CHANGE IT

For 60 years, we’ve been working to change the world, and we’re not about to stop. At Monash, we see challenges as opportunities to make things better.

It’s hard to imagine a time when the need to make positive change has been greater than now. Through understanding and solving complex challenges, we can create a world where future generations can thrive.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world.

That’s why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

Ready to make a change? Click here to learn more.

ACKNOWLEDGEMENT OF COUNTRY

Monash University recognises that its Australian campuses are located on the unceded lands of the people of the Kulin Nations, and pays its respects to their Elders, past and present.
Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in China, Malaysia, Indonesia, Italy and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever.

Each Monash campus has its own personality, and all are friendly, welcoming communities where you’ll feel at home.

ITALY
Prato
In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.
**MALAYSIA**

**Kuala Lumpur**
Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.

**INDONESIA**

**Jakarta**
Research intensive and industry engaged, Monash Indonesia is a postgraduate campus for future leaders – those seeking master’s and PhD degrees, as well as executive programs and micro-credentials.

**CHINA**

**Suzhou**
The Southeast University-Monash University Joint Graduate School offers master’s and PhD study options in areas ranging from industrial design and IT to business.

**MELBOURNE AUSTRALIA**

Monash University recognises that its Australian campuses are located on the unceded lands of the people of the Kulin nations, and pays its respects to their elders, past, present and emerging.

**Clayton**
Our biggest campus, home to 38,000 students and nine of our ten faculties. Everything you need is on campus – food outlets, sporting facilities, health services and more.

**Caulfield**
Our Caulfield campus hosts 19,000 students and is our base for Art, Design and Architecture, and Monash Business School as well as some Arts and IT courses.

**Parkville**
Our dedicated Pharmacy and Pharmaceutical Sciences campus hosts 2000 students and is part of Australia’s leading health and biomedical precinct.

**Peninsula**
A coastal home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education and select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

**INDIA**

**Mumbai**
Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.
The new Woodside Building for Technology and Design provides a world-class learning environment with the latest dynamic and interactive learning spaces. Students and researchers can embrace innovation, design and cutting-edge technology to develop new solutions in sustainable energy technology.

LIFE-CHANGING RESEARCH

Through research and education, Monash University actively contributes to meeting the challenges of the age to create a better future.

Monash research strives to make a positive difference in the world. Even before we became the global university we are today, our researchers looked beyond traditional boundaries, discovering ways of approaching the fields in which they worked.

The greatest challenges of our age are both social and environmental, and our research is focusing on addressing four key areas within this, namely: artificial intelligence and data science, governance and policy, health sciences and sustainable development.

Today, our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we'll help our researchers make it happen.

monash.edu/research
Monash’s Victorian Heart Institute (VHI)

Monash’s Victorian Heart Institute is focusing on research, training, and innovation to turn the tide on national heart disease rates.

Using a multidisciplinary approach, VHI will encourage collaborative discussions between different faculties within Monash for research opportunities, as well as partnerships between clinical schools within Monash and other major research organisations. This approach will play a major role in maximising contributions to preventing cardiovascular disease.

Monash Data Futures Institute

Monash Data Futures Institute brings together leading cross-disciplinary expertise, international partnerships and a large affiliate network. Using data-driven AI, the Institute is enhancing health sciences, governance and policy, and sustainable development.

One of the Institute’s PhD scholarship recipients is Vidushani Dhanawansa who is researching the development of AI that will gauge levels of consciousness during general anaesthesia and surgery.

The RISE program

More than a billion people live in slums around the world where polluted water and inadequate sanitation are leading causes of preventable diseases. RISE is working with communities, governments, researchers and industry partners to co-design water and sanitation solutions with 24 informal settlements in Fiji and Indonesia.

Securing Antarctica’s Environmental Future

Rapid change is underway in Antarctica and the Southern Ocean. Monash is on a mission to reduce uncertainties in future climate and sea-level projections, as a major contributor to the flagship global collaboration Securing Antarctica’s Environmental Future (SAEF).
GET AHEAD WITH MONASH

From day one, a Monash education sets you on the path to future career success.

CAREER DEVELOPMENT
Our programs and platforms offer work-integrated learning experiences and engagement with industry. You’ll develop an enterprising mindset, hone your employability skills, and gain a competitive edge in the graduate employment market.

Career Connect
Our Career Connect program gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching.

monash.edu/career-connect

Student Futures
Our Student Futures platform allows you to collate the real-life skills that will show employers you have what they’re looking for, taking into account not just your university activities, but those that are part of your “outside” life – paid work, family responsibilities, and contributing to your community.

monash.edu/student-futures

Mentoring
Throughout your studies, you’ll have the opportunity to be a mentor or be mentored. You can share or gain insights about life at university, career planning, building employability, as well as future goals.

monash.edu/mentoring

Develop leadership
While studying, you’ll be encouraged to foster the skills for effective leadership that will enable you to bring out the best in yourself and the people around you.

monash.edu/students/leadership

Monash Talent
With our employment service, Monash Talent, you can start your career search without stepping foot off campus. We have a team of recruitment specialists who’ll connect you with reputable employers and match you with jobs that suit your skills and passions.

monash.edu/talent

ACADEMIC DEVELOPMENT

Student Academic Access
Monash’s Student Academic Success (SAS) is a program with a supportive specialist team of advisers. They’ll work with you, both individually and in groups, to help you orient yourself to academic study at Monash, develop your learning and language skills and coach you so that you can optimise your academic success.

Our Learning and Language advisers are there to help you get on track with learning, stay on track and boost your results.

With Student Academic Success, you’ll be able to access:

• individual consultations with learning and language advisers to gain support.
• workshops to learn a range of learning and language skills with other students.
• self-help resources such as quick study guides, learning and teaching technology guides and other bespoke resources that will support your orientation and academic progress.

For more information, monash.edu/learnhq

Click here to find out how a Monash education prepares you for success into the future.
THE CHOICE
IS YOURS

Image: View of sound shell exiting the Library at our Caulfield campus.
We know that when, where, how and what you study is critical to progressing your career, skills and knowledge.

You might be a professional looking to gain expert knowledge in your current field, or you might be looking for a career change. Or maybe you want to complement your existing knowledge and experience by tackling study in a new discipline so that you develop a competitive edge in your career.

We offer a comprehensive graduate coursework portfolio that includes graduate certificates, graduate diplomas and master’s programs. Our range of graduate course options allows you to choose the qualification level and course duration that suits your needs.

Depending on which path you take, you may be eligible for credit for your prior qualifications and/or experience. This could reduce the duration of your course and lower the overall cost.

**Graduate certificates**

These are our six-month courses, and provide a way to broaden your knowledge base within a shorter period of time. They can give you a sense of what’s involved with graduate coursework studies.

Completing your graduate certificate not only provides you with a qualification, it can also create an opportunity for you to pursue further studies in either a graduate diploma or a master’s degree, and can shorten your study time should credit be available.

**Graduate diplomas**

Through our one-year graduate diploma courses, you could develop a broader understanding in your chosen area of study. Completion of a graduate diploma can also provide a pathway to further studies at a master’s or doctorate level. If you decide to pursue further studies in your chosen field, you may be eligible for credit which would reduce the overall duration.

**Master’s by coursework**

We offer a broad portfolio of master’s by coursework programs, with options available in each of our faculties. These master’s courses can run from one to four years, and you may receive credit for prior studies and/or experience which would allow you to complete your studies in a shorter time.

Our master’s courses provide opportunities for professionals to further develop specialist knowledge in their chosen field, or for individuals to change their career direction entirely and undertake study in a new discipline.

You can see the full list of our graduate coursework offering on pages 14-15.

Whatever your ambition, Monash can help you get there.
From day one, a Monash education sets you on the path to future career success.

WORK-INTEGRATED LEARNING

Our programs and platforms offer work-integrated learning experiences and engagement with industry. You’ll develop an enterprising mindset, hone your employability skills and gain a competitive edge in the graduate employment market.

Incorporate professional experience into your studies through clinical placements, fieldwork, study tours, placements, or internships. Each of our ten faculties offer work-integrated learning options. We’ve listed just a few.

IT and Engineering
Both our IT and Engineering faculties have specific work-integrated learning opportunities throughout their graduate offering.

Monash Law School
Monash Law offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

Monash Business School
Monash Business School offers practical experience with many of their courses, with many of their courses providing accreditation and professional recognition.

Medicine, Nursing and Health Sciences
Our school of Medicine, Nursing and Health Sciences have created placement requirements through many of their graduate courses, all designed to maximise your professional development.

Click here to learn more about our work-integrated learning options
I chose Monash specifically, because unlike similar programs in other universities, this program offered internship opportunities where we learn to apply our knowledge and skills in a real-life settings. My internship with Janssen enabled me to seek guidance from people with years and years of experience within the pharmaceutical industry. Janssen arranged an intern engagement program where I had the opportunity to talk with people from different parts of the company each week. They also involved me in meetings where I could observe how different roles work together in a cross-functional team. I gained an understanding of how much science is involved and how it fits within a pharmaceutical company. This experience opened my eyes to a wide range of roles where science is highly utilised."

ASSIFA NUR HISANA
Master of Biomedical and Health Science, 2020

I undertook a clinical placement with Tradelab, a Geneva based non-profit organisation that assists developing countries with trade-related legal matters. This internship was valuable as it gave me an opportunity to gain practical working experience and at the same time make a meaningful contribution to the future of sustainable infrastructure development."

PRATIK AMBANI
Master of Laws (Juris Doctor), 2019
SCHOLARSHIPS TO UNLOCK YOUR TALENT
At Monash, we’re committed to attracting academic high achievers and producing internationally competitive graduates.

**COURSEWORK SCHOLARSHIPS**

If you’re a prospective or continuing coursework graduate student, there’s a variety of scholarships and grants available.

**Academic scholarships**

Our Monash scholarships aim to attract academically gifted students.

**Accommodation scholarships**

We offer scholarships to help cover the costs of your accommodation, and there are even scholarships to support any relocation costs.

**Indigenous students**

The Achieving Potential Indigenous Support Scholarship is guaranteed to all Indigenous students ($5000 per annum).

**Equity scholarships**

We recognise that sometimes your personal circumstance can impact on your studies. If you’re from a low-income background, have a disability or medical condition, live in a regional or remote area, are from an asylum-seeking background, or have experienced difficult circumstances, we offer scholarships to ensure that none of these factors prevent you from pursuing your dreams.

**RESEARCH SCHOLARSHIPS**

The Australian Government’s Research Training Program (RTP) covers your research course fees if you’re an Australian or New Zealand citizen or an Australian permanent resident. There are various other scholarships available to assist with other costs.

For details, visit [monash.edu/graduate-scholarships](http://monash.edu/graduate-scholarships)

At Monash, we believe in giving our students the best chance to achieve their potential and our range of scholarships reflect this commitment.

The number of scholarships and grants offered each year varies. So find the right scholarship for you at [monash.edu/scholarships](http://monash.edu/scholarships)

As a Monash Master of Architecture graduate, you’ll have the vision to design architecture that responds to the dynamic needs of society while also speculating about the future of our built environment.

In this project-based studio course, you’ll be guided by industry experts and award-winning architecture academics. This integrated program of study allows you to select from a range of design studios in conjunction with advanced architectural studies. Whether you’ve completed undergraduate studies in architecture or another field, you’ll be supported to excel to become a professional architect.

**PROFESSIONAL ACCREDITATION**

This course meets the academic requirements for professional recognition and is accredited by the Architects Accreditation Council of Australia (AACA).

**ADDITIONAL SELECTION REQUIREMENTS**

**Three-year duration**

You must also provide:
* a curriculum vitae and a statement of intent.

**Two-year duration**

You must also provide:
* a design folio
* a curriculum vitae.

Shortlisted applicants may be invited to attend an interview.

**CAREER OPTIONS**

* Registered architect
* Drafting and design work
* Government policy advisor
* Project management
* Property or community development.

In a rapidly transforming world, designers need to constantly develop their skill sets, strategic thinking and knowledge to respond with innovative solutions to developments in their field.

Ideal for both designers and non-designers, this course focuses on four core design studios that will engage you with design systems, services, processes, environments and objects.

Guided by Monash design academics and industry practitioners you’ll build technical capabilities and knowledge in design thinking and strategy while developing research capabilities and an entrepreneurial mindset.

**SPECIALISATIONS**

* Collaborative design
* Interaction design
* Multimedia design
* Advanced studies in design

**PROFESSIONAL RECOGNITION**

The Master of Design is a recognised course by the Design Institute of Australia – the peak industry body for professional design.

**ADDITIONAL SELECTION REQUIREMENTS**

If you’re applying for the one-year program, you’re required to also provide 10–15 images of recent original work, clearly numbered with a corresponding list of details attached, and to identify your preferred specialisation.

**ALTERNATIVE EXITS**

* Graduate Certificate of Design
* Graduate Diploma of Design

**CAREER OPTIONS**

* Interdisciplinary collaborative designer
* Multimedia designer
* Web, UX, UI, animation, or interaction designer.

---

1 If you’re applying at the three-year entry point, please note that the option to study part-time is not available for the first year of study.
2 Commonwealth Supported Places are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
5 The qualifying bachelor degree must have been completed within five years of the proposed commencement of the master’s program. If you’ve successfully completed the Bachelor of Architectural Design at Monash University, you’re guaranteed a place, upon application, to progress into the two-year Master of Architecture.
6 Or equivalent qualification and relevant experience approved by the faculty.
7 Related fields may include graphic design, communication design, visual communication, interior design, interior architecture, exhibition design, interaction design, user experience design, multimedia design, motion design, web design, industrial design or product design.
8 You must have achieved a credit average (60%) in the graduate certificate qualification.
9 If you’re applying to do the one-year program, you’re required to provide 10–15 images of original work, clearly numbered with a corresponding list of details attached, and to identify your preferred specialisation.
Public Art is a growing international field of practice that informs and enriches our perception of place.

Working closely with Monash Art Projects and Monash University Museum of Art, you’ll draw on the extensive experience of Monash academics, artists and designers to gain invaluable insights, networks and information on commissioning, tendering, collaborating and installing major sculpture commissions both locally and internationally.

You’ll work on simulated and real project briefs to gain theoretical and technical skills, detailed knowledge of processes and techniques for tendering submissions, as well as understanding of historical and theoretical contexts in engaging public art. Creative practitioners in a range of fields undertake this study to create impact in their existing field or to extend career prospects.

**ADDITIONAL SELECTION REQUIREMENTS**
You’ll also need to provide:
- a statement of intent (300-500 words)
- compilation of evidence of creative work (images, text, photos, drawings etc) – 10 pages maximum.

**CAREER OPTIONS**
- Practising artist
- Major cultural projects manager
- Public or visual art curator
- Art director
- Public art/public programs officer.

**RESEARCH WITH IMPACT**
At Monash Art, Design and Architecture, you’ll have the opportunity to study with a wide range of academics who undertake innovative, collaborative research that addresses the most pressing issues of our times.

CREATE A MASTER’S DEGREE THAT SUITS YOU

Our courses offer a unique and nuanced approach to their industry and subject matter, and are underpinned by our guiding principles to be innovative, international and engaged. There are many ways you can create the master’s degree that best suits your interests and career needs.

- Tailor your program by taking specified electives from any other coursework master’s degrees offered in the faculty.1
- Accelerate your studies, taking units over the winter and summer, and complete your degree in one year.2
- Apply for professional internships to develop your professional experience and networks.
- Go on study tours and gain practical, on-the-ground experience both in Australia and abroad.
- Create a pathway to a PhD — by completing a research thesis as a prerequisite for future enrolment into a PhD or a master’s by research.
- Take advantage of leadership opportunities through our Arts Graduate Leadership Program and gain access to professional development workshops.

APPLIED LINGUISTICS

MASTER OF APPLIED LINGUISTICS

COURSE CODE: A6001

CLAYTON (on campus, online) 1, 1.5 OR 2 YEARS (full time, part time)

$26,700 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

PROFESSIONAL INTERNSHIP: WORK-INTEGRATED LEARNING INTERNSHIP AVAILABLE

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in any field Credit (60%) 2

Bachelor’s degree (or equivalent) in a related field1, OR Credit (60%) 1.5

Bachelor’s degree (or equivalent) in any field + graduate certificate in a related field2 Credit (60%) 1

Bachelor’s (honours) degree (or equivalent) in a related field3 Credit (60%) 1

As the world becomes more connected, the demand to relate to globalisation, multilingual and intercultural encounters increases.

The Monash Graduate Certificate in Applied Linguistics introduces graduates to the importance of language across a range of professional and personal online and offline contexts. It offers an innovative response to the growing importance of digital language and technologies. You’ll gain knowledge, understanding and skills to reflect upon and respond to the increasingly important role of language in multilingual and multicultural societies, including Australia.

The Graduate Certificate in Applied Linguistics can be taken as a standalone degree, while also providing an entry point in the Master of Applied Linguistics.

ALTERNATIVE EXITS

- Graduate Certificate of Applied Linguistics
- Graduate Diploma of Applied Linguistics

CAREER OPTIONS

- Editing and publishing
- Language teaching (LOTE, TESOL, TEFL)
- Language planning and policy work.

GRADUATE CERTIFICATE OF APPLIED LINGUISTICS

COURSE CODE: A4016

CLAYTON (on campus, online) 1 YEAR (part time)

FEBRUARY AND JULY

$13,350 (2023 fees)

This is the total 2023 fee for this 24-credit-point course.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in any field, OR Pass (50%) 1

A minimum of three years’ work experience1 in a relevant field

Applied linguistics is a rapidly growing field and increasingly recognised for its ability to solve language-related problems at a micro and macro level.

With globalisation and significant technological disruption in recent years, the demand for applied linguists, English language experts, teachers and intercultural communicators has significantly increased. As a professional at the forefront of this field, your knowledge of how language works and how it can be used across a broad range of scenarios will be highly valued in the workplace.

The application of linguistic knowledge to professional contexts is at the heart of the curriculum. You’ll have the opportunity to regularly engage with real-world case studies and practical problem-solving as part of your studies. There’s also an extensive fortnightly seminar series where you can engage with guest lecturers from industry and other universities.

1 Only available for students completing the two-year option, and commencing in semester one.
2 Only available for students completing the 1.5-year option. Not available with the Master of Interpreting and Translation Studies or the Master of Bioethics.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
5 Related fields include linguistics, applied linguistics, language study or teaching, translation and interpreting, TESOL and speech pathology.
6 You must have achieved a pass (50%) average in both qualifications.
7 You’re required to provide a curriculum vitae and a reference from your employer.
BIOETHICS

MASTER OF BIOETHICS
COURSE CODE: A6002

CLAYTON (on campus, online) 1 1.5 OR 2 YEARS (full time, part time)
FEBRUARY AND JULY $26,700 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

PROFESSIONAL INTERNSHIP: WORK-INTEGRATED LEARNING INTERNSHIP AVAILABLE

Bachelor’s (hons) degree (or equivalent) in a related field4 Credit (60%) 1

Revolutionary developments in biological and health sciences and technology are increasingly raising crucial ethical questions. The Master of Bioethics is designed to be truly interdisciplinary, bringing together minds from philosophy, medicine, biotechnology, law, journalism and science, to learn with and from one another.

Our Master of Bioethics is offered by the Monash Bioethics Centre, established by Professor Peter Singer in 1980, and was Australia’s first research centre devoted to bioethics. In 2014 it was designated as a World Health Organization Collaborating Centre for Bioethics, of which there are only six worldwide. You’ll work with expert staff who are internationally recognised leaders and active, prominent contributors to public and professional discussions about a variety of issues in the field.

You’ll have the opportunity to collaborate with industry and apply for optional internships, both in Australia and overseas. Our connections include a wide variety of organisations such as Médecins Sans Frontières (Doctors Without Borders), The Alfred hospital (Melbourne), International Association of Bioethics, Virtues Across the Continents Network, Murdoch Children’s Research Institute and Victorian Clinical Genetic Services.

ALTERNATIVE EXITS

• Graduate Certificate of Bioethics
• Graduate Diploma of Bioethics

CAREER OPTIONS

• Clinical ethics and research ethics within hospitals and health care facilities
• State guardianship boards
• Disability advocacy

GRADUATE CERTIFICATE OF BIOETHICS
COURSE CODE: A4003

CLAYTON (online, multi-modal) 6 MONTHS (full time, part time)
FEBRUARY AND JULY $13,350 (2023 fees p.a.)

This is the total 2023 fee for this 24-credit-point course. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in any field, OR Pass (50%) 0.5

A minimum of three years’ work experience6 in a relevant field

When it comes to advancements in medicine, technology, health and science, the future is now. However, progress comes at a cost. Bioethics is the answer to the seemingly unanswerable, and can help us solve our most urgent ethical challenges in healthcare.

The Graduate Certificate of Bioethics is particularly well suited if you are a health care professional or scientist who faces complex ethical issues in your working life, if you are involved in the development of public policy and law, or if you are wishing to explore issues of public concern. The course has been designed in ways to suit both those with little or no prior educational background in ethics or philosophy, and philosophy graduates with an interest in further studies of bioethics.

The Graduate Certificate in Bioethics can be taken as a standalone degree, while also providing an entry point in the Master of Bioethics.

CAREER OPTIONS

• Clinical ethics and research ethics within hospitals and health care facilities
• State guardianship boards
• Disability advocacy

1 This course is available online and is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) who have a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

4 Related fields include medicine and other health sciences, life sciences, social sciences, law and humanities.

5 You must have achieved a pass (50%) average in both qualifications.

6 You’re required to provide a curriculum vitae and a reference from your employer.
## Communications and Media Studies

**Master of Communications and Media Studies**

**Course Code:** A6003  
**Location:** Caulfield (on campus)  
**Duration:** 1, 1.5 or 2 years (full time, part time)  
**Start Dates:** February and July  
**Fees:** $27,300 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

**Professional Internship: Work-Integrated Learning Internship Available**

**Entry Requirements**

**Eligibility**

1. Bachelor’s degree (or equivalent) in any field  
2. Bachelor’s degree (or equivalent) in any field  
3. Bachelor’s degree (or equivalent) in a related field, OR  
4. Graduate certificate (or equivalent) in a related field, OR  
5. Bachelor’s (hons) degree (or equivalent) in a related field  
6. Related fields include humanities and social sciences.

- You must have achieved a pass (50%) average in both qualifications.
- You’re required to provide a curriculum vitae and a reference from your employer.

Become an insightful, impactful and engaging communicator by exploring the latest developments and research in communications and media. Hands-on skill development in project management, media research and media production is complemented by a rigorous academic grounding which will provide you with the conceptual framework for critical decision making throughout your career. The course content is uniquely customisable and flexible, enabling you to develop advanced specialisations, and pursue your passions through a broad range of future-focused electives.

Our Master of Communications and Media Studies provides a global curriculum that prioritises real-world and industry experience. You’ll have the opportunity to attend field trips to media outlets in Sydney, Melbourne, and Shanghai.

You’ll have the option of undertaking an industry internship where you can apply your skills in real-work situations. Excursions and guest lectures help to provide further industry-based learning opportunities.

**Alternative Exits**

- Graduate Certificate of Communications and Media Studies
- Graduate Diploma of Arts

**Career Options**

- Media planning and buying
- Public relations consultant
- Media advisor
- Social media manager.

