For 60 years, we’ve been working to change the world, and we’re not about to stop. At Monash, we see challenges as opportunities to make things better. It’s hard to imagine a time when the need to make positive change has been greater than now.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world. That’s why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

**IF YOU DON’T LIKE IT, CHANGE IT.**

A GLOBAL COMMUNITY

ITALY
Prato
In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.

INDIA
Mumbai
Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.

MALAYSIA
Kuala Lumpur
Close to fast-paced Kuala Lumpur, Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.

INDONESIA
Jakarta
Monash University will be establishing the first foreign university campus in Indonesia. Based in Jakarta, Monash Indonesia will be offering master’s and PhD degrees, as well as executive programs and micro-credentials. The course offerings will be research intensive with a focus on industry engagement.

MELBOURNE
AUSTRALIA
Clayton
Clayton, in Melbourne’s rapidly growing southeast corridor, is our biggest campus, home to 38,000 students, eight of our 10 faculties. Everything you need is on campus – food outlets, sporting facilities, health services and more.

Peninsula
Home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education along with select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

Parkville
Our dedicated pharmacy and pharmaceutical sciences campus hosts 2000 students and is part of Australia’s leading health and biomedical precinct. It’s also home to two of our research hubs, Monash Institute of Pharmaceutical Sciences and the Centre for Medicine Use and Safety.

Caulfield
The base for Monash Art, Design and Architecture, and Monash Business School, as well as some Arts, Medicine, Nursing and Health Sciences, and IT courses, Caulfield hosts 19,000 students. It’s a culture hub, with MUMA, our modern art museum, joining sporting and café facilities.

GET AHEAD WITH MONASH

From day one, a Monash education sets you on the path to future career success.

Our programs and platforms offer work-integrated learning experiences and engagement with industry. You’ll develop an enterprising mindset, hone your employability skills and gain a competitive edge in the graduate employment market.

Career Connect
Our Career Connect program gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching.

Student Futures
Our Student Futures platform allows you to collate the real-life skills that will show employers you have what they’re looking for, taking into account not just your university activities, but those that are part of your ‘outside’ life – paid work, family responsibilities and contributing to your community.

Develop leadership
While studying, you’ll be encouraged to foster the skills for effective leadership that will enable you to positively influence the University, your community and, eventually, the world.

Monash Talent
With our employment service, Monash Talent, you can start your career search without stepping foot off campus. We have a team of recruitment specialists who’ll connect you with reputable employers and match you with jobs that suit your skills and passions.

Mentoring
Throughout your studies here, you have the opportunity to mentor or be mentored. You can share or gain insights about life at university, career planning, building employability, as well as future goals.

Work-integrated learning
Incorporate professional experience into your studies, through clinical placements, fieldwork, study tours, placements, or internships.

Click here to find out how a Monash education prepares you for success into the future.
LIFE-CHANGING RESEARCH

Monash research is having a positive impact in local communities and around the world.

Even before we became the global university we are today, our researchers looked beyond traditional boundaries, discovering ways of approaching the fields in which they worked.

It’s why a Monash education is so respected around the world. Things that we now take for granted would not exist without the initial work of Monash researchers, such as the work of professors Alan Trounson and Carl Wood, who achieved the world’s first IVF pregnancy. The Trounson and Wood team went on to accomplish Australia’s first (and the world’s fourth successful) IVF birth in 1980.

There’s also Monash’s Faculty of Pharmacy and Pharmaceutical Sciences, where the anti-influenza drug Relenza was designed and synthesised. This drug is now used globally.

Today, our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we’ll help our researchers make it happen.

Today, our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we’ll help our researchers make it happen.

DID YOU KNOW?
In 2019, we had 5053 graduate research students studying at Monash University, and our researchers attracted a total research income of $413.8 million.
At Monash, we’re committed to attracting academic high achievers and producing internationally competitive graduates.

COURSEWORK SCHOLARSHIPS
If you’re a prospective or continuing coursework graduate student, there’s a variety of scholarships and grants available.

Academic scholarships
Our Monash scholarships aim to attract academically gifted students, and each of our ten faculties offer scholarships for academic high achievers.

Accommodation scholarships
We offer scholarships to help cover the costs of your accommodation, and there are even scholarships to support any relocation costs.

Faculty scholarships
Each of our ten faculties offer a range of scholarships from Indigenous and equity scholarships, through to scholarships for women.

Indigenous students
We offer many scholarships for indigenous students, with each of our faculties also offering opportunities to attend Monash through their own scholarship programs.

Equity scholarships
We recognise that sometimes your personal circumstance can impact on your studies. If you’re from a low-income background, have a disability or medical condition, live in a regional or remote area, from an asylum-seeking background, or have experienced difficult circumstances, we offer scholarships to ensure that none of these factors prevent you from pursuing your dreams.

RESEARCH SCHOLARSHIPS
The Australian Government’s Research Training Program (RTP) covers your research course fees if you’re an Australian or New Zealand citizen or an Australian permanent resident. There are various other scholarships available to assist with other costs.

For details, visit monash.edu/graduate-research/future-students/scholarships

We want as many bright minds as possible to benefit from a Monash education. Click here to learn about our scholarships program.
If you’re passionate about tackling global challenges and collaborating with some of the brightest minds in your discipline area, then Monash is the place where your ideas and actions can gain momentum.

Our graduate degrees will give you the edge in the employment market and prepare you for the professions of the future, both in Australia and overseas.

Our industry-relevant courses are embedded with the leadership, entrepreneurial and commercialisation skills that will advance your career. You can take a semester at the King’s College London, undertake master’s units at the Monash Centre in Prato, Italy, or complete a double master’s program with one of our international partners.

Globally connected, our alumni network is at the forefront of social and technological progress at many of the world’s best companies. If you aspire to make a positive impact in the world, you’ll find Monash learning is all about discovery, creativity, challenge and opportunity.

GET READY TO SEE THE WORLD

International placements
Choose from a range of international placements – Asia, Africa, Europe and the US.

Overseas internships
Intern at the United Nations, New York, or Shandong Television in China – just two of many options.

Monash Malaysia
Our Monash Malaysia campus offers students the opportunity to spend a semester at Monash University’s third-largest campus which offers a distinctly international and culturally rich environment.

Monash Prato, Italy
Study at the Monash Prato Centre in Italy – offerings include fine art, architecture, Italian and law.

Connect
Connect with 360,000-plus alumni across the globe.
Peninsula campus’ Gillies Hall is the largest commercial Passive House building in Australia, and is the most energy-efficient structure Monash has built. Gillies Hall won gold in the ‘Architecture – Multi Residential – Constructed’ category at the 2019 Melbourne Design Awards for its green credentials.

The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation cost includes gas, water, electricity, internet, residential parking permit and laundry. Details: monash.edu/accommodation/pricing

* Prices shown here are based on a typical three-bedroom house.

ON-CAMPUS ACCOMMODATION

Our on-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There’s also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Prices for on-campus accommodation range from $240 to $303 per week.

We also have dedicated graduate wings in our urban community halls exclusively for graduate students. They’re quieter and often include shared spaces to study and to connect with your neighbours.

If you’re a graduate or mature-aged student you’ll be allocated a room within a graduate wing. Applications are free and open in September. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

With students from 70 countries and the wide range of facilities on your doorstep, discover why on-campus accommodation is much more than just your room.

monash.edu/accommodation

COST OF LIVING

Before you begin your studies at Monash, it’s a good idea to plan and prepare a budget.

Below are some costs associated with living and studying in Australia, and should be used as an approximate guide.

These figures (in Australian dollars) are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things like medication and other personal items, such as clothes.

All costs are subject to inflation.

Depending on your chosen course, additional costs may apply for class materials and other requirements. Please make sure you check any additional costs for your course before commencing your studies.

Off-campus accommodation

- Hostels and guesthouses $90 to $150 per week
- Rooming houses $85 to $215 per week
- Private rental $165 to $440 per week
- Boarding schools $11,000 to $22,000 per year

Other living expenses

- Groceries and eating out $80 to $280 per week
- Gas and electricity $35 to $140 per week
- Phone and internet $20 to $55 per week
- Public transport $15 to $55 per week
- Car (after purchase) $150 to $260 per week
- Entertainment $80 to $150 per week

* These fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation cost includes gas, water, electricity, internet, residential parking permit and laundry. Details: monash.edu/accommodation/pricing

* Prices shown here are based on a typical three-bedroom house.
WE’LL SUPPORT YOU

DID YOU KNOW?
Every Monash campus has a security office that’s staffed 24 hours a day. Members of the security team are friendly and always ready to provide help and safety advice. They’re also happy to escort you anywhere on campus at any time of the day or night.

Monash Professional Pathways
Through a combination of classroom-based programs (courses) and industry-based learning experiences (internships), Monash Professional Pathways supports those seeking professional experience and careers in Australia. Through us, graduates are better able to secure employment in their chosen fields and perform to employer expectations in their roles.

monashprofessional.edu.au

PERSONAL SUPPORT
Career guidance
Take advantage of our career development programs and individual career counselling.

monash.edu/careers

Family support
Monash University is proudly committed to supporting staff and students with family responsibilities by providing discounted fees at four quality childcare centres across Clayton, Caulfield and Frankston. Check the centres’ websites for further details, and to organise a tour of the facilities.

monash.edu/childcare

Monash Sport
Monash Sport offers a wide range of group fitness classes, gym memberships, aquatic activities and competitive or social sports.

monash.edu/sport

Wellbeing
Each Monash campus features a health, wellbeing and development hub with counsellors, medical practitioners, student advisers and a team of people from different faith communities to support you in all facets of university life – from accommodation and financial aid to life-balance issues.

monash.edu/health

Disability support services
If you have a disability or medical condition that impedes your study, the Equity and Diversity Centre will help you access services such as learning support, assistive software or equipment loans.

monash.edu/disability

ACADEMIC SUPPORT
During your studies, you can access academic support programs to improve your written and oral expression, reading, listening and note-taking skills. Tutors are available to guide you through research methodology, conference presentation and the best way of submitting academic papers.

