

# BACHELOR OF ARCHITECTURAL DESIGN

When you study architecture at Monash, you'll explore the social, political, environmental and economic implications of architectural practice.

We'll give you the confidence to engage with and respond to the challenges of our time such as climate change and equitable access to housing, so you can think in future-oriented ways and play a critical role in shaping the world around us.

## STUDIO-BASED LEARNING

More than half of your degree will be spent in the studio guided by industry experts and academics. You'll work on real projects in a small-class environment to develop responses to a wide range of social and spatial issues.

It will give you hands-on, practical learning in an environment that replicates the way many architectural and design practices operate, preparing you for your career after you graduate.

## DOUBLE DEGREES

You can add to your architecture degree by combining the **Bachelor of Architectural Design** with the **Bachelor of Civil Engineering (Honours)**.

With two years (rather than four years) of additional study, you will graduate with two bachelor degrees.

## TRAVELLING STUDIOS

You'll get the chance to participate in our travelling studios – we take our studios to locations across the world as well as Australia.

Some locations our students have travelled to are Seoul (Korea), Bandung (Indonesia), Kunshan and Anhui (China), Kobe and Ibaraki (Japan), Galle (Sri Lanka), and Warsaw (Poland).

## MARC DEBNEY

PRINCIPAL, GENTON STUDIO

I found the energy at Monash contagious and the Bachelor and Master programs in Architecture gave me the confidence and the desire to seek out workplaces where I could learn and grow my experience quickly.

Find out more about studying with us.

# BECOME AN ARCHITECT

When you successfully complete our **Bachelor of Architectural Design**, you're guaranteed a spot in our accredited **Master of Architecture**; meaning you will meet the academic requirements and are well on your way to register as an architect. This will give you peace of mind, knowing you can continue your studies with the ongoing support of your peers and the creative community at Monash.

Our Master of Architecture is accredited by the Architects Accreditation Council of Australia (AACA) and the Commonwealth Association of Architects (CAA), which sets you up to meet the academic requirements to become a registered architect.

## BACHELOR OF ARCHITECTURAL DESIGN

## SAMPLE COURSE PLAN

### YEAR 1

CRICOS code: 059372G

Semester 1	Architecture foundation studio 1	Architecture communications 1	Indigenous Australian creative practice and ways of knowing
Semester 2	Architecture foundation studio 2	Architecture communications 2	Architectural performance 1

### YEAR 2

Semester 1	Architecture design studio 3	Positions and dialogues in architecture 1	Architectural performance 2
Semester 2	Architecture design studio 4	Architecture communications 3	Architectural performance 3

### YEAR 3

Semester 1	Architecture design studio 5	Architectural performance 4: Integrated design	Elective
Semester 2	Architecture design studio 6	Positions and dialogues in architecture 2	Elective

## MASTER OF ARCHITECTURE

## SAMPLE COURSE PLAN

### YEAR 1

CRICOS code: 097034K

Semester 1	Advanced architecture project 1 <b>or</b> Advanced architecture project 2	Advanced architecture studies 1	Urban positions and practices
Semester 2	Advanced architecture project 1 <b>or</b> Advanced architecture project 2	Advanced architecture studies 2 <b>or</b> Planning study 2: Regulating the city	Architectural performance 5

### YEAR 2

Semester 1	Advanced architecture project 3 <b>or</b> Advanced architecture project 4	Advanced architecture studies 3 <b>or</b> Planning study 3: Economics and the city	Ethics in practice
Semester 2	Advanced architecture project 3 <b>or</b> Advanced architecture project 4	Advanced architecture studies 4 <b>or</b> Art, Design and Architecture Internship	Professional practices