**Graduate Certificate of Communications and Media Studies**

**Course Code:** A4007  
**Location:** Caulfield (on campus)  
**Duration:** 6 months (full time, part time)  
**Start Dates:** February and July  
**Fees:** $13,350 (2023 fee)

This is the total 2023 fee for this 24-credit-point course. Published durations apply to full-time study mode.

**Entry Requirements**

**Eligibility**

1. Bachelor’s degree (or equivalent) in any field, OR  
2. A minimum of three years’ work experience  
3. Related fields include humanities and social sciences.

As a student in the Graduate Certificate of Communications and Media Studies, you’ll not only learn how to participate in this media-saturated world but will also learn how to analyse, critique and challenge assumptions about the role of the media.

You’ll expand your understanding of the key challenges posed by the new economy of digital media, globalisation and increasing levels of cross-cultural exchange. Skill development in critical thinking, writing and presentation in multicultural settings are designed to enhance your career capabilities.

This course is suitable for emerging professionals in communications and media industries, as well as those wishing to expand their knowledge of this dynamic field. Successful completion of your studies can count toward a Master of Communications and Media Studies for those who desire further study.

**Career Options**

- Digital media engagement
- Content creator and production
- Communications advisor.

The Master of Cultural and Creative Industries prepares students for diverse career pathways in the cultural sector. The course examines the trends and transformation of the global cultural and creative industries and multi-faceted challenges facing creative practitioners, cultural managers, creative entrepreneurs and producers, and policymakers.

You’ll gain a detailed understanding of this dynamic sector from a range of industry professionals and real-world projects in Australia and overseas. Whether exploring creative clusters in Melbourne and Shanghai, or understanding the business models of global digital industries, our agile content will prepare you for a career in this expanding sector.

You’ll gain insight into how to initiate and manage projects, and how to evaluate their success, while maintaining close contact with a range of industry professionals and real-world projects from Australia and overseas.

**ALTERNATIVE EXITS**

- Graduate Certificate Cultural and Creative Industries
- Graduate Diploma of Arts

**CAREER OPTIONS**

- Running a creative studio
- Working within marketing, design and digital media agencies
- Cultural consultancy
- Policy development within government.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include humanities or social sciences.
4 You must have achieved a pass (50%) average in both qualifications.
5 You’re required to provide a curriculum vitae and a reference from your employer.

In the Graduate Certificate of Cultural and Creative Industries students will gain insights into the distinctive qualities of the global cultural and creative industries – how policy is generated and implemented, the nature of creative work and its rewards, methods for researching the cultural economy, the role of culture in sustainable development and the importance of cultural events, exhibitions and festivals.

This course is tailored to a range of career ambitions within this sector – in those creative industries concerned with the generation of intellectual property, the arts and public cultural institutions, policy offices, research and the independent and alternative sectors.

The Graduate Certificate of Cultural and Creative Industries can be taken as a standalone degree, while also providing an entry point in the Master of Cultural and Creative Industries.

FAMILY VIOLENCE PREVENTION

Deepen your skills and understanding of the key social frameworks underpinning domestic and family violence.

This course will build skills in a range of practice areas covering child safety, men’s behaviour change, health impacts of family violence, family violence in the criminal justice system, and working with victims and survivors.

On successful completion of this graduate certificate, you may be eligible for admission with credit into the Graduate Diploma of Family Violence Prevention, or the Master of Public Policy which offers a Family Violence Prevention specialist stream.

CAREER OPTIONS
The knowledge and skills you’ll gain are transferable across a wide range of professions and occupations where workers encounter domestic and family violence issues.

This course delivers specialised expertise in the area of family violence prevention while providing you with practical experience.

You’ll build skills in a range of practice areas including child safety, men’s behaviour change, health impacts of family violence, family violence in the criminal justice system, and working with victims and survivors. You’ll also undertake real-world learning opportunities, building skills and competencies required in particular domains of family violence prevention work, such as law and primary medical responses to family violence.

On successful completion of this graduate diploma, you may be eligible for admission with credit into the Master of Public Policy which offers a Family Violence Prevention specialist stream.

ALTERNATIVE EXIT
Graduate Certificate of Family Violence Prevention

CAREER OPTIONS
On completion of this degree, you’ll have the expert skills required to successfully work in fields that encounter domestic and family violence issues.

1 This course is available online and is available to domestic students, international students living and studying offshore, holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to International Students currently in Australia on a Student Visa.

Bachelor’s degree (or equivalent) in any field, OR Pass (50%)
A minimum of three years’ work experience in a relevant field

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

2 You’re required to provide a curriculum vitae and a reference from your employer.

Be a part of change and make an impact on the future of your region.

Drawing on the expertise of Monash University’s Gender, Peace and Security Centre (Monash GPS), and backed by the strongest international research in the field, the Graduate Certificate of Gender, Peace and Security will enable leaders to better integrate gender perspectives into peace and security policymaking at all levels – local, national, regional and global.

You’ll gain training on the facilitation of women’s participation in peacebuilding and the prevention of conflict, violent extremism and insecurity.

You’ll also have access to industry partners through guest lectures and informal meetings to develop your networks, hear about recent developments in the field, and to understand the relationship between research and its application in the field.

CAREER OPTIONS
• Policy design, analysis and evaluation
• Programmatic design, implementation and evaluation
• Research.

FLEXIBLE STUDY
Well-suited to working professionals, the course consists of two intensive several day units in both July and November, so you can balance study, work, and personal commitments.
Delivered by specialists from the humanities, social sciences, medicine, business, education and law, the Master of International Development Practice offers a broad approach to sustainable development with six specialist streams: Democracy, justice and governance; Crisis, change management and leadership; Gender, peace and security; Global migration; Sustainable economies; and Sustainable resource management.

You’ll learn directly from leading researchers and practitioners, and will combine this academic insight with a high level of industry integration to give yourself a competitive advantage in the workforce.

You’ll also have the opportunity to be matched with an industry mentor in the field through our many sector partnerships and mentoring programs which match students with a development practitioner from around the world based on shared interests.

DOUBLE MASTER’S PROGRAM
Available as part of the double master’s program with the Master of Arts (International Development Practice) with the Tata Institute of Social Sciences in Mumbai, India.

ALTERNATIVE EXITS
- Graduate Certificate of International Development Practice
- Graduate Diploma of Arts

CAREER OPTIONS
- Project managers in humanitarian and aid delivery
- Corporate social responsibility officers
- Researchers in foreign aid and development sector

Ever wondered how to combat global poverty and environmental crises?
In the Graduate Certificate of International Development Practice, you’ll explore the complex political, economic, cultural and ecological challenges that contribute to extreme poverty, reduced health, environmental vulnerability and fragile governance affecting the well-being of millions of people worldwide.

This could be your stepping stone to diverse careers in the field within six months full-time or you could continue to develop through the Master of International Development Practice.

CAREER OPTIONS
- Researchers in foreign aid and development sector
- International institutions such as the Asia Development Bank, the United Nations and Oxfam, Care or Plan.
As the only affiliate member of the Association of Professional Schools of International Affairs (APSIA) in the southern hemisphere, this course seamlessly blends theory, policy and practice.

You'll rigorously analyse contentious issues in foreign policy, economics, and security, exploring how they shape and are shaped by contemporary gender, migration, development, and conflict dynamics in global politics.

You'll learn from leaders in the field who are all highly regarded experts sought after for their expertise to help solve political, humanitarian and ethical issues nationally and internationally.

**SPECIALISATIONS**
- Gender, peace and security
- Global migration
- International diplomacy and trade
- Political violence and counter-terrorism

You may also choose to complete advanced international relations.

**DOUBLE MASTER’S PROGRAM**
Available as part of the double master’s program with the Master of Arts in Chinese Politics and Economy at Shanghai Jiao Tong University.

**ALTERNATIVE EXITS**
- Graduate Certificate of International Relations
- Graduate Diploma of Arts

**CAREER OPTIONS**
Graduates work in a broad range of occupations in sectors such as:
- Intergovernmental (ASEAN, United Nations)
- Governmental (counter-terrorism, defense, diplomacy, finance, immigration, trade)
- Private (cybersecurity, defense, investment, law)
- Non-profit (commerce, development, humanitarian aid, policy analysis).

Develop a greater understanding of the dynamic world of global politics in the 21st century.

You’ll build foundational knowledge of international affairs, grounded in the key debates framing global politics, and address the big questions about global justice, war, peace, social movements and interstate relations.

This course builds essential skills in global leadership, intercultural communication and facilitating positive change in a context characterised by significant levels of global complexity and connectivity.

Successful completion of this degree can count towards a Master of International Relations for those who desire further study.

**CAREER OPTIONS**
Graduates go on to a broad range of occupations at organisations such as:
- Australian Federal Police
- Australian Trade Commission
- ASEAN Ministry of Foreign Affairs.
Keen to further focus your international interests and aspirations? This double-degree could be for you.

You’ll complete one of the specialisations offered within the Master International Relations and you’ll also take on the main components of the Master of Journalism, giving you the chance to enter the journalism industry or, if you’re already part of the media, to extend your expertise.

This course equips you with the intellectual, professional, and technical skills you need to craft world affairs news for a wide range of global audiences and stakeholders.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3. Related fields include humanities or social sciences.
4. You must have achieved a pass 50% average in both qualifications.

ELIGIBILITY

Bachelor’s degree (or equivalent) in any field, OR Pass (50%) 0.5
A minimum of three years’ work experience3 in a relevant field

Studying a degree in sustainable tourism allows you to work in one of the fastest-growing industries, while simultaneously knowing how to reduce the impact of travel on local economies and environments.

You’ll develop an understanding of the industry in a global setting, before delving into industry-relevant areas such as marketing and tourism economy for the digital age.

On completion of this course, you’ll be prepared for work in the government or private-sector tourism industry. If you prefer delving deeper into the field through further study, you can use this course as an entry point to the Master of International Sustainable Tourism Management.

CAREER OPTIONS

• Adventure tourism
• Events management
• Cultural institutions.
Develop your practical and theoretical skills in translation and interpreting in English and a second language chosen from Chinese, French, German, Indonesian, Italian, Japanese, Korean, Russian or Spanish.

Combining practical internships with rigorous academic foundations, you’ll be able to implement advanced reading, analytical and communication skills throughout your working life.

Incorporate a minimum of 50 hours of professional internship and gain real-world experience, build networks, and significantly improve your graduate employability prospects.

As a Monash graduate you’ll have the highest level of professional accreditation available within Australia.

**SPECIALISATIONS**
- Translation
- Interpreting and translation

**PROFESSIONAL ACCREDITATION**
Our course is endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI). Monash was also the first Australian university to be a member of the Conférence Internationale Permanente d’Instituts Universitaires de Traducteurs et Interprètes (CIUTI) – the world’s most prestigious international association of tertiary institutions offering degrees in translation and interpreting.

**DOUBLE MASTER’S PROGRAM**
Available as part of the double master’s program with Jean Moulin Lyon 3 University, France; Kobe City University of Foreign Studies, Japan; or University of Bologna, Italy.

**ALTERNATIVE EXITS**
- Graduate Certificate of Arts
- Graduate Diploma of Arts

**CAREER OPTIONS**
- Interpreting (conference interpreter, community interpreter, court interpreter)
- Translating (technical, legal, audio-visual, literary).

---

1 The core units for the Translation specialisation are available in flexible delivery for domestic students. Units for the Interpreting specialisation are taught at Caulfield campus.
2 July entry option available to students completing the translation stream only.
3 A limited number of CSPs are available for this course. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
4 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
5 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
6 The level of language competence should be equivalent to at least three years’ post-year-12 study.
7 A credit (60%) average is required in both qualifications.
Technology has transformed the traditional model of mainstream media creating the most exciting opportunities for storytelling in the history of journalism. As a journalist today, you’ll find yourself at the edge of a golden age where all modes of media can be combined to tell your story to wider audiences than ever before.

Gain access to industry-standard facilities in the Monash Media Lab. You’ll work with award-winning journalists as well as writers, photographers, producers, historians, and political scientists with strong industry links, and develop expert skills in research and reporting in print, digital, radio and video. Designed for people looking to establish a career as a journalist, or in related areas such as public relations, speechwriting or communications, this innovative course will prepare you for a dynamic career in the contemporary digital age.

**DOUBLE MASTER’S PROGRAM**
- Double master’s with Monash’s Master of International Relations
- Double master’s with the University of Warwick, UK

**ALTERNATIVE EXITS**
- Graduate Certificate of Journalism
- Graduate Diploma of Arts

**CAREER OPTIONS**
- Journalist
- Public relations consultant
- Communications advisor.

---

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include humanities or social sciences.
4 You must have achieved a pass (50%) average in both qualifications.
5 You’re required to provide a curriculum vitae and a reference from your employer.

5 You must have achieved a pass (50%) average in both qualifications.
6 You’ll be required to provide a curriculum vitae and a reference from your employer.
Build your skills in advocacy and campaigning, public relations and crisis communications as well as audience research and analytics. Taught by leading academics and practitioners in the field, the Master of Strategic Communications Management has a strong applied focus and aligns closely with innovation taking place in the industry. You’ll examine the impact of persuasive storytelling and influencer strategies, and will consider the effectiveness of integrated media campaigns using both traditional and digital approaches.

You’ll be equipped with the skills and knowledge to build effective communication and stakeholder engagement strategies, as well as the expertise to communicate with diverse audiences during and after a crisis.

Your studies will be capped with the option of an industry communications field school, professional internship or major research project.

DOUBLE MASTER’S PROGRAM
Available as part of the double master’s program with the Master of Journalism and Communication with Shanghai Jiao Tong University, China.

ALTERNATIVE EXITS
* Graduate Certificate of Strategic Communications Management
* Graduate Diploma of Arts

CAREER OPTIONS
* Strategic communication advisor
* Public relations director
* Campaign manager.

Discover how and why communication needs to be strategised, and develop your own informed, independent solutions.

You’ll gain a deeper understanding of advocacy, managing reputation and public relations, and working through crisis management.

Learning directly from experts in the field, you’ll develop job-ready skills for non-government, government and corporate sectors.

This course will equip you with invaluable specialist and industry-relevant knowledge and skills which will give you that competitive edge. Alternatively, you can expand on your studies with the Master of Strategic Communications Management.

CAREER OPTIONS
* Marketing communications manager
* Communication strategist
* Political marketing specialist.
The Master of Accounting provides the advanced skills needed to successfully operate as a specialist in the accounting profession. You’ll be prepared for a range of senior or leadership roles across private or government sectors. And with data leading decision-making in business, you’ll be equipped to use your research and data analysis expertise at a management level.

You can undertake research pathway units which provide opportunity to challenge and extend your accounting knowledge (prerequisites apply). In addition to acquiring this expertise, the research pathway is also a first step towards graduate research study for a Doctor of Philosophy (PhD).

You’ll also develop advanced skills in strategic thinking, problem-solving, presentation and communication.

**ACCREDITATION AND PROFESSIONAL RECOGNITION**

The Monash-CIMA collaboration provides a fast-track route to acquire both a Master of Accounting and the Chartered Institute of Management Accountants (CIMA) professional qualification.

**DOUBLE MASTER’S PROGRAM**

This course is available as a double degree and can be taken with either of the master’s courses listed below:

- Master of Global Business (B6046)
- Master of Management (B6053).

**ALTERNATIVE EXITS**

- Graduate Certificate of Business
- Graduate Diploma of Business.

Looking to start a career in business? Our industry-focused Master of Business is designed to equip recent graduates with the business knowledge and skills to thrive in today’s dynamic business environment.

The Master of Business offers an exceptional opportunity to explore contemporary business issues, theories and best practice in your chosen discipline. In addition, this course is geared toward developing your leadership, teamwork and interpersonal skills, helping you to operate in professional contexts. Through a range of hands-on experience, including consulting projects, internships and study tours, you will gain exposure to real organisational problems and challenges, giving you a competitive edge in the job market.

The following specialisations allow you to tailor your studies to your individual interests and career goals:

SPECIALISATIONS

- Business economics
- Contemporary management
- Economics and health
- Entrepreneurship
- Financial and risk management
- International business
- Marketing
- Project management
- Responsible business governance
- Strategic communications management
- Supply chain management

ALTERNATIVE EXITS

- Graduate Certificate of Business
- Graduate Diploma of Business.

1 The QS World University Rankings by Subject is a discipline ranking, not a course ranking. It is based on academic reputation, employability, research citations and impact.
2 Commonwealth Supported Places are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table. You’ll be ranked and selected based on your entire academic record.
4 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
5 Or equivalent GPA.
6 Or equivalent qualification and experience approved by the faculty.
7 Or qualification and experience which has not been used as a basis for entry to another course within the Monash Business School.
8 A credit (60%) average is required in both qualifications.
The Graduate Certificate of Business is a valuable part of our suite of offerings that can enhance your disciplinary knowledge and skills, and pave the way for career advancement. You have the flexibility to choose any four units from a range of contemporary business themes that suit your personal interests and career goals. We offer some of these units in the evenings, online, or in intensive block mode, allowing you to balance work and study.

The units offered cover a wide range of topics:
- Accounting in business
- Contemporary leadership
- Corporate governance
- Human resources
- International trade
- Sustainability
- Law and responsible business
- Project management
- Supply chain management
- Marketing communication
- Marketing management
- Risk management

In addition to these units, you also have the option of curating your own experience by selecting four units from a wider list of units offered by Monash Business School.

The Graduate Certificate of Business is a flexible, standalone qualification that will boost your skills, without putting your career on hold. It also provides you with a pathway to a master’s degree should you wish to continue your education.

The Graduate Diploma of Business offers an exceptional opportunity to explore contemporary business issues, theories and best practice in your chosen discipline. With a wide range of options available, including marketing, management, accounting, banking and finance, economics or business law, you will develop cutting-edge technical knowledge and skills.

Alongside specialised expertise, the program emphasises the development of highly-valued generic skills sought after by employers, skills such as critical thinking, leadership, communication and teamwork.

If you choose to study full time, you’ll obtain a Graduate Diploma of Business in 12 months. It also provides valuable insights into graduate study and can be pathway to a master’s degree.

In the age of disruption, strategic managers face relentless pressure to keep pace with an increasingly dynamic, digital business environment. The Master of Business Administration (Digital) provides the knowledge and skills you need now, coupled with the strategies and methods you need to stay informed, relevant and current as an uncertain future unfolds. In this course, you’ll develop the skills to:

- lead the adoption of new technologies and perspectives across business operations
- make innovative and informed strategic choices in light of changes in the economic, political and environmental context of business
- maintain currency with ongoing changes in business practice for the balance of your career.

As a graduate, you’ll have the knowledge and skills necessary to advance your career and take your place as a strategic manager and leader no matter what comes next.

**ALTERNATIVE EXITS**
- Graduate Certificate of Business Administration (Digital)
- Graduate Diploma of Business Administration (Digital).

**CAREER OPTIONS**

Apply your business administration skills in a range of fields including:

- manufacturing
- health care
- social assistance
- technical services
- business management
- human resources.

Today’s successful businesses require technologically-literate leaders with a sound understanding of the modern digital landscape. The Graduate Certificate of Business Administration (Digital) provides knowledge and skills you need now, coupled with some of the strategies and methods you need to stay in the know and face the challenges presented by e-commerce.

The Graduate Certificate of Business Administration (Digital) is designed to introduce you to operational knowledge, and the organisational and professional skills required to thrive in an increasingly dynamic and uncertain business environment.

**CAREER OPTIONS**

Apply your business administration skills in a range of fields including:

- manufacturing
- health care
- social assistance
- technical services
- business management
- human resources
- marketing
- finance
- retail.

4 Or equivalent GPA approved by the faculty.
BUSINESS ANALYTICS

MASTER OF BUSINESS ANALYTICS
COURSE CODE: B6022

CLAYTON (on campus) | 1.5 OR 2 YEARS (full time, part time)
FEBRUARY | $33,000 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in any field | High credit (65%)
Bachelor’s degree (or equivalent) in a related field | High credit (65%)

Throw on a skeptic’s hat and an explorer’s backpack and – armed with computational statistical tools – bust myths, validate news, or provide evidence for decisions in the face of uncertainty.

In this practical program, you’ll learn to collect, tidy, wrangle and build recipes with fresh and local data that tell you about your world, all built on a rigorous foundation of statistical thinking.

Our academics are global experts in the field of data-driven decision-making, with active and globally connected research programs. As part of a small and elite program, you’ll work together closely, resulting in more personalised assistance with your career development.

ACCREDITATION AND PROFESSIONAL RECOGNITION
This course is professionally accredited by the Statistical Society of Australia.

ALTERNATIVE EXITS
- Graduate Certificate of Business
- Graduate Diploma of Business.

COMMERCE

RANKED NO.54 IN THE WORLD IN BUSINESS AND MANAGEMENT* QS World University Rankings by Subject 2023

MASTER OF COMMERCE
COURSE CODE: B6023

CAULFIELD (on campus) | 1 OR 2 YEARS (full time, part time)
FEBRUARY | $33,000 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in a related field | Distinction (70%)
Bachelor’s (hons) degree in finance | High distinction (80%)

Developed for high achievers who have completed a degree in banking, finance or a related area, this prestigious course combines coursework and research.

You’ll undertake research methodology training, carry out independent research projects in banking and finance, and work closely with two or three supervisors who will provide you with individual guidance and academic counselling.

This course can also act as a research pathway. It’s ideal if you’re interested in pursuing a PhD and will give you the opportunity to demonstrate your advanced research, analytics and communication skills.

ADDITIONAL SELECTION REQUIREMENTS
Shortlisted applicants will be invited to attend an interview with a panel constituted by the research director. Admission is a competitive process.

ALTERNATIVE EXITS
- Graduate Diploma of Business

1 The QS World University Rankings by Subject is a discipline ranking, not a course ranking. It is based on academic reputation, employability, research citations and impact.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 Or equivalent GPA.
5 Related fields include accounting, business statistics, econometrics, mathematics and business.
6 A distinction (70%) average in four units (24 credit points) in a relevant discipline at level three is required.
7 Or equivalent qualification approved by the faculty.
This practical course focuses on managing for the future, developing your leadership skills, enhancing your digital-focused skill set and strengthening your professional development portfolio.

You’ll be prepared to become an effective leader in an increasingly agile business environment and have opportunities to draw on your career and experience throughout your studies. Perfect for those wanting to remain practising their specialty while leading from the front, this course is a unique opportunity for you to learn and apply key organisational leadership skills within the context of your specialist area or sector.

Study areas you can explore include: project management, digital law, analytics, public health, marketing and digital communications, to name a few. This degree is your opportunity to not only apply transformational knowledge to your current role and organisation, but also puts you in the strongest possible position to tackle the business challenges of the future.

ALTERNATIVE EXIT
* Graduate Certificate of Business Management.

CAREER OPTIONS
Apply your business management skills in a range of fields including:
* manufacturing
* health care
* social assistance
* professional, scientific and technical services.

Prepare yourself for the next step in your career with the Graduate Certificate of Business Management. Delivered entirely online, this introduction to contemporary business practice frames studies through a digital context, while drawing on your own career and experience.

You’ll also learn how organisations can thrive in the era of digital disruption and accelerating technological change.

The flexible delivery allows you to work while you learn and apply course content to your current role or organisation immediately.