Monash Connect
Monash Connect can advise you on anything from admissions, enrolment, fees, academic support, language support, graduations and scholarships. Student service centres are located on all Australian campuses. We now offer ‘live chat’ to new and existing students. It’s just another way we’re making it easier to find out what you need to study at Monash.

monash.edu/connect

Monash Postgraduate Association (MPA)
As a Monash graduate student, you’ll automatically become a member of the Monash Postgraduate Association, which provides services for graduate students such as social functions, newsletters and publications, advice, advocacy and mediation, and seminars to help you transition from study to a successful career.

mpa.monash.edu

Dedicated learning spaces
We value the work of our research students and have invested in purpose-built facilities that reflect this. The PhD Hub in Building 88, 27 Sports Walk, Clayton campus, is open 24/7 to all graduate research students, while the Graduate Student Hub in Building 89, 21 Sports Walk, Clayton campus, is open from 7am to midnight for our graduate coursework and research students. In addition to these spaces, there are a number of central facilities dedicated to graduate students across our Clayton, Caulfield and Peninsula campuses.

monash.edu/graduate-research/current-students/graduate-spaces

At Monash, you’re at the centre of everything we do.

We offer you career counselling, academic support, health and wellbeing services, professional development opportunities and family support. We can even help you find somewhere to live. You can also take advantage of academic support services and modern study facilities designed specifically for graduate students. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

monash.edu/study/student-life

Professor Bob Wong, from the School of Biological Sciences, Clayton campus.
We know that when, where, how and what you study is critical to progressing your career, skills and knowledge. You might be a professional looking to gain expert knowledge in your current field, or you might be looking for a career change. Whatever your ambition, Monash can help you get there.

**Professional entry master’s courses**

These courses are specifically designed to prepare you to enter a regulated profession such as law, accounting or teaching. These courses can take two to four years to complete, depending on the discipline. Some of these areas can also be studied at an undergraduate level, however a professional-entry master’s course is ideal if you make the decision to enter a different field to that of your first course.

**Expert master’s courses**

These courses allow you to extend expertise gained through your undergraduate degree, or add breadth to your knowledge and skills within a new or complementary field. If you complete a four-year honours bachelor’s degree, you can usually complete an expert master’s degree in the same discipline in just one year, meaning you graduate with both a bachelor’s and a master’s degree in five years. See pages 18-19 for a full list of coursework courses.

**Double master’s courses**

A double degree course allows you to study for two degrees at the same time. You’ll graduate with two master’s degrees, giving you more career flexibility and opportunities. It allows you to keep your options open and develop expertise in different yet complementary areas.

**Study modes**

We know you have many priorities and commitments. That’s why we offer flexible study modes to allow you to build your study around your life. Most courses are offered in both full-time and part-time study modes. Some units are offered in intensive block mode (usually Thursday to Sunday), allowing you to arrange a short break from work to complete a unit, and some are offered outside business hours.

**Off-campus (distance learning)**

You don’t have to be at Monash to study with Monash. Through our online distance learning, you can study with Australia’s biggest university without ever having to set foot on campus. It’s the perfect option if you need to balance university with work, family and other personal commitments. You’ll study the same units and gain the same qualification as you would if you were on campus. It includes a combination of print study material and electronic communication. monash.edu/off-campus-learning

### GAIN CREDIT FOR PRIOR LEARNING

Many of our master’s programs offer you block credit on the basis of your education background.

**1-YEAR PROGRAMS**

I want to undertake a master’s program in the same discipline

- I have a four-year honours qualification

**1.5-YEAR PROGRAMS**

I want to undertake a master’s program in the same discipline

- I have a three-year undergraduate qualification

**2-YEAR PROGRAMS**

I want to undertake a master’s program in a different discipline

- I have a three-year undergraduate qualification and I have a graduate certificate or graduate diploma or honours

In a rapidly transforming profession, designers need to be constantly developing innovative skills and knowledge to respond to the developments in their field.

Positioned at the intersection of several creative disciplines, our Master of Design provides you with the platform to explore advanced principles in contemporary design that will enhance your design practice and give you the platform to be an innovative leader. This program is ideal for those with an undergraduate degree in any discipline who are keen to enter the expanding fields of professional design engagement, or for design practitioners aiming to upgrade their expertise.

For example, by relevant graduate certificate, graduate diploma or work experience.

Additional requirements
All applications must provide a current academic and professional curriculum vitae.

条件1: Your application must be complete by the closing date.

条件2: Your application must be submitted in English.

Conditions 1: Your application must be complete by the closing date.

Conditions 2: Your application must be submitted in English.

条件1: Your application must be complete by the closing date.

条件2: Your application must be submitted in English.
Create a master’s degree that suits you
Our courses offer a unique and nuanced approach to their industry and subject matter, and are underpinned by our guiding principles to be innovative, international and engaged. There are many ways you can create the master’s degree that best suits your interests and career needs:

- Tailor your program by taking specified electives from any other coursework master’s degrees offered in the faculty.
- Accelerate your studies, taking units over the winter and summer, and complete your degree in less than one year*.
- Apply for professional internships to develop your professional experience and networks.
- Go on study tours and gain practical, on-the-ground experience both in Australia and abroad.
- Create a pathway to a PhD, by completing a research thesis as a prerequisite for future enrolment into a PhD or master’s by research.
- Take advantage of leadership opportunities through our Arts Graduate Leadership Program and gain access to professional development workshops.

* Only available for students completing the 1.5-year option. Eligible for international students completing the 1.5-year option.

As globalisation continues, the demand for English language experts, teachers and intercultural communicators has significantly increased. The application of linguistic knowledge to professional contexts is at the heart of the curriculum. You’ll have the opportunity to regularly engage with real-world case studies and practical problem-solving as part of your studies. There’s also an extensive fortnightly seminar series where you can engage with guest lecturers from industry and other universities.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

DEGREE AWARDED

Graduate Certificate of Communications and Media Studies

As a student in the Graduate Certificate of Communications and Media Studies, you’re at once part of this media-saturated world but will also learn how to analyse, critique and challenge assumptions about the role of the media.

You’ll expand your understanding of the key challenges posed by the new economy of digital media, globalisation and increasing levels of cross-cultural exchange. Skill development in critical thinking, writing and presentation in multicultural settings are designed to enhance your career capabilities.

This degree is suitable for emerging professionals in communications and media industries, as well as those wishing to expand their knowledge of this dynamic field. Successful completion of this degree can count toward a Master of Communications and Media Studies for those who desire further study.

This exciting course provides you with an overview of the rapidly growing cultural and creative industry sector, and its many employment opportunities.

You’ll gain a detailed understanding of this dynamic sector from a range of industry professionals and real-world projects in Australia and overseas. Whether exploring creative clusters in Melbourne and Shanghai, or understanding the business models of global digital industries, our agile content will prepare you for a career in this expanding sector.

You’ll gain insight into how to initiate and manage projects, and how to evaluate their success, while maintaining close contact with a range of industry professionals and real-world projects from Australia and overseas.

Shanghai City Lab

Don’t miss this unique opportunity to explore one of Asia’s most exciting cultural metropolises. You’ll receive lectures from Monash staff alongside guest experts from local universities, and undertake fieldwork in the city alongside local students. You’ll also be introduced to a range of Chinese and international creatives working in the local cultural sector who’ll give you an insight into the cultural success story behind one of China’s largest global cities.

1. This includes at least five years of work experience in a related field including formal or informal learning.
2. Applicants with five years’ relevant full-time informal learning with a recommendation letter or reference from an employer will be considered on a case-by-case basis.

2021 GRADUATE COURSE GUIDE

24
GENDER, PEACE AND SECURITY
Graduate certificate

INTERNATIONAL DEVELOPMENT PRACTICE
Expert master’s

INTERNATIONAL RELATIONS
Expert master’s

Be a part of change and make an impact on the future of your region. Drawing on the expertise of Monash University’s Gender Peace and Security Centre (Monash GPS), and backed by the strongest international research in the field, the Graduate Certificate of Gender, Peace and Security will enable leaders to better integrate gender perspectives into peace and security policymaking at all levels – local, national, regional and global.

With a focus on considering current peace and security challenges, and balancing scholarship together with technical skills, you’ll develop an enhanced understanding of the gendered politics of conflict, security and peace processes.

You’ll gain training on the facilitation of women’s participation in peacebuilding and the prevention of conflict, violent extremism and insecurity.

You’ll also have access to industry partners through guest lectures and informal meetings to develop your network, hear about recent developments in the field, and understand the relationship between research and its application in the field.

On graduation, you’ll be equipped with the requisite gender-sensitive, gender-responsive and gender-inclusive knowledge and tools in order to significantly contribute to the development of equitable, inclusive and peaceful societies.

Delivered by specialists from the humanities, social sciences, medicine, business, education and law, the Master of International Development Practice offers a broad approach to sustainable development with six streams: democracy, justice and governance; crisis, change and management; gender, peace and security; field studies for development; language and culture; and sustainable resource management.

You’ll learn directly from leading researchers and practitioners, and will combine this academic insight with a high level of industry integration to give yourself a competitive advantage in the workforce. The ability to apply your understanding of theory into practical, real-world situations is one of the key strengths of this course – helping you to develop both work-ready skills and industry connections.

