For 60 years, we’ve been working to change the world, and we’re not about to stop. At Monash, we see challenges as opportunities to make things better.

It’s hard to imagine a time when the need to make positive change has been greater than now.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world. That’s why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

IF YOU DON’T LIKE IT, CHANGE IT.

Edith Espie, Bachelor of Science

MELBOURNE, AUSTRALIA

Caufield
The base for Monash Art, Design and Architecture, and Monash Business School, as well as some Arts, Medicine, Nursing and Health Sciences, and IT courses, Caufield hosts 19,000 students. It’s a culture hub, with MUMA, our modern art museum, joining sporting and café facilities.

Clayton
Clayton, in Melbourne’s rapidly growing southeast corridor, is our biggest campus, home to 38,000 students and eight of our 10 faculties. Everything you need is on campus – food outlets, sporting facilities, health services and more.

Parkville
Our dedicated pharmacy and pharmaceutical sciences campus hosts 2000 students and is part of Australia’s leading health and biomedical precinct. It’s also home to two of our research hubs, Monash Institute of Pharmaceutical Sciences and the Centre for Medicine Use and Safety.

Peninsula
Partnering with leading players in primary and allied healthcare, our Peninsula campus offers courses to about 4000 students by the faculties of Education, and Medicine, Nursing and Health Sciences, as well as some Monash Business School selections.
Suzhou
The Southeast University-Monash University Joint Graduate School, in the heart of one of China’s biggest innovation precincts, offers master’s and PhD study options in areas ranging from industrial design and IT to business.

Kuala Lumpur
Close to fast-paced Kuala Lumpur, Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.

Mumbai
Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.

Prato
In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units, covering design, law, business and more.
From day one, a Monash education sets you on the path to future career success.

We’ll make sure you’re ready to change the world around you through work-integrated learning experiences and engagement with industry. Developing an enterprising mindset, you’ll hone your employability skills and gain a competitive edge in the graduate employment market.

**Sprint to the finish**
Move from study and into work with our Career Connect program, which gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching.
Details: [monash.edu/career-connect](http://monash.edu/career-connect)

**Prepare for success**
Our Student Futures platform allows you to collate the real-life skills that’ll show employers you have what they’re looking for, taking into account not just your university activities, but those that are part of your ‘outside’ life – paid work, family responsibilities and contributing to your community.
Details: [monash.edu/student-futures](http://monash.edu/student-futures)

**Develop leadership**
While studying, you’ll be encouraged to foster the skills for effective leadership that’ll enable you to positively influence the University, your community and, eventually, the world.
Details: [monash.edu/students/leadership](http://monash.edu/students/leadership)

**Talent put to good use**
When you’re ready to graduate, you can start your career search without stepping foot off campus. Our employment service, Monash Talent, has a team of recruitment specialists who’ll connect you with reputable employers and match you with jobs that suit your skills and passions.
Details: [monash.edu/talent](http://monash.edu/talent)
LIFE-CHANGING RESEARCH

Monash research is making a positive impact in local communities and around the world.

2007

Nobel Peace Prize for Climate Change
In 2007, eight scientists from Monash University shared in the prestige of the 2007 Nobel Peace Prize, awarded jointly to the Intergovernmental Panel on Climate Change and former US Vice President Al Gore.

We judge our research not only by its academic excellence, but by the impact it has on the communities with which we engage and serve.

2014

Helping the Blind to See
The Monash Vision Group (MVG) draws on the capabilities of Monash University, The Alfred hospital and industry partners MiniFAB and Grey Innovation to develop bionic eye technology that connects to the primary visual cortex. This means that patients unable to make use of current retinal implants because of damaged optic nerves or physical trauma to the actual eyes may now have the opportunity to see again.

monash.edu/bioniceye

2011

Eliminating Dengue Fever
Dengue fever is a deadly disease spread by mosquitoes carrying the dengue virus that infects millions of people every year. But research by Monash scientists has shown that a naturally occurring bacteria, Wolbachia, can be introduced into mosquito populations to prevent the spread of the virus to people. Researchers at the Eliminate Dengue program continue looking for ways to translate this approach to at-risk communities around the world.

monash.edu/industry/successstories/dengue

2015

Helping Women Give Birth Safely
Women in developing countries are often at risk of dying from postpartum haemorrhage because access to the lifesaving medicine oxytocin is severely limited. In an innovation that could save thousands of women, Monash researchers have developed a new form of oxytocin, which can be stored at room temperature and is inhaled by the patient. And it can be used with minimal training.

monash.edu/pharm/research/iop

Even before we became the global university we are today, our researchers looked beyond traditional boundaries, discovering ways of approaching the fields in which they worked.

It’s why a Monash education is so respected around the world. Things that we now take for granted wouldn’t exist without the initial work of Monash researchers, such as:

1973: Professors Alan Trounson and Carl Wood achieved the world’s first IVF pregnancy. The Trounson and Wood team went on to accomplish Australia’s first (and the world’s fourth) successful IVF birth in 1980.

1986: Monash’s Faculty of Pharmacy and Pharmaceutical Sciences designed and synthesised the antiflu drug Relenza, a drug that is now used globally.

Today our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we’ll help our researchers make it happen.
BUILDING STRONGER, LIGHTER PLANES WITH 3D PRINTING
Professor Xinhua Wu and her team at the Monash Centre for Additive Manufacturing (MCAM) are creating an aluminium alloy that will make aircrafts 30 to 40 per cent lighter, twice as fuel-efficient and still structurally sound. So significant is this project that they’re working in close partnership with Microturbo, the European Space Agency and Bombardier.

platforms.monash.edu/mcam

PIONEERING DIABETES DEPARTMENT AT THE ALFRED
Australia’s only university department dedicated to research into diabetes was launched in August 2017 by Federal Minister for Health Greg Hunt. Monash’s Department of Diabetes, led by Professor Mark Cooper AO, a senior endocrinologist at The Alfred hospital, will comprise a team of 60 scientists researching strategies to combat diabetes and its complications, including kidney and heart disease, and blindness.

TACKLING GLOBAL ENERGY CHALLENGES
Bringing together a unique and diverse team of international researchers and organisations, Monash research tackles global energy challenges through the establishment of the ARC Centre of Excellence in Future Low-Energy Electronics Technology. Commencing operations in 2017, the centre acts as an international hub to combine high impact Monash research with global expertise, placing Australia at the forefront of new materials technology and research.

GLOBAL SLUM REVITALISATION
In only one of four successes selected from more than 600 applications worldwide, Monash was awarded a $14-million grant for a research project that will significantly advance human health and lives of more than a billion who live in urban slums globally. This research will deliver the first ever public health and environmental data on the outcomes of an alternative water management approach, forming the basis for policies and strategies of urban informal settlements worldwide.

VICTORIAN HEART HOSPITAL
The Victorian Heart Hospital is a flagship health project dedicated to improving cardiac health outcomes. Operated by Monash Health and located within the Monash University campus, the hospital will significantly increase access to world-leading cardiology services and boost Victoria’s medical industry and economy.

