

25 year anniversary celebrations

Greenwood Engineering is celebrating MiniProf 25 year anniversary and acknowledging IRT as their agent for the Australasian region for the past 10+ years.

Special Offer only available to IRT customers

To celebrate this special milestone, Greenwood Engineering in conjunction with IRT are offering a special discount of 10% on purchase of any new MiniProf BT systems. This is a special offer only available to IRT customers and valid for any orders received from 1st October until 30th November 2017 and units to be delivered by 31st December 2017. Please contact us today for further details or to request a quote.

Is your MiniProf unit due for calibration?

The next MiniProf calibration session to be held in Australia is being planned for January/February 2018. Please contact us today if you are interested in having your unit service checked and re-calibrated.

Future MiniProf calibrations

IRT is pleased to announce that Greenwood Engineering and IRT will be performing MiniProf calibrations on a permanent basis from 2018 locally in Australia.
