Message from our Chair

*“The Vision:
A Strong and Visible
Department that Leads and
Facilitates Excellence”*

The vision of the Monash University Department of Surgery at the Alfred is: to be a strong and visible Department that leads and facilitates excellence in undergraduate and post-graduate teaching and research across the clinical domain of Surgery.

The Department supports the surgical aspirations and needs of the Alfred Hospital by collaborating widely to drive translational and clinical research to achieve better health care.

It is my great pleasure to present the 2022 report from the Monash University Department of Surgery at Alfred Health. This report reflects the breadth and depth of academic activities undertaken by the talented clinicians affiliated with our Department, including Radiology, Trauma, Radiotherapy along with all of the Surgical Sub-specialties.

I am very grateful for the dedication and commitment to teaching and research shown by all of our team. Our considerable combined achievements were recognised when Monash University Department of Surgery was named Best Academic Department of Surgery by the Australian in 2022.

Many thanks to Ms Roxana Ruiz who drove the compilation of this report, working tirelessly to ensure we captured the work of the Department. She is a very valued member of our team and I very much appreciate all that she does to ensure the Department continues to function and move forward.

Thank you also to Professor Terry O'Brien, head of the Central Clinical School, and Professor Stephen Jane, Dean of the Sub-Faculty of Translational Medicine and Public Health, for their constant mentorship and support.

I am also very grateful to Professor Andrew Way, CEO Alfred Health, Ms Simone Alexander COO Alfred Health and Dr Lee Hamley CMO Alfred Health for always encouraging an evidence based approach to health care. Working in an environment where our health service actively supports and encourages academic practice in surgery has given us amazing opportunities that just aren't available elsewhere.

I hope you enjoy this report and look forward to your feedback.

Best wishes

Professor Wendy A. Brown
Chair, Monash University Department of Surgery, Alfred Health
Program Director, Surgical Services, Alfred Health