CAREER OPTIONS
Apply your business management skills in a range of fields including:
* manufacturing
* health care
* social assistance
* professional, scientific and technical services.
ECONOMICS
RANKED NO.34 IN THE WORLD IN ECONOMICS AND ECONOMETRICS1
QS World University Rankings by Subject 2023

MASTER OF ECONOMICS
COURSE CODE: B6030

CAULFIELD (on campus) 1, 1.5 OR 2 YEARS (full time, part time)
FEBRUARY AND JULY
$33,000 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
1. Bachelor’s degree (or equivalent) in any field2 High credit (65%)3 2
2. Bachelor’s degree (or equivalent) in a related field4, OR High credit (65%)1.5
3. Bachelor’s (honours) degree (or equivalent) in any field5 High credit (65%)1

This course provides an advanced understanding of economics and its application to government and business decision-making. With its strong emphasis on developing analytical skills, you’ll gain professional competence in aspects of economics required for careers in the corporate sector and government.

If you’re looking to extend your knowledge of economic analysis in the global economy, this course is ideal. You’ll develop a solid grounding in economic development, competition policy, economic policy, project evaluation, pricing and risk and regulation.

Designed by recent economics graduates and for early career economists, you’ll gain expertise in applied economic tools, undertake independent research and develop deep knowledge in a particular area of economics, such as development economics or policy economics.

Focus your studies from the start, blending a conceptual theoretical framework with practical applications that cover basic discipline material through to more specialised economic units. You can also create your own stream selecting units that align with your career aspirations.

ALTERNATIVE EXIT
• Graduate Certificate of Business
• Graduate Diploma of Business.

ECONOMIC ANALYTICS
RANKED NO.34 IN THE WORLD IN ECONOMICS AND ECONOMETRICS1

This is a future-focused, innovation-led course designed to provide you with the skills needed to navigate regulatory compliance within an increasingly complex corporate environment.

Designed in conjunction with industry experts, this course will equip you to manage beyond compliance, through exposure to international best practice and the latest regulatory technologies.

You’ll also discover how to identify key risks within businesses, and gain an understanding of the contemporary regulatory and compliance environment in which business operates.

Focus on one discipline or select from a range of discipline-specific, regulation-orientated electives in the areas of: banking and finance, sustainability and environment, contemporary business and corporate regulation, employment regulation, management and risk, and global enterprise.

**DOUBLE MASTER’S DEGREE**

This course is available as a double degree and can be taken with either of the master’s courses listed below:
- Master of Global Business (B6044)
- Master of Management (B6050).

Bachelor’s degree (or equivalent) in any field
Credit (60%) 2

Bachelor’s degree (or equivalent) in any field + two years’ full-time equivalent relevant professional experience, OR

Bachelor’s degree (or equivalent) in education or a related field*, OR

Bachelor’s (hons) degree, or graduate certificate, or graduate diploma, or master’s degree (or equivalent) in any field

Bachelor’s (hons) degree, or graduate certificate, or graduate diploma, or master’s degree (or equivalent) in education or a related field* + two years’ full-time relevant professional experience, OR

Bachelor’s (hons) degree or a graduate certificate or a graduate diploma, or master’s degree (or equivalent) in any field + two years’ full-time relevant professional experience, OR

Bachelor’s (hons) degree or a graduate certificate or a graduate diploma, or master’s degree (or equivalent) in education or a related field* as relevant to the specialisation

This course is for those interested in the science and practice of applied behaviour analysis in clinic, home, school and work settings. You'll be provided with the knowledge and tools to help people with diverse needs to learn new skills, become more independent, and overcome socially important problems, using empirically-supported assessment, teaching, and intervention strategies.

You’ll graduate ready to work across a range of contexts, including early intervention, general education, inclusive and special education, and specialised behaviour support.

PROFESSIONAL ACCREDITATION

The Association for Behavior Analysis International has verified this course toward the coursework requirements for eligibility to take the Board Certified Behavior Analyst® examination. Applicants will need to meet additional selection requirements before they can be deemed eligible to take the examination.

ALTERNATIVE EXITS

• Graduate Certificate of Education Studies
• Graduate Diploma of Education Studies.

CAREER OPTIONS

• Behaviour analyst in a range of settings
• Early intervention clinician
• Special educator/special education administrator.

FLEXIBLE DELIVERY

A flexible course delivery allows you to continue working while studying. You can choose a fully online offering, or combine online with attendance at face-to-face workshops.

1 The online offering of this course is available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

4 Related fields include psychology, counselling and social work. Other fields will be considered on a case-by-case basis.
EARLY CHILDHOOD EDUCATION

ONLINE

APRIL

FULL FEE: $27,000 (2023 fees p.a.)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

PROFESSIONAL PLACEMENT: 60 DAYS

ENTRY REQUIREMENTS

ELIGIBILITY

A graded Australian Diploma in Children’s Services (or recognised graded equivalent) + a minimum of five years’ relevant work experience

Pass (50%) 2

A Monash University Graduate Certificate of Early Childhood Education 1

Designed with experienced early childhood educators in mind, the Graduate Diploma of Early Childhood Education has been specifically developed for early childhood professionals who want to upgrade their Diploma qualifications. The course provides a pathway for graduates to qualify as an early childhood teacher, and enables advancement into leadership roles within early childhood settings.

The course will build on your strengths as an early childhood educator and prepare you for a career as a skilled, critical and effective teacher teaching infants and children from birth to five years of age in childcare, kindergartens and pre-schools.

ADDITIONAL SELECTION REQUIREMENTS

A ‘Statement of Service’ or a written reference from current or previous employers which documents dates of your employment and related leadership responsibilities, to substantiate that a minimum of five years’ relevant employment has been undertaken.

PROFESSIONAL ACCREDITATION

This course is accredited by the Australian Children’s Education and Care Quality Authority (ACECQA). Upon completion, you’ll be qualified to work as an early childhood teacher within Victoria and other Australian states and territories.

CAREER OPTIONS

• Early childhood teacher.

ALTERNATIVE EXIT

• Graduate Certificate of Early Childhood Education.

GRADUATE CERTIFICATE OF EARLY CHILDHOOD EDUCATION
COURSE CODE: D4011

ONLINE

APRIL

FULL FEE: $13,550 (2023 fees)

This is the total 2023 fee for this 24-credit-point course.

PROFESSIONAL PLACEMENT: 30 DAYS

ENTRY REQUIREMENTS

ELIGIBILITY

A Diploma of Children’s Services (or recognised equivalent) + a minimum of five years’ relevant work experience

1

Designed as a pathway to the professionally accredited Graduate Diploma of Early Childhood Education, this course recognises your previous work experiences and aims to build on your early childhood expertise and further develop your capacity as a skilled, critical and effective educator teaching infants and children from birth to five years of age in childcare, kindergartens and preschools.

ADDITIONAL SELECTION REQUIREMENTS

• ‘Statement of Service’ or a written reference from current or previous employers which documents dates of your employment and related leadership responsibilities, to substantiate that a minimum of five years’ relevant employment has been undertaken.

CAREER OPTIONS

Successful completion of the course may provide up to 24 points of credit into our Graduate Diploma of Early Childhood Education – an industry recognised qualification which will support your advancement into leadership roles within early childhood settings and which will qualify you to work as an early childhood teacher within Victoria and other Australian states and territories.

1 Due to onshore professional experience requirements, this course is only available to domestic applicants who reside within Australia.

2 Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.

3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

4 Work experience in an early childhood education setting with related leadership responsibilities.

1

This course is designed for qualified teachers who wish to develop specialist knowledge and skills in inclusive practices in classrooms and schools. You’ll critically explore the theory, current research, practical methods and regulatory contexts which inform effective strategies in supporting children, adolescents and adults with learning, social and behavioural challenges.

This course will equip you to accommodate students with additional learning needs into regular classrooms, through the creation of inclusive and supportive learning contexts and learning programs. Through specific units of study within this program, you’ll develop an understanding of contemporary educational issues around social justice and equity, as a precursor to designing effective programs for students with additional needs within mainstream settings. The Master of Inclusive Education also offers 20 days of professional experience.

This course is only available to domestic students. International students interested in this area should refer to the Master of Education in Inclusive and Special Education.

PROFESSIONAL RECOGNITION
This course is endorsed by the Victorian Institute of Teaching (VIT). Registered teachers who complete this course will be qualified as Special Education Teachers.

SPECIAL REQUIREMENTS
* Working with Children Check
* Current Australian teacher registration/accreditation.

ALTERNATIVE EXIT
* Graduate Certificate of Education Studies.

CAREER OPTIONS
* Special education teacher
* Teacher with specialist inclusive education skills.

1 The online offering of this course is only available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Your initial teaching qualification must meet the qualification requirements for teacher registration in Australia.
This course is designed to support those currently working in the education sector in the area of student wellbeing, including teachers, counsellors, health and wellbeing coordinators, school leaders and youth workers. If you’re interested in supporting the wellbeing of children and young people in educational contexts, this course will provide you with an understanding of the complex and varied concepts, current thinking, and contemporary issues related to student wellbeing both locally and globally.

You’ll develop skills to build respectful relationships with students, families, carers and other professionals, including basic counselling and conflict resolution skills, alongside strategies for self-care. In addition, you’ll develop knowledge of a range of wellbeing programs and practices, and will acquire the skills that will enable you to lead, advocate for and deliver high quality, research-based wellbeing initiatives and approaches.

1 This course is offered online. It’s only available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.

2 A minimum of three years’ full-time relevant work experience.

3 If you’re applying on the basis of work experience, you’ll be required to provide a detailed curriculum vitae outlining your employment history and professional experience, and provide at least one recommendation letter of reference from a relevant employer.
Providing you with a professional qualification, and offering a combination of theory and professional experience, this course equips you with all you need to start a rewarding career as a counsellor.

This highly practical course draws on the latest thinking and approaches to counselling and psychotherapy to develop your understanding of the mental health issues that arise across a lifetime. You’ll examine the various forms of professional counselling, including online and distance counselling, child and adolescent counselling, and individual, couples and group counselling.

This course includes 200 hours of placement to help you develop your counselling and interpersonal skills with clients and colleagues.

**ACCREDITATION AND PROFESSIONAL RECOGNITION**

This course is accredited in Australia by the Australian Counselling Association (ACA) and Psychotherapy and Counselling Federation of Australia (PACFA).

**ADDITIONAL SELECTION REQUIREMENTS**

- Working with Children Check.

**ALTERNATIVE EXITS**

- Graduate Certificate of Counselling
- Graduate Diploma of Counselling.

---

1 The online offering of this course is only available to applicants who reside within Australia as placement must take place in Australia. Students enrolled in the online mode are required to attend a compulsory three-day intensive school on the Clayton campus.
2 The online offering of this course is available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement.
3 The online offering is NOT available to international students currently in Australia on a student visa.
4 We have limited places in this course. Admission into the course is competitive and based on academic merit.
5 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
6 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
7 Related fields include counselling, psychology and social work.

---

**FLEXIBLE DELIVERY**

A flexible course delivery allows you to continue working while studying. You can choose a fully online offering, or combine online with attendance at face-to-face workshops.
EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY

MASTER OF EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY

COURSE CODE: D6007

CLAYTON (on campus) 2 YEARS (full time, part time)

FEBRUARY

CSP1: $4124 FEE: $33,500 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

PROFESSIONAL EXPERIENCE: 1000 HOURS

ENTRY REQUIREMENTS

ELIGIBILITY

A fourth year of psychology study from any course accredited by the APAC, which may be a graduate diploma or bachelor’s honours degree2

Distinction (70%)4

EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGISTS

Educational and developmental psychologists focus on how people develop and learn throughout their lifetime.

They work with individuals, families, groups and organisations, and have varying roles such as school psychologist, guidance officer, and child and adolescent counsellor. They conduct psychological and educational assessments and instructional planning for exceptional children, adolescents and adults.

You’ll apply theory to practice with 1000 hours of supervised professional experience in a range of settings. In a research thesis, you’ll develop an evidence-based approach to psychology, carrying out reviews and scientific investigations relevant to the theory and practice of educational and developmental psychology.

As a graduate, you’ll be qualified to register as a psychologist with the Psychology Board of Australia (PsyBA). You’ll also meet most requirements for membership of the College of Educational and Developmental Psychologists of the Australian Psychological Society.

PROFESSIONAL ACCREDITATION

Our Master of Educational and Developmental Psychology is accredited by the Australian Psychology Accreditation Council (APAC) as a fifth and sixth-year sequence in psychology.

ADDITIONAL SELECTION REQUIREMENTS

You’ll also need to:

• complete a supplementary form that demonstrates evidence of suitability for work as a professional psychologist and includes referee reports (one academic and one professional) and outlines relevant voluntary or paid work experience
• attend an interview (if short-listed).

Applicant checks:

• Working with Children Check (before placement).
• Provisional registration with the PsyBA (before commencing study, and maintain such registration throughout the period of enrolment).
• You must also meet the English language requirements of Monash and of the PsyBA. Consult the PsyBA website to ensure you meet their requirements: www.psychologyboard.gov.au

Applicant checks for off-campus professional experience activities

This course requires you to undertake off-campus professional experience activities. In order to do this, you’ll need to:

• submit proof of your provisional registration with the PsyBA
• meet the specific security clearances that apply in whichever state/territory your professional experience is being undertaken
• complete professional experience orientation provided by the faculty.

---

1 Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3 These qualifications must have been completed within the last 10 years of the commencement date of further studies. Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychology Society (APS). Visit www.psychology.org.au
4 You’ll need to have achieved a distinction (70%) in your fourth year of psychology. Admission into the course is competitive and may require a higher overall average than the minimum requirement.
EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY
ADVANCED

MASTER OF EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY ADVANCED
COURSE CODE: D6016

CLAYTON (multi-modal)¹
JANUARY AND JULY
1 YEAR (full time, part time)²
$33,500 (2023 fees p.a.)

PROFESSIONAL EXPERIENCE: 750 HOURS

ENTRY REQUIREMENTS
ELIGIBILITY
Applicants must have a current general registration with the PsyBA, and EITHER:
An APAC-accredited master’s (coursework) degree in Psychology, OR General registration as a psychologist with the PsyBA for a minimum duration of 12 months

FEES
Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

PROFESSIONAL ACCREDITATION
The Master of Educational and Developmental Psychology Advanced course is accredited by the Australian Psychology Accreditation Council (APAC) and meets the requirements for a sixth year in psychology. With a further two years of supervised practice in educational and developmental psychology, graduates are currently eligible for endorsement as Educational and Developmental Psychologists with the Psychology Board of Australia (PsyBA).

ADDITIONAL SELECTION REQUIREMENTS
You’ll also need to:
• provide a supplementary form that demonstrates evidence of suitability for work as a professional psychologist and includes at least one professional referee report.

PRE-ENROLMENT REQUIREMENTS
• Obtain a Working with Children check.

APPLICANT CHECKS FOR OFF-CAMPUS PROFESSIONAL EXPERIENCE ACTIVITIES
This course requires you to undertake off-campus professional experience activities. In order to do this, you’ll need to:
• submit proof of your general registration with the PsyBA (This registration must be maintained throughout the course)
• meet the specific security clearances that apply in whichever state/territory your professional experience is being undertaken
• complete professional experience orientation provided by the faculty.

CAREER OPTIONS
Practise as an educational and developmental psychologist in a range of settings including primary and secondary schools, health and welfare services, hospitals, care facilities, clinics and private practice and within business and corporate environments.

As a registered psychologist, this course will prepare you to practise as an educational and developmental psychologist in a range of settings including primary and secondary schools, health and welfare services, hospitals, care facilities, clinics and private practice and within business and corporate environments. You’ll develop an advanced ability to think critically and analytically about the processes involved in educational and developmental psychology, and the application of these to professional practice and research.

You’ll have the opportunity to apply theory to practice through 750 hours of supervised professional experience across the course.

¹ The multi-modal offering requires students to engage in a combination of synchronous online and on-campus classes. This course is not available to international students who are holders of an Australian student visa, for study onshore in Australia.
² Full-time students will attend one compulsory three-day intensive face-to-face workshop at the Clayton Campus, typically scheduled in April. Part-time students will either attend one x three-day intensive workshop or two 1.5-days intensive workshop, depending on course progression.
Our Master of Professional Psychology is designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) and the Australian Health Practitioner Regulation Agency (AHPRA) for a generalist fifth-year in psychology.

This course equips selected psychology graduates with the advanced psychotherapeutic skills required for general registration as a psychologist. It develops your professional capability to apply the theoretical, research, assessment and therapeutic skills involved in psychology.

Following graduation, you’ll be able to undertake a year of supervised generalist practice, then progress to full registration as a psychologist. You’ll gain professional experience through 300 hours of supervised professional experience activities through a mix of activities in the faculty’s onsite clinic and off-campus clinical placement activities.

**PROFESSIONAL ACCREDITATION**
This course is accredited by the APAC as a fifth-year sequence in psychology.

**ADDITIONAL SELECTION REQUIREMENTS**
You’ll also need to:
- complete a supplementary form that demonstrates evidence of suitability for work as a professional psychologist and includes referee reports (one academic and one professional) and relevant work experience (voluntary or paid)
- meet the English language requirements of the Psychology Board of Australia (PsyBA). Consult the PsyBA website for these requirements: www.psychologyboard.gov.au
- attend an interview (if short-listed).

**PRE-ENROLMENT REQUIREMENTS**
- Working with Children Check (before placement)
- Provisional registration with the PsyBA (before commencing study, and maintain such registration throughout the period of enrolment).

**CAREER OPTIONS**
- General registration as a psychologist (after one year of supervised practice outside of the course)
- Private practice, health and welfare services, and business environments.

The equivalent of an honours degree course, our Graduate Diploma of Professional Psychology is designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) for a generalist fourth-year in psychology.

This course is suited to those who want to pursue advanced graduate study in psychology at master’s or doctoral level, or to undertake supervised psychological practice.

By studying our Graduate Diploma of Professional Psychology, you’re offered advanced study of psychology, research training and an introduction to psychological practice. You’ll be able to choose an elective from topics including developmental psychology and wellbeing, or positive psychology in professional practice. After graduating, you can undertake further training and study needed for professional registration in psychology.

**PROFESSIONAL ACCREDITATION**
This course is accredited by the APAC as a fourth-year sequence in psychology.

**CAREER OPTIONS**
- General registration as a psychologist (after additional studies to complete the required pathway)
- Private practice, health and welfare services, and business environments.

---

1 The multi-modal offering requires students to engage in a combination of synchronous online and on-campus classes. The multi-modal offering of this course is not available to international students who are holders of an Australian student visa, for study onshore in Australia.

2 For students enrolled in the multi-modal offering, full-time students will attend one compulsory five-day intensive face-to-face workshop at the Clayton campus. Part-time students will attend two 2.5-day intensive workshops (one per year of study).

3 These qualifications must have been completed within the last 10 years of the commencement date of further studies. Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychology Society.

4 These qualifications must have been completed within the last 10 years of the commencement date of further studies. Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychology Society.

5 You’ll need to have achieved a high credit (65%) in fourth-year psychology. Admission into the course is competitive and may require a higher overall average than the minimum requirement.

6 You’ll need to have achieved a distinction (70%) in your third year of psychology.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in any field

Please refer to footnotes 4, 6 and 7 for more information on entry requirements for specific specialisations.

Do you have an undergraduate degree in another discipline, and want a career as a global educator and teacher?

Our curriculum combines theory and professional experience, giving you the skills and professional values to become an effective educator. You can choose to specialise in early childhood, primary or secondary education – or a combination. Through engagement with the latest thinking and practices, you’ll be able to effectively foster the learning of students with various ages and needs.

You’ll complete a minimum of 60 days’ teaching practice with opportunities in urban, rural, remote and international settings and schools.

PROFESSIONAL RECOGNITION

Specialisations in early childhood education are accredited by the Australian Children’s Education and Care Quality Authority (ACECQA).

All primary and secondary education specialisations are accredited by the Victorian Institute of Teaching (VIT) using the national accreditation standards.

SECONDARY TEACHING SPECIALIST AREAS

Become a specialist teacher in up to two secondary discipline areas based on your prior studies. For details visit monash.edu/education/specialistareas.

ADDITIONAL SELECTION REQUIREMENTS

- Applicants for all specialisations, except Early Childhood Education, must sit the Casper test. Casper is a requirement for many of the initial teacher education courses in Victoria. It’s a non-cognitive online test designed to assess an applicant’s personal and professional attributes. For further information on the test, visit monash.edu/education/takecasper
- Undergo a Working With Children Check.

ENROLMENT CONSIDERATIONS

All students enrolled in Australian initial teacher education courses must ‘achieve the standard’ in the National Literacy and Numeracy Test prior to graduating.

ALTERNATIVE EXITS

- Graduate Certificate of Educational Learning
- Graduate Diploma of Educational Learning

SPECIAL REQUIREMENTS FOR PROFESSIONAL EXPERIENCE

To participate in professional experience you must:
- meet specific security clearances relevant to the state/territory/country where the professional experience is undertaken
- meet any specific immunisation requirements
- complete professional experience orientation provided by the faculty.

CAREER OPTIONS

- Early childhood teacher
- Primary school teacher
- Secondary school teacher.

1 The Secondary Education specialisation can be studied as an accelerated course, where you’ll be required to undertake more than the standard annual load of 48 credit points in year one in order to complete the course in 1.5 calendar years. The fee quoted is based on 48 credit points of study for one standard year. You’ll therefore be required to pay a higher fee in year one where more than the 48 credit points is required.
2 Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Admission into the course is competitive and may require a higher overall average than the minimum requirement.
5 If you’re applying for the dual-sector early childhood and primary education specialisation, you must have at least one year of full-time equivalent study relevant to one or more learning areas of the primary school curriculum. Most undergraduate degrees cover one or more of these required learning areas, meeting this requirement.
6 The primary education specialisation at Clayton is available for full-time study only.
7 If you’re applying for the specialisation in primary and secondary education, you need to have at least one year of full-time equivalent study relevant to one or more learning areas of the primary school curriculum and at least a major study in one secondary teaching area. Most undergraduate degrees cover one or more of the primary school required learning areas, meeting this requirement. See the faculty website for more information about secondary teaching areas.
8 This requirement applies to students in all specialisations except Early Childhood Education.
9 These exit awards don’t qualify graduates to be registered or employed as teachers.
This course is suitable for a wide range of educators, prospective educators and other professionals working in the field of English language teaching, and leads to a graduate qualification in TESOL (Teaching English to Speakers of Other Languages).

This course will assist you in understanding the connections between theory and practice, and the importance of developing strong evidence-based principles in English language teaching and learning.

The Master of TESOL has a professional placement in the final semester. You’ll choose between a teaching or observation placement.

This course doesn’t provide a recognised initial teaching qualification. Students seeking an initial teaching qualification should refer to the Master of Teaching course.

### SPECIAL REQUIREMENTS

Working with Children Check

### ALTERNATIVE EXITS

- Graduate Certificate of Education Studies
- Graduate Diploma of Education Studies.

### CAREER OPTIONS

- ESL educator in international settings
- ELICOS teacher, director of studies
- Curriculum designer.

---

1 This course is also offered online, and is available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

4 Related fields include TESOL, Linguistics and language studies.
ENGINEERING

THE DEGREE YOU’RE AWARDED WILL REFLECT YOUR CHOSEN SPECIALISATION

COURSE CODE: E6014

CLAYTON (on campus) 1 YEAR (full time, part time) $41,900 (2023 fees p.a.)