DID YOU KNOW?
In 2017, we had 4874 graduate research students studying at Monash University with a total research income of $342 million.
SCHOLARSHIPS TO UNLOCK YOUR TALENT
At Monash, we’re committed to attracting academic high achievers and producing internationally competitive graduates.

**COURSEWORK SCHOLARSHIPS**

If you’re a prospective or continuing coursework graduate student, there’s a variety of scholarships and grants available. Scholarships and grants can be awarded on academic merit, or on equity grounds for those who’ve experienced educational disadvantage. In 2018, approximately 850 scholarships were awarded to graduate students. The number of scholarships and grants offered each year varies.

**RESEARCH SCHOLARSHIPS**

The Australian Government’s Research Training Program (RTP) covers your research course fees if you’re an Australian or New Zealand citizen or an Australian permanent resident. There are various other scholarships available to assist with other costs. For details, visit monash.edu/graduate-research/future-students/scholarships
A GLOBAL OUTLOOK

If you’re passionate about tackling global challenges and collaborating with some of the brightest minds in your discipline area, then Monash is the place where your ideas and actions can gain momentum.

Our graduate degrees will give you the edge in the employment market and prepare you for the professions of the future, both in Australia and overseas.

Our industry-relevant courses are embedded with the leadership, entrepreneurial and commercialisation skills that will advance your career. You can take a semester at the King’s College London, undertake master’s units at the Monash Centre in Prato, Italy, or complete a double master’s program with one of our international partners.

Globally connected, our alumni network is at the forefront of social and technological progress at many of the world’s best companies. If you aspire to make a positive impact in the world, you’ll find Monash learning is all about discovery, creativity, challenge and opportunity.

GET READY TO SEE THE WORLD

International placements
Choose from a range of international placements – Asia, Africa, Europe, US.

Overseas internships
Intern at the United Nations, New York, or Shandong Television in China – just two of many options.

Monash Malaysia
Our Monash Malaysia campus offers students the opportunity to spend a semester at Monash University’s third largest campus, which offers a distinctly international and culturally rich environment.

Monash Prato, Italy
Study at the Monash Prato Centre in Italy – offerings include fine art, architecture, Italian and law.

Connect
Connect with 360,000-plus alumni across the globe.

DID YOU KNOW?
With 75,000-plus students and 360,000-plus alumni from more than 170 countries, Monash is Australia’s largest university.
OFF-CAMPUS LIVING

If living on campus isn’t for you, there are plenty of other options.

Send us a query online at ask.monash or call us on 1800 666 274.

Details: monash.edu/accommodation/off-campus-options
EVERYTHING AT YOUR FINGERTIPS

Start with a short stroll to class. Swim a few laps before lunch. Study on the lawns in the afternoon. Gyms, sports fields and pools, grocery stores, banks and even restaurants – they’re all on your doorstep if you live on campus.

Your stay is supported by both staff and student leaders, making campus life a breeze. On our Clayton and Peninsula campuses, you’ll also have the benefit of 24-hour security.

Applications are free and open in September. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

With students from 70 countries and the wide range of facilities on your doorstep, discover why accommodation is much more than just your room.

monash.edu/accommodation

Cost of living
Before you begin your studies at Monash, it’s a good idea to plan and prepare a budget.

Below are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things like medication and other personal items, such as clothes. All costs are subject to inflation.

Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies.

ACCOMMODATION
- Hostels and guesthouses $90 to $150 per week
- Shared rentals $85 to $215 per week
- On campus^ $90 to $280 per week
- Rental $165 to $440 per week
- Boarding schools $11,000 to $22,000 per year

OTHER LIVING EXPENSES
- Groceries and eating out $80 to $280 per week
- Gas and electricity $35 to $140 per week
- Phone and internet $20 to $55 per week
- Public transport $15 to $55 per week
- Car (after purchase) $150 to $260 per week
- Entertainment $80 to $150 per week

^The fees for living on campus at Monash University vary depending on the type of accommodation. Details: monash.edu/accommodation/accommodation/pricing

WE’LL SUPPORT YOU
At Monash, you’re at the centre of everything we do.

We offer you careers counselling, academic support, health and wellbeing services, professional development opportunities and family support. We can even help you find somewhere to live. You can also take advantage of academic support services and modern study facilities designed specifically for graduate students.

monash.edu/study/student-life

ACADEMIC SUPPORT

During your studies, you can access academic support programs to improve your written and oral expression, reading, listening and note-taking skills. Tutors are available to guide you through research methodology, conference presentation and the best way of submitting academic papers.

Monash Connect

Monash Connect can advise you on anything from admissions, enrolment, fees, academic support, language support, graduations and scholarships. Student service centres are located on all Australian campuses.

monash.edu/connect

Monash Postgraduate Association (MPA)

As a Monash graduate student, you’ll automatically become a member of the Monash Postgraduate Association, which provides services for graduate students such as social functions, newsletters and publications, advice, advocacy and mediation, and seminars to help you transition from study to a successful career.

mpa.monash.edu

Dedicated learning spaces

We value the work of our research students and have invested in purpose-built facilities that reflect this. The PhD Hub in Building 88, 27 Sports Walk, Clayton campus, is open 24/7 to all graduate research students, while the Graduate Student Hub in Building 89, 21 Sports Walk, Clayton campus, is open from 7am to midnight for our graduate coursework and research students. In addition to these spaces, there are a number of central facilities dedicated to graduate students across our Clayton, Caulfield and Peninsula campuses.

monash.edu/graduate-research/current-students/graduate-spaces

Monash Professional Pathways

Through a combination of classroom-based programs (courses) and industry-based learning experiences (internships), Monash Professional Pathways supports those seeking professional experience and careers in Australia. Through us, graduates are better able to secure employment in their chosen fields and perform to employer expectations in their roles.

monashprofessional.edu.au

PERSONAL SUPPORT

Career guidance

Take advantage of our career development programs and individual career counselling.

monash.edu/careers

Family support

Monash University is proudly committed to supporting staff and students with family responsibilities by providing discounted fees at four quality childcare centres across Clayton, Caulfield and Frankston. Check the centres’ websites for further details, and to organise a tour of the facilities.

monash.edu/childcare

Monash Sport

Monash Sport offers a wide range of group fitness classes, gym memberships, aquatic activities and competitive or social sports.

monash.edu/sport

Wellbeing

Each Monash campus features a health, wellbeing and development hub with counsellors, medical practitioners, student advisers and a team of people from different faith communities to support you in all facets of university life – from accommodation and financial aid to life balance issues.

monash.edu/health

Disability support services

If you have a disability or medical condition that impedes your study, the Equity and Diversity Centre will help you access services such as learning support, assistive software or equipment loans.

monash.edu/disability

DID YOU KNOW?

Every Monash campus has a security office that’s staffed 24 hours a day. Members of the security team are friendly and always ready to provide help and safety advice. They’re also happy to escort you anywhere on campus at any time of the day or night.
FLEXIBLE COURSE OPTIONS

We know that when, where, how and what you study is critical to progressing your career, skills and knowledge.

You might be a professional looking to gain expert knowledge in your current field or you might be looking for a career change. Whatever your ambition, Monash can help you get there.