Highlights 2022

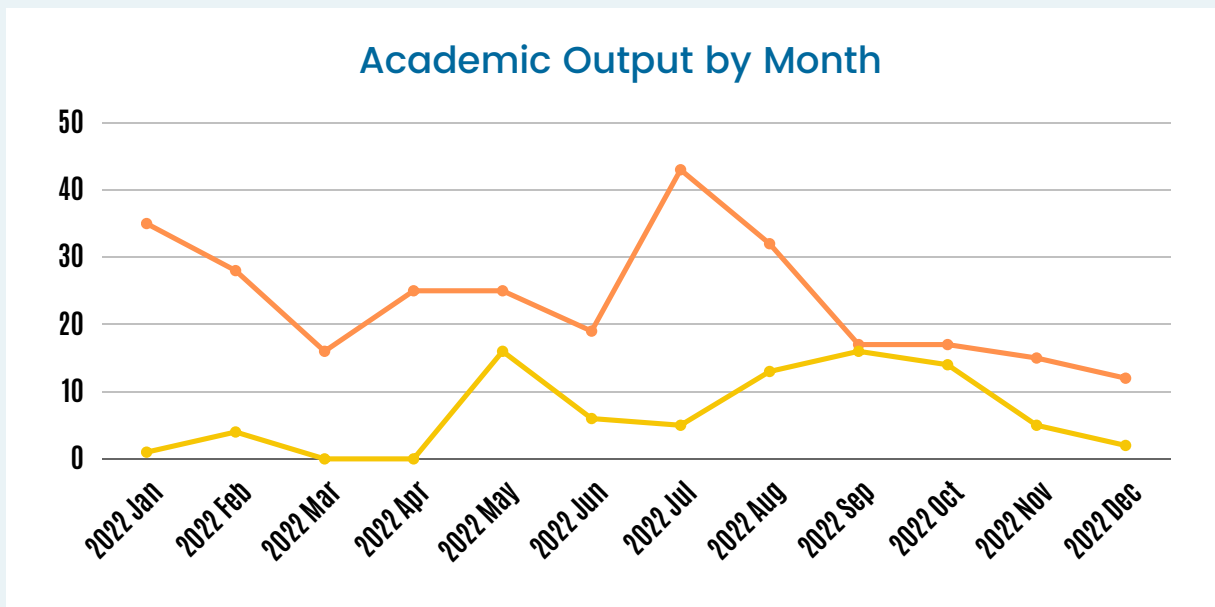

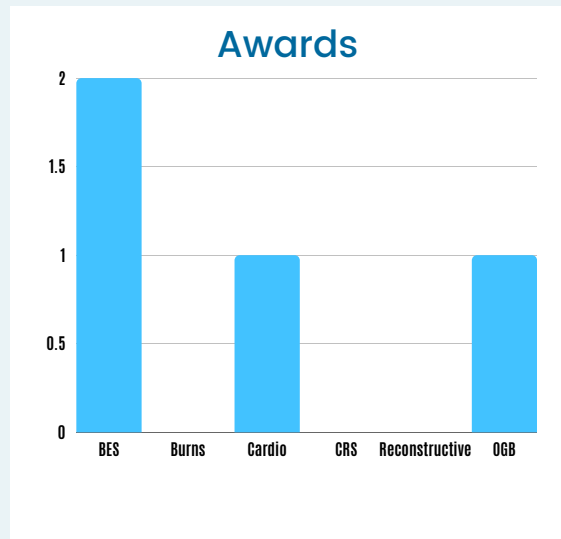

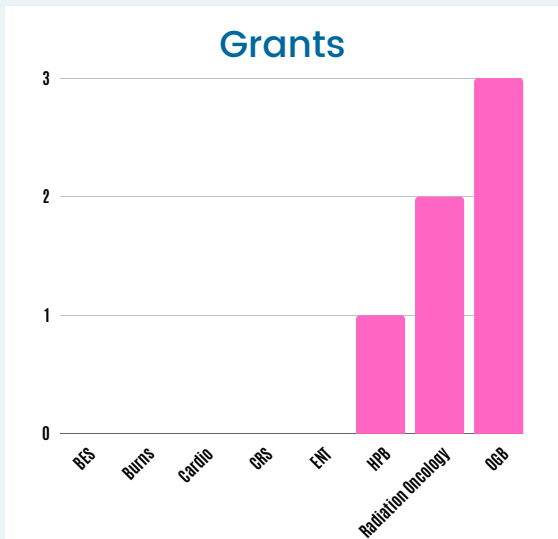

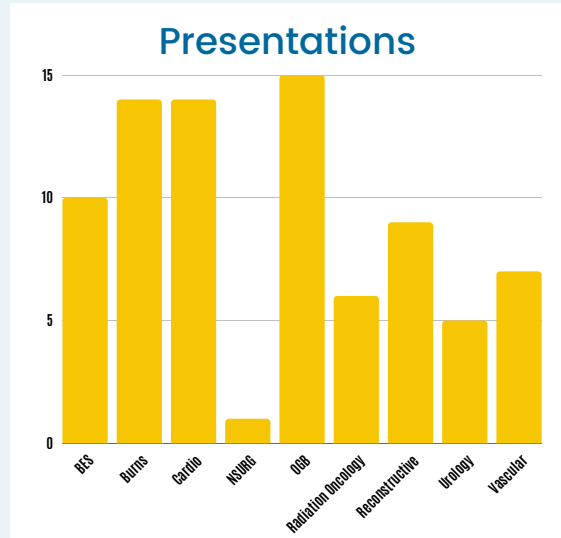

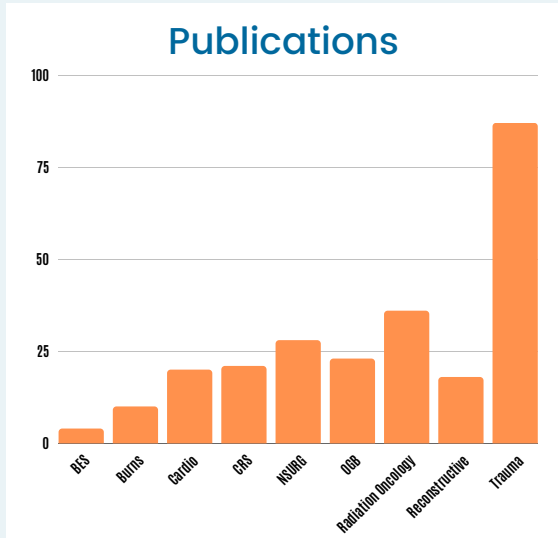

Awards

- The Australian Medical Research Report (published by the Australian Newspaper) ranked the Monash University Departments of Surgery and Anaesthesiology as the top Departments in their fields in Australia. Professor Silvana Marasco (Cardiothoracic Surgery) and Professor Jeffrey Rosenfeld were named best researchers in their fields.
- Professor Wendy Brown was awarded the International Federation for Surgery for Obesity and Metabolic Disorders Award of Appreciation for her contribution to the growth of the Society.
- Dr Mathew Lim was awarded a Fellowship from the International Association for Disability and Oral Health (IADH). It is the first time they have chosen to award fellowships and 35 people were awarded fellowships from a membership of ~ 8500.
- Dr Karishma Jassal, previous fellow in BES won the prize for the best trainee research paper at International Association of Endocrine Surgeons in Vienna for work done whilst on the BES Unit.
- Dr Adam Zimmet, Cardiothoracic Surgeon, awarded Educator of Merit - SET Supervisor of the Year (VIC) for 2022. This award is presented by the Academy of Surgical Educators to recognise an exceptional contribution by a surgical supervisor/SIMG Supervisor towards supporting Trainees or Specialist International Medical Graduates (SIMGs) to fulfil the goals, values and mission of the College.
- Dr Wilson Yang, SET Trainee in General Surgery, won the prize for the best free paper at the recent AANZGOSA/ANZHPBA scientific meeting held at Twin Waters, Queensland.

Significant professional appointments

- Dr Thodur Vasudevan, Vascular Surgeon and Deputy Program Director Surgical Services, elected as the next President of the ANZ Vascular Surgery Society.
- Professor Jonathan Serpell elected to the council of International Association of Endocrine Surgeons.
- Mr Paul Burton, OGB Surgeon, elected President-Elect for the Australian and Aotearoa New Zealand Oesophago-Gastric Surgery Association.
- A/Professor Satish Warriar appointed to the Colorectal Surgical Society of Australia and New Zealand Training Board.
