**BACHELOR OF MEDICAL SCIENCE AND DOCTOR OF MEDICINE**

**GRADUATE PROGRAM - INTERNATIONAL - 2022 ENTRY**

Monash is the only Victorian university to offer both direct from school and graduate entry into the same medical degree.

In this course you will learn from staff across Monash Medicine, Nursing and Health Sciences who are leaders in their field. You will also benefit from our links with the largest health care provider network in Australia, including the Monash Medical Centre, The Alfred Hospital (Melbourne’s major casualty hospital), Eastern Health, and health services in outer metropolitan Melbourne, and rural and regional Victoria.

In the Bachelor of Medical Science and Doctor of Medicine you will:
- Begin your medical studies from day one of your degree;
- Undertake training with a strong focus on patient safety, evidence-based practice, clinical role modeling, and professionalism.
- Graduate with a Doctor of Medicine

**GRADUATE ENTRY REQUIREMENTS**

<table>
<thead>
<tr>
<th>Entry Requirements</th>
<th>Academic Record - 40%</th>
<th>Interview and Situational Judgement Test - 60%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monash has 25 graduate-entry places for international students. If you are interested in Graduate Entry Medicine at Monash you must have completed or be in the final year of completing a bachelor’s degree with a significant and broad component of biomedical science content from an internationally recognised university.</td>
<td>Completed or in the process of completing a degree with a significant and broad component of biomedical science content (for example Pharmacology, Physiology, Immunology, Biochemistry, Microbiology or Genetics) to be eligible for consideration with a Grade Point Average (GPA) of 6.0 out of 7.0.</td>
<td>Applicants will be invited to attend an interview (MMI format) and Situational Judgement Test (SJT) based on their academic results*.</td>
</tr>
</tbody>
</table>

Situational Judgement Test
This is a computerised test that presents the test-taker with realistic, hypothetical scenarios and asks them to identify the most appropriate response or to rank the responses in the order they feel is most effective.

M6018
CRICOS code: 0101541

**Study mode**
On-campus (Churchill)

**Intakes**
First semester: February

**Durations**
Full time: 4 years

**Frequently asked questions**
Internship? Any offer of a place in a Monash University medical course is made on the understanding that Monash in no way guarantees any period of internship in an Australian hospital at the completion of their medical degree. Internship places are not allocated by Monash University.

Do I need to take the MCAT or GAMSAT? International applicants are now NOT required to undertake the MCAT or GAMSAT to be considered for the Graduate Entry program at Monash.
WHAT IS A MULTIPLE MINI INTERVIEW (MMI)?

At Monash we use a four-station Multiple Mini Interview (MMI). Each circuit comprises a series of scenarios and associated questions focusing on applicants’ personal qualities including:

- Communication skills
- Critical thinking
- Ethical and empathetic reasoning
- Motivation

Each applicant is given two minutes of reading time followed by eight minutes to answer five questions relevant to the scenario. At the completion of the eight minutes, there is a further two-minute changeover and reading time for the next scenario.

The MMI format allows the faculty to determine which applicants possess the personal qualities required to succeed in the MD program, as well as the qualities that we are looking for in health care professionals.

VARIETY OF LEARNING STYLES

Our innovative teaching sessions provide you with a range of learning modes. Lectures, seminars, workshops, tutorials and simulation sessions are designed to suit the content being covered. These sessions are delivered from content experts within the university as well as clinicians and researchers.

In years 3-5, we provide opportunities for you to develop and enhance your skills during clinical placement, by engaging with real patients during bedside tutorials and clinical settings, under the guidance of medical practitioners. Clinical placements may be in metropolitan or rural areas, where travel may be required.

SPECIAL REQUIREMENTS

You must satisfy extra requirements, including immunisations, Police Check and Working with Children Check to be able to complete clinical course requirements.

WHEN AND HOW DO I APPLY?

Overseas-based applicants

All overseas-based applicants must submit certified copies of their final results to your agent, or, for direct applicants, directly to Monash. These will be required by early December 2021. Offers will not be made on interim or predicted results.

For agents in your area:
monash.edu/study/international/apply/through-an-agent

To apply directly:
monash.edu/study/how-to-apply/international-student-applications

Australian-based applicants

International students studying in Australia must apply by the deadline for Churchill.

See: monash.edu/medicine/som/grad-entry/entry-international

Can I practise in my home country?

Many students return to their home countries at the conclusion of their programs to undertake local internships and fulfill licensure requirements. It is recommended that applicants check the requirements in their country to ensure professional accreditation circumstances are considered.