**Professional entry master’s courses**
These courses are specifically designed to prepare you to enter a regulated profession such as law, accounting or teaching. These courses can take two to four years to complete, depending on the discipline. Some of these areas can also be studied at an undergraduate level; however a professional-entry master’s course is ideal if you make the decision to enter a different field to that of your first course.

**Expert master’s courses**
These courses allow you to extend expertise gained through your undergraduate degree, or add breadth to your knowledge and skills within a new or complementary field. If you complete a four-year honours bachelor’s degree, you can usually complete an expert master’s degree in the same discipline in just one year, meaning you graduate with both a bachelor’s and a master’s degree in five years. See pages 18-19 for a full list of coursework courses.

**Double master’s courses**
A double degree course allows you to study for two degrees at the same time. You’ll graduate with two master’s degrees, giving you more career flexibility and opportunities. It allows you to keep your options open and develop expertise in different yet complementary areas.

**Study modes**
We know you have many priorities and commitments. That’s why we offer flexible study modes to allow you to build your study around your life. Most courses are offered in both full-time and part-time study modes. Some units are offered in intensive block mode (usually Thursday to Sunday), allowing you to arrange a short break from work to complete a unit, and some are offered outside business hours. It’s whatever works best for you.

**Off-campus (distance learning)**
You don’t have to be at Monash to study with Monash. Through our online distance learning, you can study with Australia’s biggest university without ever having to set foot on campus. It’s the perfect option if you need to balance university with work, family and other personal commitments. You’ll study the same units and gain the same qualification as you would if you were on campus. It includes a combination of print study material and electronic communication.

[monash.edu/study](http://monash.edu/study)

Image: Shu Shi, Monash University student
Our Master of Architecture course develops graduates with a vision to design progressive architecture that responds to the dynamic needs of society and speculates about the future of our built environment. Whether you’ve completed undergraduate studies in architecture or in another field, the Master of Architecture meets the academic requirements necessary to register as an architect. We offer an integrated program of study that allows you to select from a range of design studios in conjunction with advanced architectural studies. Complementary units introduce the methods and tactics of architectural design research and engage with the multidisciplinary socio-cultural, political, economic, historical, theoretical and technical dimensions relevant to contemporary architecture and urbanism.

Accreditation
The Master of Architecture encompasses the knowledge and skills required for professional recognition by the Architects Accreditation Council of Australia (AACA) and the Australian Institute of Architects. To register as an architect, graduates must also complete two years of professional practice and pass the AACA Architectural Practice Examination. For more details, visit the Architectural Registration Board of Victoria website at www.arbv.vic.gov.au

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIGIBILITY</th>
<th>Average requirements</th>
<th>Duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelor’s degree (or equivalent) in any field</td>
<td>Credit (60%)</td>
<td>3 (^1 )</td>
</tr>
<tr>
<td>Bachelor’s degree in architecture* (or equivalent)</td>
<td>Distinction (70%)</td>
<td>2 (^2 )</td>
</tr>
</tbody>
</table>

\(^1\) In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
\(^2\) Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
\(^3\) You must provide a compilation of evidence of creative work and a statement of intent.
\(^4\) If you’ve successfully completed the Bachelor of Architectural Design at Monash, you’ll automatically progress to the Master of Architecture, provided successful completion was within five years of the proposed commencement date of the master’s.
\(^5\) You must provide a design folio and a curriculum vitae. Shortlisted applicants may be invited to attend an interview.

Now open to graduates of any Australian bachelor’s degree
This course now offers a new three-year entry option to graduates of any Australian bachelor’s degree (or equivalent). Graduates with a Bachelor of Architectural Design (or equivalent) can still enter and complete the course in two years.
DESIGN
Expert master’s

Caulfield $31,500

DEGREE AWARDED
Master of Design

ALTERNATIVE EXITS
- Graduate Certificate in Design
- Graduate Diploma in Design

Course Code: F6002
Fees are per 48 credit points, which represents a standard full-time course load for a year.

In a rapidly transforming profession, designers need to be constantly developing innovative skills and knowledge to respond and be a leader in their field.

Positioned at the intersection of several creative disciplines, our Master of Design provides you with the platform to explore advanced principles in contemporary design that will enhance your design practice and give you the platform to be an innovative leader. This program is ideal for those with an undergraduate degree in any discipline who are keen to enter the expanding fields of professional design engagement, or for design practitioners aiming to upgrade their expertise.

Specialisations
- Collaborative design
- Interaction design
- Multimedia design
- Advanced studies in design.

Professional recognition
The Master of Design is a ‘recognised course’ by the Design Institute of Australia – the peak industry body for professional design.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields may include graphic design, communication design, visual communication, interior design, interior architecture, exhibition design, interaction design, user experience design, multimedia design, motion design, web design, industrial design or product design.
4 For example, by relevant graduate certificate, graduate diploma or work experience.
5 If you’re applying to do the 1.5 or one-year program, you’re required to provide 10–15 images of recent original work, clearly numbered with a corresponding list of details attached, and to identify your preferred specialisation.
6 You’ll also need to supply an up-to-date curriculum vitae. Your application will be reviewed and successful candidates will be shortlisted for an interview.

URBAN PLANNING AND DESIGN
Professional entry master’s

2 years February

DEGREE AWARDED
Master of Urban Planning and Design

Course Code: F6004
Fees are per 48 credit points, which represents a standard full-time course load for a year.
* Commonwealth Supported Places are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.

Complex urban problems require planning professionals who are versatile and multifaceted. They need to be persuasive collaborators, articulate mediators and strategic organisers.

Our Master of Urban Planning and Design prepares future professionals with the skills, knowledge and imagination to create equitable and sustainable civic visions and strategies for our evolving built environments and communities, whether you’re keen to upskill or change career.

As a Monash Urban Planning and Design graduate, you’ll be ready to work towards a well-designed and planned people-centric future.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

The Master of Urban Planning and Design is accredited by the Planning Institute of Australia (PIA) and undergoes a regular review process to ensure the quality and relevance of the course.

21 2020 GRADUATE COURSE GUIDE

ART, DESIGN AND ARCHITECTURE
Create a master’s degree that suits you

Our courses offer a unique and nuanced approach to their industry and subject matter, and are underpinned by our guiding principles to be innovative, international and engaged. There are many ways you can create the master’s degree that best suits your interests and career needs:

- Tailor your program by taking specified electives from any other coursework master’s degrees offered in the faculty*
- Accelerate your studies and complete your degree in less than one year*
- Apply for professional internships to develop your professional experience and networks
- Go on study tours and gain practical, on-the-ground experience both in Australia and abroad
- Create a pathway to a PhD — by completing a research thesis as a prerequisite for future enrolment into a PhD or master’s by research
- Take advantage of leadership opportunities through our Arts Graduate Leadership Program and gain access to professional development workshops.

* Only available for students completing the two-year option.