You’ll also have the opportunity to be matched with an industry mentor in the field through our many sector partnerships and mentoring programs such as Colab M, which matches students with a development practitioner from around the world based on shared interests.

Entry requirements

Our world is shaped by big questions about global justice, war, peace, social movements and interstate relations.

The Master of International Relations gives you the skills to tackle critically and analytically with such questions, providing a window into the dynamic world of 21st-century politics. You’ll look at key issues in foreign policy, world order, European studies, crisis management and terrorism, as well as the gender, development, migration and governance aspects of global politics.

As the only Australian member of the Association of Professional Schools of International Affairs in the southern hemisphere, this course seamlessly blends theory, policy and practice.

You’ll learn from leaders in the field who are all highly regarded experts sought after for their expertise to help solve political, humanitarian and ethical issues nationally and internationally.

Specialisations
• Gender, peace and security
• Foreign policy and security
• International diplomacy and trade
• Political violence and counter-terrorism
• Advanced international relations.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Double master’s with Shanghai Jiao Tong University, China

This double-degree course immerses you in two cultures. It combines the Master of International Relations at Monash with the Master of Arts in Chinese Politics and Economy from Shanghai Jiao Tong University. Completed entirely in English, you’ll study one year at Monash in Australia and one year in Shanghai. On successful completion, you’ll graduate with degrees from both universities.

1 In equivalent Monash University grading scale terms, a 1.00 scale where 50% is a pass.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Or qualification and/or experience or satisfactory substitute that the faculty considers to be equivalent.
4 Related fields include humanities or social sciences.
5 Australian graduate certificate for equivalent in a related field Humanities or social sciences.
6 A credit (60%) average in required in both qualifications.

Graduate Certificate of International Relations

COURSE CODE: A4006

Develop a greater understanding of the dynamic world of global politics in the 21st century.
You’ll develop foundation knowledge of international affairs, grounded in the key debates framing global politics, and address the big questions about global justice, war, peace, social movements and interstate relations.

This degree builds essential skills in global leadership, intercultural communication and facilitating positive change in a context characterised by significant levels of global complexity and connectivity.
Successful completion of this degree can count towards a Master of International Relations for those who desire further study.

Entry requirements
Selection is based on your previous academic achievement in your prior qualifications that must be accredited to the equivalent Australian level specified in the table below.

DEGREE AWARDED
Graduate Certificate of Sustainable Tourism Management

COURSE CODE: A4009

Studying a degree in sustainable tourism allows you to work in one of the fastest-growing industries, while simultaneously knowing how to reduce the impact of travel on local economies and environments.
You’ll develop an understanding of the industry in a global setting, before delving into industry-relevant areas such as marketing and tourism economy for the digital age.
On completion of this course, you’ll be prepared for work in the government or private-sector tourism industry. If you prefer delving deeper into the field through further study, you can use this course as an entry point to the Master of International Sustainable Tourism Management.

• Graduate Diploma of Arts

COURSE CODE: A4010

By completing Australia most innovative industry-focused tourism program you’ll develop specialised skills in all aspects of the international tourism industry, including tourism marketing and destination management.
Throughout your studies, you’ll hear directly from workplace leaders and will have the opportunity to actively engage with these global experts via work placements during your time at Monash.
This course explores tourism’s potential to be compatible with the development of sustainable organisations, urban and rural regeneration, natural resource management and wildlife conservation, and the diversification of benefits from international and domestic tourism.
This truly global program will see you undertake international field trips, investigate best practice international precedents and study alongside students from around the globe – helping to build the cross-cultural skills that underpin a successful career path in tourism.

International double master’s programs

The Master of Interpreting and Translation Studies can also be taken as part of a double-degree program with an international partner in France, Italy or Japan. This international double-degree program immerses you in two cultures, with one full year in Australia and another at the partner university. You’ll complete the requirements of the Monash Master of Interpreting and Translation Studies (MITS), as well as a second degree with one of the following universities: Jean Moulin University Lyon III; Kobe City University of Foreign Studies; the University of Bologna; or the Universitas Trieste.

Industry endorsement

Our course is endorsed at the Certified Translator, Certified Advanced Translator, Certified Interpreter, Certified Specialist Interpreter (legal), Certified Specialist Interpreter (Health), and Certified Conference Interpreter levels by the National Accreditation Authority for Translators and Interpreters (NAATI).

Monash is also the only university in Australia to be a member of the Conférence Internationale des Universités des Traducteurs et Interprètes (CIUTI), the world’s oldest and most prestigious international association of tertiary institutions offering degrees in translation and interpreting.

Technology has transformed the traditional model of mainstream media creating the most exciting opportunities for storytelling in the history of journalism. As a journalist today, you’ll find yourself at the edge of a golden age where all modes of media can be combined to tell your story to wider audiences than ever before.

You’ll work with award-winning journalists and academics with strong industry links, develop expert skills in research and reporting in print, digital, radio and video, and explore the media’s evolving role in society. Designed for people looking to establish a career as a journalist, or in related areas such as public relations, speechwriting or communications, this innovative course will prepare you for a dynamic career in the contemporary digital age.

Double master’s programs

Double master’s with Master of International Relations

This double-degree program is designed to optimise the contribution you can make as a journalist in the international field, using a full range of media technologies as well as insights into approaches to international relations. You’ll graduate with both the Master of Journalism and the Master of International Relations.

Double master’s with the University of Warwick, UK

In this double-degree program you’ll complete one year of the Master of Journalism at Monash, then undertake the taught component of one of the nine available Politics and International Studies (PAIS) programs in the Master in Arts (MA) degree at Warwick. You’ll conclude your studies with a joint dissertation (to be taken at either Monash or Warwick) with a supervisor from both Monash and Warwick. Upon successful completion, you’ll receive a Master of Journalism from Monash and a Master of Arts in Politics and International Studies from Warwick.

International field schools

You’ll also have the chance to add an international perspective to your studies. Field trips to New York and Hong Kong involve visits to some of the world’s most prestigious media organisations, including the New York Times, BuzzFeed and Bloomberg. You’ll learn first-hand how newsrooms are adapting to the pressures of changing consumption patterns, delivery platforms and business models.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 The level of language competence should be equivalent to at least three years’ post year 12 study.
4 Or qualification or experience or satisfactory substitute that the faculty considers to be equivalent.
5 Australian graduate certificate for equivalent in any field.
6 A credit (60%) average is required in both qualifications.
JOURNALISM
Graduate certificate

This course offers a critical foundation for understanding journalistic practice and theory. While aimed at emerging journalists, the course is also relevant for those wanting to learn essential skills in communications across a variety of platforms.

You’ll develop essential skills in critical thinking, writing and presenting for multicultural settings and also learn how the detail in writing differs across digital media technologies and formats.

The Graduate Certificate of Journalism course is an essential foundation for further study in a Master of Journalism, and for those who seek continual improvement to enhance employability.

PUBLIC POLICY
Expert master’s

Launched in 2018, the Master of Strategic Communications Management has a strong applied focus and aligns closely with innovation taking place in the industry. You’ll examine the impact of persuasive storytelling and influence strategies, and will consider the effectiveness of integrated media campaigns using both traditional and digital approaches.

Develop your expertise to work in policy areas across both the public and private sectors, from government organisations and multinationals through to independent consultancies. Our Master of Public Policy builds practical knowledge and skills for international professionals in policymaking and management across the spectrum of public sector activities. The course combines a focus on foundation knowledge and understanding of critical issues in public policy, governance and policy evaluation.

You’ll be equipped for careers in public, not-for-profit or private sector agencies involved in policy and service delivery at intergovernmental, national or regional government levels.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

DOUBLE DEGREE
Graduate diploma

The Master of Strategic Communications Management is not only directly relevant to communications roles and opportunities, but also offers you the opportunity to complete another degree in the same two year period. You could also augment this with another Master of Arts in Strategic Communications, which has a strong focus on leadership and management for communications managers.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

Double master’s with Shanghai Jiao Tong University, China

Offering a truly international perspective, this double degree course immerses you in two cultures. It combines the Master of Strategic Communications Management at Monash with the Master of Journalism and Communication from Shanghai Jiao Tong University. Completed entirely in English, you’ll study one year at Monash in Australia and one year in Shanghai. On successful completion, you’ll not only have the invaluable international experience this double degree offers, but you’ll also graduate with degrees from both universities in just two years.
Discover the tactics behind how and why communication needs to be strategised, and develop your own informed, independent solutions. You’ll gain a deeper understanding of advocacy, managing reputation and public relations, and working through crisis management. You can also choose to develop deep knowledge in elective fields such as digital media and entrepreneurship, managing sports communication or practising persuasive communication.

Learning directly from experts in the field, you’ll develop job-ready skills for non-government, government and corporate sectors. This course will equip you with invaluable specialist and industry-relevant knowledge and skills which will give you that competitive edge. Alternatively, you can expand on your studies with the Master of Strategic Communications Management.

ALTERNATIVE EXITS
- Graduate Diploma of Business

COURSE CODE: B6022

Enrich your business experience with global insight. You’ll build on your undergraduate degree and work experience, and advance your knowledge of business and how it interacts with the global environment by studying business strategy, trade policy, global trade law, diplomacy, sustainability and intercultural communication. Course flexibility allows you to choose your electives from a broad range of subjects across the Business School and the University.

In partnership with the Haas School of Business at University of California, Berkeley, you can access the Berkeley Haas Global Access Program. The program includes in-class learning, visits to Silicon Valley, one-on-one coaching, networking events with Berkeley students and driven decision-making, with Berkeley’s Haas academics. All students receive a Berkeley Haas certificate, and students who complete two semesters of the program become eligible to work in the US.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below. You’ll be ranked and selected based on your entire academic record.