February, July

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

WORK-INTEGRATED LEARNING: PROFESSIONAL DEVELOPMENT

ENTRY REQUIREMENTS

ELIGIBILITY

Four-year Bachelor of Engineering (or equivalent) in a discipline relating to the specialisation to be studied within the master’s course* High credit (65%) 1

This one-year Master of Engineering will extend your technical knowledge in your chosen specialisation area, and you’ll be well-positioned to lead and deliver sustainable engineering solutions.

Learn to become a strategic thinker, ready to solve complex problems in a cross-cultural environment. Advance your leadership capabilities, build the skills needed to engage with a diverse range of stakeholders and influence outcomes.

At Australia’s top engineering school, you’ll have opportunities to apply your skills through real-world projects, student teams and internships, while gaining professional and industry experience that will set you apart.

Designed to foster innovative thinking, entrepreneurship and professional development, this master’s program gives you the skills to take your career to the next level.

SPECIALISATIONS

- Biological engineering
- Civil engineering
- Electrical engineering

- Engineering management
- Materials engineering
- Mechanical engineering

ACCELERATED MASTER’S PROGRAM

High-achieving undergraduate students can apply to join the accelerated master’s program offering a fast track to gain both an undergraduate and graduate degree.

CAREER OPTIONS

- Specialist engineer or consultant within your chosen professional field
- Engineering management role in private or public sector
- Entrepreneur or CEO of your own company.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

2 The Engineering Management specialisation is available to applicants with an Australian Bachelor of Engineering in any discipline. For other master’s specialisations, the prior qualification must be in a related discipline.

ENGINEERING MANAGEMENT

Developed with Monash Business School (MBS), this new specialisation has three streams to choose from: entrepreneurship; project management; and contemporary management. You’ll learn to empower teams, grow businesses and lead the way forward.

Access our state-of-the-art facilities, including the Robotics Lab, design and build studios, Makerspace, and our new innovation ecosystem, the Monash Smart Manufacturing Hub, where you can work closely with industry on campus and develop skills for future engineering and technologies.
This course is for students who want to change careers and become an engineer, move into a different field of engineering or are seeking an internationally recognised engineering qualification to build on their undergraduate engineering studies.

Engineers are in demand to deliver sustainable solutions for society’s global challenges: clean water, advances in medical technology, inclusive and sustainable industrialisation, resilient infrastructure, and high quality food production.

At Australia’s No. 1 ranked engineering school, you’ll have access to some of the world’s finest facilities, including the Makerspace and the latest interactive learning spaces in the new smart technology enabled Woodside Building for Technology and Design. Work closely with industry and develop job-ready skills in Monash’s new innovation ecosystem, the Monash Smart Manufacturing Hub.

Whether you’ve completed undergraduate studies in engineering or in another science-related field, the Master of Professional Engineering will provide you with the technical knowledge and hands-on experience to practice as an accredited engineer.

In this course, you’ll specialise in engineering technical, research and professional units and undertake real-world projects, blending theory and practice. You’ll be prepared for a successful career through continuous professional development and relevant industry experience in the Work-integrated Learning program. Gain practical experience and develop the professional skills and confidence to create positive change.

SPECIALISATIONS
- Chemical engineering
- Civil engineering
- Electrical engineering
- Materials engineering
- Mechanical engineering

PROFESSIONAL ACCREDITATION
The Master of Professional Engineering has been designed to meet the stage one competencies for accreditation by Engineers Australia (EA). The accreditation process for full recognition by EA has commenced and currently has provisional accreditation. The master’s degree will be an internationally recognised qualification which allows you to work as a professional engineer in Australia and other Washington Accord signatory countries.

CAREER OPTIONS
- Manager or contributor to complex projects for public, private or non-governmental organisations
- Consultant, entrepreneur or CEO of your own company
- Lead specialist engineer in your field/s of expertise.

DO YOU HAVE A SCIENCE-RELATED DEGREE?
You can now pursue a career in engineering at Monash if you have a degree in a related STEM field, such as science, mathematics or pharmacy\(^5\). The three-year master’s course gives you the technical skills and knowledge to become a globally accredited and in-demand engineer.
Technology is continually accelerating and evolving, and with it, the demand for data scientists will continue to rise. The Master of Applied Data Science prepares the new generation of data scientists with the skills they need to revolutionise the future of data science.

Your master’s degree will focus on developing your core data analytic and problem-solving skills by teaching you contemporary techniques to transform data into actionable information. The Master of Applied Data Science provides the opportunity to build your ability to apply statistics and user data to inform business strategy and drive growth.

The rise of big data has changed how organisations do business. Our Graduate Diploma of Applied Data Science puts you at the forefront of this exciting field.

Learn about statistical and exploratory analysis, data formats and languages, processing of massive data sets, and manage data and its effects in an organisation and the community.

Offered online, the course allows you to take one unit every two months, equivalent to half-time study, giving you the flexibility to combine study with work and family.

The effective management of data is vital to building successful business strategies. As the industry rapidly expands, there has never been a better time to equip yourself with a versatile and future-focused qualification in data science.

Your Graduate Certificate of Applied Data Science will build on your ability to critically analyse and interpret big data and apply that knowledge to real-world data science issues. You’ll graduate with the confidence to evaluate complex data issues and find innovative, future-focused solutions that will support the future of a business.

CAREER OPTIONS

An applied data science qualification will prepare you for work in a wide range of careers specialising in data analysis, including as a:

- Data scientist
- Business analyst
- Data analyst
- Data architect.

1. This is a Monash Online course that can be taken in accelerated part-time mode. It is not available to international students who are holders of an Australian student visa, for study onshore in Australia. However holders of some other categories of Australian visas living in Australia, and students studying online and living outside of Australia, may be eligible for this course.

2. In equivalent Monash University grading scale terms, a 50% scale where 60% is a pass. Your prior qualification is must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
ARTIFICIAL INTELLIGENCE

Masters of Artificial Intelligence

Course Code: C6007

Clayton (on campus)

Duration: 1.5 or 2 years (full time, part time)

February and July

Fees: $36,700 (2023 fees p.a.)

Entry Requirements:

- Bachelor’s degree (or equivalent) in any field
  Credit (60%) 2
- Bachelor’s degree (or equivalent) in a related field
  Credit (60%) 1.5

This is a Monash Online course and is available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement.

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

The online offering is NOT available to international students currently in Australia on a student visa.

The potential of artificial intelligence (AI) is infinite. It can help predict the path of bushfires, detect early-stage skin cancers and counteract false and polarising information on social media. From a business perspective, AI can also inform decisions and optimise operations to drive better outcomes.

Monash is the only university among the prestigious Group of Eight to offer a comprehensive Master of Artificial Intelligence. This course will put you at the forefront of technology, equipping you with expertise integral to our future. Under the guidance of internationally-recognised experts, you’ll have an opportunity to apply your knowledge to real-world challenges to influence a range of industries including healthcare, agriculture and manufacturing.

Alternative Exits

- Graduate Certificate of Artificial Intelligence
- Graduate Diploma of Artificial Intelligence

Career Options

- AI researcher
- Data analyst
- AI specialist
- Robotics engineer
- IT project manager
- IT support engineer
- Machine learning engineer
- Systems architect

Graduate Certificate of Artificial Intelligence

Course Code: C4008

Clayton (on campus)

Duration: 6 months (full time, part time)

February and July

Fees: $18,350 (2023 fees)

Entry Requirements:

- Bachelor’s degree (or equivalent) in related field
  Credit (60%) 0.5

This is the total 2023 fee for this 24-credit point course. Published durations apply to full-time study mode.

The Graduate Certificate of Artificial Intelligence prepares you for entry-level professional practice in AI transformation across industry, academia, research and development, government, defence, medicine and more.

This course introduces you to fundamental AI, statistical data analysis and your choice of machine learning, deep learning, modern optimisation techniques, natural language processing and human-centric AI topics.

Graduate Certificate of Artificial Intelligence

Course Code: C4015

Online

Duration: 0.7 years (part time)

MAY

Fees: $18,350 (2023 fees)

Entry Requirements:

- Bachelor’s degree (or equivalent) in related field
  High Credit (65%) 0.7

This is the total 2023 fee for this 24-credit point course. Published durations apply to full-time study mode.

Professional Placement: 20-24 hours per week

The Graduate Certificate of Artificial Intelligence will equip you with the skills and experience necessary to leave your mark in the world of AI. You’ll be introduced to the fundamentals of AI development, including machine learning and natural language processing, and learn how to apply your knowledge and skills to solve complex problems. With a team of highly respected academics behind you, you’ll feel more than capable of tackling the future of AI development.

Career Options

- AI researcher
- Data analyst
- IT project manager
- IT support engineer
- Machine learning engineer
- Robotics engineer
- Systems architect

Artificial intelligence is becoming increasingly central to the way we live and work. As we pursue a future towards highly intelligent computer systems, businesses are eager to increase their AI capabilities and lead the future machine learning.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include IT, or an engineering or science degree with a substantial IT component including Python programming, algorithms, databases, computer architecture, operating systems and networks, and mathematics (including calculus, linear algebra and probability and statistics).
4 Related fields include IT, business (with mathematics), Engineering or Science degree with completed studies in mathematics (including principles and skills in probability, linear algebra and calculus) and Python programming.
5 This is a Monash Online course and is available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa other than a student visa that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.
BUSINESS INFORMATION SYSTEMS

MASTER OF BUSINESS INFORMATION SYSTEMS

COURSE CODE: C6003
CLAYTON (on campus) 1.5 OR 2 YEARS (full time, part time)
FEBRUARY AND JULY $36,700 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

WORK-INTEGRATED LEARNING: INDUSTRY EXPERIENCE

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in any field Credit (60%) 2
Bachelor’s degree (or equivalent) in a related field2 Credit (60%) 1.5

Whether it’s day-to-day operations or strategic decision-making, information drives business. It’s why systems that manage information are integral to modern organisations – as are experts in the field.

This course offers core studies in IT project management, specialist units in business information systems and a range of electives. It also lets you choose between an industry project or fascinating research initiative.

ALTERNATIVE EXITS
• Graduate Certificate of Business Information Systems
• Graduate Diploma of Business Information Systems

CAREER OPTIONS
• Business analyst
• IT manager
• Information management specialist
• Systems analyst.

The Graduate Certificate of Business Information Systems gives you graduate-level expertise in the discipline through an interdisciplinary range of units covering IT management, information management, knowledge management and more.

A comprehensive course, you’ll complete core IT units followed by specialist units in business information systems.

GRADUATE CERTIFICATE OF BUSINESS INFORMATION SYSTEMS

COURSE CODE: C4005
CLAYTON (on campus) 6 MONTHS (full time, part time)
FEBRUARY AND JULY $18,350 (2023 fee)

This is the total 2023 fee for this 24-credit-point course. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in any field Credit (60%) 0.5

Accredited by the Australian Computing Society.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include information systems or with an information systems major, with completed studies in java or python programming and algorithms, databases, systems analysis and design, and an understanding of the major enterprise IT applications and their architectures, including enterprise/transaction processing systems and analytical business intelligence systems.
## MASTER OF COMPUTER SCIENCE

**COURSE CODE:** C6008

**ONLINE**

- **0.7, 1.4 OR 2 YEARS** (part time)
- **JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER**

$36,700 (2023 fees p.a.)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) in a related field, OR Credit (60%) 2
- Monash University Graduate Certificate of Computer Science, OR Credit (60%) 0.7
- Monash University Graduate Diploma of Computer Science Credit (60%) 0.7

Gain highly sought-after computer science expertise and enhance your career prospects. A broad-based degree, the Master of Computer Science is ideal if you’re looking to change professions or build on undergraduate study.

The course starts by developing your knowledge in computer science fundamentals that can be applied in a variety of industries. These include units in Java programming, algorithms, and architecture and networks. You’ll then have the opportunity to step into either artificial intelligence, software engineering or cybersecurity – all top emerging disciplines around the world.

---

## GRADUATE DIPLOMA OF COMPUTER SCIENCE

**COURSE CODE:** C5008

**ONLINE**

- **0.7, 1.4 YEARS** (part time)
- **JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER**

$36,700 (2023 fees p.a.)

This is the total 2023 fee for this 24-credit-point course.

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) in any field 0.7

A manageable six-month online course, the Graduate Diploma of Computer Science is designed to enhance your career prospects, even if you don’t have a background in the field. It equips you with a graduate-level understanding of computer science, building on core knowledge of modern practices, principles, tools and techniques.

You’ll also learn how to design and construct innovative solutions in at least one of the following areas that are integral to many industries: artificial intelligence, cybersecurity or software engineering.

**SPECIALISATIONS**

- Artificial Intelligence
- Cybersecurity

The Graduate Diploma of Computer Science first develops your core knowledge in computer science and then immerses you in a rapidly-growing, in-demand area such as artificial intelligence, cybersecurity or software engineering.

This degree is your pathway to changing the direction of your career and attaining graduate-level knowledge in technology to make a lasting impact.

**SPECIALISATIONS**

- Artificial Intelligence
- Cybersecurity
- Software engineering

**ALTERNATIVE EXIT**

Graduate Certificate of Computer Science

**CAREER OPTIONS**

- AI specialist
- Data analyst
- Information security analyst
- Software engineer.

---

## GRADUATE CERTIFICATE OF COMPUTER SCIENCE

**COURSE CODE:** C4009

**ONLINE**

- **0.7 YEARS** (part time)

**MASTER OF CYBERSECURITY**

**COURSE CODE:** C6002

- **CLAYTON (on campus)**
- **FEBRUARY AND JULY**
- **1.5 OR 2 YEARS** (full time, part time)
- **CSP**: $3,301
- **$36,700** (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

**WORK-INTEGRATED LEARNING: INDUSTRY EXPERIENCE**

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) in any field Credit (60%) 2
- Bachelor’s degree (or equivalent) in a related field Credit (60%) 1.5

The proliferation of mobiles and other pervasive devices has caused security risks to surge – and in turn, the demand for cybersecurity experts.

The Master of Cybersecurity develops your ability to design, implement, assess and manage cybersecurity systems to protect sensitive data and communication networks, even if you don’t have a background in the discipline.

In your final semesters, you can choose to complete an industry experience project or research thesis. Additionally, you can apply for a scholarship place over summer in the highly regarded Monash Industry Team Initiative.

**ALTERNATIVE EXITS**

- Graduate Certificate of Cybersecurity
- Graduate Diploma of Cybersecurity

**CAREER OPTIONS**

- Blockchain developer
- Cybercrime investigator
- Digital forensics analyst
- AI security specialist
- Network security administrator

**GRADUATE CERTIFICATE OF CYBERSECURITY**

**COURSE CODE:** C4001

- **CLAYTON (on campus)**
- **MARCH AND OCTOBER**
- **SIX MONTHS** (full time, part time)
- **CSP**: $18,350

This is the total 2023 fee for this 24-credit-point course. Published durations apply to full-time study mode.

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) in a related field Credit (60%) 0.5

With a wealth of opportunities in a rapidly expanding market, the Graduate Certificate of Cybersecurity will secure your future as an expert in cybersecurity. The realms of business technology have transformed and demand bold leaders and cybersecurity specialists to ensure data and information is being managed in a secure manner.

Integrating foundational learning and specialist knowledge, this course will give you the flexibility to choose your career outcomes from a range of network security, blockchain and cloud computing units that will enhance your professional standing in this ever-changing industry.

**CAREER OPTIONS**

With a Graduate Certificate of Cybersecurity, you will be well-placed to take your next step into a pursuing careers and opportunities within the human resources industry, applying your skills in any of the following roles:

- Business analyst
- Cryptoanalyst
- Cybersecurity analyst
- Cybersecurity consultant
- Cybersecurity systems architect
- Forensic computer scientist
- Information security officer.

---

1 Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

4 Related fields include computing, computer science, software engineering, computer systems, or electrical, electronic or communication engineering with completed studies in python programming, algorithms, computer architecture, operating systems and networks, systems analysis and design, and databases.

5 Related fields include a discipline relating to an IT, Engineering or Science degree with completed studies in programming and computer architecture.
Data scientists play a major role in solving real-world business problems. From data curation and management to processing and analysis, data scientists help organisations harness the power of information.

Our Master of Data Science prepares you for a career in the field, giving you skills in data management, analytics, data analytics, big-data management and processing.

In this course you’ll cover statistical and exploratory analysis, data formats and languages, processing of massive data sets, and management of data and its effects in an organisation and the community.

**ALTERNATIVE EXITS**
- Graduate Certificate of Data Science
- Graduate Diploma of Data Science

**CAREER OPTIONS**
- Chief data officer
- Data analyst
- Data architect
- Data engineer
- Data scientist
- Quantitative analyst

This graduate certificate focuses on building your core knowledge on contemporary data science practices. Through electives, it also allows you to explore a particular interest area in the discipline.

You’ll study introductory topics in data science, statistical and exploratory analysis, data wrangling, and an elective – equipping you with a graduate-level understanding of data science and highly sought-after skills.

---

1 Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 Related fields include IT, or a business, engineering or science degree with an IT major including python programming, databases, algorithms, computer architecture, operating systems and networks, and mathematics (including calculus, linear algebra and probability and statistics).
5 Discipline study relating to one of IT, business (with mathematics), Economics, Econometrics, Engineering, or Science degree with completed studies in mathematics, programming and databases.
The Master of Information Technology provides the knowledge and skills to solve real-world problems with the latest technology.

This course features core studies in IT project management and software engineering, and a wide range of elective choices spanning data management technology, mobile and distributed systems, machine learning, cloud computing and cybersecurity.

This degree also lets you complete an industry experience project with a driven business mentor or take the lead on a research project – a stepping stone to a PhD.

**ALTERNATIVE EXITS**
- Graduate Certificate of Information Technology
- Graduate Diploma of Information Technology

**CAREER OPTIONS**
- Software engineer
- Data architect
- Enterprise data architect
- Systems analyst
- App developer
- Solutions architect
- Chief technology officer.

The Graduate Certificate of Information Technology gets you ready for a graduate-level role in the field.

From software engineering to programming, you’ll learn a wide range of essential IT knowledge and skills that will ensure you’re ready to tackle any issues involving the application of IT in your future career.

---

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields for map into IT, including computing, computer science or a technical information technology field, with completed studies in Java and Python programming, algorithms, computer architecture, operating systems and networks, and databases.
4 Discipline relating to an IT, engineering, or science degree with completed studies in programming and databases.
LEARNING ANALYTICS

**GRADUATE DIPLOMA OF LEARNING ANALYTICS**

**COURSE CODE:** C5010

- **ONLINE:**
  - JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER
  - **1.4 YEARS** (part time)

- **ENTRY REQUIREMENTS**
  - Bachelor’s degree (or equivalent) in any field
  - Credit (60%) 1.4
  - A Monash University Graduate Certificate of Learning Analytics 0.7

- **STBC**:

A comprehensive online course, this graduate diploma focuses on shaping students into future leaders in the rapidly-growing field of learning analytics.

The Graduate Diploma of Learning Analytics offers a comprehensive study of the fundamentals of the discipline, expanding to include the tools and techniques needed to analyse and improve learning outcomes in a wider organisational context. It also offers the chance to complete an elective of your choice.

**ALTERNATIVE EXITS**
- Graduate Certificate of Learning Analytics.

**GRADUATE CERTIFICATE OF LEARNING ANALYTICS**

**COURSE CODE:** C4011

- **ONLINE:**
  - JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER
  - **0.7 YEARS** (part time)

- **ENTRY REQUIREMENTS**
  - Bachelor’s degree (or equivalent) in any field 0.7

The Graduate Certificate of Learning Analytics gives you foundational knowledge and skills required to research and analyse learning strategies and environments to improve educational outcomes.

Delivered online over a seven-month period, this new program takes a unique pedagogical approach that personalises the learning experience.

**CAREER OPTIONS**
- Data analyst
- Educational researcher
- Learning consultant
- IT professional
- Educational leader.

---

1 This is a Monash Online course and is only available to domestic students, international students living and studying offshore, and holder of an Australia temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa.

2 The fee for this course is still to be confirmed. Please visit our website for more information about this course.

3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.

4 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
The Master of Digital Law will develop your knowledge and skills in law as it adapts to a digital and borderless world. This degree is a unique opportunity for students of all industry backgrounds to upskill in a legal specialisation that is key to contemporary business and legal practice. As new technologies present industries with new challenges, this degree will allow you to tackle these issues with authority.

You’ll join a faculty with a prestigious history founded in research that has demonstrated a positive influence in law reform and policy development.

**ALTERNATIVE EXITS**
- Graduate Certificate of Digital Law
- Graduate Diploma of Digital Law.

**CAREER OPTIONS**
Apply your digital law skills in a range of fields including:
- Cybercrime
- Intellectual property law
- Privacy law
- Immigration law.

---

**GRADUATE DIPLOMA OF DIGITAL LAW**

**COURSE CODE:** L5003

**ONLINE**

- JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER

- **0.7 OR 1.4 YEARS (part time)**

- **$39,300 (2023 fees p.a.)**

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). This course may have a different course load per annum, therefore please check the course website for further fee details.

**ENTRY REQUIREMENTS**

**ELIGIBILITY**
- Bachelor’s degree (or equivalent) in any field<sup>1, 2, 3</sup>
- Bachelor’s degree (or equivalent) in any field + at least two years’ relevant work experience approved by the faculty
- Monash University Graduate Certificate of Digital Law OR
- Bachelor’s (hons) degree (or equivalent) in a related field<sup>4</sup>
- Monash University Graduate Diploma of Digital Law

The Graduate Diploma of Digital Law is the perfect opportunity for law graduates, and those working in closely associated industries, to upskill in this increasingly important area of legal knowledge. As digital technologies continue to shift the world you operate in, become a specialist with a graduate qualification that reframes law in the digital context.

Take advantage of this innovative graduate degree, delivered entirely online by a faculty with a rich history of important and influential research.

**ALTERNATIVE EXIT**
- Graduate Certificate of Digital Law.

**CAREER OPTIONS**
Apply your digital law skills in a range of fields including:
- Cybercrime
- Intellectual property law
- Privacy law
- Immigration law.

---

**GRADUATE CERTIFICATE OF DIGITAL LAW**

**COURSE CODE:** L4002

- JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER

- **0.7 YEARS (part time)**

- **$19,650 (2023 fees p.a.)**

This is the total 2023 fee for a 24-credit-point course. This course may have a different course load per annum, therefore please check the course website for further fee details.

**ENTRY REQUIREMENTS**

**ELIGIBILITY**
- Bachelor’s degree (or equivalent) in any field<sup>0.7</sup>
- Bachelor’s degree (or equivalent) in any field + at least two years’ relevant work experience approved by the faculty
- Monash Graduate Certificate of Digital Law

The Graduate Certificate of Digital Law is the perfect introduction to this emerging area of law. The degree will provide you with skills readily applicable to the challenges facing organisations in an increasingly digital and borderless world. This unique qualification will allow you to approach the challenges of new technologies with specialist knowledge in key legal principles applied in a digital context.

Undertake this graduate degree online at Monash in six-week teaching periods, giving you the flexibility to study alongside work and family commitments.

**CAREER OPTIONS**
Apply your digital law skills in a range of fields including:
- Cybercrime
- Intellectual property law
- Privacy law
- Immigration law.