Applied linguistics is one of the fastest-growing fields of study in the humanities. As globalisation continues, so does the demand for those with intercultural communication skills to reach wide audiences. This course offers a competitive advantage to language teachers, interpreters, editors and others working with language in increasingly multilingual and multicultural societies. The application of linguistic knowledge to professional contexts is at the heart of the curriculum. You’ll have the opportunity to regularly engage with real-world case studies and practical problem-solving as part of your studies.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

DEGREE AWARDED
Master of Applied Linguistics

ALTERNATIVE EXITS
- Graduate Certificate of Arts
- Graduate Diploma in Applied Linguistics

COURSE CODE: A6001

Fees are per 48 credit points, which represents a standard full-time course load for a year.

* Off-campus study available.

ARTS RESEARCH

Graduate diploma

Clayton 1 year → February and July

$32,000 2019 fees

DEGREE AWARDED
Graduate Diploma of Arts Research

COURSE CODE: A5004

Fees are per 48 credit points, which represents a standard full-time course load for a year.

The Graduate Diploma of Arts Research is an honours year equivalent, providing high-achieving students who don’t already have the required research component with the expertise to progress into a graduate research program (master’s by research or PhD) offered by the faculty.

You’ll complete a combination of coursework and research in your chosen humanities and social sciences discipline. You’ll also undertake research methodology training and carry out an independent research project in your selected discipline, working closely with a supervisor who’ll provide you with guidance and academic counselling.

Entry requirements

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

3 In 24 points of studies in the relevant discipline units at level three.

4 Related fields include medicine and other health sciences, life sciences, social sciences, law and humanities.

5 Or qualification and/or experience or satisfactory substitute that the faculty considers to be equivalent.

6 Australian graduate certificate (or equivalent) in a related field (health sciences, life sciences, social sciences, law and humanities).

**COMMUNICATIONS AND MEDIA STUDIES**

**Graduate certificate**

- Location: Clayton
- Duration: 6 months
- Intake: February and July
- Fee: $11,000 (2019 fees)

**DEGREE AWARDED**

Graduate Certificate of Communications and Media Studies

**COURSE CODE:** A4007

This is the total 2019 fee for this 24 credit point course.

As a student in the Graduate Certificate of Communications and Media Studies, you are at once part of this media saturated world, but will also learn how to analyse, critique and challenge assumptions about the place of media.

You’ll expand your understanding of the key challenges posed by the emergence of digital media, globalisation and increasing levels of cross-cultural exchange. Skill development in critical thinking, writing and presentation in multicultural settings are designed to build learning success and enhance your career capabilities.

This degree is suitable for emerging professionals in communications and media industries, as well as those wishing to expand their knowledge of this dynamic field. Successful completion of this degree can count toward a Master of Communications and Media Studies for those who desire further study.

**Entry requirements**

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

DID YOU KNOW?

As a Monash Master of Bioethics student, you can apply for an annual fellowship to work as an intern in the Global Health Ethics Unit at the World Health Organization headquarters in Geneva, Switzerland.
COMMUNICATIONS AND MEDIA STUDIES

Expert master's

Caulfield 1, 1.5 or 2 years → February and July

$22,000
2019 fees p.a.

DEGREE AWARDED
Master of Communications and Media Studies

ALTERNATIVE EXITS
• Graduate Certificate of Communications and Media Studies
• Graduate Diploma of Arts

COURSE CODE: A6003
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Our Master of Communications and Media Studies is the most established program of its type in Australia, with a long record of success.

The program draws strongly on specialist expertise and focuses on fostering industry-ready graduates. You’ll have the opportunity of industry internships in Australia and overseas, and will develop the skills to take a leadership role in the new economy and converging media.

The course is ideal for those working or seeking employment in communications and media industries – for example, electronic journalism, media strategy, public relations or brand marketing.

GENDER, PEACE AND SECURITY

Graduate certificate

Clayton 6 months → February and July

$11,000 2019 fees

DEGREE AWARDED
Graduate Certificate of Gender, Peace and Security

COURSE CODE: A4008
This is the total 2019 fee for this 24-credit-point course.

Be a part of change and make an impact on the future of your region.

Drawing on the expertise of Monash University’s internationally acclaimed Gender Peace and Security Centre (Monash GPS), and backed by the strongest international research in the field, the Graduate Certificate of Gender, Peace and Security will enable leaders to better integrate gender perspectives into peace and security policymaking at all levels – local, national, regional and global.

With a focus on considering current peace and security challenges, and balancing scholarly background together with technical skills, you’ll develop an enhanced understanding of the gendered politics of conflict, security and peace processes.

You’ll gain training on the facilitation of women’s participation in peacebuilding and the prevention of conflict, violent extremism and insecurity.

You’ll also have access to industry partners through guest lectures and informal meetings to develop your networks, hear about recent developments in the field, and to understand the relationship between research and its application in the field.

On graduation you’ll be equipped with the requisite gender-sensitive, gender-responsive and gender-inclusive knowledge and tools in order to significantly contribute to the development of equitable, inclusive and peaceful societies.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

INTERNATIONAL DEVELOPMENT PRACTICE

Expert master’s

Caulfield, Clayton 1, 1.5 or 2 years → February and July

$22,000 2019 fees p.a.

DEGREE AWARDED
Master of International Development Practice

ALTERNATIVE EXITS
• Graduate Certificate of Arts
• Graduate Diploma of Arts

COURSE CODE: A6006
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Tackle the complex political, economic, cultural and ecological challenges that lead to extreme poverty, poor health, fragile governance, inequality and environmental vulnerability.

Delivered by specialists from the humanities, social sciences, medicine, business, education and law, the Master of International Development Practice offers a broad approach to sustainable development with four streams: democracy, justice and governance; gender, peace and security; crisis, change and management; and sustainable resource management.

You’ll learn directly from leading researchers and practitioners, and will combine this academic insight with a high level of industry integration to give yourself a competitive advantage in the workforce. You’ll have the opportunity to be matched with an industry mentor in the field as part of the internationally-acclaimed ColabM mentor program.

The course is designed for those working, or planning to work, in areas such as human rights advocacy; aid agencies in government and non-government sectors; non-government organisations; the Fair Trade business sector; community organisations; and international institutions such as the United Nations and the World Bank.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

INTERNATIONAL RELATIONS
Graduate certificate

Clayton  6 months  → February and July

$11,000
2019 fees

DEGREE AWARDED
Graduate Certificate of International Relations

COURSE CODE: A4006
This is the total 2019 fee for this 24-credit-point course.

Develop a greater understanding of the diverse and dynamic world of global politics in the 21st century.

You’ll develop foundation knowledge of international affairs, grounded in the key debates framing global politics, and address the big questions about global justice, war, peace, social movements and interstate relations.

As future global leaders, you’ll be equipped with a critical understanding of intercultural competence, as well as the skills and attitudes required in order to apply this understanding.

This degree builds essential skills in global leadership, intercultural communication and facilitating positive change in a context characterised by significant levels of global complexity and connectivity.

Successful completion of this degree can count towards a Master of International Relations for those who desire further study.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

COURSE CODE: A6010
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Our world is shaped by big questions about global justice, war, peace, social movements and interstate relations.