ELIGIBILITY
Average requirements4 Duration3

Bachelor’s degree (or equivalent) in any field Distinction (70%)5 2
Bachelor’s degree (or equivalent) in a related field High distinction (85%) 1

Additional requirements
Shortlisted applicants will be invited to attend an interview with a panel constituted by the research director. Admission is a competitive process.

1 You must have successfully completed a first-year undergraduate statistics unit, or provide evidence of qualifications in statistics, or experience that the faculty considers to be a satisfactory substitute.
2 In equivalent Monash University grading scale terms, a 90% overall average (85% in a course).

COUNSELLING

Professional entry master’s

$27,500 Clayton, online 1, 1.5 or 2 years* → February and July

DEGREE AWARDED
Master of Counselling

ALTERNATIVE EXITS
• Graduate Certificate of Counselling
• Graduate Diploma of Counselling

COURSE CODE (CRN):[13x737]
• EDU44 45 2021 Graduate Course Guide 2021 Graduate Course Guide

Providing you with a professional qualification, and offering a combination of theory and professional experience, this course equips you with all you need to start a rewarding career as a counsellor.

This highly practical course draws on the latest thinking and approaches to counselling and psychotherapy to develop your understanding of the mental health issues that arise across a lifetime. You’ll examine the various forms of professional counselling, including online and distance counselling, child and adolescent counselling, and individual, couples and group counselling.

This course includes 250 hours of placement to help you develop your counselling and interpersonal skills with clients and colleagues. The counselling placement team sources many placements and communicates these opportunities to students. Note that most placement providers will require you to submit an application and/or attend an interview to secure the placement.

You’re also able to self-source placements; students located interstate, overseas or in rural areas are particularly encouraged to do this, under the guidance of the counselling placement team.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

5 You can earn your skills and gain expert knowledge in areas such as educational technologies, gifted education, early childhood, literacy, maths, sciences, music, and arts.
EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY

Professional entry master’s

Entry requirements

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIABILITY</th>
<th>Average requirements</th>
<th>Duration</th>
</tr>
</thead>
</table>

A fourth year of psychology study from any course accredited by the APAIC, which may be a graduate diploma or bachelor’s honours degree. Please note that qualifications need to have been completed within the past 10 years.

Additional requirements

In addition, you must provide evidence of demonstrated suitability for work as a professional psychologist, determined by completion of a supplementary form and satisfactory referee reports (one academic and one professional), relevant voluntary or paid work experience, and an interview.

Applicant checks:

- Working with Children Check (before placement).
- Provisional registration with the Psychology Board of Australia (before commencing study, and maintain such registration throughout the period of enrolment).
- You must also meet the English language requirements of Maranh and the Psychology Board of Australia (PsyBA). Consult the PsyBA website to ensure you meet their requirements: www.psychologyboard.gov.au

Applicant checks for off-campus professional experience activities

This course requires you undertake mandatory off-campus professional experience activities. In order to do this, you’ll need to:

- submit proof of your registration with the PsyBA.
- meet the specific security clearances that apply in whichever state/territory your professional experience is being undertaken.
- complete professional experience orientation provided by the faculty.

Professional recognition

Our psychology courses are accredited by the Australian Psychology Accreditation Council. Professional accreditation ensures those graduating from the courses hold degrees recognized by employers, and adhere to state and national accreditation standards.

EDUCATIONAL LEADERSHIP

Expert master’s

Entry requirements

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIABILITY</th>
<th>Average requirements</th>
<th>Duration</th>
</tr>
</thead>
</table>

In this course you’ll consider various constructs of leadership, including traditional and emergent leadership theories, cultural manifestations of leadership, the role of social justice in educational settings, and persistent challenges facing leaders. You’ll gain an understanding of how leadership interacts with, and responds to, the dynamics of policy, politics and power in differing contexts, and how this shapes education and learning. In your final semester, you’ll immerse yourself in a project tailored to your specific interests, which will deepen and enhance your learning, and prepare you for the next step in your career.

Additional requirements

A detailed curriculum vitae listing qualifications, work experience and the details of two recent referees.

Flexible delivery

A flexible course delivery allows you to continue working while completing your course. You can choose a fully online offering or combine it with attendance at face-to-face workshops.

EDUCATIONAL RESEARCH

Graduate certificate

Entry requirements

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>

This course is designed as a pathway to prepare you to undertake research at a graduate level. You’ll learn about research methodology, design and ethics as you plan and conduct a research study that can lead to a PhD or master’s by research.

You’ll study your units consecutively, with contact hours scheduled to allow you to continue working while studying. Completion of this course to a high standards position you to apply for a PhD or master’s by research in the field of education.

Additional requirements

A detailed curriculum vitae listing qualifications, work experience and the details of two recent referees.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2. You’ll need to have achieved a distinction (70%) in your final year of psychology.
3. Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychology Society.
4. This course can be studied part-time or full-time. Published durations apply to full-time study only.
5. Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on enrolment.
Designed to introduce you to the field of education at a graduate level, this course is suited to those with a first qualification in a discipline other than education. It’s also a pathway for those who don’t meet the entry requirements for the Master of Education, Master of TESOL or Master of Educational Leadership. This course gives you an understanding of concepts and issues in education, locally and globally, and allows you to build your knowledge of major theoretical and professional debates in specialised areas. Course completion allows you to pursue education-related careers and/or further study in education.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Flexible course delivery

A flexible course delivery allows you to continue working while completing your course. You can choose a fully online offering or combine online with attendance at face-to-face workshops.

This course is designed for qualified teachers who wish to develop specialist knowledge and skills in inclusive practices in classrooms and schools. You’ll critically explore the theory, current research, practical methods and regulatory contexts which inform effective strategies in supporting children, adolescents and adults with learning, social and behavioural challenges.

This course will equip you to accommodate students with additional learning needs into regular classrooms, through the creation of inclusive and supportive learning contexts and learning programs. Through specific units of study within this program, you’ll develop an understanding of contemporary educational issues around social justice and equity, as a precursor to designing effective programs for students with additional needs within mainstream settings.

As you develop these specialised skills, you’ll also be given opportunities to develop your research skills through reviewing and interacting with current trends in the field. Consequently, opportunities will be available to engage with and research the specialised skills involved with designing programs for students with diverse learning needs.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

TEACHING
Professional entry master's

**RANKED NO 1 IN AUSTRALIA**
Academic Ranking of World Universities, 2019

| Online* | 2 years† | February |

**CSP**: $6684
Full fee: $24,800 (40% fees p.a.)

This course is intended for those keen to practise or extend their career as a global educator and teacher.

Our curriculum combines theory and professional experience, giving you the skills and professional values to become an effective educator. You can choose to specialise in early childhood, primary or secondary education — or a combination. Through engagement with the latest thinking and practices, you'll be able to effectively foster the learning of students with various ages and needs.

You'll complete a minimum of 60 days' teaching practice with schools.

**SPECIALISATION**

- **Early childhood education**
- **Early childhood and primary education**
- **Primary education**
- **Primary and secondary education**
- **Secondary education**

**Entry requirements**
Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

**ELIGIBILITY**
Average requirements: Duration

Bachelor's degree (or equivalent) in any field
Pass 55%
2

**Additional requirement**
Applicants must sit the CASPer test. CASPer is a requirement for many of the initial teacher education courses in Victoria. It's a non-cognitive online test designed to assess an applicant's personal and professional attributes. For further information on the test, visit monash.edu/education/takecasper

**Enrolment considerations**
- You'll need to meet English language requirements.
- You'll be required to undergo a Working With Children Check before being able to carry out professional experience placements.
- All students enrolled in Australian initial teacher education courses must 'achieve the standard' in the National Literacy and Numeracy Test prior to graduating.

---

1. Admission into the course is competitive and may require a higher overall average than the minimum requirement.
2. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
3. This can also be studied as an accelerated course, where you'll be required to undertake more than the standard annual load of 48 credit points in one year in order to complete the course in 1.5 calendar years.
4. If you're applying for the specialisation in primary and secondary education, you need to have appropriate discipline studies to qualify for one specialist teaching area at secondary level. See the faculty websites for more information: monash.edu/education.
5. Applicants should also indicate that they will accept any teaching area for which they are deemed qualified.
This course is suitable for a wide range of educators, prospective educators and other professionals working in the field of English language teaching, and leads to a graduate qualification in TESOL (Teaching English to Speakers of Other Languages).

This course will assist you in understanding the connections between theory and practice, and the importance of developing strong language teaching, and leads to a graduate qualification in TESOL expertise.

This course can be studied part-time or full-time. Published durations apply to full-time study only.

### Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2. If you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3. Related fields include meteorology, biometrics and languages.

---

**International Double Master Programs**

Monash University offers three double masters programs with Southeast University (SEU) China.

Studies are undertaken at the SEU-Monash campus in Suzhou, China, with the opportunity to undertake one semester of study at Monash University’s Clayton campus in Melbourne, Australia. The Double Master Program takes 1.5 to 2.5 years of full-time study to complete (depending on the units chosen).

- Master of Civil Engineering (Geomechanics or Water Management)
- Master of Transportation Systems

---

**Advanced Engineering**

**Expert master’s**

- Additive manufacturing
- Chemical engineering
- Civil engineering (infrastructure systems)
- Civil engineering (transport)
- Civil engineering (water)
- Electrical engineering
- Energy and sustainability engineering (Malaysia only)
- Materials engineering
- Mechanical engineering
- Renewable and sustainable energy engineering.