---

1 This is a Monash Online course and is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement.
2 The online offering is NOT available to international students currently in Australia on a student visa.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 Related fields include arts, humanities, business and education.
JURIS DOCTOR

RANKED NO.43 IN THE WORLD
GS World University Rankings by Subject 2023

COURSE CODE: L6005
MONASH LAW CHAMBERS
(on campus)
JANUARY, MAY AND AUGUST
3 YEARS (full time, part time)
CSP: $15,142
FULL FEE: $42,000 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

ELIGIBILITY
You must satisfy one of the following three options:

1. Bachelor's degree (or equivalent) in any field
2. Bachelor's degree (or equivalent) in any field + three years' professional experience + a personal statement, OR
3. An equivalent qualification and experience approved by the faculty

This degree satisfies the academic requirements for admission to practise as an Australian lawyer.

Our Juris Doctor (JD) is an intensive, graduate-entry law degree designed for non-law graduates. It develops advanced professional skills in problem-solving, critical thinking, research, communication, collaboration, self-management, ethical awareness and professional judgement.

The JD recognises the specific needs of graduate entrants and teaches the skills available only from one of Australia’s leading law schools. Small class sizes and innovative teaching promote interactivity and in-depth learning.

CLINICAL EDUCATION EXPERIENCE

Monash Law now offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

ALTERNATIVE EXITS

• Graduate Diploma of Legal Studies
• Graduate Certificate of Legal Studies

LAWS

RANKED NO.43 IN THE WORLD
GS World University Rankings by Subject 2023

THE MASTER'S DEGREE YOU'RE AWARDED WILL REFLECT YOUR CHOSEN SPECIALISATION.

COURSE CODE: L6004
MONASH LAW CHAMBERS
(on campus)
JANUARY, FEBRUARY, MAY, JULY, AUGUST
1, 1.5 OR 2 YEARS (full time, part time)
CSP: $39,300 (2023 fees p.a.)
FULL FEE: $59,000 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

ELIGIBILITY

1. A bachelor degree (or equivalent) in law from a non-Australian jurisdiction + a letter of assessment from the Victorian Legal Admissions Board (VLAB)²
2. Bachelor's degree (or equivalent) in Law
3. A bachelor's degree (or equivalent) in law + a graduate diploma in law (or equivalent ), OR
4. A bachelor's degree (or equivalent) in law + one year of work-based relevant professional experience or other learning³
5. A JD or a bachelor (hons) degree (or equivalent) in law, OR an equivalent qualification, OR

Our Master of Laws is designed for law graduates wanting to develop in-depth knowledge of a particular legal area, or to advance their professional expertise in a current area of practice, or to enhance your capacity to undertake independent research. You’ll gain advanced professional skills and knowledge of law developments, practice and scholarship of one or more areas of law.

SPECIALISATIONS

• Commercial and corporate law
• Criminal law and forensics
• Dispute resolution
• Global society and human rights
• Health law and community
• Labour and employment law
• Public sector governance and regulation
• Technology and innovation
• Transnational economic regulation

ADDITIONAL SELECTION CRITERIA

You’ll be assessed on your entire academic record with a credit average (60%) approved. As a general rule, those who don’t have a credit average will need to have at least two years of relevant work experience, although the required period may be shorter where the work experience has been supplemented by other relevant learning.

ALTERNATIVE EXITS

• Graduate Diploma of Australian Law
• Graduate Certificate of Laws.

1. There are a limited number of Commonwealth Supported Places (CSP) offered for this course and available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
2. Law graduates can start throughout the year.
3. If you haven’t completed any formal study in the last eight years, you’ll be required to submit a current curriculum vitae and a completed Monash JD personal statement.
4. You’ll be assessed on your entire academic record with a credit average (60%) approved. As a general rule, those who don’t have a credit average will need to have at least two years of relevant work experience, although the required period may be shorter where the work experience has been supplemented by other relevant learning.
5. An equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
6. If you’re eligible for a short course duration, you may elect to complete the longer duration, provided you meet all the eligibility criteria.
7. You’ll need to supply a letter from the VLAB stipulating which areas of law are required to meet the academic eligibility requirements for admission to practice in Victoria. The letter from VLAB must be dated within 24 months of submitting your application for study.
8. To qualify as a bachelor honours degree for the purpose of admission, the course must generally be a minimum of four years duration and include a semester-length research component.
9. For the purposes of satisfying these requirements, other learning may include, but is not confined to learning in the context of other non-law degrees.
Are you looking for a graduate pathway into the study of law?

The graduate diploma in law is ideal for law graduates wanting to acquire further legal expertise, and adds value in the workplace as well as providing the opportunity to hone legal knowledge and skills.

The Graduate Diploma in Law enables graduates of law to develop advanced knowledge and skills for legal or professional practice or higher learning, and is a pathway for entry to a master’s degree.

**ALTERNATIVE EXIT**

- Graduate Certificate of Laws.

The Graduate Certificate of Laws is designed to let you advance your skills and knowledge of developments in the principles, practice and scholarship of one or more areas of law. You can focus on a specialised area or select from a broad range of electives for professional practice.

You’ll investigate contemporary issues in law, practice and scholarship, and evaluate complex legal issues from theoretical, global and interdisciplinary perspectives.

A minimum of three years’ relevant work experience approved by the faculty

The Graduate Certificate of Legal Studies is designed to equip non-lawyers with the legal skills and knowledge they need to make better managerial and commercial decisions and to lead their organisations effectively. You’ll receive a theoretical and practical grounding in a variety of areas in law.

This course provides you with the legal knowledge that will give you a competitive edge in your chosen career. The Graduate Certificate of Legal Studies is specifically designed to help non-lawyers take their career further. It does this by providing an in-depth grounding in the law that allows better informed decisions. You can complete the qualification in just six months and you may also be able to use the units as credit towards a Monash Master of Legal Studies.

---

1 You’ll be assessed on your entire academic record. As a general rule, those who don’t have a credit average will need to have at least two years of relevant work experience, although the required period may be shorter where the work experience has been supplemented by other relevant learning.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Even if you’re eligible for a short course duration, you may elect to complete the longer duration, provided you meet all the eligibility criteria.

4 A related field is discipline study relevant to the specific area of specialisation. For example, if you’re applying to specialise in labour and employment law, you’d need to have completed a degree which includes an area of specialisation (or groups of units) relevant to the labour and employment context.

5 If you’re using work experience as part of your application, you’re required to submit your CV and one original employment reference (if you were self-employed, you should submit original references from two clients). You should also provide a URL for your organisation.

6 Or equivalent qualification approved by the faculty.
LEGAL SYSTEMS AND SERVICES

RANKED NO.43 IN THE WORLD
QS World University Rankings by Subject 2023

GRADUATE CERTIFICATE OF LEGAL SYSTEMS AND SERVICES
COURSE CODE: L4003
MONASH LAW CHAMBERS (on campus)
FEBRUARY AND JULY
6 MONTHS (full time, part time)
$19,650 (2023 fee)

This is the total 2023 fee for this 24-credit-point course. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in any field, OR
A minimum of three years’ relevant work experience approved by the faculty.

The Graduate Certificate of Legal Systems and Services is designed for professionals seeking to pivot their commercial, policy or administration career to the legal sector without becoming lawyers.

This prepares non-lawyers for working in the rapidly changing legal and regulatory landscape and upskill those already working in law-adjacent fields such as senior administrators in courts, law firms and regulatory agencies.

You’ll receive a theoretical and practical grounding in the areas of law relevant to legal systems and services.
MASTER OF ADDICTIVE BEHAVIOURS

COURSE CODE: M6014

ONLINE  2 OR 3 YEARS (part time)
FEBRUARY  $28,400 (2023 fees p.a.)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in a related field  Pass (50%)  3
Postgraduate award (or equivalent) in a related field  Pass (50%)  2

The course incorporates the latest evidence in addiction theory and practice, historical and contemporary policies, and public health strategies for managing traditional, new and emerging substance use disorders and process addictions. With the knowledge gained, you’ll make a positive impact on both the health and social wellbeing of individuals, groups, and communities.

Designed for professionals already working in health and social welfare sectors, education, government or policy development (and related disciplines), this course is perfect if you’re interested in broadening your knowledge and skills in treating addictive behaviours.

This Graduate Diploma of Addictive Behaviours offers the flexibility required by working professionals. You’ll have the opportunity to study via facilitated modules, stream video lectures, and take part in group discussion forums and activities, incorporating innovative educational technologies and new methodologies to enrich your learning experience.

ALTERNATIVE EXIT

• Graduate Certificate of Addictive Behaviours.

The Master of Addictive Behaviours is offered in partnership with Turning Point, an internationally renowned clinical treatment and research centre. The course gives you a comprehensive overview of addiction science, policy and practice.

Designed to educate health professionals, practitioners and policymakers, this course incorporates the latest evidence related to treatment, neuroscience, social and drug policies, public health, and emerging substance and behavioural addictions.

You’ll learn from national and international experts from Monash, Turning Point and other leading universities, and cover issues such as problem drinking and gambling, and the misuse of prescribed and illicit drugs.

ALTERNATIVE EXITS

• Graduate Certificate of Addictive Behaviours
• Graduate Diploma of Addictive Behaviours.

GRADUATE DIPLOMA OF ADDICTIVE BEHAVIOURS

COURSE CODE: M5022

ONLINE  2 YEARS (part time)
FEBRUARY  $28,400 (2023 fees p.a.)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS

ELIGIBILITY

A bachelor’s degree (or equivalent) in a related field  Pass (50%)  2

This course is primarily designed for professionals working in health and social welfare sectors who seek to broaden their knowledge and skills related to the theory and practice of responding to addictive behaviours.

You’ll develop expert knowledge and skills by focusing on the application of a holistic approach to addiction, and a range of assessment and treatment strategies for diagnosing, and planning interventions for people experiencing addiction. With the knowledge gained, you can start making a positive impact on both the health and social wellbeing of individuals, groups, and communities.

Delivered part-time, the Graduate Certificate of Addictive Behaviours offers the flexibility required by working professionals. You’ll have the opportunity to study via facilitated modules, video lectures, discussion forums and activities that incorporate innovative educational technologies and new methodologies to enrich your learning experience.

CAREER OPTIONS

• Policy or program development and evaluation
• Treatment and prevention service delivery
• Research, education and training
• Advocacy and community support.

GRADUATE CERTIFICATE OF ADDICTIVE BEHAVIOURS

COURSE CODE: M4018

ONLINE  1 YEAR (part time)
FEBRUARY  $14,200 (2023 fees p.a.)

This is the total 2023 fee for this 24-credit-point course.

ENTRY REQUIREMENTS

ELIGIBILITY

A bachelor’s degree (or equivalent) in a related field  Pass (50%)  1

1 This online course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is NOT available to international students currently in Australia on a student visa.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

4 Relevant fields include medicine, psychology, nursing, health science, occupational therapy, social work, social and community welfare, science, policy, law, criminology, research, teaching, arts (multidisciplinary), and other health and social sciences.

5 Each application will be considered on its merit. The following may need to be provided before your application can be assessed: a curriculum vitae showing relevant industry experience and a statement of purpose (maximum one page) outlining reasons for undertaking the course, and your area(s) of interest.

6 Examples include: general practitioners, nurse, psychologist.

7 If you’re entering the course on the two-year entry, you are not eligible to take this alternative exit.
MASTER OF APPLIED MENTAL HEALTH

5 Related fields include counselling, nursing, occupational therapy, psychology, public health, social work and youth work.

GRADUATE CERTIFICATE OF APPLIED MENTAL HEALTH

COURSE CODE: M4039

ONLINE 1

JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER

0.7 YEARS (part time)

$16,950 (2023 fees p.a.)

This is the total 2023 fee for this 24-credit point course.

PROFESSIONAL PLACEMENT: 20-24 HOURS PER WEEK

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in any field Pass (50%) 0.7

A minimum of five years’ relevant work experience 4

This course presents an opportunity for those seeking to lead positive change in clinical or non-clinical settings.

Informed by academic expertise in psychological science and those with lived experience, this course will establish the fundamentals of mental health systems and practice. You’ll acquire culturally informed strategies through models of care to improve the needs of diverse lives.

Using an integrated case study approach, you’ll also grasp the nuances in ability needed to become an adaptable and effective communicator across all industries.

Upon graduating, you’ll be a digital-ready expert with enhanced practical knowledge and interpersonal skills, so you can create meaningful change and enhance quality of life.

CAREER OPTIONS

• Counsellor
• Health practitioner
• Mental health practitioner
• Public health officer
• Youth worker.
Monash is a world leader in paramedic education and research. This online course allows you to improve your clinical practice and knowledge in the delivery of aeromedical retrieval services, preparing you for future positions in clinical practice, leadership and coordination roles. The development of advanced techniques and treatment regimes, coupled with an understanding of local and global aeromedical retrieval systems, will enable you to provide out-of-hospital care to patients in a diverse range of situations at the highest level.

**ADDITIONAL SELECTION REQUIREMENTS**
You must be a current practicing health professional with at least two years of full-time experience and hold professional registration to practice (or authority to practice) as a health care professional in a relevant field in the planned location of study.

The focus in your initial year will be on research methods and practices to prepare you to carry out independent research. This includes how to conduct research through coursework and research skills training, and engaging in specialist research in theory units. Your second year consists of a full-time research project and internship under the supervision of an academic staff member.

**RESEARCH AREAS**
- Appetite, energy, metabolism and obesity
- Cancer biology and therapeutics
- Cardiovascular disease
- Infectious diseases and population health
- Neuroscience
- Regenerative medicine and stem cells

**ALTERNATIVE EXIT**
- Graduate Diploma in Biomedical and Health Science

**CAREER OPTIONS**
- Research scientist
- Policy and research officer
- Medical or science writer
- Quality assurance or regulatory affairs associate.

---

1. This online course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is NOT available to international students currently in Australia on a student visa.
2. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4. Relevant disciplines include paramedicine, nursing and medicine.
5. Related fields: Biomedical Sciences (anatomy, biochemistry, biotechnology, biomedicine, biomedical, biotechnology, clinical medicine, dental science, developmental biology, dietetics, genetics, immunology, medicine, microbiology, molecular biology, nutrition, pharmacology, pharmacy, physiology, veterinary science). Life Sciences (biology, zoology). Allied Health (physiotherapy, occupational therapy).
6. Where an applicant has the equivalent of a three-year Australian bachelor’s degree in a non-related discipline, the selection panel will instead consider relevant and significant work experience as equivalent.
The Master of Biostatistics gives you a sound understanding of the theory and application of biostatistics relevant to professional practice. You’ll acquire skills and experience in complex statistical analyses, identifying and implementing appropriate statistical methodology, communicating biostatistical results, and understanding biostatistical results and literature. You’ll develop the technical skills to start a professional career as a biostatistician.

**PROFESSIONAL ACCREDITATION**
The Master of Biostatistics is accredited by the Statistical Society of Australia.

**ADDITIONAL SELECTION REQUIREMENTS**
You’ll also need to provide:
- a curriculum vitae showing relevant work experience or statement from employer to substantiate period of employment
- a statement of purpose (250 words) outlining reasons for undertaking the course and your area(s) of interest.

**ALTERNATIVE EXITS**
- Graduate Certificate of Biostatistics
- Graduate Diploma of Biostatistics

**CAREER OPTIONS**
Biostatisticians are employed across a wide range of government, non-government and research organisations.

They assist in study design and analysis of large complex trials that track or predict disease pathways, the efficacy of novel preventions and treatments, and more.

This course equips you with a broad range of theory and techniques for extensive upskilling in biostatistical methods.

It gives you an understanding of the mathematical background, theory and application of the principles of epidemiology and biostatistics in health and medical research. It also develops the analytical skills you’ll need to become self-sufficient as a statistician.

**PROFESSIONAL ACCREDITATION**
Students graduating with the Graduate Diploma of Biostatistics obtain automatic accreditation status as Graduate Statistician (GStat) upon application to the Statistical Society of Australia.

**ADDITIONAL SELECTION REQUIREMENTS**
You’ll also need to provide:
- a curriculum vitae showing relevant work experience, or statement from employer to substantiate period of employment
- a statement of purpose (250 to 300 words) outlining reasons for undertaking the course and your area(s) of interest.

**ALTERNATIVE EXIT**
- Graduate Certificate of Biostatistics.
The Master of Biotechnology integrates biotechnology and entrepreneurship through a range of multidisciplinary coursework, research and work-integrated units in modern areas of studies that pave the way to a myriad of employment prospects.

This new course integrates biotechnology and entrepreneurship, and equips you with the skills and knowledge to work in one of Victoria’s fastest growing sectors.

In addition to the industry placement program and research project, there are a range of coursework electives in interdisciplinary fields of pioneering developments in biotechnology research and enterprise.

ALTERNATIVE EXITS
- Graduate Certificate of Biotechnology
- Graduate Diploma of Biotechnology

CAREER OPTIONS
Our graduates can pursue work in a range of areas, including:
- Biotechnology companies and startups
- Medical device companies
- Medical or pharmaceutical sales
- Patent offices
- Pharmaceutical companies
- Regenerative medicine
- Regulatory agencies.

The Graduate Certificate of Biotechnology integrates biotechnology and entrepreneurship through a range of multidisciplinary coursework units. You’ll be taught theoretical knowledge and practical skills in contemporary fields of biotechnology, and the processes involved in obtaining research funding and translating biomedical products from lab to life. Learn from world leaders at the Australian Regenerative Medicine Institute (ARMI) and get hands-on training in medical biotechnology and opportunities to apply this to an industry placement or research project. This course is a great pathway to our Master’s in Biotechnology or an opportunity for a fast tracked career into the field.

CAREER OPTIONS
- Regulatory medical affairs
- IP
- Clinical trials
- Research and development.
Monash’s reputation as a world leader in this field has been long-established. The intensive training in this Master of Clinical Embryology will give you the knowledge and practical skills to contribute to human infertility clinical services.

Through this internationally renowned course, your studies will include the foundations of mammalian embryology, a detailed assessment of all infertility treatment strategies, and the theoretical basis behind embryo production, embryo selection and cryopreservation, with a focus on all current and future technologies associated with assisted reproductive technology.

**ADDITIONAL SELECTION REQUIREMENTS**
All applicants are assessed on academic merit and relevant experience. You’ll also need to provide:
- A statement of purpose (max 200 words) outlining why you wish to join this course
- A curriculum vitae, including work experience and two referees and/or work references where applicable.
- Meet Inherent requirements

**ALTERNATIVE EXIT**
- Graduate Diploma of Clinical Embryology.

---

**THE DEGREE YOU’RE AWARDED WILL REFLECT YOUR CHOSEN SPECIALISATION.**

**MASTER OF CLINICAL EMBRYOLOGY**

**COURSE CODE:** M6010

6. The Master of Clinical Embryology is a high-demand course. There’s a quota on the number of successful applicants. Applicants meeting the minimum academic requirements aren’t guaranteed entry.
7. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
8. A master’s degree (or equivalent) in a related field or a Master of Philosophy (or equivalent) or a PhD or doctoral degree (or equivalent) + a minimum of two years’ relevant work experience
9. A master’s degree (or equivalent) in a related field + a minimum of two years of relevant work experience + Part 1 of a specialist medical training program or current Fellowship of a specialist medical college recognised by the Medical Board of Australia and current registration with AMRRCA
10. Related fields include medical, nursing, allied health, other health related degree e.g. chiropractic, psychology, public health, environmental health, paramedic, imaging (radiology, nuclear medicine), biomedical engineering, dietetics/nutrition, pharmacy, social work, medical science/biomedical sciences/immunology, health science, laboratory science, and science.
11. Or equivalent qualification approved by the faculty.
12. More information about inherent requirements can be accessed at monash.edu/study/inherent

The only course of its kind in Victoria, our Master of Clinical Research develops the analytical and communication skills necessary to work in the broad domain of clinical research and practice.

Through this program, you’ll develop a detailed understanding of biostatistics, epidemiology, data management, clinical trials, clinical measurement, ethical practice, systematic reviews and meta-analysis, and critical appraisal of the scientific literature for application in research and clinical practice.

Taught by some of Australia’s leading clinical academics and with flexible content delivery, our curriculum is designed to help you balance the demands of a busy workflow with the need to engage in further professional development.

**SPECIALISATIONS**
- Clinical research
- Translational medicine

**ADDITIONAL SELECTION REQUIREMENTS**
Relevant work experience or a statement from an employer to substantiate your period of employment.

**ALTERNATIVE EXITS**
- Graduate Certificate of Clinical Research
- Graduate Certificate of Clinical Research (Translational Medicine)
- Graduate Diploma of Clinical Research
- Graduate Diploma of Clinical Research (Translational Medicine).
The Master of Clinical Simulation qualifies you to apply principles and theories that inform educational practice in a range of clinical simulation and other relevant contexts to undertake professional and highly skilled work and as educators and simulationists in the health professions.

This practice-based qualification builds on the existing Graduate Certificate of Clinical Simulation. It’s suitable for a broad range of health professionals and others who are, or will be, engaged in simulation-based education. This includes the teaching, assessment, evaluation, curriculum design, scenario design, debriefing, mentoring and supervision of health professionals and students in a range of clinical and other contexts.

The qualification is also suited to health professionals who use simulation for healthcare service quality improvement or systems testing. However, the use of simulation as an educational method is prioritised.

The Graduate Certificate of Clinical Simulation requires the successful completion of a foundation unit and two short courses from the Monash Institute for Health and Clinical Education eligible short course offerings.

ALTERNATIVE EXIT
- Graduate Certificate of Clinical Simulation

CAREER OPTIONS
- Health education.

1 This online course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is NOT available to international students currently in Australia on a student visa.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
EPIDEMIOLOGY

The Graduate Certificate of Epidemiology builds knowledge of key epidemiological principles. You’ll develop practical epidemiological and data analysis skills, as well as the capacity to apply them in public health contexts.

Alongside core studies, you’ll have the opportunity to explore the epidemiology of communicable diseases, as well as public health challenges.

CAREER OPTIONS
• Government departments
• Health services
• Non-government organisations
• Universities and research institutes.

A minimum of three years of relevant work experience4

The Graduate Certificate of Epidemiology builds understanding of epidemiological principles – including biostatistics, health promotion and disease – and the skills to apply these in public health practice. Alongside your core studies, you have the opportunity to explore the epidemiology of communicable and non-communicable diseases, as well as public health challenges, clinical trials and research methods. Your teachers are some of Australia’s leading epidemiologists, biostatisticians, infectious disease specialists and public health experts, who helped shape state and national responses to COVID-19.

With a range of study options for working professionals – from on-campus, to block learning, to online – you’ll have the flexibility to choose where and when to study.

CAREER OPTIONS
• Government departments
• Health services
• Non-government organisations
• Universities and research institutes.

1 This is a Monash Online course and is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is NOT available to international students currently in Australia on a student visa.
2 For most units, the majority of contact hours are facilitated through the University’s online learning platform, with additional face-to-face contact during designated study days at the Alfred Research Alliance in Melbourne.
3 Relevant work experience in the field of Health and Public Health includes the health industry (e.g. government, policy, provider, hospital, clinic), non-government organisation (NGO), academic or research institution, consulting, pharmacist and pharmaceutical company etc. If you’re applying on the basis of work experience, you’ll need to provide proof of relevant work experience such as a curriculum vitae and a statement from your employer which substantiates your period of employment.
4 It is a Monash Online course and is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is NOT available to international students currently in Australia on a student visa.
BUILD ON YOUR QUALIFICATIONS IN MEDICINE, DENTISTRY, BIOMEDICAL SCIENCE OR RADIOGRAPHY, AND LEARN HOW TO APPLY YOUR KNOWLEDGE IN THE INTERESTS OF JUSTICE. YOU’LL GAIN ADVANCED EXPERTISE AROUND THE LATEST FORENSIC TECHNIQUES, AN UNDERSTANDING OF MEDICO-LEGAL PRINCIPLES, AND THE ABILITY TO CONDUCT RESEARCH TO HELP AVOID PREVENTABLE INJURIES AND DEATHS.