The Master of International Relations gives you the skills to deal critically and analytically with such questions, providing a window into the dynamic world of 21st-century politics. You’ll look at key issues in foreign policy, world order, European studies, crisis management and terrorism, as well as the gender, development, migration and governance aspects of global politics.

As the only Australian member of the Association of Professional Schools of International Affairs in the Southern Hemisphere, this course seamlessly blends theory, policy and practice.

You’ll learn from leaders in the field who are all highly-regarded experts sought after for their expertise to help solve political, humanitarian and ethical issues nationally and internationally.

International double master’s programs
The Master of Interpreting and Translation Studies can also be taken as part of a double-degree program with an international partner in France, Italy or Japan. This international double-degree program immerses you in two cultures, with one full year in Australia and another at the partner university. You’ll complete the requirements of the Monash Master of Interpreting and Translation Studies (MITS), as well as a second degree with one of the following universities: Jean Moulin University Lyon III; Kobe City University of Foreign Studies; or Universitas Trieste.

---

¹ In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
² Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
³ Advanced bilingual proficiency is equivalent to at least three years’ post-year 12 study.
⁴ Australian graduate certificate (or equivalent) in a related field includes advanced bilingual proficiency.
⁵ A credit 60% average is required in both qualifications.
The journalist of the future will play a crucial role in society by scrutinising and holding to account those in power, shedding light on systemic failings and finding the truth.

Our innovative media labs allow you to build practical and applied skills in all media forms. There are excellent internship opportunities in a wide range of media outlets, from mainstream newspapers to niche websites specialising in areas such as politics, arts or fashion.

Our journalism graduates are smart, skilled and sought after. Many have found work across major media outlets as well as in industries such as public relations, publishing and video/audio production.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

Double master’s programs

Double master’s with Master of International Relations
This double-degree program is designed to optimise the contribution you can make as a journalist in the international field, using a full range of media technologies as well as insights into approaches to international relations. You’ll graduate with both the Master of Journalism and the Master of International Relations.

Double master’s with the University of Warwick, UK
In this double-degree program you’ll complete one year of the Master of Journalism at Monash, then undertake the taught component of one of the nine available Politics and International Studies (PAIS) programs in the Master in Arts (MA) degree at Warwick. You’ll conclude your studies with a joint dissertation (to be taken at either Monash or Warwick) with a supervisor from both Monash and Warwick. Upon successful completion, you’ll receive a Master of Journalism from Monash and a Master of Arts in Politics and International Studies from Warwick.

International field schools
You’ll also have the chance to add an international perspective to your studies. Field trips to New York and Hong Kong involve visits to some of the world’s most prestigious media organisations, including the New York Times, Buzzfeed and Bloomberg. You’ll learn first-hand how newsrooms are adapting to the pressures of changing consumption patterns, delivery platforms and business models.
PUBLIC POLICY

Expert master’s

RANKED TOP 50 IN THE WORLD

Clayton, Caulfield 1.5 or 2 years → February and July

$22,000 2019 fees p.a.

DEGREE AWARDED
Master of Public Policy

ALTERNATIVE EXITS
• Graduate Certificate of Arts
• Graduate Diploma of Arts

COURSE CODE: A6028
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Develop your expertise to work in policy areas across both the public and private sectors, from government organisations and multinationals through to independent consultancies.

Our Master of Public Policy builds practical knowledge and skills for international professionals in policymaking and management across the spectrum of public sector activities. The course combines a focus on foundation knowledge and understanding of critical issues in public policy, governance and policy evaluation.

You’ll be equipped for careers in public, not-for-profit or private sector agencies involved in policy and service delivery at intergovernmental, national or regional government levels.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

$22,000 2019 fees p.a.

DEGREE AWARDED
Master of Strategic Communications Management

ALTERNATIVE EXITS
• Graduate Certificate of Arts
• Graduate Diploma of Arts

COURSE CODE: A6030
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Build your skills in advocacy, reputation management, crisis communications, and audience research and analytics.

Taught by leading academics and practitioners in the field, the Master of Strategic Communications Management has a strong applied focus and aligns closely with innovation taking place in the industry.

You’ll be equipped with the skills and knowledge to build effective communication and stakeholder engagement strategies, as well as the expertise to communicate with diverse audiences during and after a crisis.

You’ll examine the impact of persuasive story-telling and influencer strategies, and will consider the effectiveness of integrated media campaigns using both traditional and digital approaches.

Through electives you can deepen your knowledge in key areas such as digital media and entrepreneurship, sports communication management and persuasive communication practice.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

If your bachelor’s degree has inspired you to take your study further and gain advanced knowledge and expertise across the field of accounting, this is your opportunity.

Focus on specific fields of accounting, develop high-level expertise and take the next step in your career. You’ll gain the skills to successfully operate as a specialist in the accounting profession. You’ll also combine research with practical experience, and cover the latest applications to further develop your accounting expertise.

Accreditation and professional recognition

By completing this course, you may be eligible for exemptions from all Chartered Institute of Management Accountants (CIMA) papers, except the Strategic Case Study Exam.

Monash Business School is one of the few business schools in the world to have achieved the esteemed ‘triple accreditation’ of business school accreditations.
Our Master of Business Administration (MBA) is a two-year program involving experience-based modules, consulting projects, and overseas learning and industry engagement opportunities.

Working closely with leading professors, business executives and project supervisors, you’ll consult directly with business organisations throughout the program. Study is undertaken in a combination of daytime, evening, weekend and intensive modes, which allows you to continue working while completing your MBA.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below. You’ll be ranked and selected based on your academic record and professional experience and potential.

**ELIGIBILITY**

| Bachelor’s degree (or equivalent) in any field + three years’ work experience with at least one year of professional/managerial experience | 2 |

**Additional requirements**

- Detailed curriculum vitae.
- Statement of purpose.
- Shortlisted applicants will be invited to an interview.

Enrich your business experience with global insight. You’ll build on your undergraduate degree and work experience, and advance your knowledge of business and how it interacts with the global environment by studying business strategy, trade policy, global trade law, diplomacy, sustainability and intercultural communication. Course flexibility allows you to choose your electives from a broad range of units across the Business School and the University.

As part of the Master of Global Business, you can attend the Berkeley Haas Global Access Program based at the University of California, Berkeley. You can study for one or two semesters, and receive a Berkeley Haas certificate. Complementing the in-class learning is a range of special program enhancements, including visits to Silicon Valley companies, one-on-one career coaching, networking events with Berkeley students, and inspiring talks with top Berkeley Haas academics.

3 Applicants should be working executives in Australia and able to utilise program learning in their role.
MARKETING
Expert master’s

RANKED TOP 30 IN THE WORLD
QS World University Rankings by Subject 2018

Caulfield 1 or 1.5 years February and July

DEGREE AWARDED
Master of Marketing

ALTERNATIVE EXITS
• Graduate Certificate of Business
• Graduate Diploma of Business

COURSE CODE: B6010
Fees are per 48 credit points, which represents a standard full-time course load for a year.

This course is designed to help marketing professionals get ahead of the curve, and make a positive impact on business and society.