**Entry requirements**

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

<table>

1. In equivalent Monash University grading scale terms, a 100% scale where 55% is a pass.
2. If you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3. Related fields include meteorology, biometrics and languages.

---

**Work Integrated Learning**

Take your skills and knowledge further with an internship with one of our many partner organisations. The Work Integrated Learning program placement provides a valuable opportunity to apply your skills and gives you professional and industry experience that sets you apart.
With the increasing challenges of resource scarcity and environmental pollution, there’s a strong global demand for bioproduct engineers who can design sustainable and environmentally friendly materials and energy-efficient systems.

You’ll integrate core engineering principles with specialist topics in the field of bioresources processing, gain enhanced technical and research skills, and develop the entrepreneurial acumen sought by a broad range of industries, particularly local and international bio-based industries.

This program is delivered online. There are no classes to attend, making it ideal to combine full-time work with part-time study and maintain your professional career.

Professional recognition
The Master of Professional Engineering has been designed to meet the stage one competencies for accreditation by Engineers Australia. The masters degree will be an expert master’s qualification/s that must be accredited to the equivalent Australian qualification/s that must be accredited to the equivalent Australian qualification.

1 Equivalent through university grading scale terms, a 70% scale where 50% is a pass.
2 Other than three or four year engineering degree in a discipline as determined by the faculty to be eligible for the specialization. You may also be considered if you hold a three year engineering technology degree and in equivalent to the first three years of a related engineering degree accredited under the Washington Accord.
3 Related Fields include chemical, materials, mechanical, physics, mathematics and biosciences.
4 You’ll need to submit a CV which details the nature of your work experience and include your job titles, organisation name, duration of your work and the nature of the skills required, including any research skills. Along with your CV please submit one original employment reference which supports the details in your CV.

The 21st century presents a vital challenge for civil engineering. As our infrastructure grows older, there’s a greater need for a strategic maintenance plan that will prolong its use. The planning, design, construction and maintenance of infrastructure is crucial to the global economy. Skilled professionals are required to maintain ageing infrastructure, integrate new infrastructure into existing systems, and expand existing infrastructure – and it must be done in a way that’s socially, environmentally and financially sustainable.

The Master of Infrastructure Engineering and Management equips you to take on these challenges.

This program is delivered online. There are no classes to attend, making it ideal if you want to combine full-time work with part-time study.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration.

Traffic congestion, safety, environmental impacts and the efficiency of transport operations are global concerns.

With transport systems under pressure to deliver better economic, social and environmental results for the community, there’s a growing demand for professionals prepared to tackle these challenges.

Our Master of Transport and Traffic responds to the need for engineers with transport expertise, including its technological, economic and social effects.

This program is delivered online. There are no classes to attend, making it ideal if you want to combine full-time work with part-time study. You’ll have access to structured learning resources, and complete a range of individual and group learning activities through unit-specific websites.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration.

ARTIFICIAL INTELLIGENCE
Expert master’s
Clayton 1 or 1.5 years → February and July
$33,600 2020 fees p.a.
• Fees are per 48 credit points, which represents a standard full-time course load for a year.

DEGREE AWARDED
Master of Artificial Intelligence

ALTERNATIVE EXITS
• Graduate Certificate of Artificial Intelligence
• Graduate Diploma of Artificial Intelligence

COURSE CODE:C6003

As a cybersecurity professional, your skills will always be in high demand. By studying our Master of Cybersecurity, you’ll have the skills to manage and administer cybersecurity and blockchain.

This course prepares you for a career as a security systems analyst, systems designer, data security specialist, or security software engineer or administrator. In your final semesters, you can choose to complete an industry experience project or research thesis. Additionally, you can apply for a scholarship place over summer in the highly regarded Monash Industry Team Initiative.

Data scientists play a major role in solving real-world business problems. From data curation and management to processing and analysis, data scientists help organisations harness information.

Our Master of Data Science prepares you for a career in the field, giving you skills in data management, analytics, data analytics, big-data management and processing.

In this course you’ll cover statistical and exploratory analysis, data management and processing. Data scientists play a major role in solving real-world business problems. From data curation and management to processing and analysis, data scientists help organisations harness information.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualifications, which must be accredited to the equivalent Australian level specified in the table below.

### LAW

#### Graduate diploma | For law and non-law graduates

**RANKED TOP 40 IN THE WORLD**

[QS World University Rankings by Subject 2018](https://www.qs.com/subjectrankings/law)

**COURSE CODE:** L6004

**DEGREE AWARDED**

Graduate Diploma in Law

**Fees**

- $36,000 (2020 fees are $36,000)
- Fees are per 48 credit points, which represents a standard full-time course load for a year.

**DEGREE AWARDED**

Graduate Diploma in Law

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

**ELIGIBILITY**

**You must satisfy one of the following two options:**

- **Bachelor's degree (or equivalent) in law**
  - Qualification/experience of satisfactory standard that the faculty considers to be equivalent
  - GPA of 4.0 on a 7-point scale and LSAT scores of 160 or above
  - Incomplete studies in a law admission degree course
  - Minimum GPA of 5.0 on a 7-point scale in the law studies, within four years of the date of the application.

**Additional requirements**

You’ll need to submit:

- A curriculum vitae (CV) that clearly outlines your role – including a description of tasks and responsibilities, as well as any research skills – and details the name of the organisation including the role of the organisation
- One original employment reference which supports your CV.

---

### LAWS (LLM)

#### Expert master’s | For law graduates

**RANKED TOP 40 IN THE WORLD**

[QS World University Rankings by Subject 2018](https://www.qs.com/subjectrankings/law)

**COURSE CODE:** LAWS

**DEGREE AWARDED**

Master of Laws

**Fees**

- $36,000 (2020 fees are $36,000)
- Fees are per 48 credit points, which represents a standard full-time course load for a year.

**DEGREE AWARDED**

Master of Laws

**Entry requirements**

The Monash LLM is designed for law graduates wanting to develop in-depth knowledge of a particular legal area, or to advance their professional expertise in a current area of practice, or to enhance your capacity to undertake independent research. You’ll gain advanced professional skills and knowledge of law developments, practice and scholarship of one or more areas of law.

**COURSES OFFERED**

- Master of Laws in Commercial and Corporate Law
- Master of Laws in Criminal Law and Forensics
- Master of Laws in Dispute Resolution
- Master of Laws in Global Society and Human Rights
- Master of Laws in Health Law and Community
- Master of Laws in Labour and Employment Law
- Master of Laws in Public Sector Governance and Regulation
- Master of Laws in Technology and Innovation
- Master of Laws in Transnational Economic Regulation

**Additional requirements**

You’ll also need to submit:

- A curriculum vitae (CV) that clearly outlines your role – including a description of tasks and responsibilities, as well as any research skills – and details the name and url of the organisation
- One original employment reference that supports your CV.

---

### JURIS DOCTOR

#### Professional entry master’s | For non-law graduates

**RANKED TOP 40 IN THE WORLD**

[QS World University Rankings by Subject 2018](https://www.qs.com/subjectrankings/law)

**COURSE CODE:** L6005

**DEGREE AWARDED**

Juris Doctor

**Fees**

- $42,000 (2020 fees are $42,000)
- Fees are per 48 credit points, which represents a standard full-time course load for a year.

**DEGREE AWARDED**

Juris Doctor

**ALTERNATIVE ENTRY**

Graduate Diploma in Law

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

**ELIGIBILITY**

**You must satisfy one of the following three options:**

- **Bachelor’s degree (or equivalent)** in any field with at least a Grade Point Average (GPA) of 5.0 on a 7-point scale
  - In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
  - Qualification/experience of satisfactory standard that the faculty considers to be equivalent
  - GPA of 4.0 on a 7-point scale and LSAT scores of 160 or above
  - Qualification/experience of satisfactory standard that the faculty considers to be equivalent
  - GPA of 4.0 on a 7-point scale and LSAT scores of 150 or above
  - Incomplete studies in a law admission degree course
  - Minimum GPA of 5.0 on a 7-point scale in the law studies, within four years of the date of the application.

**Additional requirements**

You’ll need to submit:

- A JD or a bachelor (hons) degree (or equivalent) in law, or an equivalent qualification
- A bachelor’s degree (or equivalent) in law – a graduate diploma in law or graduate certificate in law, or an equivalent postgraduate qualification OR
- A bachelor’s degree (or equivalent) in law + sufficient relevant work-based or other learning to together constitute the equivalent of one of the above qualifications
- A bachelor’s degree (or equivalent) in law – admission to practice as an Australian lawyer

**Specialisations**

- International and comparative law
- Criminal law andforensics
- Dispute resolution
- Global society and human rights
- Health and community law
- Labour and employment law studies
- Public sector governance and regulation
- Technology and innovation
- Transnational economic regulation.

