Choosing your units

If you are studying part-time with full-time employment, we highly recommend enrolment in to one or two units per semester initially.

*Each unit is worth 6 credit points*

Refer to the [Handbook](https://handbook.monash.edu/2020/courses/E6002) for further information regarding the subject content.

You may choose from the following core units and from the Electives listed in the link below the core units:

- **CIV5303** Applied transport data analysis
- **CIV5309** Transport and traffic data
