2. **Definitions**

**Management system**: A management system is a set of interrelated elements used to establish policy and objectives and to achieve those objectives. It includes organisational structure, planning activities, responsibilities, practices, procedures, processes and resources.

**Risk register**: A risk register is a central repository for all risks identified by the organisation and for each risk includes a risk ranking based on likelihood and consequence, impact and control strategies.

3. **Occupational Health and Safety (OHS) Policy**

An OHS Policy must be produced to give direction to the management of OHS at Monash University.

4. **Planning**

4.1. **Hazard and Risk Management**

**Risk management**

There must be a documented method for the identification, assessment and control of OHS hazards and their associated risks. The detailed requirements are described in the document **OHS Risk Management Procedure**.

**Risk management tools**

An approved risk assessment tool must be available for use at Monash University. The details are described in the document **OHS Risk Management Procedure**.

**OHS risk register**

- OH&S must maintain an OHS risk register detailing the OHS risks associated with the University's operations.
- The register must include the likely impact of risks, causes and risk rating as well as the treatment strategies in place to minimise identified risks.
- Preventative and corrective actions identified as a result of the risk register shall be implemented as per the requirements of the **OHS Corrective Actions procedure**.

**Faculty & Divisional OHS risk register**

- Each Faculty and Division must produce a risk register detailing the OHS risks associated with their operations.
- The register must include the likely impact of risks, causes and risk rating as well as the treatment strategies in place to minimise identified risks.
4.2. **Legal & Other Requirements**

Monash University shall maintain a documented set of procedures that include legal requirements that are directly applicable to the activities, products or services, including relevant relationships with contractors or suppliers.

4.3. **OHS Plans**

The following OHS Plans must be produced:

- OHS Strategic Plan;
- OH&S Operational Plan.
- Monash University Occupational Health and Safety Plan;

The following requirements for the OHS Plans must be met:

**The OHS Strategic Plan:**

- Must outline the University’s OHS focus for the next three years;
- Must have at least four objectives;
- Must have actions indented to achieve these objectives; and
- Must have actions that are measurable.

**The OH&S Operational Plan:**

- Must be written to help OH&S achieve the objectives of the OHS strategic plan and additional operational requirements;
- Must take hazard and incident data into account when determining objectives;
- Must keep track of the progress towards these objectives; and
- Must have its progress against its objectives reported to MUOHSC every quarter.

**The Monash University Occupational Health and Safety Plan:**

- Must be written so that faculties and divisions can use it as part of their annual planning process;
- Must take the risk profile of the faculties and division into account when determining objectives;
- Must allow faculties and divisions to determine their OHS priorities with assistance from OH&S;
- Must have actions that are measurable;
- Must have a section listing all of the cyclic tasks that must be completed during the year;
- Must have a section for tracking progress; and
- Must be monitored by OH&S to track progress against objectives and provide further support.

5. **Implementation and Operation**

5.1. **Resources**

Monash University must identify and allocate financial and physical resources to enable the effective implementation of the OHSMS. These resources must be provided for in budget allocation to OH&S and in the OHS budget of each academic/administrative unit.
5.2. **Responsibility, Accountability and Authority**

The OHS roles and responsibilities for staff and students are detailed in [OHS Roles, Committees and Responsibilities Procedure](http://www.monash.edu.au/ohs). The Vice Chancellor is the designated legal authority, and is accountable for safety matters at Monash University. However, the Vice Chancellor may choose to delegate responsibility for specific matters.

5.3. **Competence, Training and Awareness**

The requirements for training are detailed in the document [OHS Induction & Training Procedure](http://www.monash.edu.au/ohs).

5.4. **Consultation**

The primary method for consultation must be through direct communication with Health & Safety representatives, staff and students via the [OHS Consultants/Advisors](http://www.monash.edu.au/ohs).

The requirements for OHS consultation are detailed in:

- [OHS Consultation Procedure](http://www.monash.edu.au/ohs)
- [Health & Safety Issue Resolution Procedure](http://www.monash.edu.au/ohs)

Consultation with a range of staff and student groups must occur via:

- Faculty/Divisional OHS committees;
- Campus OHS committees; and
- [Local OHS committees](http://www.monash.edu.au/ohs)

5.5. **Internal Communication**

Monash University’s OHS Policy, OHS documentation and all other relevant OHS information must be communicated to staff, students, contractors and visitors through the following media as appropriate:

- OH&S website;
- Targeted or global emails to staff and students;
- On-line Monash OHS induction;
- Contractor safety induction;
- Contacting OH&S by phone, email;
- By using the Ask.Monash frequently asked question database;
- Academic/administrative unit handbooks and publications;
- Student information handbooks and publications; Safety manuals/safe operating procedures/safe work instructions; and
- Safety signage.