**Entry requirements**

Depending on your prior qualifications you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

**ELIGIBILITY**

**You must satisfy one of the following three options:**

- **Australian degree (or equivalent) in law from a non- Australian jurisdiction**
  - A JD or a bachelor (hons) degree (or equivalent) in law, or an equivalent qualification
  - A bachelor’s degree (or equivalent) in law – a graduate diploma in law or graduate certificate in law, or an equivalent postgraduate qualification
  - A bachelor’s degree (or equivalent) in law + sufficient relevant work-based or other learning to together constitute the equivalent of one of the above qualifications
  - A bachelor’s degree (or equivalent) in law – admission to practice as an Australian lawyer

**Additional requirements**

You’ll also need to submit:

- A curriculum vitae (CV) that clearly outlines your role – including a description of tasks and responsibilities, as well as any research skills – and details the name and url of the organisation
- One original employment reference that supports your CV.
LEGAL STUDIES
Expert master's

Entry requirements
Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIGIBILITY</th>
<th>Average requirements</th>
<th>Duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelor's (honours) degree (or equivalent) in a related field</td>
<td>Credit (60%)</td>
<td>1</td>
</tr>
<tr>
<td>Bachelor's degree (or equivalent) + a graduate diploma or graduate certificate (or equivalent) in law or related field</td>
<td>Credit (60%)</td>
<td>1</td>
</tr>
<tr>
<td>Bachelor's degree (or equivalent) in a related field + sufficient relevant work-based experience or professional learning to provide the equivalent of a bachelor honours degree in one of those disciplines, as determined by the faculty</td>
<td>Credit (60%)</td>
<td>1</td>
</tr>
</tbody>
</table>

Additional requirements
You’ll also need to submit:
- a CV that clearly outlines your role — including a description of tasks and responsibilities, as well as any research skills — and details the name of the organisation including the url of the organisation
- a statement of purpose (500 words) outlining reasons for undertaking the course
- one copy of a curriculum vitae showing relevant industry experience
- a copy of any published journal articles and book chapters
- a copy of your degree certificate or other relevant formal accreditation
- one original employment reference which supports your CV
- a formal admission letter written by a legal professional
- a copy of your birth certificate

You’ll be assessed on your entire academic record. As a general rule, those who don’t have a credit average will need to have at least two years of relevant work experience, although the required period may be shorter where the work experience has been supplemented by other relevant learning.

Similarly, if you have a credit or above average, you may be eligible for an accelerated course duration of 1.5 to 2 years, depending on your prior qualifications and experience. The following may need to be provided before your application can be assessed:
- a curriculum vitae showing relevant industry experience
- academic transcripts of relevant degrees
- a statement of purpose (500 words) outlining reasons for undertaking the course, and your area(s) of interest
- examples of high-level written skills, including journal articles and book chapters.

The Monash Master of Legal Studies is designed to equip non-lawyers with the legal skills and knowledge to make better managerial and commercial decisions in order to lead your organisation effectively.

The course provides you with the legal knowledge that will give you the legal skills and knowledge to make better managerial and commercial decisions in order to lead your organisation effectively. You'll learn from national and international experts from Monash, Turning Point and other leading universities, and cover issues such as problem drinking and gambling, and the misuse of prescribed and illicit drugs.

The course gives you a comprehensive overview of addiction science, policy and practice. Designed to educate health professionals, practitioners and policymakers, this course incorporates the latest evidence related to treatment, neuroscience, social and drug policies, and public health, as well as emerging substance and behavioural addictions.

You’ll learn from national and international experts from Monash, Turning Point and other leading universities, and cover issues such as problem drinking and gambling, and the misuse of prescribed and illicit drugs.

It suits graduates in psychology, criminology, nursing, medicine and social work, and professionals in the fields of criminal justice, mental health, community health and public policy.

The Master of Addictive Behaviours is offered in partnership with Turning Point, an internationally renowned clinical treatment and research centre.

**AVIATION MEDICINE**

**Graduate diploma**

- **Online**
- **2 years** → February
- **$26,000** (2020 fees per annum)
- **DEGREE AWARDED**: Graduate Diploma of Aviation Medicine
- **COURSE CODE**: M4022

This course is the only course of its kind in the Australasian region, and one of only two in the world. It provides you with a comprehensive and deep knowledge of aviation medicine in all aspects, including flight physiology, clinical and regulatory aviation medicine, human factors, accident investigation and aviation safety, and medical issues affecting aircrew and passengers in military, spaceflight and civil aviation operations.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualifications that must be accredited to the equivalent Australian level specified in the table below. You’ll be ranked and selected based on your entire academic record.

**ELIGIBILITY**

- Bachelor of Medical Science and Doctor of Medicine, OR Bachelor of Medicine, Bachelor of Surgery (MBBS), OR Equivalent medical degree
- A current practising health professional with at least two years of full-time experience

**Additional requirements**

You must have professional registration to practice (or authority to practice) as a healthcare professional in a relevant discipline in the location that you plan to study.

**Specialisations**

- Flight physiology
- Clinical and regulatory aviation medicine
- Human factors
- Accident and investigation and aviation safety
- Medical issues affecting aircrew and passengers in military, spaceflight and civil aviation operations.

**BIOMEDICAL AND HEALTH SCIENCE**

**Expert master’s**

- **Clayton**
- **1 or 2 years** → February and July
- **$29,910** (2020 fees per annum)
- **DEGREE AWARDED**: Master of Biomedical and Health Science
- **ALTERNATIVE EXIT**: Graduate Diploma in Biomedical and Health Science
- **COURSE CODE**: M5025

The focus in your initial year will be on research methods and practices to prepare you to carry out independent research. This includes how to conduct research through coursework and research skills training, and engaging in specialist research in theory units. Your second year consists of a full-time research project and internship under the supervision of an academic staff member.

**Specialisations**

- Cancer biology and therapeutics
- Cardiovascular diseases
- Infectious diseases and population health
- Neurosciences
- Regenerative medicine and stem cells.

**Entry requirements**

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualifications that must be accredited to the equivalent Australian level specified in the table below.

**ELIGIBILITY**

- Bachelor’s (hons) degree (or equivalent) in mathematics or statistics, OR Bachelor’s (hons) degree (or equivalent) in sciences, psychology, medicine, pharmacy, nursing, health sciences or a quantitative discipline + one-year full-time equivalent experience in clinical/health research or in a quantitative sector.

**Additional requirements**

You’ll also need to provide:

- a curriculum vitae showing relevant work experience or statement from employer to substantiate period of employment
- a statement of purpose (250 to 300 words outlining reasons for undertaking the course and your area(s) of interest.

---

1. In equivalent Monash University grading scale terms, a 90% scale where 55% is a pass.
2. If you’re eligible for a direct course entry, you may wish to consider the longer duration.
3. Related fields include biostatistical sciences, allied health life science disciplines. Where an applicant has the equivalent of a three-year Australian bachelor’s degree in a non-related discipline, the selection panel will instead consider relevant and significant work experience as equivalent.
4. Students without this background are encouraged to enrol in the Graduate Diploma of Biostatistics.

---

**MEDICINE, NURSING AND HEALTH SCIENCES**
### BIOSTATISTICS

**Graduate diploma**

**Expert master’s**

**COURSE CODE:** M5017

**ALTERNATIVE EXIT**

Graduate Certificate of Biostatistics

**DEGREE AWARDED**

Master of Biostatistics

**ELIGIBILITY**

Bachelor’s degree (or equivalent) in mathematics or statistics, OR

A bachelor’s degree in one of the following: Biomedical Science; Science/Applied Science with a major in biochemistry, biotechnology, developmental biology, human biology, marine biology, human pathology, genetics, pharmacology, immunology, virology, molecular biology, physiology and zoology; Nutrition Sciences; Dietetics; Veterinary Science; Medical Engineering; Pharmacy; Bioengineering; Biotechnology; Life Sciences; Clinical Medicine; Dental Science; or Bioinformatics.

1  In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2  Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3  Related fields include medicine, veterinary science, science or biomedicine.

This course equips you with a broad range of theory and techniques for extensive upskilling in biostatistical methods. It gives you an understanding of the mathematical background, theory and application of the principles of epidemiology and biostatistics in health and medical research. It also develops the analytical skills you’ll need to become self-sufficient as a statistician.

**Entry requirements**

**ELIGIBILITY**

Bachelor’s degree (or equivalent) in mathematics or statistics, OR

A bachelor’s degree in one of the following: Biomedical Science; Science/Applied Science with a major in biochemistry, biotechnology, developmental biology, human biology, marine biology, human pathology, genetics, pharmacology, immunology, virology, molecular biology, physiology and zoology; Nutrition Sciences; Dietetics; Veterinary Science; Medical Engineering; Pharmacy; Bioengineering; Biotechnology; Life Sciences; Clinical Medicine; Dental Science; or Bioinformatics.

2 February
3 The equivalent fee for this intensive 72-credit-point course, combining three semesters of full-time study (1.5 years) and 12 months, is 1.5 times the fee for 48 credit points of study.

**Course fees**

$46,350 2020 fees for 72 credit points p.a.

**Duration**

1 year

**Additional requirements**

- all applications are assessed on academic merit and relevant experience
- a curriculum vitae including work experience and two referees and/or work references, where applicable
- a statement of purpose (under 200 words) outlining why you wish to join this course.

1 The Master of Clinical Embryology is a high demand course. There is a quota on the number of successful applicants. Applicants meeting the minimum academic requirements aren’t guaranteed entry.
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
3 Relevant fields include medicine, veterinary science, science or biomedicine.
4 Or from another institution deemed as equivalent by the faculty.
CLINICAL MEDICINE
Expert master's

The only course of its kind in Victoria, our Master of Clinical Research develops the analytical and communication skills necessary to work in the broad domain of clinical research and practice. Through this program, you’ll develop a detailed understanding of biostatistics, epidemiology, data management, clinical trials, clinical measurement, ethical practice, systematic reviews and meta-analysis, and critical appraisal of the scientific literature for application in research and clinical practice.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirements

1. Your undergraduate degree must include: four units in chemistry/biochemistry, four units in human biology and human physiology, one unit in human nutrition and one unit in research methods. Your undergraduate degree must be equivalent in a related field.
2. To be eligible for entry credit, you must have completed the equivalent Monash University Bachelor or Undergraduate degree in a related discipline, or an equivalent qualification, within 10 years.
3. Relevant fields include public health science and medicine.

CLINICAL RESEARCH
Expert master's

The Graduate Certificate of Clinical Simulation will enable you to apply principles and theories that inform educational practice in a range of clinical and other relevant contexts, and to undertake professional and highly skilled work and as a pathway for further learning.

