

BACHELOR OF MEDICAL SCIENCE AND DOCTOR OF MEDICINE

GRADUATE ENTRY PROGRAM - DOMESTIC - 2022 ENTRY

Monash is the only Victorian university to offer both direct from school and graduate entry into the same medical degree.

In this course you will learn from staff across Monash Medicine, Nursing and Health Sciences who are leaders in their field.

You will also benefit from our links with the largest health care provider network in Australia, including the Monash Medical Centre, The Alfred Hospital (Melbourne's major casualty hospital), Eastern Health, and health services in outer metropolitan Melbourne, and rural and regional Victoria.

In the Bachelor of Medical Science and Doctor of Medicine you will:

- Begin your medical studies from day one of your degree;
- Undertake training with a strong focus on patient safety, evidence-based practice, clinical role modeling, and professionalism.
- Graduate with a Doctor of Medicine

M6018
CRICOS code: 0101541

Study mode

On-campus (Churchill)

Intakes

First semester: February

Durations

Full time: 4 years

GRADUATE ENTRY REQUIREMENTS

Entry Requirements	Academic Record - 40%	Interview and Situational Judgement Test - 60%
<p>There are a total of 73 places in graduate entry Medicine at Monash, including places in the Rural End-to-End cohort and Bonded Medical Places (BMP). To be eligible for a place in graduate entry medicine, you must have completed or be in the process of completing an approved Monash University undergraduate degree with a WAM of 70 or above.</p>	<p>Applications to be considered for a place in this program must be completing or have completed at least one of the following Monash University degrees with a Weighted Average Mark (WAM) of 70 or above:</p> <ul style="list-style-type: none"> • Biomedical Science • Pharmacy (Honours) • Physiotherapy (Honours) • Science (dependent on the completion of designated units). 	<p>Applicants will be invited to attend an interview (MMI format) and Situational Judgement Test (SJT) based on their academic results*.</p> <p>Situational Judgement Test This is a computerised test that presents the test-taker with realistic, hypothetical scenarios and asks them to identify the most appropriate response or to rank the responses in the order they feel is most effective.</p>

To find out more about this course, visit monash.edu/study/course/m6018

*You'll only be able to undertake both of these components once.

Monash Rural End-to-End Cohort

Are you interested in practising medicine in rural or regional Australia? The Monash Rural End-to-End Cohort offers 30 students the opportunity to live and study rurally, completing the majority of your medical degree through Monash Rural Health across its clinical sites primarily across north-west Victoria. This program is funded by the Australian Government under the Murray-Darling Medical Schools Network. Find out more about the End-to-End Cohort at monash.edu/medicine/srh/monashruralre-md-program

WHAT IS A MULTIPLE MINI INTERVIEW (MMI)?

At Monash we use a six or eight station Multiple Mini Interview (MMI). Each circuit comprises a series of scenarios and associated questions focusing on applicants' personal qualities including:

Each applicant is given two minutes of reading time followed by eight minutes to answer five questions relevant to the scenario. At the completion of the eight minutes, there is a further two-minute changeover and reading time for the next scenario.

The MMI format allows the faculty to determine which applicants possess the personal qualities required to succeed in the MD program, as well as the qualities that we are looking for in health care professionals.

Communication skills

Critical thinking

Ethical and empathetic reasoning

Motivation

VARIETY OF LEARNING STYLES

Our innovative teaching sessions provide you with a range of learning modes. Lectures, seminars, workshops, tutorials and simulation sessions are designed to suit the content being covered. These sessions are delivered from content experts within the University as well as clinicians and researchers.

In years 3-5, we provide opportunities for you to develop and enhance your skills during clinical placement, by engaging with real patients during bedside tutorials and clinical settings, under the guidance of medical practitioners. Clinical placements may be in metropolitan or rural areas, where travel may be required.

SPECIAL REQUIREMENTS

You must satisfy extra requirements, including immunisations, Police Check and Working with Children Check to be able to complete clinical course requirements.

Learn more: monash.edu/medicine/year1-md

HOW DO I APPLY?

Applications are submitted via **my.application** and will open in May.

Applicants don't need to include their Monash transcripts or any other document unless requested when applying.

Applying for the Dean's Rural List or Rural End-to-End Cohort

Once applications for the course have closed, all eligible applicants will be sent further correspondence with information and procedures on how they can apply for the Dean's Rural List and/or the Rural End-to-End Cohort.

GAMSAT

Applicants who have undertaken the above, clearly defined Monash degrees will NOT be required to undertake the GAMSAT for this course*.

*However, applicants should be aware that admission to Graduate Entry Medicine at Monash is highly competitive. We recommend that students consider alternative options for graduate entry medical courses including those where GAMSAT is still a requirement.

Bonded Medical Places

Approximately 28% of CSP places in university medical programs across Australia must be set aside for the Federal Government's Bonded Medical Places (BMP) scheme. If you accept your offer for a Bonded Medical Place you will be required by the government to practice in a designated area of medical need at the completion of your training for three years. For further information see monash.edu/medicine/som/bmp Email: BRoSS@health.gov.au
