POLICY STATEMENT

The University Student Ombudsman (USO) strengthens accountability within the University by contributing to a consistent and transparent approach to resolution of student grievances, and for ensuring that students and staff are aware of the process for independent review of unresolved complaints by the USO.

The USO provides an independent and balanced review of student complaints that are included within the scope of the policy.

The USO is not an advocate for the student or for the faculty/department.

1. Principles

- 1.1 No student will suffer disadvantage as a result of making a complaint to the USO or assisting a USO enquiry.
- 1.2 The Office of the USO is an avenue of complaint of last resort within the university and the aggrieved student will first be required to complete the relevant grievance procedures.
- 1.3 The USO has broad authority to conduct independent investigations at the USO's discretion and to make recommendations to the Deputy Vice-Chancellor (Education) for resolution of the grievance.
- 1.4 Confidentiality will be respected. All parties involved in the resolution of a complaint will restrict information about the complaint, including the identities of those involved, strictly to the minimum number of parties who require information in order to resolve the complaint. All materials related to a complaint will be held securely by the Office of the USO and labelled strictly confidential.
- 1.5 The principles of natural justice will be followed in the conduct and reporting of investigations.
- 1.6 Staff members will cooperate with enquiries and investigations and no staff member will suffer disadvantage as a result of assisting a USO enquiry.
- 1.7 Every attempt will be made to resolve complaints informally at the lowest level possible.
- 1.8 The preferred approach will be resolution by conciliation or negotiation to avoid an adversarial approach.
- 1.9 Recommendations will focus on system improvement.
- 1.10 The implementation of recommendations will be monitored and reported to the University Council as part of the USO's Annual Report.