This practice-based qualification is suitable for a broad range of health professionals who are, or will be, engaged in simulation-based education. This includes teaching, assessment, evaluation, mentoring and supervision of health professionals and students in a range of clinical and other contexts.

The qualification is also suited to health professionals who use simulation for healthcare service quality improvement or systems testing. However, the use of simulation as an educational method is prioritised.

The Graduate Certificate of Clinical Simulation requires the successful completion of a foundation unit and two short courses from the Monash Institutional Framework for Health and Clinical Education eligible short course offerings.

Entry requirements

DIETETICS
Professional entry master's

This course integrates academic teaching and learning with clinical, population health, food service, research and management experience, and is carried out in both academic and professional practice placement settings. You’ll complete supervised placements in both clinical and community settings, gaining a breadth of professional experience.

In this course, there are also plenty of opportunities to apply your dietetic knowledge outside of the classroom. You’ll learn through simulated patient scenarios, hands-on food activities and by working in Monash’s on-site nutrition clinic.

Graduates will fulfil the national competency standards for entry-level dietetics, as defined by the Dietitians Association of Australia.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Upon enrolment you’ll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.
HEALTH AND SCIENCE RESEARCH

Graduate diploma

Clayton 1 year February and July

$29,000 2020 fees p.a.

- In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
- 1.5 years full-time; also available part-time (3 years).
- Only available part-time.

Entry requirements

• Bachelor’s degree (or equivalent) in a relevant discipline or relevant professional experience.

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience.

HEALTH MANAGEMENT

Graduate certificate

Alfred Hospital, multi-modal 1 year February and July

$14,500 2020 fees

- This is the total 2020 fee for this 24 credit point course.
- Only available part-time.

Entry requirements

• Bachelor’s degree (or equivalent) in a relevant discipline + relevant professional experience.

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience.

Graduate diploma

Alfred, multi-modal 1 year February and July

$29,000 2020 fees p.a.

- In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
- 1.5 years full-time; also available part-time (3 years).
- Only available part-time.

Entry requirements

• Bachelor’s degree (or equivalent) in a relevant discipline + relevant professional experience.

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience before your application can be assessed.

Expert master’s

Alfred 1.5 years February and July

$29,000 2020 fees p.a.

- In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
- 1.5 years full-time; also available part-time (3 years).
- Only available part-time.

Entry requirements

• Bachelor’s degree (or equivalent) in a relevant discipline + relevant professional experience.

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience before your application can be assessed.

Develop your passion for research, build on your bachelor’s degree and advance your knowledge in a health or science discipline through a combination of coursework and research.

You’ll also undertake research methodology training and carry out an independent research project in your selected discipline, working closely with a supervisor who will provide you with guidance and academic counselling. The course also offers a pathway to higher degree research.

Specialisations

Medicine, Nursing and Health Sciences
- Biomedical science
- Emergency health
- Medical imaging and radiation sciences
- Nursing
- Nutrition science
- Physiotherapy.

Science
- Astrophysics
- Biological sciences
- Chemistry
- Earth science
- Materials science
- Mathematics and statistics
- Physics.

Entry requirements

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience.

This certificate targets professionals working within the healthcare sector who are keen to expand their knowledge in the management of health services.

It’ll give you the core competencies in health services management, including leadership, human resource and financial management of health services. The course is a pathway to further study in the Master of Health Management and the Master of Public Health.

Entry requirements

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience.

This graduate diploma gives you a broad framework to manage clinical healthcare systems, and is accredited by the Australasian College of Health Service Management.

The course covers human resource, financial, informational, medico-legal, political, cultural, economic, ethical, industrial, technological and psychosocial issues.

Entry requirements

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience before your application can be assessed.

If you’re working, or planning to work, in middle or senior management roles in healthcare, the Master of Health Management is for you.

Your core units cover law for health systems, clinical leadership and management, improving healthcare quality, financial issues in healthcare management, foundations health policy, epidemiology and biostatistics, reform and development of health services, and a health services management case study.

You can choose your electives from units offered in our Master of Public Health or other approved master-level management units. You can also exit the course early with a Graduate Certificate of Health Management or a Graduate Diploma of Health Management, if you meet the requirements.

Entry requirements

Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Additional requirement

A curriculum vitae showing relevant industry experience before your application can be assessed.
**HEALTH PROFESSIONS EDUCATION**

- **COURSE CODE:** M4009  
- **COURSE TITLE:** Graduate Certificate of Health Professions Education
  - **DEGREE AWARDED:** Bachelor's degree (or equivalent) in a related field from any health-related qualification
  - **Duration:** 1 year

This practice-based qualification is suitable for a broad range of health professionals who are, or will be, engaged in the teaching, assessment, evaluation, mentoring and supervision of health professionals in a range of clinical and other contexts.

The Graduate Certificate of Health Professions Education requires the successful completion of a foundation unit and two short courses from the Monash Institute for Health and Clinical Education eligible short course offerings.

**Entry requirements**

- **ELIGIBILITY:** Bachelor's degree (or equivalent) in a related field from any health-related qualification

With a contemporary and evidence-based curriculum, this course will keep you up-to-date with advanced and rapidly-changing technologies in the field. Learning from experienced practitioners and leaders in medical imaging research, you'll explore MRI and its application to clinical diagnostic imaging, and build to an advanced understanding of MRI techniques.

You'll gain the clinical judgement, decision-making and leadership skills to shape your future practice and take the next step in your career—whether that be progressing to a leadership role, engaging in research or developing new career pathways within your workplace.

**Entry requirements**

- **ELIGIBILITY:** Bachelor's degree for equivalent in a related field or a health science discipline leading to appropriate professional recognition or registration, OR
  - A general science degree with specialisation in anatomy, physiology or physics, OR
  - A biomedical or medical undergraduate/graduate-entry master's degree

**MAGNETIC RESONANCE IMAGING**

**Graduate certificate**

Off-campus  
1 year  
February and July

- **COURSE CODE:** M4019  
- **COURSE TITLE:** Graduate Certificate of Magnetic Resonance Imaging
  - **DEGREE AWARDED:** Bachelor's degree in a related field from any health-related qualification

This practice-based qualification is suitable for a broad range of health professionals who are, or will be, engaged in the teaching, assessment, evaluation, mentoring and supervision of health professionals in a range of clinical and other contexts.

The Graduate Certificate of Health Professions Education requires the successful completion of a foundation unit and two short courses from the Monash Institute for Health and Clinical Education eligible short course offerings.

**Entry requirements**

- **ELIGIBILITY:** Bachelor's degree for equivalent in a related field or a health science discipline leading to appropriate professional recognition or registration, OR
  - A general science degree with specialisation in anatomy, physiology or physics, OR
  - A biomedical or medical undergraduate/graduate-entry master's degree

- **DEGREE AWARDED:** Bachelor of Medical Science and Doctor of Medicine

Our graduate-entry medical program is designed as an integrated, interdisciplinary curriculum. It'll prepare you to graduate with the knowledge, skills and attributes of a beginning medical practitioner.

You'll see the discoveries of our renowned researchers put into clinical practice and benefit from our links with the largest healthcare provider network in Australia, which includes the Monash Medical Centre, The Alfred (Melbourne’s major casualty hospital), Eastern Health, and Victorian health services in rural, regional and outer metropolitan Melbourne.

**Entry requirements**

- **ELIGIBILITY:** Bachelor's degree for equivalent in a related field or a health science discipline leading to appropriate professional recognition or registration, OR
  - A general science degree with specialisation in anatomy, physiology or physics, OR
  - A biomedical or medical undergraduate/graduate-entry master's degree

**RANKED TOP 32 IN THE WORLD**

**Bachelor’s and master’s**

- **COURSE CODE:** M6018  
- **COURSE TITLE:** Bachelor of Medical Science and Doctor of Medicine
  - **DEGREE AWARDED:** Bachelor of Medical Science and Doctor of Medicine

Successful completion (or for those who were in the final year of) one of the following Monash University degrees:  
- Bachelor of Biomedical Science  
- Bachelor of Pharmacy (Honours)  
- Bachelor of Physiotherapy (Honours)  
- Bachelor of Science with specified units

**Additional requirements**

You’ll be ranked on your academic results. If you’re shortlisted, you’ll be invited to attend a Multiple Mini Interview (MMI) and will have to complete a Situational Judgement Test (SJT) as part of the selection process.

**Special requirements**

Upon enrolment you’ll be asked to:
- comply with the mandatory immunisation requirements and readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check
- obtain a current Level 2 First Aid certificate (by end of the first semester) – highly recommended.

1. Related fields include radiography, medical imaging and radiation therapy.
2. Fifty domestic places are reserved for students undertaking Monash’s Bachelor of Biomedical Science. A further 25 places are available to students of all specified degrees.

ADVANCED CLINICAL NURSING

Expert master’s

The Master of Advanced Clinical Nursing prepares you for leadership roles in nursing.

In this course you’ll develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

Specialisations
- Emergency nursing (Peninsula, Clayton)
- Intensive care nursing (Clayton)
- Mental health nursing (Peninsula)
- Nurse practitioner (Clayton)
- Perioperative nursing (Clayton)

The program has flexible teaching delivery options and offers a range of individual career pathways, including nursing, education or management positions within industry, government or independent professional practice.