OUR MASTER OF FORENSIC MEDICINE IS UNIQUE IN THE SOUTHERN HEMISPHERE. YOU’LL LEARN FROM AUSTRALIA’S BEST FORENSIC PRACTITIONERS, WHOSE RESEARCH AND EDUCATION WORK IS HEAVILY EMBEDDED WITH THE VICTORIAN INSTITUTE OF FORENSIC MEDICINE AND CORONERS COURT OF VICTORIA. OUR LECTURERS HAVE REAL-WORLD EXPERIENCE IN MAJOR CASES, FROM SOLVING THE MYSTERY OF NED KELLY’S REMAINS TO VICTIM IDENTIFICATION AFTER THE INDIAN OCEAN TSUNAMI, BLACK SATURDAY BUSHFIRES, AND THE DESTRUCTION OF FLIGHT MH17.

SPECIALISATIONS
- Clinical forensic medicine
- Forensic odontology
- Forensic medical science

ADDITIONAL SELECTION REQUIREMENTS
Proof of medical or dental registration, or registration as a radiographer with relevant registration board.

ALTERNATIVE EXITS
- Graduate Certificate of Forensic Medicine
- Graduate Diploma of Forensic Medicine
- Graduate Certificate of Forensic Paediatric Medicine.
HEALTH ADMINISTRATION

MASTER OF HEALTH ADMINISTRATION

COURSE CODE: M6007

ONLINE 1

1.4 OR 2 YEARS (part time)

JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER

$31,500 (2023 fees p.a.)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in a related field 3, OR

An equivalent qualification approved by the faculty with a minimum of one to two years industry/management experience 4

A Monash University Graduate Certificate of Health Administration 1.4

This fully online course provides the academic preparation for managers in health care and public health, and those aspiring to such roles.

You’ll receive structured learning in key management disciplines, including policy, organisational theory, financial management, human resources management, economics and marketing, with an emphasis on health care organisations and specific health-focused domains such as epidemiology, biostatistics and managing the patient care process.

PROFESSIONAL ACCREDITATION

This degree is accredited by the Australasian College of Health Service Management (ACHSM) which allows you to work towards the Royal Australasian College of Medical Administrator’s Fellowship.

ALTERNATIVE EXITS

• Graduate Certificate of Health Administration
• Graduate Diploma of Health Administration.

CAREER OPTIONS

• Health manager
• Executive health manager
• Service unit manager
• Health policy adviser.

GRADUATE CERTIFICATE OF HEALTH ADMINISTRATION

COURSE CODE: M4005

ONLINE 1

0.7 YEARS (part time)

MARCH, MAY, JULY AND AUGUST

$15,750 (2023 fee)

This is the 2023 fee for this 24-credit-point course.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in a related field 3, OR

An equivalent qualification approved by the faculty with a minimum of one to two years industry/management experience 4

Expand on your current knowledge and skills in the health care sector, and explore concepts key to management systems, outcomes, and leadership practices within the industry.

With a focus on managerial learning outcomes, supported by exercises that highlight real-world practice, the Graduate Certificate in Health Administration will prepare you to transform systems of health management.

On completion of this course, you’ll extend your core capabilities in the management of health services, including leadership, human resources and financial management.

CAREER OPTIONS

• Healthcare or clinical manager
• Community health program leader
• Clinical quality and safety manager
• Healthcare management consultant
• Healthcare services researcher.

1 The online offering is NOT available to international students currently in Australia on a student visa, international students living and studying offshore, or holders of an Australia temporary visa.

2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

3 Related fields include health science, business, commerce, economics or law.

4 The minimum industry experience is needed for you to apply complex theories and knowledge to professional practice in health care and public health management. It also enables you to positively contribute to the peer-learning incorporated into the course.
ADVANCED HEALTH CARE PRACTICE

THE DEGREE YOU’RE AWARDED WILL REFLECT YOUR CHOSEN SPECIALISATION

COURSE CODE: M6001

CLAYTON, NOTTING HILL (on campus, online) 1

1 OR 1.5 YEARS (full time, part time)

FEBRUARY AND JULY

$27,100 (2023 fees p.a.)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

Bachelor’s degree (or equivalent) in a related field + registration with the Australian Health Practitioner Regulation Agency (AHPRA) or equivalent accredited professional registration body + a minimum of two years’ equivalent full-time experience in clinical practice in the area of specialisation

Credit (60%) 1.5

Four-year bachelor’s (hons) degree (or equivalent) in a four-year entry-to-practice undergraduate degree in a related field OR

Credit (60%)

Bachelor’s degree (or equivalent) in a related field with submission of an extensive professional portfolio assessed by the faculty, OR

Credit (60%)

Bachelor’s degree (or equivalent) + a graduate diploma (or equivalent) or master’s qualifying degree (or equivalent) in a related field1, AND

Registration with AHPRA or an equivalent accredited professional registration body + a minimum of two years’ equivalent full-time experience in a related field and evidence of current engagement in clinical practice in area of specialisation (applicable to all listed above)

Are you an occupational therapist, physiotherapist, radiographer, radiation therapist, paramedic, or manager, medical practitioner or nurse?

The Master of Advanced Health Care Practice is a pathway for professionals like you to gain a master’s qualification that enhances your qualifications — and provides the widest range of career options for the future. This course is interprofessional, and you’ll complete a common module — Essentials of Advanced Health Care Practice and research — that reflects the collaboration required in practice to deliver the highest quality healthcare.

SPECIALISATIONS

- Medical imaging
- Occupational therapy
- Paediatric physiotherapy
- Paramedicine
- Radiation therapy

POST-ENROLMENT REQUIREMENTS

Upon enrolment you’ll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check
- obtain a National Disability Insurance Scheme (NDIS) Worker Screening check in order to undertake clinical/fieldwork placements.

ALTERNATIVE EXIT

- Graduate Certificate of Advanced Health Care Practice.

1 All specialisations are taught online except for the paramedicine specialisation which is available both online and on campus. The online offering of this course is only available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement. It is NOT available to international students currently in Australia on a student visa. Please note that each specialisation has its own unique course code which will need to be used when enrolling into the course. More information about course codes can be found at our website: monash.edu/study

2 This course will involve a blend of online and in-person learning, that will take place at the Alfred Precinct and the Clayton Campus.

3 Selection is based on previous academic achievement. There are specific requirements for each specialisation; for further details, visit monash.edu/study

4 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

5 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration. Not all specialisations are available for study as a 1.5-year duration.

6 This entry point is not available for the Radiation therapy specialisation.

7 Discipline study relevant to the specific area of specialisation.

8 A credit average (60%) is required in both qualifications.

9 Or qualification and experience approved by the faculty.

HEALTH DATA ANALYTICS

MASTER OF HEALTH DATA ANALYTICS

COURSE CODE: M6036

ALFRED HOSPITAL (on campus) 1

2 YEARS (full time, part time)

FEBRUARY

$31,500 (2023 fees)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

Bachelor’s degree (or equivalent) in any field1 Credit (60%) 2

Take a deep dive into the intersection of biostatistics, health data and machine learning with this cross-Faculty course that focuses on the role of data analytics in driving improvements to health outcomes and efficiencies to health service providers and planners. The field of Health Data Analytics is experiencing an employment boom, and is filled with diverse and well-remunerated opportunities.

The COVID-19 pandemic and growing exposure to machine learning and statistical models in everyday life has highlighted the possibilities offered by big data and technology to health. Health Data analysts transform healthcare by helping health stakeholders get the most out of mass data. This cross-disciplinary course provides knowledge and skills that’ll help you apply quantitative skills to some of healthcare’s biggest challenges.

ALTERNATIVE EXIT

- Graduate Diploma of Health Data Analytics.
If you’re working, or planning to work, in middle or senior management roles in healthcare, the Master of Health Management is for you.

Your core units cover law for health systems, clinical leadership and management, improving healthcare quality, financial issues in healthcare management, foundations health policy, epidemiology and biostatistics, reform and development of health services, and a health services management case study.

This graduate diploma gives you a broad framework to manage clinical healthcare systems, and is accredited by the Australasian College of Health Service Management.

The course covers human resource, financial, informational, medico-legal, political, cultural, economic, ethical, industrial, technological and psychosocial issues.

**PROFESSIONAL ACCREDITATION**

This course is accredited by the Australasian College of Health Service Management (ACHSM).

**ADDITIONAL SELECTION REQUIREMENTS**

You must submit a curriculum vitae showing relevant industry experience before your application can be assessed.

**ALTERNATIVE EXIT**

- Graduate Certificate of Health Management.
HEALTH PROFESSIONS EDUCATION

MASTER OF HEALTH PROFESSIONS EDUCATION
COURSE CODE: M6038

ONLINE 2 OR 3 YEARS (part time)
FEBRUARY $32,700 (2023 fee)

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS
ELIGIBILITY

Bachelor’s degree (or equivalent) in a related field from any health-related qualification, OR
Pass (50%) 3

Bachelor’s degree (or equivalent) in any field + a minimum of two years’ equivalent full-time work experience in a related field

Bachelor’s degree (or equivalent) in a related field from any health-related qualification + a minimum of two years’ equivalent full-time work experience in a related field, OR
Pass (50%) 2

Graduate certificate in a related field from any health-related qualification + a minimum of two years’ equivalent full-time work experience in a related field, OR

A postgraduate qualification (such as graduate diploma or master’s) from any health-related qualification

The Master of Health Professions Education qualifies you to apply principles and theories that inform educational practice in a range of clinical and other relevant contexts to undertake professional and highly skilled work as educators in the health professions.

This practice-based qualification builds on the existing Graduate Certificate of Health Professions Education. It is suitable for a broad range of health professionals who are, or will be, engaged in the teaching, assessment, evaluation, mentoring and supervision of health professionals in a range of clinical and other contexts.

You have the option of taking an education practice or a research practice capstone. The research capstone can articulate to a PhD.

ALTERNATIVE EXIT
• Graduate Certificate of Health Professions Education

CAREER OPTIONS
• Health Education.

GRADUATE CERTIFICATE OF HEALTH PROFESSIONS EDUCATION

- Bachelor’s degree (or equivalent) in any field, OR Credit (80%)
- A minimum of three years of relevant work experience

Build a successful career in health promotion, focusing on preventive health and utilising your skills to promote health, well-being and prevention to the broader population.

You’ll develop your repertoire of knowledge in health promotion, public health, epidemiology and biostatistics.

This course will develop practical epidemiological and data analysis skills, as well as the capacity to apply them in public health contexts. Alongside core studies, there will be the opportunity to explore current public health challenges and the concepts of health promotion and program evaluation.

This course may provide a pathway to the Master of Public Health.

**ADDITIONAL SELECTION REQUIREMENTS**

You’ll also need to submit a:

- curriculum vitae (CV) demonstrating relevant work experience, and a statement from your employer to substantiate your period of employment.

**CAREER OPTIONS**

- Health promotion officer
- Health educator
- Health community officer
- Health researcher
- Government roles
- Non-government organisations.

---

**MAGNETIC RESONANCE IMAGING**

**GRADUATE CERTIFICATE OF MAGNETIC RESONANCE IMAGING**

*COURSE CODE: M4019*

- **ONLINE**
- **1 YEAR** (part time)
- **FEBRUARY AND JULY**

$13,550 (2023 fees p.a.)

This is the total 2023 fee for this 24-credit-point course.

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) in a related field, OR
- A general science degree with specialisation in anatomy, physiology or physics, OR
- A biomedical or medical undergraduate/graduate-entry master’s degree

With a contemporary and evidence-based curriculum, this course will keep you up-to-date with advanced and rapidly-changing technologies in the field. Learning from experienced practitioners and leaders in medical imaging research, you’ll explore MRI and its application to clinical diagnostic imaging, and build to an advanced understanding of MRI techniques.

You’ll gain the clinical judgement, decision-making and leadership skills to shape your future practice and take the next step in your career — whether that be progressing to a leadership role, engaging in research or developing new career pathways within your workplace.

---

1 This is a Monash Online course and is only available to domestic students only. The online offering is NOT available to international students currently in Australia on a student visa, international students living and studying offshore, or holders of an Australia temporary visa.
2 This online course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is not available to international students currently in Australia on a student visa.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Relevant work experience in the field of Health and Public Health and includes the health industry (e.g. government, policy, provider e.g. hospital, clinic), non-government organisations (NGO), academic or research institution, consulting, pharmacist and pharmaceutical company etc.
5 Related fields include radiography, medical imaging and radiation therapy, or a health science discipline leading to appropriate professional recognition or registration.
Our graduate-entry medical program is designed as an integrated, interdisciplinary curriculum. It will prepare you to graduate with the knowledge, skills and attributes of a beginning medical practitioner. You’ll see the discoveries of our renowned researchers put into clinical practice and benefit from our links with the largest healthcare provider network in Australia, which includes the Monash Medical Centre, The Alfred (Melbourne’s major casualty hospital), Eastern Health, and Victorian health services in rural, regional and outer metropolitan Melbourne.

Passionate about improving healthcare in rural communities? Our End-to-End Rural Cohort provides 30 students a year with the opportunity to complete the majority of this degree in regional Victoria – starting with your first year at Monash Rural Health.

**PROFESSIONAL ACCREDITATION**
This course is professionally accredited by The Australian Medical Council.

**ADDITIONAL SELECTION REQUIREMENTS**
You’ll be ranked on your academic results. If you’re shortlisted, you’ll be invited to attend an interview as part of the selection process.

Note: applicants aren’t required to undertake the GAMSAT.

**POST-ENROLMENT REQUIREMENTS**
Upon enrolment you’ll be asked to:
- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.
- obtain a current Level 2 First Aid certificate (by end of the first semester) – highly recommended.
MEDICAL ULTRASOUND

MASTER OF MEDICAL ULTRASOUND
COURSE CODE: M6005

ONLINE
FEBRUARY AND JULY
3 YEARS (part time)
CSP: $8301
FULL FEE: $31,700

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in radiography and medical imaging, OR

Bachelor’s degree (or equivalent) in related science or health sciences1

EQUIPMENT

If you want to pursue a career as an accredited sonographer, this course is for you.

After completing the first two foundational units of the course, you’ll take part in supervised clinical ultrasound training practice for a minimum of three days a week, or equivalent2.

The final year of the course focuses on developing your research skills through an ultrasound research project. This course is fully supported by nationally recognised academics, sonographers and researchers.

PROFESSIONAL ACCREDITATION
This course is accredited by the Australian Sonographers Accreditation Registry.

ADDITIONAL SELECTION REQUIREMENTS
You must be actively engaged in supervised clinical ultrasound training practice for a minimum of three days a week (or equivalent). It’s your responsibility to secure your clinical training placement.3

ALTERNATIVE EXITS
• Graduate Certificate of Medical Ultrasound
• Graduate Diploma of Medical Ultrasound

CAREER OPTIONS
• Specialist sonographer in vascular, obstetrics and gynaecology, paediatrics or musculoskeletal ultrasound practice
• Applications specialist or commercial ultrasound sales representative
• Management or teaching
• Research careers, managing research projects, clinical trials and workplace audits. You could also complete graduate research, such as a Doctor of Philosophy.

MENTAL HEALTH SCIENCE

THE DEGREE YOU’RE AWARDED WILL REFLECT YOUR CHOSEN SPECIALISATION.
COURSE CODE: M6022

ONLINE
FEBRUARY
3 YEARS (part time)
CSP: $26,600
FULL FEE: $92,900

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in a related field4 or qualification and relevant work experience approved by the faculty

This course develops the professional knowledge and skills for clinicians delivering mental health care. The course can be completed by coursework or, if you’re seeking to build your research capability, you can incorporate a research project or minor thesis as part of your studies.

Whichever specialisation you choose, you’ll graduate with the ability to evaluate research literature, identify research gaps, conduct practice-based research projects, and develop, apply and advocate evidence-based best practice.

SPECIALISATIONS
• Child psychotherapy studies
• Psychiatry

PROFESSIONAL ACCREDITATION
(Master of Psychiatry only)
Accredited by the Royal Australian and New Zealand College of Psychiatrists, our course is a formal education course for trainees.

Our course is purpose-written to follow the curriculum provided by the Royal Australian and New Zealand College of Psychiatrists (RANZCP), and strongly links to their competency-based Fellowship Program. All of our unit coordinators are RANZCP-accredited supervisors, and your assessments are specifically designed to prepare you for your College Fellowship exams.

POST-ENROLMENT REQUIREMENTS
Upon enrolment you’ll be asked to:
• obtain a Police Check (annual requirement)
• obtain a Working with Children Check
• Prohibited employment declaration

ALTERNATIVE EXITS
• Graduate Diploma of Child Psychotherapy Studies
• Graduate Certificate of Mental Health Science
• Graduate Diploma of Mental Health Science.

---

1 This online course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is not available to international students currently in Australia on a student visa.

2 A limited number of Commonwealth Supported Places (CSP) are available to eligible applicants. CSP places will only be offered to students who have a placement at the time of application. The corresponding Student Contribution Amount rates published in this guide is indicative and can vary depending on unit enrolment.

3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

4 The related degree must include the studies of “full-body” human anatomy and physiology. Applicants must also have passed physics at Year 12 or at tertiary level or complete an equivalent physics bridging course.

5 A limited number of Commonwealth Supported Places (CSP) are available to eligible applicants. CSP places will only be offered to students who have a placement at the time of application. The corresponding Student Contribution Amount rates published in this guide is indicative and can vary depending on unit enrolment.

6 You’re required to find and attend appropriately supervised clinical placements. Competition for limited clinical training placements is very high. Applicants from a non-imaging background are strongly advised to secure their clinical placement before undertaking this program. The University does not accept any responsibility for finding clinical placements. You’ll also need to meet inherent requirements, monash.edu/study/inherent.

7 Only applicable if you’ve chosen the child psychotherapy specialisation.

(on campus, multi-modal)1

FEBRUARY, JULY

1 OR 1.5 YEARS (full time, part time) $ CSP*: $4124

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

ELIGIBILITY
Bachelor’s degree (or equivalent) in nursing 1.5
Bachelor’s (hons) degree (or equivalent) in a related field4 including nursing

Nurse practitioner5
Bachelor’s degree (or equivalent) in nursing + a graduate award in a relevant specialty area 1

This course in Advanced Clinical Nursing prepares you as a specialist in the relevant clinical area.

You’ll develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

The program has flexible teaching delivery options and offers a range of individual career pathways, including nursing, education or management positions within industry, government or independent professional practice.

SPECIALISATIONS
- Cardiac nursing (Clayton)
- Emergency nursing (Peninsula)6
- Intensive care nursing (Clayton)
- Medical surgical nursing (Clayton)
- Mental health nursing (Peninsula)
- Nurse practitioner (Clayton)7
- Paediatric nursing (Clayton)
- Perioperative nursing (Clayton)

EXTRA REQUIREMENTS

You must be employed concurrently and remain employed for at least three days per week as a registered nurse at an approved partner organisation in your clinical specialisation whilst studying specific units.

ADDITIONAL SELECTION REQUIREMENTS

You’ll also need to submit:
- an application letter advising specialisation
- certified evidence of current nursing registration
- certified copy of transcript of results/previous education achievements
- letter of support from employer (where applicable. Please note that your employer needs to be approved as a partner organisation in the Master of Advanced Clinical Nursing).

Nurse practitioner specialisation only:
There are highly specific requirements for entry into the nursing practitioner specialisation. Please visit our website and be sure to read all the extra requirements: monash.edu/course-m6031

ALTERNATIVE EXITS
- Graduate Certificate of Advanced Clinical Nursing7
- Graduate Diploma of Advanced Clinical Nursing7

1 Students studying in the on-campus mode attend both the Clayton and the Peninsula campuses and some travel between campuses is expected.
2 The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 Discipline study relevant to the specific area of specialisation.
5 This specialist pathway satisfies the educational requirements for endorsement as a nurse practitioner by the Australian Health Practitioner Regulation Agency under Pathway 1 and 2. Additional entry requirements apply for this pathway. This specialisation is also accredited by the Nursing and Midwifery Board of Australia (NMBA). This specialisation can only be studied part-time.
6 Students studying Emergency Nursing in the on-campus mode may be required to attend both the Clayton and the Peninsula campuses and some travel between campuses is expected.
7 This alternative exit does not apply to the Nurse practitioner specialisation.
ADVANCED NURSING
RANKED TOP 15 IN THE WORLD
QS World University Rankings by Subject 2023

MASTER OF ADVANCED NURSING
COURSE CODE: M6006

CLAYTON, PENINSULA
(on campus/multi-modal)1
FEBRUARY AND JULY
1, 1.5 OR 2 YEARS (full time, part time)
$ CSP+: $4124

Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

ELIGIBILITY
For the specialisations: Advanced nursing studies, Education in health, Healthcare in disasters, Leadership and management in health, Trauma nursing:

Bachelor’s degree in nursing (or equivalent) Credit (60%) 2
Bachelor’s degree in nursing (or equivalent) + a minimum of two years’ full-time equivalent relevant professional experience in nursing2 Credit (60%) 1.5
Bachelor’s (hons) degree (or equivalent) in nursing Credit (60%) 1

For the Advanced Midwifery specialisation only:

Bachelor’s degree (or equivalent) or graduate diploma (or equivalent) in Midwifery Credit (60%) 2
Bachelor’s degree (or equivalent) or graduate diploma (or equivalent) in Midwifery + a minimum of two years’ full-time equivalent relevant professional experience in nursing2 Credit (60%) 1.5
Bachelor’s (hons) degree (or equivalent) in Midwifery Credit (60%) 1

The Master of Advanced Nursing prepares you for leadership roles in management, education, disaster management and leadership, trauma nursing and advanced midwifery.

You’ll develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

The program has flexible teaching delivery options, and offers a range of individual career pathways, including nursing, education or management positions within industry, or government.

Most specialisations can be taken by coursework, or a combination of coursework and research.

SPECIALISATIONS
• Advanced midwifery (Peninsula)
• Advanced nursing studies (Clayton, Peninsula)
• Education in healthcare (Peninsula)
• Healthcare in disasters (Peninsula)
• Leadership and management in healthcare (Clayton)
• Trauma nursing (Clayton, online)6

POST-ENROLMENT REQUIREMENTS
• Obtain a Police Check (annual requirement)
• Obtain a Working with Children Check
• Vaccination and infectious diseases screening tests prior to clinical placements (mandatory).

ALTERNATIVE EXITS
• Graduate Certificate of Advanced Nursing
• Graduate Diploma of Advanced Nursing

ADVANCED MIDWIFERY
– Graduate Certificate of Advanced Midwifery
– Graduate Diploma of Advanced Midwifery.