You’ll build a toolkit of the techniques, frameworks and strategies necessary for a competent, responsible and effective marketing leader.

You’ll be taught by leading academics and industry experts, and study the latest theories and research influencing the industry, including topics on advertising, company strategy and value creation.

If you’re currently working, the flexible study structure means you can remain in your role as you expand your formal education, and elective units allow various specialisations.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below. You’ll be ranked and selected based on your entire academic record.

Additional requirements
You’ll also need to provide:

• your curriculum vitae, including two referees
• a one-page statement of purpose.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 For example, by a relevant graduate certificate in marketing.
Providing you with a professional qualification and offering a combination of theory and professional experience, this course equips you with all you need to start a rewarding career as a counsellor.

This highly practical course draws on the latest thinking and approaches to counselling and psychotherapy to develop your understanding of the mental health issues that arise across a lifetime. You’ll examine the various forms of professional counselling, including online and distance counselling, child and adolescent counselling, and individual, couples and group counselling.

This course includes 250 hours of placement to help you develop your counselling and interpersonal skills with clients and colleagues. The counselling placement team sources many placements and communicates these opportunities to students. Note that most placement providers will require you to submit an application and/or attend an interview to secure the placement.

You’re also able to self-source placements; students located interstate, overseas or in rural areas are particularly encouraged to do this, under the guidance of the counselling placement team.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

$26,600
2019 fees p.a.

DEGREE AWARDED
Graduate Diploma of Professional Psychology

This course is suited to those who want to pursue advanced graduate study in psychology at master’s or doctoral level, or to undertake supervised psychological practice.

By studying our Graduate Diploma of Professional Psychology, you’re offered advanced study of psychology, research training and an introduction to psychological practice. You’ll be able to choose an elective from topics including developmental psychology and wellbeing, or positive psychology in professional practice. After graduating, you can undertake further training and study needed for professional registration in psychology.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIGIBILITY</th>
<th>Average requirements</th>
<th>Duration</th>
</tr>

<td>Distinction (70%)</td>
<td>1</td>
</tr>
</tbody>
</table>

Professional recognition
Our psychology courses are accredited by the Australian Psychology Accreditation Council (APAC). Professional accreditation ensures those graduating from the courses hold degrees recognised by employers, and adhere to state and national accreditation standards.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 You must provide evidence of suitability for work as a professional psychologist determined by two satisfactory referee reports (one academic and one professional). Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychology Society.
3 You’ll need to have achieved a distinction (70%) in third-year psychology.
Designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) and the Australian Health Practitioner Regulation Agency (AHPRA) for a generalist fifth year in psychology. This course equips selected psychology graduates with the advanced psychotherapeutic skills required for general registration as a psychologist. It develops your professional capability to apply the theoretical, research, assessment and therapeutic skills involved in psychology. Following graduation, you’ll be able to undertake a year of supervised generalist practice, then progress to full registration as a psychologist.

**Entry requirements**
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

DEGREE AWARDED
Master of Bioproduct Manufacturing Engineering

COURSE CODE: E6007
Fees are per 48 credit points, which represents a standard full-time course load for a year.
^ Only available part-time.

Bioproduct manufacturing is an emerging and fast-growing industry. With the increasing challenges of resource scarcity and environmental pollution, there’s a strong global demand for bioproduct engineers who can design sustainable and environmentally-friendly materials and energy-efficient sources.

With a Master of Bioproduct Manufacturing Engineering, you’ll be well equipped to play a vital role in shaping the transformative technologies of the future in the sustainable global bioeconomy.

You’ll integrate core engineering principles with specialist topics in the field of bioresource processing, gain enhanced technical and research skills, and develop the entrepreneurial acumen sought by a broad range of industries, particularly local and international bio-based industries.

This is an online master’s degree, allowing you to maintain your professional career whilst gaining an expert qualification.

Entry requirements
Selection is based on your academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

2 Related fields include chemical, materials, mechanical, physics, mathematics, biology.
3 Relevant work experience in process engineering and related research and development.
4 Applicants with a non-related discipline degree must demonstrate competency in applied maths and chemistry.
**TRANSPORT AND TRAFFIC**

Expert master’s

**RANKED TOP 20 IN THE WORLD**
Shanghai Ranking Global University Rankings by Subject 2017 (in transportation science and technology)

- Online
- 1 or 1.5 years → February and July

**DEGREE AWARDED**
Master of Transport and Traffic

**ALTERNATIVE EXITS**
- Graduate Certificate of Transport and Traffic
- Graduate Diploma of Transport and Traffic

**COURSE CODE:** E6002

Fees are per 48 credit points, which represents a standard full-time course load for a year.

Traffic congestion, safety, environmental impacts and the efficiency of transport operations are global concerns.

With transport systems under pressure to deliver better economic, social and environmental results for the community, there’s a growing demand for professionals prepared to tackle these challenges.

Our Master of Transport and Traffic responds to the need for engineers with transport expertise, including its technological, economic and social effects.

This program is delivered online. There are no classes to attend, making it ideal for students who wish to combine full-time work with part-time study.

**Entry requirements**
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration.

**INFRASTRUCTURE ENGINEERING AND MANAGEMENT**

Expert master’s

**RANKED TOP 30 IN THE WORLD**
QS World University Rankings by Subject 2018 (civil and structural engineering)

- Online
- 1 or 1.5 years → February and July

**DEGREE AWARDED**
Master of Infrastructure Engineering and Management

**ALTERNATIVE EXITS**
- Graduate Certificate of Infrastructure Engineering and Management
- Graduate Diploma of Infrastructure Engineering and Management

**COURSE CODE:** E6008

Fees are per 48 credit points, which represents a standard full-time course load for a year.

The 21st century presents a vital challenge for civil engineering. As infrastructure grows older the need for a strategic maintenance plan to prolong use becomes greater.

The planning, design, construction and maintenance of infrastructure is crucial to the global economy. Skilled professionals are required to maintain ageing infrastructure, integrate new infrastructure into existing systems, and expand existing infrastructure — and it must be done in a way that’s socially, environmentally and financially sustainable. The Master of Infrastructure Engineering and Management equips you to take on these challenges.

This program is delivered online. There are no classes to attend, making it ideal for students who wish to combine full-time work with part-time study.

**Entry requirements**
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration.

2019 fees p.a.

**DEGREE AWARDED**
Master of Networks and Security

**ALTERNATIVE EXITS**
- Graduate Certificate of Networks and Security
- Graduate Diploma of Networks and Security

**COURSE CODE:** C6002

As a network and security professional, your skills will always be in high demand.

By studying our Master of Networks and Security, you’ll take advanced studies in network structures, network protocols, information security, software security, network security, quality of service and network design.

In your final semesters, you can choose to complete an industry experience project or research thesis. Additionally, you can apply for a scholarship place over summer in the highly regarded Monash Industry Team Initiative (MITI).

The course prepares you for a career in network administration or network management, or as a systems analyst, systems designer, data communications specialist, network security engineer, administrator or cybersecurity specialist.