- A/Professor Jeremy Grummet, Urologist, appointed to the inaugural Victorian Clinician Entrepreneur Program.
- Mr David Morgan, Head of the Facio-Maxillary Surgery Service, elected Vice President of the Australian Society of Plastic Surgeons.

Surgical Academic Output

Research Funding - Department of Surgery 2022

Funded Research Project	Grant Body	Investigators	Awarded Amount
Johnson & Johnson - BSR Research Funding	Johnson & Johnson Medical Pty Ltd	Wendy Brown	\$250,000
Bariatric Surgery Registry (BSR)- COMMONWEALTH (Department of Health and Aged Care)	Department of Health and Aged Care (Australia)	Wendy Brown	\$3,500,000
W. L. Gore & Associates (Australia) Pty Ltd - BSR	W.L Gore & Associates (Australia) Pty.Ltd.	Wendy Brown	\$50,000
Medtronic Australasia Pty Limited	Medtronic Australasia Pty Ltd	Wendy Brown	\$35,000
Aftershock-Oesophageal Cancer Research Project	The Aftershock	Wendy Brown	\$127,000
Oesophago-gastric and bariatric surgery research	Paul Burton	Wendy Brown	\$59,000
Improving compliance with VLCD by reducing halitosis	Myerton Australia Pty Ltd	Paul Burton , Wendy Brown	\$42,800
Australian & New Zealand College of Anaesthetists (ANZCA) Perioperative Clinical Outcomes Registry (PCORE) Pilot	Australian and New Zealand College of Anaesthetists	Jennifer Reilly, Paul Myles, Wendy Brown, Belinda Gabbe, Carol Hodgson, Eldho Paul, Andrew Forbes	\$20,000
Pancreatic Cancer Research SuperQol: Supplemental Jejunal Feeding to Improve Quality of Life	Medical Research Future Fund (MRFF)	Charles Pilgrim	\$1,670,000
Rare Cancers, Rare Diseases and Unmet Needs SCANPatient: Synoptic reporting of CT scans assessing cancers of the pancreas	Medical Research Future Fund (MRFF)	Charles Pilgrim	\$2,970,000
Testosterone Recovery following Androgen Suppression and Prostate Radiation Therapy (TRANSPORT) – individual patient data meta-analyses from the MARCAP Consortium	RANZCR-TROG	Ong WL, Millar JL, Kishan A, Spratt D, Denham J, Malone S, Nabid A, Wang XY	\$20,000
Impact of androgen deprivation therapy (ADT) on immune profile in men with prostate cancer treated with radiation therapy – a prospective observation study	RANZCR	Ong WL, Edwards J, Millar JL, Senthil S, Boyd R	\$16,000
		Total Funding	\$8,759,800