1 Students studying in the on-campus mode attend both the Clayton and the Peninsula campuses and some travel between campuses is expected.
2 This is a CSP-only course. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
5 You’ll need to provide certified evidence of your current nursing registration in the country where you’re registered as a nurse or midwife.
6 Studying this specialisation online is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa other than a student visa that has a full study entitlement. It is not available to international students currently in Australia on a student visa.
NURSING PRACTICE
RANKED TOP 15 IN THE WORLD
QS World University Rankings by Subject 2023

MASTER OF NURSING PRACTICE
COURSE CODE: M6016
CLAYTON (on campus)1
FEBRUARY AND JULY
2 YEARS (full time)
CSP: $4124

ENTRY REQUIREMENTS1
ELIGIBILITY
Bachelor's degree (or equivalent) excluding a Bachelor of Nursing with specified prerequisites2 Credit (60%) 2

From the very beginning of your course, you’ll be immersed in an intensive program where you’ll develop your clinical experience and skills in an environment that reflects what modern-day healthcare looks, feels and sounds like. These clinical learning environments also use high-fidelity mannequins that react to the treatment you give them, using the same equipment you’d be expected to use in your hospital/clinical placements. Clinical placements will be conducted in metropolitan and regional Victoria, where you’ll put classroom concepts into practice on the wards and really start to explore the science and art of nursing practice. Once graduated, you’ll be skilled in problem-solving and clinical reasoning, competent and safe in your practice of clinical nursing skills, and able to work within legal and ethical standards of practice to provide high-quality nursing care.

PROFESSIONAL RECOGNITION
Successful completion of the course will lead to eligibility for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA) provided that you’ve also met the current NMBA Registration standard: English language skills. Registration with the NMBA is a legal requirement for practicing as a registered nurse in Australia.

POST-ENROLMENT REQUIREMENTS
Upon enrolment you’ll be asked to:
• comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
• obtain a Police Check (annual requirement)
• obtain a National Disability Insurance Scheme (NDIS) Worker Screening Check
• obtain a Working with Children Check.
• meet Inherent requirements.12

EXTRA REQUIREMENTS
To be considered for a place in a nursing course which leads to registration, it is an Australian Nursing and Midwifery Accreditation Council accreditation requirement that on entry into the course you meet the Nursing and Midwifery Board of Australia (NMBA) English Language requirements for registration. This is in addition to Monash University’s course specific academic admission requirements. You’ll be required to upload a self-declaration form with your application.

For more information, visit monash.edu/study/course/M6016

1 For the Master of Nursing Practice, this course requires attendance at off-campus practical placements which may occur in a range of locations. For the Master of Nutrition and Dietetics, you’ll be required to undertake off-campus supervised practical placements.
2 This is a CSP-only course. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 This course isn’t available for first-semester (February) entry unless you’ve completed the Monash University Bachelor of Nutrition Science degree with the required subjects, or an equivalent nutrition science degree where credit may be given for units completed that are equivalent to the first-year units of the master’s program. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 A limited number of Commonwealth Supported Places (CSP) are available to eligible applicants for semester one only. If offered a place in the course, there is no guarantee that you will be offered CSP. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
5 There are limited places available in this course. Admission is competitive. You’ll be ranked on academic merit, and selected based on published entry requirements and your entire academic record. Meeting the minimum entry requirements and course specific prerequisites, does not guarantee selection. Please note that applicants who are already registered nurses in Australia aren’t eligible to be considered for this course.
6 Your undergraduate degree must have been completed in the past 10 years unless you have been assessed as having work experience that the Faculty considers equivalent.
7 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
8 You must have completed either one six-credit-point unit of study in human anatomy/physiology or a related area from any recognised tertiary institution, OR the Monash Human Biology short course which has been assessed as equivalent to this requirement. monash.edu/medicine/nursing/study/humanbiology
9 Related fields include biomedical science, science, health sciences, nutrition, food science and exercise science.
10 Specified prerequisites are four units of chemistry/biochemistry, four units of biology/human physiology, at least one human nutrition, and one research skills unit in the undergraduate degree.
11 In addition, your undergraduate nutrition science degree will need to be assessed as providing equivalent content and assessment as the master’s semester one units which include nutrition and chronic disease, current public health nutrition practice, health education and promotion, nutrition across the lifespan, food regulation in Australia, cultural competency and professional development as a dietitian.
12 For more information on the inherent requirements, visit monash.edu/study/inherent

NUTRITION AND DIETETICS

MASTER OF NUTRITION AND DIETETICS
COURSE CODE: M6002
CLAYTON (on campus)1
JULY1
1.5 OR 2 YEARS (full time)
CSP $8301
FULL FEE: $38,100 (2023 fees p.a.)

ENTRY REQUIREMENTS1
ELIGIBILITY
Bachelor’s degree (or equivalent) in a related field1 with specified prerequisites Credit (60%) 1.5
Bachelor’s degree (or equivalent) in nutrition science1 with specified prerequisites Distinction (70%) 2

This course integrates academic teaching and learning with clinical, population health, food service, research and management experience, and is carried out in both academic and professional practice placement settings. You’ll complete supervised placements in both clinical and community settings, gaining a breadth of professional experience. There are also plenty of opportunities to apply your dietetics knowledge outside of the classroom. You’ll learn through simulated patient scenarios, hands-on food activities, and by working in Monash’s on-site nutrition clinic.

PROFESSIONAL ACCREDITATION
This course has been accredited by Dietitians Australia.

ADDITIONAL SELECTION CRITERIA
If you’re applying using work experience as your qualification, you’ll need to provide:
• a curriculum vitae detailing relevant work experience, or
• a statement from an employer to substantiate the period of your employment.

POST-ENROLMENT REQUIREMENTS
Upon enrolment you’ll be asked to:
• comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
• obtain a Police Check (annual requirement)
• obtain a National Disability Insurance Scheme (NDIS) Worker Screening check
• obtain a Working with Children Check.
• meet Inherent requirements.13

ALTERNATIVE EXIT
• Graduate Diploma of Health Studies

CAREER OPTIONS
• Consultancy or private practice
• Food industry
• Food service and management
• Patient care

2024 GRADUATE COURSE GUIDE 95
You’ll learn to systematically control related hazards and exposures within a broad range of workplace and community environments.

You’ll be equipped to take responsibility for high-level independent judgements, and initiate, implement and evaluate risk management interventions within varied occupational and environmental contexts.

This course is particularly suited to medical practitioners, nurses, allied health personnel, scientists, and occupational health and safety managers. It’s offered by off-campus learning, however compulsory block attendance is required each semester.

**PROFESSIONAL ACCREDITATION**

This course is professionally accredited by the Australian OHS Education Accreditation Board.

**ADDITIONAL SELECTION REQUIREMENTS**

You’ll need to submit:

- a curriculum vitae showing relevant industry experience
- a statement of purpose (250-300 words, maximum) outlining reasons for undertaking the course and your area(s) of interest.

**ALTERNATIVE EXITS**

- Graduate Certificate of Occupational Health
- Graduate Diploma of Occupational and Environmental Health.

We recognise that medical practitioners, nurses, allied health personnel, scientists and OHS managers need to develop adaptable and responsible skills as OHS and environmental health practitioners.

This course will give you the opportunity to gain the skills and knowledge necessary to responsibly provide preventive health services to both reduce the health impacts of disease and injury, and assist to systematically address hazards arising from workplaces and within communities.

**PROFESSIONAL ACCREDITATION**

This course is professionally accredited by the Australian OHS Education Accreditation Board.

**ADDITIONAL SELECTION REQUIREMENTS**

You’ll need to submit:

- a curriculum vitae citing relevant work experience
- a statement of purpose (250-300 words, maximum) outlining reasons for undertaking the course.

**ALTERNATIVE EXIT**

- Graduate Certificate of Occupational Health.
**OCCUPATIONAL THERAPY PRACTICE**

**MASTER OF OCCUPATIONAL THERAPY PRACTICE**

This course offers advanced education and training in pre-hospital care in an intensive care, extended care or aeromedical and retrieval specialisation. You’ll extend your clinical practice by initially undertaking specialist paramedic-focused training in advanced clinical leadership and decision-making, as well as advanced techniques, in order to provide the highest level of care in your chosen specialisation.

You’ll also explore clinical practice within an integrated emergency medical system, and consider the issues and trends that influence scope of practice and service delivery.

The Master of Specialist Paramedic Practice includes a nested graduate certificate for the aeromedical and retrieval specialisation, as well as a graduate diploma for the intensive care and extended care specialisations.

**SPECIALISATIONS**

- Aeromedical retrieval
- Community care
- Intensive care

**ADDITIONAL SELECTION REQUIREMENTS**

- A minimum of two years’ experience in the field of paramedic practice post-qualification at the time of commencement of the course.
- Registration with the Australian Health Practitioner Regulation Agency (AHPRA) or equivalent accredited professional registration body

**ALTERNATIVE EXITS**

- Graduate Certificate of Aeromedical Retrieval
- Graduate Certificate of Specialist Paramedic Practice (Community Care)
- Graduate Diploma of Specialist Paramedic Practice (Intensive Care)

**CAREER OPTIONS**

- Community paramedic
- Flight paramedic
- Intensive or critical care paramedic.

---

1 This course runs on a term, rather than semester, basis and commences in early July before the official start of Monash’s second semester later in the month. The course requires full-time enrolment over two years from July to May, and operates over 72 weeks.

2 Applicants who are already registered occupational therapists in Australia or overseas aren’t eligible to be considered for this course. Admission is competitive. Applicants will be ranked on academic merit, and selected based on published entry requirements and their entire academic record. Meeting the minimum entry requirements and course specific prerequisites does not guarantee selection. We recommend that you submit your application and documentation as soon as possible so that your application can be considered as there are limited places in this course. See monash.edu/study/course/M6017.

3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

4 For further information, visit monash.edu/humanbiology

5 A minimum of two years’ experience in the field of paramedic practice post-qualification at the time of commencement of the course.

6 More information on inherent requirements can be found at monash.edu/study/inherent
Gain the skills to deliver collaborative and optimal perioperative care to patients presenting with complex, chronic and acute medical conditions requiring surgical intervention.

Our Master of Perioperative Medicine takes an evidence-based and risk-informed approach to the justification of perioperative medical interventions in modern surgical settings. You’ll also develop skills in research and clinical leadership in this emerging medical discipline.

**ADDITIONAL SELECTION REQUIREMENTS**

You’ll need to submit a curriculum vitae

**ALTERNATIVE EXIT**

- Graduate Certificate of Perioperative Medicine.

---

Perioperative medicine encompasses caring for patients from the time they contemplate surgery through the operative period to a full recovery.

The Graduate Certificate of Perioperative Medicine provides you with the knowledge and skills to deliver perioperative care as part of a multidisciplinary team. Delivered with Alfred Health’s Department of Anaesthesiology and Perioperative Medicine, our course prepares you to apply perioperative medicine principles to patients with complex, chronic and acute medical conditions requiring surgical interventions.

You’ll learn how to create and implement evidence-based perioperative management plans in your workplace, understand risk and optimise care for your patients during the perioperative period. A Graduate Certificate of Perioperative Medicine could also lead you towards further study, with the opportunity to progress into the Master of Perioperative Medicine program.

This course is delivered fully online, combining the recognition of a Monash qualification with the flexibility required by working clinicians.

**ADDITIONAL SELECTION REQUIREMENTS**

You’ll need to submit a curriculum vitae.

---

Our course, offered by the School of Public Health and Preventive Medicine, provides you with a comprehensive and deep knowledge of all aspects of personal injury management.

You’ll undertake study in areas such as legislative and regulatory design, claims management, evaluation of scheme performance, scheme financing, rehabilitation and return to work, and public health.

Completion of the course will allow you to register with the Personal Injury Education Foundation (PIEF) as a Certified Personal Injury Professional (CPIP).

---

1 The online/off campus offering of this course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is not available to international students currently in Australia on a student visa.

2 Or an equivalent qualification approved by the faculty.

3 This course is taught online with face-to-face block-day teaching.

4 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.

5 Related fields include: medicine, nursing, chiropractic, psychology, public health, environmental health, paramedics, imaging (radiology, nuclear medicine), biomedical engineering, dietetics/nutrition, pharmacy, social work, medical science/biomedical science/immunology, health science, laboratory science, science, and health economics.
DOCTOR OF PHYSIOTHERAPY

Course Code: M6032
Peninsula (on campus) 3 Years (full time)
July $44,500 (2023 fees p.a.)

Entry Requirements
eligibility
Bachelor’s degree (or equivalent) in a relevant area of study
Distinction (70%) 3

Fees are per 48 credit points, which represents a standard full-time course load for a year.

This three-year integrated program will provide you with the knowledge, skills and clinical practice experience required to work as a physiotherapist, with a particular focus on the development of leadership skills.

Building on an undergraduate degree in foundational sciences, and learning from expert physiotherapists and researchers, the Doctor of Physiotherapy will prepare you to work in public and private hospitals, private practice, sports, aged care and community health, both locally and beyond.

Professional Accreditation
The Doctor of Physiotherapy course is an approved program of study, accredited by the Australian Physiotherapy Council on behalf of the Physiotherapy Registration Board.

Post-Enrolment Requirements
Upon enrolment you’ll be asked to:
• obtain a Police Check (annual requirement)
• obtain a Working with Children Check
• obtain a National Disability Insurance Scheme (NDIS) Worker Screening check
• comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
• meet inherent requirements.

Alternative Exit
• Graduate Diploma of Health Studies

Career Options
Physiotherapists may work independently or as part of a team of health care professionals in a range of settings such as: public and private hospitals, health centres, sports medicine clinics, maternity hospitals, rehabilitation centres, aged care facilities and in private practices, as well as in areas concerning health promotion, education, management and research.

1 The clinical component of this course requires you to travel to a variety of health services and agencies, which may include a rural placement.
2 You’ll complete a wide range of clinical placements in years two and three of your course including acute, subacute, community and private practice placements.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 You must have completed your undergraduate degree within the last 10 years.
5 Related fields must include human anatomy, human physiology and biostatistics (example units: BMS2011 Human anatomy, BMS2031 Human physiology, BMS7042 Biostatistics).
6 Related fields must include human anatomy and pharmacology, for example BMS2011 Human anatomy and PHA3011 Pharmacology.
7 Full accreditation is expected in 2023, when the first cohort of DPT students complete our program, in line with the APC accreditation guidelines.
8 More information on inherent requirements can be found at monash.edu/study/inherent

DOCTOR OF PODIATRIC MEDICINE

Course Code: M6043
Peninsula (on campus) 3 Years (full time)
February $39,500 (2023 fees p.a.)

Entry Requirements
eligibility
Bachelor’s degree (or equivalent) in a related field
Distinction (70%) 3

Get ready for clinical practice and beyond. Equip yourself with the only doctoral level podiatry degree in Victoria and help fill Australia’s growing demand for podiatrists.

You can help meet Australia’s high demand for podiatry graduates with our Doctor of Podiatric Medicine degree. Graduate with an entry to practice qualification and the ability to deliver evidence-based care to people with complex health needs. Start by building your foundational knowledge and skills before developing your clinical skills through clinical placements and simulations. In your final year, you will pursue your area of passion in an independent research project and develop the skills needed to lead a business.

Post-Enrolment Requirements
Upon enrolment you’ll be asked to:
• obtain a Police Check (annual requirement)
• obtain a Working with Children Check
• obtain a National Disability Insurance Scheme (NDIS) Worker Screening check
• comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
• meet inherent requirements.

Career Options
After completing your degree, you’ll be eligible for independent practice and independent prescribing. Whether you want to work in a major city or a rural town, podiatrists have the flexibility to work in a diverse range of settings, including:
• Private practice
• Medical podiatry
• Sports podiatry
• Orthotics
• Footwear industry.
### PSYCHOLOGY

**GRADUATE DIPLOMA IN PSYCHOLOGY**

**Course Code:** M5013

- **ONLINE**
- **1.7 YEARS (part time)**
- **JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER**
- **$34,400 (2023 fees p.a.)**

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) in any field, OR Pass (50%)
- A Monash University Graduate Certificate of Applied Mental Health Credit (60%)

This Monash online course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa). It is not available to international students currently in Australia on a student visa.

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

**CAREER OPTIONS**

Apply your psychology skills in a range of fields including:

- community services and counselling
- community corrections
- welfare work
- marketing and advertising
- finance and banking
- human resources
- education and training.

---

### PSYCHOLOGY ADVANCED

**GRADUATE DIPLOMA OF PSYCHOLOGY ADVANCED**

**Course Code:** M5003

- **ONLINE**
- **1.4 YEARS (part time)**
- **JANUARY, MARCH, MAY, JULY, AUGUST AND OCTOBER**
- **$36,600 (2023 fees p.a.)**

**ENTRY REQUIREMENTS**

**ELIGIBILITY**

- Bachelor’s degree (or equivalent) with a major in psychology 3,4, OR Distinction (70%)
- Graduate diploma (or equivalent) in psychology 3,5

This four-year, honours-equivalent program is designed to continue your pathway to becoming a psychologist or pursuing a research degree. You’ll delve into specific areas of the science and practice of psychology and explore their contemporary applications.

This course combines psychological theory and methodology with integral research skills, giving you a pathway into roles within universities and hospitals, education and training institutions, government departments influencing public policy, and corporate organisations conducting market research and consultancy work.

**PROFESSIONAL ACCREDITATION**

The Graduate Diploma of Psychology Advanced is accredited by the Australian Psychology Accreditation Council.

**CAREER OPTIONS**

Apply your psychology skills in a range of fields including:

- mental health and wellbeing
- education and training
- population health
- drug and alcohol
- justice and corrections
- public policy.

---

1. This is a Monash Online course and is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement.
2. In equivalent Monash University grading scale terms, a “100% scale where 50% is a pass”.
3. Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychological Society (APS) [www.psychology.org.au](http://www.psychology.org.au).
4. Accredited by the Australian Psychology Accreditation Council (APAC) with at least a distinction (70%) across second and third-year psychology units (including psychology electives).
5. Accredited by the Australian Psychology Accreditation Council (APAC) with at least a distinction (70%) average across all psychology units excluding any foundational units.
Our flagship Master of Public Health is your internationally recognised passport for careers in government, industry, and organisations throughout the health sector.

We focus on providing latest knowledge, practical research skills and nurturing your ability to problem-solve. This means our graduates are equipped with the full range of quantitative, analytical and communication skills needed to work in and lead public health programs, research and policy.

Taught by Victoria’s leading public health experts and with strong links to the Alfred Hospital, our Master of Public Health is highly regarded in industry, the public sector and academia.
The Master of Public Health has been designed by a team of expert Monash academics and industry leaders, to explore all areas of public health, including epidemiology, biostatistics, global health, and clinical research. You’ll also explore the challenges that lie in public health care and develop an understanding of health policy and public health promotion.

This course will provide you with graduate-level skills and knowledge to build upon your experience in health care or to pivot your career into the sector. You’ll emerge with the analytical skills and communicational acumen needed to tackle the greatest health challenges of today and into the future.

PROFESSIONAL ACCREDITATION
This course fulfils the core discipline requirements of a Master of Public Health for the Australasian Faculty of Public Health Medicine.

ALTERNATIVE EXITS
• Graduate Certificate of Public Health
• Graduate Diploma of Public Health
• Graduate Certificate of Epidemiology
• Graduate Certificate of Health Promotion.

CAREER OPTIONS
• Senior policy manager
• Political scientist
• Health legislative aide
• Health policy adviser
• Retail industry.

This course is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is not available to international students currently in Australia on a student visa.

Our leading industry academics have designed this course to train you with broad quantitative, analytical and communication skills, helping you succeed and take the lead in transforming the industry. You’ll open pathways to pursue further studies and career options in public health.

The Graduate Certificate of Public Health encompasses topics that empower you to navigate public health systems with confidence and extend your knowledge in epidemiology, biostatistics, health promotion and disease. You’ll test your ability in researching methods for healthcare and incorporate the concepts and applications of public healthcare interventions.

CAREER OPTIONS
• Public health officer
• Health researcher
• Health educator
• Project officer
• Community development officer
• Ministerial advisor.

1 This is a Monash Online course and is only available to domestic students, international students living and studying offshore, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is not available to international students currently in Australia on a student visa.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 Relevant discipline includes medical, nursing, allied health, other health-related degree, e.g. chiropractic, psychology, public health, environmental health, paramedic, imaging (radiology, nuclear medicine), biomedical engineering, dietetics/nutrition, pharmacy, social work, medical science/biomedical science/immunology, health science, laboratory science, science, and health economics; or in a non-related discipline, e.g. education, law, media, IT, journalism, communications, arts.
5 Relevant work experience includes work experience relevant to the person’s undergraduate or higher degree, in professional practice, in a related field, or that demonstrates application / work experience gained in a relevant field even if the bachelor’s degree was not in a related discipline. Relevant work experience includes in the health industry, government sector, policy, a provider (e.g. hospital or clinic), non-government organisation, academic or research institution, consulting or pharmaceutical company. If your application includes the work experience component, you’ll need to provide a curriculum vitae detailing relevant work experience, and a statement from an employer to substantiate the period of your employment.
6 Relevant work experience in the field of health and public health including from within the health industry (e.g. Government, policy, provider e.g. hospital, clinic), non-government organisation (NGO), academic or research institution, consulting, pharmacist and pharmaceutical company etc.
RADIATION THERAPY

MASTER OF RADIATION THERAPY

COURSE CODE: M6004

CLAYTON (off campus) 2 YEARS (full time)
JULY
$31,700 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year.

PROFESSIONAL DEVELOPMENT: SUPERVISED CLINICAL PLACEMENTS

ENTRY REQUIREMENTS 2

ELIGIBILITY
Bachelor's degree (or equivalent) in science or health science, including human anatomy and physiology + you must also have passed either Year 12-level physics or higher, or an equivalent bridging course.

If you have a first degree in science or a related health discipline, this accelerated learning program allows you to gain a professional entry-level qualification at graduate level.

After completing the two-year program, you'll be able to apply for general registration as a radiation therapist from the Medical Radiation Practice Board of Australia.

This course is the only online graduate-entry radiation therapy program offered in Australia, and if you're an interstate student you may be able to study in your home state.

PROFESSIONAL ACCREDITATION
The Master of Radiation Therapy is accredited by the Medical Radiation Practice Board of Australia through the Australian Health Practitioners Regulation Agency (AHPRA).

ADDITIONAL SELECTION REQUIREMENTS
You must attend a Master of Radiation Therapy information webinar. For more information, visit monash.edu/study/course/m6004

POST-ENROLMENT REQUIREMENTS
Upon enrolment you'll be asked to:
- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check
- complete a Level 1 First Aid course prior to your first clinical placement
- meet inherent requirements.

CAREER OPTIONS
- Clinical practice as a registered radiation Radiation Therapist in both private and public practice
- Applications specialist and equipment sales
- Management or teaching
- Research careers, managing research projects, clinical trials and workplace audits. You could also complete graduate research, such as a Doctor of Philosophy.

REPRODUCTIVE SCIENCES

GRADUATE DIPLOMA OF REPRODUCTIVE SCIENCES

COURSE CODE: M5010

CLAYTON, MONASH MEDICAL CENTRE (on campus) 1 YEAR (full time, part time)
FEBRUARY
$32,700 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS 3

ELIGIBILITY
Bachelor's degree (or equivalent) in nursing or biological, medical, agricultural or veterinary sciences + experience in the reproductive sciences gained after completing a degree (credit average) in another field.

Gain broad knowledge and receive practical training in the applications of reproductive biology in human clinical and veterinary medicine, and explore the social and ethical issues these raise.