**Entry requirements**
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include computing, computer science, software engineering, computer systems, electrical, electronic or communication engineering.
Do you already have a law qualification from a non-Australian jurisdiction? If so, the Graduate Diploma in Australian Law will provide you with the academic requirements needed to be eligible for admission in Victoria.

The course comprises three components: an introduction to the Australian legal system; core law units required for admission to practice in Victoria; and law elective units. The number of credit points and selection of core units will depend on the jurisdiction in which you earned your existing law qualification.

### Entry requirements

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>

ALTERNATIVE EXIT
Graduate Diploma in Law

COURSE CODE: L6005
Fees are per 48 credit points, which represents a standard full-time course load for a year.

This degree satisfies the academic requirements for admission to practise as an Australian lawyer.

Our Juris Doctor (JD) is an intensive, graduate-entry law degree designed for non-law graduates. It develops advanced professional skills in problem-solving, critical thinking, research, communication, collaboration, self-management, ethical awareness and professional judgement. The JD recognises the specific needs of graduate entrants and teaches the skills available only from one of Australia’s leading law schools. Small class sizes and innovative teaching promote interactivity and in-depth learning. All classes are taught at our city-based campus in the heart of Melbourne’s legal precinct.

Monash Law now offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>Eligibility</th>
<th>Average requirements</th>
</tr>
</thead>
<tbody>
<tr>

ELIGIBILITY

You must satisfy one of the following two options:

Bachelor’s degree (or equivalent) in law

Sufficient work based or other learning1 in a related field that together constitutes the equivalent of a bachelor’s degree in a related discipline

Credit (60%)

1 You’ll be assessed on your entire academic record. As a general rule, those who don’t have a credit average or are relying on relevant work experience to satisfy entry requirements will need to have worked for at least two years, although the required period may be shorter where the work experience has been supplemented by other relevant learning.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.

3 For the purposes of satisfying these requirements, other learning may include, but isn’t confined to, learning in the context of other non-law degrees.

LAW
Graduate diploma | For law and non-law graduates

RANKED TOP 30 IN THE WORLD
QS World University Rankings by Subject 2018
Melbourne CBD 1 year January, May and August

$33,700 2019 fees p.a.

DEGREE AWARDED
Graduate Diploma in Law

COURSE CODE: L5001
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Are you looking for a graduate pathway into the study of law?
The Graduate Diploma in Law is ideal for law and non-law graduates wanting to gain further legal expertise, and adds value in the workplace as well as offering the chance to hone legal knowledge and skills. It’ll enable graduates of law and other disciplines to develop advanced skills for legal or professional practice or higher learning, and is a pathway for entry to a master’s degree.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

ELIGIBILITY

You must satisfy one of the following two options:

Bachelor’s degree (or equivalent) in law

Credit (60%)

Sufficient work based or other learning1 in a related field that together constitutes the equivalent of a bachelor’s degree in a related discipline

Bachelor’s degree (or equivalent) in any discipline

1 You’ll be assessed on your entire academic record. As a general rule, those who don’t have a credit average or are relying on relevant work experience to satisfy entry requirements will need to have worked for at least two years, although the required period may be shorter where the work experience has been supplemented by other relevant learning.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.

3 For the purposes of satisfying these requirements, other learning may include, but isn’t confined to, learning in the context of other non-law degrees.
# LAW AND INTERNATIONAL DEVELOPMENT

**Expert master’s | For non-law graduates**

- **Location:** Melbourne CBD
- **Duration:** 1 year
- **Start Date:** February and July
- **Fees:** $33,700 (2019 fees p.a.)

**DEGREE AWARDED**
Master of Law and International Development

**ALTERNATIVE EXIT**
Graduate Certificate in Law

ADDICTIVE BEHAVIOURS
Expert master’s

Online 4 years ^ February

$26,000 2019 fees p.a.

DEGREE AWARDED
Master of Addictive Behaviours

ALTERNATIVE EXITS
• Graduate Certificate of Addictive Behaviours
• Graduate Diploma of Addictive Behaviours

COURSE CODE: M6014
Fees are per 48 credit points, which represents a standard full-time course load for a year.
^ Only available part-time.

The Master of Addictive Behaviours is offered in partnership with Turning Point, an internationally-renowned clinical treatment and research centre.

The course gives you a comprehensive overview of addiction science, policy and practice.

You’ll learn from national and international experts from Monash, Turning Point and other leading universities, and cover issues such as problem drinking and gambling, and the misuse of prescribed and illicit drugs.

It suits graduates in psychology, criminology, nursing, medicine and social work, and professionals in the fields of criminal justice, mental health, community health and public policy.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit which reduces the duration. Selection is based on your previous academic achievement in your prior qualification(s) that must be accredited to the equivalent Australian level specified in the table below.

</tbody>
</table>

Additional requirements
Each application will be considered on its own merit. You may be required to participate in an interview. The following may need to be provided before your application can be assessed:
• A curriculum vitae showing relevant industry experience
• Academic transcript(s) of relevant degrees
• A statement of purpose (500 words) outlining reasons for undertaking the course and your area(s) of interest
• Examples of high-level written skills, including journal articles and book chapters.

These requirements are dependent on the level of entry for which you’re applying.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include nursing, social work, medicine and psychology (i.e. health), research, teaching, law, policy, sport health and human resources.
4 Examples of high-level written skills include published journal articles and book chapters.

61 2020 GRADUATE COURSE GUIDE
AVIATION MEDICINE

Graduate diploma

Online  2 years\(^*\)  → February

$26,000  2019 fees p.a.

DEGREE AWARDED
Graduate Diploma of Aviation Medicine

COURSE CODE: M5025
Fees are per 48 credit points, which represents a standard full-time course load for a year.\(^*\) Only available part-time.

This course is the only course of its kind in the Australasian region and one of only two in the world.

It provides you with a comprehensive and deep knowledge of aviation medicine in all aspects, including flight physiology, clinical and regulatory aviation medicine, human factors, accident investigation and aviation safety, and medical issues affecting aircrew and passengers in military, spaceflight and civil aviation operations.

Learn from a highly qualified and experienced team of aviation medicine specialists, and gain an advanced, internationally-recognised qualification in aviation medicine.

Specialisations
- Flight physiology
- Clinical and regulatory aviation medicine
- Human factors
- Accident and investigation and aviation safety
- Medical issues affecting aircrew and passengers in military
- Spaceflight
- Civil aviation operations.

Entry requirements

Bachelor of Medical Science and Doctor of Medicine, OR
Bachelor of Medicine, Bachelor of Surgery (MBBS), OR
Equivalent medical degree

Duration
2

BIOMEDICAL AND HEALTH SCIENCE

Expert master’s

Clayton  1 or 2 years  → February and July

DEGREE AWARDED
Master of Biomedical and Health Science

ALTERNATIVE EXIT
Graduate Diploma in Biomedical and Health Science

COURSE CODE: M5003
Fees are per 48 credit points, which represents a standard full-time course load for a year.

Your initial year in the Master of Biomedical and Health Science course will focus on intensive training.

This includes how to conduct research through coursework and research skills training, and engaging in specialist research in theory units. Your second year consists of a full-time research project and internship under the supervision of an academic staff member.