Entry requirements

- Bachelor’s degree (or equivalent) in nursing
- Bachelor’s degree (or equivalent) in a related field including nursing
- Nurse practitioner

Additional requirements
You’ll also need to submit:
- an application letter advising specialisation
- certified evidence of current nursing registration
- certified copy of transcript of results/previous education achievements
- Letter of support from employer (where applicable)
- Nurse practitioner specialisation only:
  - There are highly specific requirements for entry into the nursing practitioner specialisation. Please visit our website and be sure to read all the extra requirements: monash.edu/course-m631
  - Medical surgical nursing, paediatric emergency nursing, paediatric intensive care nursing, and paediatric nursing specialisations only:
  - You must be employed as a registered nurse by key healthcare provider Monash Health in paediatric nursing or paediatric intensive care nursing, or paediatric emergency nursing or medical surgical nursing at an industry-partnered organisation.

DEGREE AWARDED
- Master of Advanced Clinical Nursing

ADVANCED NURSING

Expert master’s

The Master of Advanced Nursing prepares you for leadership roles in management and education.

The course enables you to develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

The program has flexible teaching delivery options, and offers a range of individual career pathways, including nursing, education or management positions within industry, government or independent professional practice.

Most specialisations can be taken by coursework, or a combination of coursework and research.

Specialisations
- Disaster nursing (Peninsula)
- General studies in advanced nursing (Clayton and Peninsula)
- Nursing education (Peninsula)
- Nursing leadership and management (Clayton).

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

- Bachelor’s degree in nursing (or equivalent) Credit (60%) 1
- Bachelor’s degree in nursing (or equivalent) + a minimum of two years’ full-time equivalent relevant professional experience in nursing Credit (60%) 1.5

Additional requirements
You’ll also need to submit:
- an application letter advising specialisation
- certified evidence of current nursing registration.

Special requirements
Upon enrolment you’ll be asked to:
- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.

3 disciplines may be offered in the specific area of specialisations.
Our Master of Nursing Practice provides you with the knowledge and clinical skills to provide high-quality nursing care.

From the very beginning of your course, you will be immersed in an intensive program where you will develop your clinical experience and skills in an environment that reflects what modern day healthcare looks, feels and sounds like. These clinical learning environments also use high-fidelity mannequins as patients that react to the treatment you give them, and you will use the same equipment you would be expected to use in your hospital/clinical placements. Clinical placements will be conducted in metropolitan and regional Victoria, where you will put classroom concepts into practice on the wards and ready start to explore the science and art of nursing and midwifery practice.

Once graduated, you will be skilled in problem-solving and clinical reasoning, competent and safe in your practice of clinical nursing skills, and able to work within legal and ethical standards of practice.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

REPRODUCTIVE SCIENCES
Graduate diploma

Gain broad knowledge and receive practical training in the applications of reproductive biology in animals and humans, and explore the social and ethical issues these raise.

You’ll be learning from an impressive calibre of guest lecturers. All of our presenters are either academics with clinical backgrounds or currently have active clinical roles in IVF and fertility centres across Victoria, and many have internationally recognised careers.

On completion of the course, you’ll be able to show a thorough theoretical understanding of human and animal reproductive sciences, and demonstrate practical techniques in human clinical and veterinary reproductive sciences.

You may also qualify for admission into the Master of Clinical Embryology or into higher degrees by research.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

- obtain a Working with Children Check

DID YOU KNOW?
Existing Monash University Bachelor of Human Services graduates are eligible for direct entry to the Master of Social Work and will receive 24 points of credit, reducing the length of study from two to 1.5 years.

SOCIAL WORK
Professional entry master’s

This course prepares you for a career as a professionally qualified social worker.

It includes studies in theory, skills development and supervised professional practice, and opportunities for group-based learning, community engagement, practice research and integration of social work theory and practice.

The theoretical content builds on the knowledge graduates have acquired in previous higher education, while the social work skills components and professional practice introduce you to contemporary social work practice.

The course is accredited by the Australian Association of Social Workers (AASW), and includes 1000 hours of supervised professional practice.

The Faculty of Pharmacy and Pharmaceutical Sciences offers two complementary pre-registration programs for pharmacy interns.

**Intern Training Program (ITP)**

The Monash University Pharmacy ITP is undertaken during the pharmacy internship year. It’s practice-focused, utilises flexible delivery methods, and addresses all competencies required for initial registration as a pharmacist.

Completion of an accredited ITP is a prerequisite for registration as a pharmacist in Australia.

**Intern Foundation Program (IFP)**

The Monash University Pharmacy IFP runs concurrently with the ITP. The IFP recognises, supports and enhances workplace learning for intern pharmacists.

Completion of both the ITP and IFP will assist you in your career progression and enable you to graduate at the end of your intern year with a postgraduate qualification.

Graduates of Monash University’s new Bachelor of Pharmacy (Honours) degree are eligible to be awarded a Master of Pharmacy degree on successful completion of both the ITP and IFP.

**Entry requirements**

- Bachelor’s degree in pharmacy (or equivalent), or if you’re an overseas practitioner from a country other than New Zealand, successful completion of the Australian Pharmacy Council Skills Assessment

---

1. Even if you’re eligible for a shorter course duration, you may select to complete the longer duration.
2. If you have a Bachelor of Pharmacy without honours, you may be eligible for credit for your professional experience, enabling you to commence at entry level. You’ll need to demonstrate that you've attained transition level across the 30 competencies in the advanced pharmacy practice framework. Assessment will be by portfolio submission.
Do you have an aptitude and passion for mathematics and statistics, a keen interest in finance and insurance, and want to work for a major institution in finance, insurance or the money market? Our Master of Financial Mathematics gives you a deep understanding of the finance world, and the ability to speak its language. Combining theory with hands-on practical skills via an industry placement or research project, the program ensures you’ll graduate with the skills increasingly sought-after by banks and other financial institutions.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

This degree recognises the urgent need to address the future of human food supply in the face of global population and environmental pressures, and the dependence of human welfare and geopolitical stability on food supply adequacy and accessibility.

The Master of Food Science and Agribusiness is a forward thinking, interdisciplinary degree, involving the faculties of Science, Engineering, Medicine, Nursing and Health Sciences, and Business, as well as the Monash Food Innovation Centre.

The Master of Food Science and Agribusiness integrates the knowledge needed to recognise and address these future global challenges.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Mathematics underpins our way of life and our prosperity. Its importance ranges from fundamental developments enabling new technologies, to theories backing up scientific research, to analyses of our physical and societal environments.

This course is designed for graduates with a bachelor’s degree and a strong foundation in mathematics. You’ll acquire advanced knowledge and skills in mathematics, and the capacity to use them to tackle complex problems in a variety of situations.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

Humanity is developing at a rate that’s giving rise to widespread environmental, economic and social challenges. If you’re future-conscious and want to transform society through sustainable solutions, this is your chance to learn the skills you’ll need. This course will give you the training, language and tools to be a leader in a rapidly growing field. Get hands-on, real-world experience through an internship, or an interdisciplinary industry or research project or thesis to help drive innovation, and be taught by experts from multiple disciplines and sectors who are leading the environment and sustainability agenda in Australia and internationally.

**Specialisations**
- Corporate environmental and sustainability management
- Environment and governance
- Environmental security
- International development and environment
- Leadership for sustainable development

**Entry requirements**
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

**Additional requirements**
Applicants must be of Indigenous Australian background and will also need to provide a full curriculum vitae including details of two referees.

---

### PROJECT MANAGEMENT

The Master of Project Management is a forward-thinking, interdisciplinary course designed to provide specialist project management expertise, and give you the education, language and tools to be a leader in a rapidly growing field.

**Entry requirements**
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

---

### INDIGENOUS BUSINESS LEADERSHIP

The Master of Indigenous Business Leadership is a cross-disciplinary program with leading units delivered through the Faculty of Business, complemented by a tailored offering in design thinking and mastery units from Law, Public Health and Public Policy.

Through this approach, you’ll develop life-long personal and professional skills, and collaboratively explore the different cultural, political and economic contexts in which business is experienced by Indigenous communities, exchanging ideas on how to best steer change as emerging Indigenous leaders.

**Entry requirements**
Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below. You’ll be ranked and selected based on your entire academic record.

---

### ENVIRONMENT AND SUSTAINABILITY

The Expert master’s degree in Environment and Sustainability is a cross-disciplinary field designed to help you develop the skills you’ll need to be a leader in a rapidly growing field.

**Entry requirements**
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.
ADMISSIONS AND APPLICATIONS

Applications for graduate coursework programs can be made online via monash.edu/study/apply
All applicants for coursework programs must meet the minimum entry requirements and English language requirements.

FEES

We’re committed to providing you with an ever-evolving, modern student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.
We’re investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those that aren’t yet created.

Our blended learning environment — physical, digital and virtual — prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirrors the true cost of delivering a premium educational experience where you’ll learn from some of the finest minds in the world.

Tuition fees
Graduate coursework courses are generally offered as full-fee-paying places with a limited few available with Commonwealth Supported Places (CSP). All tuition fees and course durations specified in this guide are in Australian dollars and apply only to courses studied at Australian campuses. The tuition fees quoted are for 48 credit points and are applicable to courses commencing in 2020. Tuition fees for courses commencing in 2021 will be different.
Monash University reserves the right to adjust the annual tuition fees in future years of your course. However, any adjustment factor won’t exceed six per cent per year. Any adjustment will be applied on the first day of January each year for teaching periods with a census date thereafter.

Commonwealth Supported Place (CSP)
For CSP, units are grouped into three broad bands. The band in which the unit is located determines your contribution amount for that unit. Usually, the units you’re required to enrol in to complete your course will each fall into the same band.
The below table outlines the annual student contribution amount for a full-time student who’s enrolled in a standard full-time course where all units are in the same band. In a standard full-time year, students typically study 48 credit points.

<table>
<thead>
