Economics**
- **Finance**
- **International Business**
- **Marketing**

5. When taken as part of a double degree, the location will be at Clayton.
6. The Bachelor of Education (Honours) is an accelerated course where you will be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.
7. The accelerated master’s pathway is not available with all specialisations. Please see monash.edu/study for more information.
8. The Bachelor of Laws (Honours) is an accelerated course where you will be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.
9. The first part of study commences in Caulfield, and then moves to Clayton.
**DOUBLE DEGREE COURSES AT A GLANCE**

Monash University has the largest offering of double degrees in Australia.

For admission into a double degree, generally the higher entry requirements apply of the two single degrees. The range of criteria that applies to each single degree also applies to the double degree. For example, if you’re applying for the Bachelor of Arts and Bachelor of Music, you’ll need to meet the subject prerequisites for both courses and satisfy an audition. Refer to each single degree course page at the beginning of the guide to locate the range of criteria that applies to each course. Some double degree courses may require you to study across two campuses in order to complete your course.

¹ Duration is based on a standard full-time load of 48 credit points per annum.
² You’ll need to have at least ONE subject from the Science approved list: VCE: Biology, Chemistry, Environmental Science, Geography, Mathematical Methods (any), Specialist Mathematics, Physics or Psychology. IB (SL or HL): Biology, Chemistry, Environmental Systems and Societies (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interpretations (HL only), Physics or Psychology.
³ Indicative – The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
⁴ Depending on your Arts major, you may take the Arts component at Clayton or Caulfield.
⁵ This course has additional selection requirements; see monash.edu/study
⁶ The Bachelor of Education (Honours) is an accelerated course where you’ll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete the course in four calendar years.

CL – Clayton | CA – Caulfield | CI – City | PE – Peninsula | PA – Parkville.
RC – Range of criteria
E – Estimated: the provided score is estimated and is to be used as a guide only.

1 Duration is based on a standard full-time load of 48 credit points per annum.
2 You’ll need to have at least ONE subject from the science approved list: VCE: Biology, Chemistry, Environmental Science, Geography, Mathematical Methods (any), Specialist Mathematics, Physics or Psychology.
   IB (SL or HL): Biology, Chemistry, Environmental Systems and Society (SL only), Further Mathematics (HL only), Geography, Mathematics, Mathematics: Analysis and Approaches (HL only), Mathematics: Applications and Interdisciplinary (HL only). Physics or Psychology.
3 Indicative – The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2023, or an estimate (E).
4 Depending on your Arts major, you may take the Arts component at Clayton or Caulfield.
This course has additional selection requirements; see monash.edu/study

The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete this double degree in five calendar years.

The Bachelor of Laws (Honours) is an accelerated course where you'll be required to undertake more than the standard annual load of 48 credit points in year two and/or year three in order to complete this double degree in six calendar years.
Universities use some words you might not be familiar with. So to make sure nothing is lost in translation, we’ve put together a list of explanations.

**Prerequisites**
Previous study or other criteria required to gain admission into a particular course or unit.

**Undergraduate course**
The first level of tertiary studies at university, including diploma or bachelor degree courses.

**Units**
Subjects that make up your course are known as units.

**Elective**
A unit where you choose what unit to study. The choice may be from a specified list of units, or it may be a free elective where you can choose any unit within Monash providing you have the necessary entry requirements and there are no restrictions on enrolment in the unit.

**Degree**
The academic title you get when you complete a course of study. For example: Bachelor of Arts, Master of Business.

**Double degree courses**
Two courses studied concurrently with required units in one course being counted as elective units in the other. A double degree takes fewer years to complete than if you studied one after the other.

**Comprehensive course**
These courses allow you to select from a wide range of subjects within a broad field of study. You have the option to choose your major immediately or later, and you’ll try a range of subjects in your first year before narrowing your focus in year two — while still having the opportunity to try new things — before finally committing to your major area of study.

**Major**
The main area(s) of study chosen in a comprehensive course, study in a single discipline, totalling 48 credit points (eight units) taken sequentially over three years. You don’t need to declare your major when you enrol.

**Extended major**
An extended version of your major requiring you to study 72 credit points (12 units) over three years.

**Minor**
Study in a single discipline, totalling 24 points (four units).

**Specialist course**
A structured course usually focused on developing the knowledge and skills needed for professional practice in a specific field or profession.

**Specialisation**
Taken in specialist courses, a specialisation is a minimum of 12 units in a particular discipline, and provides an in-depth education in your chosen field. You must choose your specialisation when you enrol.

**Honours**
Honours may be an extra year of study at the end of your undergraduate degree. All of our four-year undergraduate courses include honours in their structure.

**Graduate courses**
Further study completed after you graduate with a bachelor’s degree.
DISCOVER MONASH IN 2023
Do you want to learn more about Monash, get a feel for which course is right for you, or perhaps experience what life and study would be like on one of our four campuses? We’ve got an event to suit you.

About Monash events
Learn more about what your study options are, pathway opportunities, scholarships, SEAS, fees, accommodation and everything else there is to know about studying at Monash.

Discipline and Course events
Hear from current and past students as well as academics across our ten faculties. You’ll find out more about our courses, internships, career outcomes and so much more!

Campus experience events
Join us at Open Day to see and experience student life at Monash. You can also tour one of our four Victorian campuses throughout the year. Can’t make it to a tour? That’s ok, we have a virtual option for you.
