We’re committed to seeking out, rewarding and supporting amazing young people who want to change the world for the better. By investing in you now, we hope to inspire you to use your education to benefit others.

A scholarship can help with study and living costs, overseas study or course fee payments. It can give you the financial freedom to focus on your studies, immerse yourself in student life, and discover more about yourself, your potential and the value of giving back to your community.

So, what are you waiting for?
Find out which scholarships you could be eligible for on the following pages.
OUR COMMITMENT TO EQUITY

We know that life can be a bumpy road, and all sorts of circumstances can get in the way of your academic achievement. Equity scholarships are our way of rewarding talented students from a range of backgrounds, including students whose ability might have been masked by their circumstances.

This symbol helps you recognise our many scholarships that take your circumstances into account as part of the selection process. More than 1000 scholarships are awarded to new students every year through our equity programs.
The Sir John Monash Scholarship Program comprises five scholarships aimed at transforming the education of the most talented students in the country to effect positive change in their lives and the lives of others.

The Sir John Monash Scholarships are:
- Monash Scholarship for Outstanding Achievement
- Monash Scholarship for Excellence
- Monash International Scholarship for Excellence
- Vice-Chancellor’s Scholarship for Excellence
- Monash Community Leaders Scholarship.

Who was Sir John Monash?
Sir John Monash was a distinguished Australian leader, engineer and nation-builder. He was a gifted student, but was forced to leave university early due to financial hardship. He eventually returned to study and now has a legacy as a scholar and a man of action. Above all, he sought to use his education and abilities to benefit the community.

“EQUIP YOURSELF FOR LIFE, NOT SOLELY FOR YOUR OWN BENEFIT BUT FOR THE BENEFIT OF THE WHOLE COMMUNITY.”

The Achieving Potential fund supports the following scholarships:

- Monash Asylum Seekers Scholarship
- Monash Community Leaders Scholarship
- Monash Rural Housing Scholarship
- Monash Support Scholarship.

You must also be an Australian or New Zealand citizen or holder of an Australian permanent resident or permanent humanitarian visa for all scholarships listed, unless stated otherwise.
MONASH SCHOLARSHIP
FOR OUTSTANDING ACHIEVEMENT

We offer this scholarship to all students who achieve an ATAR of 99.90+ and to all Indigenous Australian students who achieve an ATAR of 85.00+.

The scholarship provides $6000 per annum for up to four years, as well as leadership development and guidance that allows you to broaden your horizons and extend your skill set beyond your course of study.

Benefits
Payments
$6000 per annum* up to a maximum of four years.
Leadership program
As a Monash Scholarship for Outstanding Achievement recipient, you’ll be entitled to a place in the Monash Minds Student Leadership program.

This program will challenge you in new and exciting ways. It emphasises self-discovery and helps you get a better idea of exactly what you’re most passionate about.

Together with other high achievers, you’ll spend time during your first year at Monash thinking about your personal values and how these relate to leadership. The only thing you’ll be required to bring is an open mind and a willingness to have your ideas about leadership challenged.

Mentoring
Once you complete the Monash Minds program, we’ll offer you the opportunity to work with a mentor selected for you.

Your mentor may be a member of the Monash alumni community, a leading academic at Monash, or perhaps even a senior high-achieving student. The aim of the program is to match you with someone who’ll help you achieve your long-term goals. You’ll develop a one-on-one partnership with your mentor, who will use their experience to guide you through discussions about career and personal goals, while giving you access to a variety of networks and sources of advice and advocacy.

Global experience grant
This $4000 grant is available to help fund a significant intercultural experience as part of your time at Monash.

Monash has a global footprint unmatched by any other Australian university, and we encourage our students to take advantage of it. You can use our campuses, centres and global networks as opportunities to spend time overseas, broaden your horizons, gain new perspectives and have plenty of fun at the same time.

Healthy lifestyle allowance
You’ll receive a yearly membership to Monash Sport, giving you access to our on-campus facilities and services, including gyms, fitness classes and aquatics programs. You’ll also receive an extra allowance that can be spent on court hire, physiotherapy, massage and a range of other services.

Interstate flight allowance
A one-way flight allowance is available for all students currently living interstate and relocating to Victoria to attend Monash.

Priority access to on-campus accommodation
Priority access to on-campus accommodation at Monash Residential Services (MRS) is available at most Monash campuses.

“...This scholarship has given me the opportunity to actually study without worrying about how I’m going to get by on a daily basis. Where many people have their parents to provide financial support, this scholarship is my safety net. I have travelled around Australia for much of my life, seeing first-hand the inequalities that exist for remote Indigenous communities. Through my education, I would like to be able to support less privileged people by using my skills as a health care professional.”

“An equity scholarship really helps families like mine who might not be able to afford the university expenses that aren’t covered by HECS (such as books). It takes the financial pressure off my parents, as they know I’ll be looked after. It also means I wouldn’t have to take time off university to have to work long hours for the essentials that I need.”

EDISON NGUYEN
Vice-Chancellor’s Scholarship for Excellence recipient
Bachelor of Biomedical Science
“My scholarship involves me being a mentor for students in years 11 and 12. I participated in the same program when I was at secondary school, so I can see the benefits from both perspectives. It gives me immense pleasure to watch a person develop both personally and academically, even though they may have had difficulties along the way. I believe every relationship is an opportunity to learn and grow.”

With the financial pressure of my course significantly reduced, I’m able to devote more time to my studies. My scholarship also allows me to get much more involved in my community by volunteering and becoming a student representative in groups which particularly interest me. “The scholarships that I have received assist me to focus on my studies to achieve better grades. Coming from a remote background and moving away from home, it’s made it financially possible and taken pressure off of my family.”

JYDEN BRAILEY
Commonwealth Education Costs Scholarship and the Commonwealth Accommodation Scholarship recipient
Bachelor of Education
“Without the opportunity of this scholarship, I might not have been able to be part of the Monash community. Before coming to Australia I lived in Afghanistan, a war-torn country where people are not safe, they’re homeless, and many have lost their children, siblings or parents. My dream, which I have had since I was a child, is to build structures that are not only safe, but cheap enough that one day everyone can afford to own them. I want to help bring a change to society, that in the near future there’ll be no people homeless due to disaster or financial difficulties.”