5.6. **External Communication**

Monash University must establish, implement and maintain a procedure for:

- Communication with contractors and other visitors to the workplace; and
- Receiving, documenting and responding to relevant communications from external interested parties.
5.7. **Reporting**

Monash University must measure and report on its OHS performance on a regular basis via:

Reports by OHS Consultants and Advisors to:
- Faculty/Divisional OHS committee meetings;
- Local OHS committee meetings;
- Campus OHS committee meetings; and
- Reports to MUOHSC by:
  - OH&S;
  - Sub-committees (Biosafety, Radiation Advisory Committee).

Reports by OH&S to:
- Audit & Risk Committee of Council;
- Senior Management Team;
- Director, Buildings and Property Division;
- Faculty Deans and Resource Managers, Divisional Directors and senior administrative staff.

Reports by MUOHSC to the Vice Chancellor following each meeting.

The minutes of the quarterly MUOHSC meetings must be displayed on the OH&S web site. Quarterly performance reports must be submitted to the Audit & Risk committee of Council.

5.8. **Documentation**

The requirements for the OHSMS are described in this document. Certain key elements are described in more detail in their specific procedure, which are referenced in this document.

The requirements for documentation are detailed in the [OHS Document Control and Retention Procedure](http://www.monash.edu.au/ohs).

5.9. **Document Control**

The requirements for the control of documents are detailed in the [OHS Document Control and Retention Procedure](http://www.monash.edu.au/ohs).

5.10. **Hazard Identification, Hazard/Risk Assessment and Control of Hazards/Risks**

5.11. **Emergency Preparedness & Response**

The requirements for emergency planning and response are detailed in the Emergency Management Procedure.

6. **Measurement and Evaluation**

6.1. **Measurement & Monitoring**

The requirements for measurement and monitoring are detailed in the [OHS Monitoring, Measurement & Regulatory Approvals Procedure](http://www.monash.edu.au/ohs).
6.2. **Health Surveillance**

The requirements for health surveillance programs at Monash University are detailed in the [Health Surveillance Procedure](http://www.monash.edu.au/ohs).

6.3. **Evaluation of Compliance**

Monash University shall establish, implement and maintain a procedure for periodically evaluating compliance with applicable legal requirements.

Awareness of the OHS legal and other requirements must be kept up to date by:

- Subscription to legislation services for OHS, including Dangerous goods, workers’ compensation and building legislation.
- Web access to [Standards Australia](http://www.standardsaustralia.com);
- Regular review of the OHS regulatory websites;
- Participation of OH&S staff in workshops, forums and programs run by WorkSafe Victoria.

6.4. **Hazard and Incident Reporting**

The requirements for reporting hazards and incidents, reporting methods and responsibilities are detailed in [Hazard and Incident Reporting, Investigation and Recording Procedure](http://www.monash.edu.au/ohs).

6.5. **Control of Records**

OHSMS records must be maintained. The requirements are detailed in [OHS Records Management Procedure](http://www.monash.edu.au/ohs).

6.6. **Audits**

The requirements for auditing, reporting methods and responsibilities are detailed in [OHS Audit Procedure](http://www.monash.edu.au/ohs).

7. **Management Review**

7.1. **Responsibility**

Academic/administrative units must meet the requirements of monitoring and measurement procedures.

The Manager, OH&S, must provide all relevant OHS performance indicators to the SMT.

The OHS performance indicators must be reported to every quarter.

An annual review meeting of the MUOHSC must ensure that the OHSMS continues to be an effective means of satisfying Monash University’s OHS Policy commitments and stated objectives. This review must include:

- OHS performance indicators;
- OHS risk and legal compliance registers;
- A consolidated report of WorkSafe entry reports; and
- Changes in operations (activities and structure).

A cyclic review of the University’s OHSMS must be conducted every three years, in conjunction with the update of this document.
7.2. **OHS Performance Indicators**

Additional performance indicators include:

- Legal compliance reports
- Compensation claims
- Health and Wellbeing

8. **Responsibility for Implementation**

The Manager, Monash Occupational Health & Safety (OH&S) is responsible for implementing a process for ensuring that the OHSMS is applied across the University.

9. **Tools**

The following tools are associated with this procedure.

- Monash University Occupational Health and Safety Plan
- OHS cyclic events checklist
- OH&S Plan - guidance material
- Monash University OH&S Strategic Plan

10. **Records**

For OHS Records document retention please refer to:

- Monash University OHS Records Management Procedure

### 11. Document History

<table>
<thead>
<tr>
<th>Version</th>
<th>Date of Issue</th>
<th>Changes made to document</th>
</tr>
</thead>
</table>
| 3       | March 2013    | 1. Changed guide to procedure  
2. Changed the intent of the document from describing the OHSMS to stating the requirements of the OHSMS.  
3. Changed the structure of document to make it more closely resemble AS18001.  
4. Reduced the detail of some sections and referred to the requirements listed in other documents.  
5. Made a risk register for Faculties/Division compulsory.  
6. Increased the detail of the planning section to list requirements for what plans are required.  
7. Changed the reporting section to increase the scope of what can be reported on.  
8. Removed some specifics on what is reported on.  
9. Defined the key responsibility of the Vice Chancellor. |
