MASTER OF ADVANCED NURSING

DEVELOP YOUR ADVANCED NURSING SKILLS

This masters course will provide you with expertise and skills for leadership and senior roles and with Commonwealth Supported Places available, there’s never been a better time to further your nursing career.

Develop advanced knowledge and leadership skills for roles in management, education, disaster and trauma nursing to plan, implement, coordinate, and evaluate health care, as well as the ability to formulate policy. Graduates are employed in a range of clinical, educational and healthcare environments in senior positions.

Specialisations:
- Advanced nursing
- Disaster nursing
- Nursing education
- Nursing leadership and management
- Trauma nursing

COURSE STRUCTURE

Specialist Nursing Practice Studies

PART A - These studies draw on best practices within your chosen nursing specialisation for the development of advanced knowledge and skills.

You may be eligible to exit early with a Graduate Certificate or Graduate Diploma in Advanced Nursing if the award requirements have been met.

Visit monash.edu/study/course/m6006 to see what you’ll learn in the Master of Advanced Nursing.

Research and Advanced Scholarly Practice

PART B - The focus of these studies provides you with the opportunity to pursue advanced specialist study in your chosen specialisation through either coursework or a research focus.

In the Master of Advanced Nursing you will:
- Be prepared for leadership roles in management, education, and disaster nursing.
- Develop advanced practice knowledge and leadership in specialist practice.
- Gain skills to plan, implement, coordinate and evaluate health care.
- Develop the ability to formulate policy for a diverse and multicultural society.

CRICOS Code: 098319M

Study mode
On-campus
Multi-modal

Intakes
First semester: February
Second semester: July

Durations
Part time: 2-3 years
Full time options available

“Graduate study is opening up doors that I could have never imagined. I remember listening to a lecturer speak about her research. She spoke with passion that was contagious. Suddenly, research, something that I had always loathed, appeared attractive and powerful.”

Meredith Chittenden
Master of Advanced Nursing student
ELECTIVES

As part of this Master’s degree, you’ll have the opportunity to customise your degree around your interests, with a choice of electives. You can pick nursing electives, or even units from another area of study (with the permission of the course convenor).

Explore a list of approved electives at handbook.monash.edu/current/courses/M6006

If you are studying in the on-campus mode you may need to attend either/both the Clayton and Peninsula campuses depending on where your elective is offered and some travel between campuses is expected.

RESEARCH PATHWAY

Monash is recognised globally for research excellence. As part of the Master of Advanced Nursing, you may have the opportunity to work on a nursing research project, with one of our expert supervisors. Completing this can be used as a pathway to a graduate research degree, such as Doctor of Philosophy.

WHY CHOOSE MONASH?

- Our content is developed and delivered by recognised experts.
- We offer flexible learning delivery modes – study on campus or online.
- You can study by all coursework or combine coursework and a minor thesis.
- Choose specialisations and elective units that allow you to meet your career aspirations.
- Network with like-minded nurses wanting to advance their careers.
- We’re ranked #14 in the world and #1 in Victoria for Nursing (QS World University Rankings 2022).
- WE HAVE COMMONWEALTH SUPPORTED PLACES (CSP) AVAILABLE.
