

# WEDNESDAY, DEC 6: MULTILEVEL ACTION/URBANISATION AND BUILD ENVIRONMENT /TRANSPORT

**Day lead: Peter**

This day focused on uniting local leaders, including mayors, governors, parliamentarians, business and civil society leaders to accelerate climate action across all levels of government and society. The day will also highlight solutions to transition to lowcarbon and resilient built environments and infrastructure, sustainable and circular waste systems, and sustainable mobility and freight. The day will particularly look at action in urban areas, where population growth, economic activity and greenhouse gas emissions converge.

## PROGRAM SCHEDULE

8.30 - 9.15AM

---

**Collaborating to amplify** - Event type: Networking

**About the event:**

Increase the impact of existing efforts through more and better collaboration and co-funding between donors and doers

**Speakers/Hosts:**

- **Rebecca Collier** - European Climate Foundation and CRUX Alliance
- **Shana Silver** - CRUX Alliance
- **Heather Tompson** - CEO, Institute for Transport and Development Policy
- **Wang Zhigao** - Director Cities Program - Energy Foundation China
- **Zhao Yanbing** - Cities Program Manager - Energy Foundation China
- **Peter Graham** - Executive Director, Global Buildings Performance Network (GBPN) /Associate Professor Monash University
- **Oliver Rapf** - Executive Director Buildings Performance Institute Europe
- **Jonathan Duwyn** - Programme Officer, Buildings and Construction & Acting Head of the GlobalABC Secretariat
- United Nations Environment Programme (Representative - TBA)

**Organisation (Co)Hosts:** Global Buildings Performance Network, Monash University, CRUX Alliance, Laudes Foundation, Institute for Transport and Development Policy, European Climate Foundation, Energy Foundation China, IKEA Foundation

9.30 - 10.30AM

---

**How to decarbonize built environments at speed and scale - Case Studies from Indonesia & India** - Event type: Round-table

**About the event:**

This event showcases how Indonesia and India are working from the bottom up and top down to decarbonise their built environments.

**Speakers/Hosts:**

- **Peter Graham** - Executive Director, Global Buildings Performance Network (GBPN) /Associate Professor Monash University
- **Ery Wijaya** - Country Manager Indonesia, Global Buildings Performance Network (GBPN)
- **Eka Permanasari** - Associate Professor, Monash University, Indonesia
- **Heather Tompson** - CEO, Institute for Transport and Development Policy
- **Bishal Thapa** - Senior Director – Collaborative Labelling and Appliance Standards Program (CLASP), India

**Organisation Co - Hosts:** Institute for Transport and Development Policy, Global Buildings Performance Network (GBPN) Indonesia, Collaborative Labelling and Appliance Standards Program (CLASP), Monash University - Indonesia, GBPN - Monash University

10.45 - 11.45PM

---

**How to engage Health, Resilience and the Right to Sustainable Housing as a powerful policy driver to decarbonize the Building Sector**

*Event type: Round-table*

**About the event:**

Identify key narratives that are accelerating built-environment decarbonisation and resilience by strengthening awareness of buildings' impact on people and planet

**Speakers/Hosts:**

- **Mili Mujumdar** - Board member Global Buildings Performance Network and Vice-President, U.S. Green Building Council
- **Angie Bone Monash** - Associate Professor of Practice in Planetary Health Monash University
- **Hitesh Vaidya** - Former Director, National Institute for Urban Affairs India
- **Tony Wong** - Professor - Monash Sustainable Development Institute

**Organisation (Co)Hosts:** Global Buildings Performance Network, Monash Art, Design and Architecture. and Monash Sustainable Development Institute

12 - 1PM

---

**Cities for Children: How to develop cities that protect children from climate change impacts.**

*Event type: Audio-Visual with Keynote Speaker*

**About the event:**

This aims to raise awareness of what the youth of the world need and want from built environments in the context of global warming and climate change.

This will involve a keynote speech by a Youth Leader followed by an audiovisual exhibition of child and youth-led actions for sustainable cities.

**Speakers/Hosts:** TBA

**Organisation (Co)Hosts:** Save the Children, UNICEF, Global Buildings Performance Network, Monash Art, Design and Architecture. and Monash Sustainable Development Institute

1.15 - 2.15PM

---

**Innovation and the new future: How do we move from Incremental to transformative change?**

*Event type: Round-table*

**About the event:**

This event will rely on case studies to map out practical steps to turn commitments into achievements in the greening of the built environment. It will showcase tools and approaches to increase the transparency on climate, social and natural performance of the built environment.

**Speakers/Hosts:**

- **Eva Gladek** - CEO & Founder, Metabolic
- **Rosana dos Santos** - Executive Director, Energy Transition Institute
- **Zhigao Wang** - Director Cities Program - Energy Foundation China

**Organisation (Co)Hosts:** Metabolic, Energy Transition Institute, Energy Foundation China

2.30 - 3.30PM

---

**What if we made sure buildings and cities perform?: Commitments, Achievements & Accountability**

*Event type: Round-table*

**About the event:**

Increasing transparency on climate, social and natural performance of the built environment to inform action, supporting stakeholders to turn commitments into achievements. Industry and Policy leaders will showcase tools and approaches to increase the transparency on climate, social and natural performance of the built environment. Based on these examples, we will map out practical steps to turn climate commitments into achievements.

**Speakers/Hosts:**

- **Sunita Purushottam** - Chair - GBPN Board, GBPN/Mahindra Life-Spaces
- **Hilari Varnadore** - Vice President for Cities, US Green Building Council
- **Vicky Sins** - CEO, World Benchmarking Alliance
- **Lauren Boucher** - Manager, Collaborative Labelling and Appliance Standards Program (CLASP)

**Organisation Co-Hosts:** Mahindra Life-Spaces, GBPN/Monash University, World Benchmarking Alliance, Collaborative Labelling and Appliance Standards Program (CLASP), US Green Building Council

3.45- 5.30 PM

---

### **The Future of COPs**

*Event type: Round-table (by invitation)*

#### **About the event:**

“The Future of COPs” contemplates the current COP system and its functioning under the UNFCCC. It provides opportunity to contemplate pressing questions about COPs, including advancing the concept of collective effort and whether the structure and process is the most appropriate to elicit the greatest action to address climate change and create a just transition with meaningful inclusion.

#### **Speakers/Hosts:**

- **Rachmat Witoelar** - Past COP President

**Organisation Co-Hosts:** Monash University, Institute for Sustainable Earth and Resources (I-SER) Universitas Indonesia, Climateworks Centre
