

Application for Intermission for Honours

Supplementary form for Faculty of Science approval

Please note: If your request for Intermission is pre-census then please apply to defer accompanied by a statement from the school's honours coordinator.

Intermission post census date is only permitted in exceptional circumstances. If your request is approved, you will need to complete the entire program anew. Unless you are approved for a remission of debt, fees and HECS already processed for the year will still apply. If the unit discontinuation results in a failure, you should consider the section in the Faculty of Science Honours Guidelines in Moodle regarding unit failure and repeating units. Please refer to the [census and penalty dates](#) for your teaching period for more information.

- This application **MUST** be discussed with and signed by your school/department Honours coordinator prior to submission.
- You must submit this form as an attachment using the University's [Request for Intermission \(Study Leave\)](#) along with your relevant supporting documentation.
- Your application is subject to the approval of the Deputy Dean (Education) (or delegate)