You'll be learning from an impressive calibre of guest lecturers. All of our presenters are either academics with clinical backgrounds or currently have active clinical roles in IVF and fertility centres across Victoria, and many have internationally recognised careers.

On completion of the course, you'll be able to show a thorough theoretical understanding of human and animal reproductive sciences, and demonstrate practical techniques in human clinical and veterinary reproductive sciences.

You may also qualify for admission into the Master of Clinical Embryology or into higher degrees by research.

1 This course requires you to complete off-campus clinical placements.
2 Please note that there are limited places in this course. Admission into the course is competitive and is based on academic merit.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Details of equivalent bridging courses in physics can be obtained by contacting the Department of Medical Imaging and Radiation Sciences from monash.edu/medicine/physics-bridging-course
5 Bachelor of Science should include a major field of study in anatomy, biology, biochemistry, genetics, pharmacology, physiology, microbiology, immunology or zoology.
6 More information about the inherent requirements can be found at monash.edu/study/inherent
### SOCIAL WORK

**MASTER OF SOCIAL WORK**  
**COURSE CODE:** M6012  
**CAULFIELD** (on campus, online)  
**FEVERARY**  
**CSP:** $8301  
**2 YEARS** (full time, part time)  

Published durations apply to full-time study mode.  

**PROFESSIONAL PRACTICE:** 1000 HOURS  

<table>
<thead>
<tr>
<th>ENTRY REQUIREMENTS</th>
<th>ELIGIBILITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelor's degree (or equivalent) and at least one year of full-time studies in the social and behavioural sciences</td>
<td>Credit (60%)</td>
</tr>
<tr>
<td>A master's program which qualifies graduates to register and practice in Allied Health, education, medicine or nursing</td>
<td>Pass (50%)</td>
</tr>
</tbody>
</table>

This course prepares you for a career as a professionally qualified social worker.  

It includes studies in theory, skills development and supervised professional practice, and opportunities for group-based learning, community engagement, practice research and integration of social work theory and practice.  

The theoretical content builds on the knowledge you’ll have acquired in previous higher education, while the social work skills components and professional practice introduce you to contemporary social work practice.  

**PROFESSIONAL ACCREDITATION**  
The course is accredited by the Australian Association of Social Workers (AASW), and includes 1000 hours of supervised professional practice.  

**SPECIAL REQUIREMENTS**  
Upon enrolment you’ll be asked to:  
- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements  
- obtain a Police Check (annual requirement)  
- obtain a Working with Children Check  
- obtain a National Disability Insurance Scheme (NDIS) Worker Screening check in order to undertake clinical/fieldwork placements in some settings  
- meet inherent requirements.  

**ALTERNATIVE EXIT**  
- Graduate Diploma of Health Studies  

**CAREER OPTIONS**  
A range of community and statutory service organisations:  
- family violence  
- family support  
- homelessness  
- disability  
- alcohol and drug services  
- mental health  
- child protection  
- youth and adult justice.

Our Master of Technology Commercialisation and Business degree enables you as a professional with excellent scientific and technical training to enhance your immediate employability and broaden your future career options. Industry professionals will train you to develop and apply modern business-relevant knowledge and skills and apply them in the context of technology translation and commercialisation. This course aims to give you a work-ready multidisciplinary education, providing you with in-depth knowledge to solve complex problems and drive ventures in science and business.  

**ALTERNATIVE EXIT**  
- Graduate Certificate of Business  

**CAREER OPTIONS**  
Our graduates find fulfilling roles in a wide range of industries, including:  
- healthcare and medical technology  
- finance and investment  
- government  
- technical services  
- public sector research and development  
- agriculture  
- information and communications technology  
- professional services  
- manufacturing.

---

1. The off-campus offering is only available to domestic students, and holders of an Australia temporary visa (other than a student visa) that has a full study entitlement. It is not available to international students currently in Australia on a student visa or international students living and studying offshore.  
2. Some units are taught at the Caulfield campus, travel between campuses will be required.  
3. The Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.  
4. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.  
5. Examples of suitable discipline majors within the Bachelor of Arts or Bachelor of Social Sciences degrees that would satisfy this requirement are, but are not limited to: anthropology, community development, counselling, criminology, economics: with a health or social focus, geography with a human/social focus, indigenous studies, international relations, philosophy, political science, psychology, psychological science and sociology.  
6. Allied health includes: optometry, speech pathology, occupational therapy, physiotherapy, radiography/medical imaging, radiation therapy, medical ultrasound, paramedicine, dietetics, chiropractic, osteopathy, psychology, podiatry.  
7. Related fields include science, biomedical science, engineering or information technology.  
8. More information on inherent requirements can be found at monash.edu/study/inherent.
WOUND CARE

MASTER OF WOUND CARE  
COURSE CODE: M6035

<table>

<tr>
<th>ONLINE</th>
<th>3 YEARS (part time)</th>
<th>$31,700 (2023 fees p.a.)</th>
</tr>
</thead>
</table>

The fee quoted is an annual fee based on 48 credit points of study (which represents a standard full-time course load for a year). To calculate an approximate per annum fee for this course, please multiply the amount listed by 0.5.

ENTRY REQUIREMENTS

ELIGIBILITY

Bachelor’s degree (or equivalent) in pharmacy, podiatry, medicine, nursing or occupational therapy, with at least two years’ relevant clinical experience + professional registration

Pass (50%) 3

ALTERNATIVE EXITS

- Graduate Certificate of Wound Care
- Graduate Diploma of Wound Care

Join our Master of Wound Care, Australia’s only graduate program in wound care management.

You’ll gain specialist skills to formulate, implement and evaluate wound care management plans. This flexible course allows study towards a graduate certificate, graduate diploma or master’s degree. All students enrol in the master’s program but can exit early with a graduate certificate or graduate diploma.

X-RAY IMAGE INTERPRETATION

GRADUATE CERTIFICATE OF X-RAY IMAGE INTERPRETATION  
COURSE CODE: M4020

<table>
<thead>
<tr>
<th>ONLINE</th>
<th>6 MONTHS (full time, part time)</th>
<th>$13,550 (2023 fee)</th>
</tr>
</thead>
</table>

This is the total 2023 fee for this 24-credit point course. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS

ELIGIBILITY

A bachelor’s degree in a health discipline leading to registration or accreditation by a recognised professional body

Pass (55%) 0.5

Offered by Monash’s Department of Medical Imaging and Radiation Sciences, this course is perfect for health professionals wanting to broaden their clinical knowledge and develop skills in the analysis of x-ray images. You’ll enhance your skills in image analysis and the interpretation of x-ray images generated within the context of emergency and trauma.

Specialist units are designed to further develop your ability to distinguish between the appearances of normal anatomy, normal variants, the growing bone and the mature skeleton on x-ray images and those associated with pathological change. We also offer the opportunity for you to complete an elective that is particular to your clinical practice.

ADDITIONAL SELECTION REQUIREMENTS

You must be a practising health professional with at least two years’ full-time experience in the health-care sector.
A course for registered pharmacists.

Clinical pharmacy no longer happens only in hospitals. With the growth of patient-centred care, clinical pharmacy is being practiced in a wide variety of healthcare settings.

This course will enable you to advance your skills in the provision of clinical pharmacy services to patients with complex clinical needs, with a focus on evidence-based practice and quality use of medicine.

You’ll have the option of completing the course through either the coursework stream or the coursework and research stream.

In the coursework stream you’ll be able to select units to suit your interest and career aspirations. These studies cover aspects of pharmacy practice, clinical pharmacy, health-care related economics and wound care.

If you’re a pharmacist looking to include a practice-based research project in your study, the coursework and research stream will help you gain specialist clinical knowledge in addition to advanced skills in research and clinical pharmacy practice.

This course is designed to be flexible enough to fit into any pharmacist’s professional development plan. The learning experience is both student-driven and patient-focused.

**ALTERNATIVE EXITS**

- Graduate Certificate of Clinical Pharmacy
- Graduate Certificate of Clinical Pharmacy (Aged Care)
- Graduate Diploma of Clinical Pharmacy.

---

1 This online course is only available to domestic students, international students living and studying offshore, and holders of an Australian temporary visa (other than a student visa) that has a full study entitlement. The online offering is NOT available to international students currently in Australia on a student visa. International students located in Australia wishing to study this course must hold professional registration to practice and be employed as pharmacists in Australia and have the appropriate visa to allow part-time study. Other international students are only able to study this course in their country of residence. Students located outside Australia must also hold professional registration to practice and be employed as pharmacists in their country of residence.

2 Limited Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.

3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

Brought to you by the world No.1 for Pharmacy and Pharmacology, the Master of Pharmaceutical Science will equip you with the knowledge and skills that you need for a career in the pharmaceutical sector, as well as in related industries such as cosmetics, paints and coatings, and food manufacturing.

The Master of Pharmaceutico Science offers an alternative qualification to a PhD, the traditional postgraduate pathway to employment in the sector. Where a PhD focuses on the discovery of new knowledge and the formal training to be a scientist, the Master of Pharmaceutical Science offers you a breadth of expertise, plus industry knowledge and experience.

Our innovative teaching approach will see you engaging in teamwork as well as self-directed learning. The course has been designed in consultation with major employers to ensure that the content aligns with areas in the sector where there are skills gaps, and will culminate in an extended industrial or research placement, offering you valuable real-world experience.

Please note that completion of the Master of Pharmaceutical Science is not a pathway towards provisional or full registration as a pharmacist in Australia. The course is not an accredited program of study for pharmacist registration in Australia

CAREER OPTIONS

- Pharmaceutical or biomedical scientist
- Product developer or formulator in industries such as skincare and cosmetics, paints and coatings, food and beverage
- Various roles in pharmaceutical companies.

The Faculty of Pharmacy and Pharmaceutical Sciences offers two complementary pre-registration programs for pharmacy interns.

INTERN TRAINING PROGRAM (ITP)
The Monash University Pharmacy Intern Training Program (ITP) is undertaken during the pharmacy internship year. It’s practice-focused, utilises flexible delivery methods, and addresses all competencies required for initial registration as a pharmacist. In addition, students can undertake further study in specific areas of practice by undertaking elective units which cover pharmacy practice, clinical pharmacy and economics relevant to pharmacy.

Completion of an accredited ITP is a prerequisite for registration as a pharmacist in Australia.

INTERN FOUNDATION PROGRAM (IFP)
The Monash University Pharmacy Intern Foundation Program (IFP) runs concurrently with the ITP. The IFP recognises, supports and enhances workplace learning for intern pharmacists.

The IFP is only available to intern pharmacists undertaking the Monash University Pharmacy ITP.

Completion of both the ITP and IFP will assist you in your career progression and enable you to graduate at the end of your intern year with a postgraduate qualification.

---

1 Core units require that you attend eight days of on-campus seminars as part of the Intern Training Program. These seminars are conducted over two full days, four times during the year. Some elective units may require attendance at a Monash campus or affiliated location.
2 Limited Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
3 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
4 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
5 You must have studied an appropriate engineering discipline, such as chemical, biomedical or materials engineering.
6 As approved by Australian Health Practitioners and Regulation Agency (AHPRA) for the purpose of pharmacist registration.
7 QS World University Rankings by Subject, 2023.

• Corporate environmental and sustainability management
• Environment and governance
• Environmental security
• International development and environment
• Leadership for sustainable development

ALTERNATIVE EXITS

• Graduate Certificate of Environment and Sustainability
• Graduate Diploma of Environment and Sustainability.

1 In equivalent Monash University grading scale terms, a ‘100% scale where 50% is a pass. Your prior qualification(s) must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Or equivalent qualification and experience approved by the faculty.
4 Related fields include business, environmental science, humanities, science or social sciences.
5 You must achieve a credit average (60%) in each qualification.
6 Completion of units of mathematics with an emphasis on multivariable calculus, linear algebra, probability, statistics and differential equations.
FOOD SCIENCE AND AGRIBUSINESS

MASTER OF FOOD SCIENCE AND AGRIBUSINESS
COURSE CODE: S6004

CLAYTON (on campus)  1, 1.5 OR 2 YEARS (full time, part time)
FEBRUARY AND JULY  CSP: $10,000
FULL FEE: $39,300 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in science, engineering, dietetics or health 2  Credit (60%)  2
Bachelor’s degree (or equivalent) in food science or food engineering 4  Credit (60%)  1.5
Bachelor’s (hons) degree (or equivalent) in food science or food engineering 4  Credit (60%)  1

This degree recognises the urgent need to address the future of human food supply in the face of global population and environmental pressures, and the dependence of human welfare and geopolitical stability on food supply adequacy and accessibility.

The Master of Food Science and Agribusiness is a forward-thinking, interdisciplinary degree, involving the faculties of Science, Engineering, Medicine, Nursing and Health Sciences, and Business, as well as the Monash Food Innovation Centre.

The Master of Food Science and Agribusiness integrates the knowledge needed to recognise and address these future global challenges.

ALTERNATIVE EXITS
• Graduate Certificate of Food Science and Agribusiness
• Graduate Diploma of Food Science and Agribusiness

GRADUATE CERTIFICATE OF FOOD SCIENCE AND AGRIBUSINESS
COURSE CODE: S4003

CLAYTON (on campus)  6 MONTHS (full time, part time)
FEBRUARY AND JULY  $19,650 (2023 fees)

This is the total 2023 fee for the 24-credit-point course. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
Bachelor’s degree (or equivalent) in science, engineering, dietetics or health 2  Credit (60%)  0.5

This interdisciplinary food science and agribusiness program highlights the scale and dependencies of production, processing, distribution, and marketing systems.

The course provides students and professionals with the opportunity to select training in different areas of the food industry, to gain the skills to integrate the latest knowledge and practices into society at different operational and stakeholder levels.

You can choose to study the fundamentals of primary science disciplines involved with food production and human nutrition, and the cross-disciplinary aspects including global trade, consumer perspectives, and future trends.

1 There are a limited number of Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

4 Or equivalent qualification and experience approved by the faculty.
GENOME ANALYTICS

MASTER OF GENOME ANALYTICS
COURSE CODE: S6005
- CLAYTON (on campus)
- FEBRUARY AND JULY
- 1.5 OR 2 YEARS (full time, part time)
- CSP*: $8301
- FULL FEES: $39,300 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

ENTRY REQUIREMENTS
ELIGIBILITY
- Bachelor’s degree (or equivalent) with at least first-year Biology or related discipline studies* Credit (60%) 1
- Bachelor’s degree (or equivalent) in a related field** Credit (60%) 1.5

With continued improvements in DNA sequencing technology, genome-based diagnosis and health management, the healthcare system stands at the gateway to a future where diseases are diagnosed early and precise treatments provided. However, in the absence of enough specialist genome analysts, we cannot translate and expand the discoveries from genome sequencing to the healthcare system, and ultimately improve health.

At Monash, we’ll train you in specific technical and professional skills so that you’re equipped to help the world take the next crucial steps in diagnostics and genomic medicine.

ALTERNATIVE EXITS
- Graduate Certificate of Genome Analytics
- Graduate Diploma of Genome Analytics.

GRADUATE DIPLOMA OF GENOME ANALYTICS
COURSE CODE: S6008
- CLAYTON (on campus)
- FEBRUARY AND JULY
- 1 YEAR (full time, part time)
- $39,300 (2023 fee)

Published durations apply to full-time study mode. Part-time study is only available with the July intake.

ENTRY REQUIREMENTS
ELIGIBILITY
- Bachelor’s degree (or equivalent) in a related field*** Credit (60%) 1

The Graduate Diploma of Genome Analytics is a 48-credit point future-focused course that provides expert training in analysing genomes and bioinformatics, developing graduates to meet the growing demand for expertise in the area of genome analytics.

The course builds knowledge and skills relevant to areas and approaches used in healthcare. You’ll gain hands-on experience analysing genomes using pipelines and bioinformatics methods, relevant to the genomics industry and its continued expansion and development.

ALTERNATIVE EXIT
- Graduate Certificate of Genome Analytics

GRADUATE CERTIFICATE OF GENOME ANALYTICS

ELIGIBILITY
- Bachelor’s degree (or equivalent) in any field with at least first-year Biology or related discipline studies***** Credit (60%) 0.5

The Graduate Certificate of Applied Genomics is a future-focused course that provides expert training in areas of genetics, genomics, and biotechnology, developing graduates to meet the growing demand for expertise in these areas.

The course builds knowledge and skills relevant to areas and approaches used in industry. You’ll study the application of genomics in different contexts relevant to the genomics industry and its continued expansion and development.

1 There are a limited number of Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4 Or equivalent qualification and experience approved by the faculty.
5 Related studies include genetics, bioinformatics, biomedical sciences, or molecular biology.
6 Related fields include business, environmental science, humanities, science or social sciences.
The Master of Green Chemistry and Sustainable Technologies recognises the increasing demand for graduates with expertise in green chemistry to lead the transformation of chemical and other industries where the chemistry and chemical engineering play a crucial role, in delivering the products coming from those industries.

As a student in this program, you’ll have the opportunity to design and implement new products and processes that will highlight the role that chemistry has to play in addressing the UN Sustainable Development Goals.

### Alternative exits

- Graduate Certificate of Green Chemistry and Sustainable Technologies.

---

1. There are a limited number of Commonwealth Supported Places (CSP) available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.
2. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
3. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4. Or equivalent qualification and experience approved by the faculty leading the specialisation.
5. You must have knowledge of composition and nomenclature of matter; physical, chemical, electrochemical properties of matter; drivers of molecular interactions and stability; quantifying chemical reactions; principles of chemical analysis.
6. Related fields include chemistry, chemical engineering, biomedical science, materials science, biochemistry, or biotechnology (with at least 12 points or equivalent of second level chemistry).
### INNOVATION FOR SUSTAINABILITY

**GRADUATE CERTIFICATE OF INNOVATION FOR SUSTAINABILITY**

**COURSE CODE:** S4006

- **CLAYTON (multi-modal)** 1 YEAR (part time)
- **FEBRUARY AND JULY** $19,650 (2023 fees p.a.)

This is the total 2023 fee for this 24-credit-point course.

**ENTRY REQUIREMENTS**

- Bachelor’s degree (or equivalent) in any field

This course will provide you with the knowledge, tools, and frameworks to implement innovative responses to our sustainability challenges.

The units deal with innovation and change on the individual, organisational and systems level, within the context of sustainability.

The course is aimed at a diversity of sectors, ranging from business to public and non-for-profit sectors.

### SCIENCE

**THE MASTER’S DEGREE YOU’RE AWARDED WILL REFLECT YOUR CHOSEN SPECIALISATION.**

**MASTER OF SCIENCE**

**COURSE CODE:** S6000

- **CLAYTON (on campus)** 1 OR 2 YEARS (full time, part time)
- **FEBRUARY AND JULY** $39,300 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

**ENTRY REQUIREMENTS**

- Bachelor’s degree (or equivalent) in a related science discipline
  - High Credit (65%) 2
- Bachelor’s (hons) degree (or equivalent) in a related science discipline
  - High Credit (65%) 1

This advanced program is suited to science graduates with a bachelor’s degree in a related discipline.

Our Master of Science is designed for two distinct groups of students: the professional scientists aiming to extend their industry-related knowledge and skills for career advancement, and those considering a research degree.

### MATHEMATICS

**MASTER OF MATHEMATICS**

**COURSE CODE:** S6003

- **CLAYTON (on campus)** 1, 1.5 OR 2 YEARS (full time, part time)
- **FEBRUARY AND JULY** $39,300 (2023 fees p.a.)

Fees are per 48 credit points, which represents a standard full-time course load for a year. Published durations apply to full-time study mode.

**ENTRY REQUIREMENTS**

- Bachelor’s degree (or equivalent) with mathematics units
  - High Credit (65%)
- Bachelor’s degree (or equivalent) in mathematics
  - High Credit (65%)
- Graduate certificate or graduate diploma (or equivalent) with mathematics units
  - High Credit (65%)
- Bachelor’s (hons) degree (or equivalent) in mathematics
  - High Credit (65%)

Mathematics underpins our way of life and our prosperity. Its importance ranges from fundamental developments enabling new technologies, to theories backing up scientific research, to analyses of our physical and societal environments.

This course is designed for graduates with a bachelor’s degree and a strong foundation in mathematics. You’ll acquire advanced knowledge and skills in mathematics, and the capacity to use them to tackle complex problems in a variety of situations.

**ALTERNATIVE EXIT**

Graduate Diploma of Mathematics.
You’ll develop evidence-based approaches to road safety, the importance of road safety management and leadership, and knowledge of relevant crash and injury data sources, applying the evidence for population-level intervention, building effective partnerships, and communicating with influence to improve road safety outcomes.

Aimed at road safety practitioners – or those embarking on a career in transport-related fields – this course focuses on developing practical skills and providing the tools to assist practitioners in delivering effective road safety interventions.

Offered through the Monash University Accident Research Centre – Australia’s largest accident and injury prevention facility – this course provides you with knowledge, tools and frameworks to implement innovative responses to road safety challenges.
ADMISSIONS AND APPLICATIONS

Applications for graduate coursework programs can be made online via monash.edu/study/apply

All applicants for coursework programs must meet the minimum entry requirements (see individual course pages) and English language requirements. For details, visit:
monash.edu/admissions/entry-requirements/minimum
monash.edu/admissions/english-language-requirements

FEES

We’re committed to providing you with an ever-evolving, modern student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We’re investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching in order to prepare you for any career you pursue, including those that aren’t yet created.

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirror the true cost of delivering a premium educational experience where you’ll learn from some of the finest minds in the world.

Tuition fees

Graduate coursework courses are generally offered as full-fee-paying places with a limited few available with Commonwealth Supported Places (CSP). All tuition fees and course durations specified in this guide are in Australian dollars and apply only to courses studied at Australian campuses. The tuition fees quoted are for 48 credit points and are applicable to courses commencing in 2023. Tuition fees for courses commencing in 2024 will be different.

Monash University reserves the right to adjust the annual tuition fees in future years of your course. Any adjustment will be applied on the first day of January each year for teaching periods with a census date thereafter.

monash.edu/fees

Eligible fee-paying students may use a FEE-HELP loan to pay for all or part of their tuition fees.

monash.edu/domestic-full-fee
Commonwealth Supported Place (CSP)

Each unit of study is classified into a student contribution band depending on the study area of the unit (this may be different from the study area of your course). The amount you pay for your unit of study is usually the maximum allowed by the government for that band.

The below table outlines the annual student contribution amount for a full-time student who’s enrolled in a standard full-time course where all units are in the same band. The rates specified are those for an equivalent full-time student load, typically 48 credit points.

<table>
<thead>
<tr>
<th>Band</th>
<th>Unit discipline group</th>
<th>Student contribution amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>Law, accounting, administration, economics, commerce, communications, society and culture</td>
<td>$15,142</td>
</tr>
<tr>
<td>3</td>
<td>Dentistry, medicine, veterinary science</td>
<td>$11,800</td>
</tr>
<tr>
<td>2</td>
<td>Allied health, other health, built environment, computing, engineering, surveying, science, environmental studies, pathology, visual and performing arts, professional pathway psychology, professional pathway social work</td>
<td>$8,301</td>
</tr>
<tr>
<td>1</td>
<td>Agriculture, English, mathematics, education, clinical psychology, Indigenous and foreign languages, nursing, statistics</td>
<td>$4,124</td>
</tr>
</tbody>
</table>

1 Rates specified are those for an equivalent full-time student load.