Specialisations
- Cancer biology and therapeutics
- Cardiovascular diseases
- Infectious diseases and population health
- Neuroscience
- Regenerative medicine and stem cells.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3. Related fields include biomedical science, allied health or life science discipline. Where an applicant has the equivalent of a three-year Australian bachelor’s degree in a non-related discipline, the selection panel will instead consider relevant and significant work experience as equivalent.
BIOSTATISTICS
Graduate diploma

Off-campus  2 years  February and July

$28,000
2019 fees p.a.

DEGREE AWARDED
Graduate Diploma of Biostatistics

ALTERNATIVE EXIT
Graduate Certificate of Biostatistics

COURSE CODE: M5017
Fees are per 48 credit points, which represents a standard full-time course load for a year.
^ Only available part-time.

This course equips you with a broad range of theory and techniques for extensive upskilling in biostatistical methods.

It gives you an understanding of the mathematical background, theory and application of the principles of epidemiology and biostatistics in health and medical research. It also develops the analytical skills you’ll need to become statistically self-sufficient.

Entry requirements

ELIGIBILITY
Bachelor’s (honours) degree (or equivalent) in mathematics or statistics, OR

Bachelor’s degree (or equivalent) in science, psychology, medicine, pharmacy, nursing, health sciences or a quantitative discipline + completion of MPH5041 Introductory biostatistics or an equivalent unit or equivalent knowledge as deemed by the faculty, OR

Graduate Certificate of Biostatistics from Monash University or another university in the Biostatistics Collaboration of Australia, or equivalent as deemed by the faculty

Duration 2

Additional requirements

• A curriculum vitae showing relevant work experience, or statement from an employer to substantiate period of employment.
• A statement of purpose (250 to 300 words) outlining reasons for undertaking the course and your area(s) of interest.

BIOSTATISTICS
Expert master’s

Off-campus  3 years  February and July

$28,000
2019 fees p.a.

DEGREE AWARDED
Master of Biostatistics

ALTERNATIVE EXIT
• Graduate Certificate of Biostatistics
• Graduate Diploma of Biostatistics

COURSE CODE: M6025
Fees are per 48 credit points, which represents a standard full-time course load for a year.
^ Only available part-time.

The Master of Biostatistics gives you a sound understanding of the theory and application of biostatistics relevant to professional practice.

You’ll acquire skills and experience in complex statistical analyses, identifying and implementing appropriate statistical methodology, communicating biostatistical results, and understanding biostatistical results and literature. You’ll develop the technical skills to start a professional career as a biostatistician.

Entry requirements

ELIGIBILITY
Bachelor’s (honours) degree (or equivalent) in mathematics or statistics, OR

Graduate Diploma of Biostatistics from Monash University or another university in the Biostatistics Collaboration of Australia or equivalent as deemed by the faculty, OR

Bachelor’s degree (or equivalent) in science, psychology, medicine, pharmacy, nursing, health sciences or a quantitative discipline + one-year full-time equivalent experience in clinical/health research or in a quantitative sector, AND completion of MPH5041 Introductory biostatistics or equivalent unit or knowledge as deemed by the faculty

Duration 3

Additional requirements

• A curriculum vitae showing relevant work experience or statement from employer to substantiate period of employment.
• A statement of purpose (250 to 300 words) outlining reasons for undertaking the course and your area(s) of interest.

1 Students without this background are encouraged to enrol in the Graduate Diploma of Biostatistics.
This new course integrates biotechnology and entrepreneurship, and equips you with the skills and knowledge to work in one of Victoria’s fastest-growing sectors.

The Master of Biotechnology integrates biotechnology and entrepreneurship through a range of multidisciplinary coursework, research and work-integrated units in modern areas of studies that pave the way to myriad employment prospects.

In addition to the industry placement program and research project, there are a range of coursework electives in interdisciplinary fields of pioneering developments in biotechnology research and enterprise.

**Entry requirements**

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

**Additional requirements**

- All applications are assessed on academic merit and relevant experience.
- A curriculum vitae including work experience and two referees and/or work references, where applicable.
- A statement of purpose (under 200 words) outlining why you wish to join this course.

---

1. The Master of Clinical Embryology is a high-demand course. There’s a quota on the number of successful applicants. Applicants meeting the minimum academic requirements aren’t guaranteed entry.
2. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
3. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
4. A bachelor’s degree in one of the following: Biomedical Science; Science/Applied Science with a major in biochemistry, biotechnology, developmental biology, human biology, marine biology, human pathology, genetics, pharmacology, immunology, microbiology, molecular biology, physiology and zoology; Nutrition Sciences; Dietetics; Veterinary Science; Medical Engineering; Pharmacy; Bioengineering; Biotechnology; Life Science; Clinical Medicine; Dental Science/Dentistry or Bioinformatics.
CLINICAL MEDICINE

Expert master’s

- Multi-modal
- 1 year* February

$28,000
2019 fees p.a.

DEGREE AWARDED
- Master of Clinical Emergency Medicine
- Master of Clinical Trauma Medicine

COURSE CODE: M6023
Fees are per 48 credit points, which represents a standard full-time course load for a year. However, students will receive up to 24 points of specified credit in Part A for prior studies undertaken at The Alfred hospital by means of short courses, reducing the fee to $14,000 for 2019. (Fees for the short courses are charged separately.)

* With block days, some units will be available online.

Advance your career as you join the next generation of leaders in emergency and trauma.

Delivered in partnership with The Alfred, the Master of Clinical Medicine will give you an academic framework to develop a range of advanced problem-solving and decision-making skills to achieve best-practice health outcomes for patients.

Entry requirements

ELIGIBILITY
Bachelor of Medical Science and Doctor of Medicine (or equivalent), AND Registration with the Australian Health Practitioner Regulation Agency (AHPRA) or equivalent accredited Professional Registration Body, AND Minimum two years’ equivalent full-time experience in a related discipline and evidence of current engagement in clinical practice in specialisation

Additional requirements

Applicants will need to meet additional requirements for each specialisation. Please visit monash.edu/study/courses/find-a-course/2019/clinical-medicine-m6023

CLINICAL RESEARCH

Expert master’s

- Alfred
- 1 or 1.5 years* February

$28,000
2019 fees p.a.

DEGREE AWARDED
- Master of Clinical Research

ALTERNATIVE EXITS
- Graduate Certificate of Clinical Research
- Graduate Diploma of Clinical Research

COURSE CODE: M6028
Fees are per 48 credit points, which represents a standard full-time course load for a year.

* Multi-modal full-time and part-time.

The only course of its kind in Victoria, our Master of Clinical Research develops the analytical and communication skills necessary to work in the broad domain of clinical research and practice.

Through this program, you’ll develop a detailed understanding of biostatistics, epidemiology, data management, clinical trials, clinical measurement, ethical practice, systematic reviews and meta-analysis, and critical appraisal of the scientific literature for application in research and clinical practice.

Taught by some of Australia’s leading clinical academics and with flexible content delivery, our curriculum is designed to help you balance the demands of a busy workflow with the need to engage in further professional development.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

ELIGIBILITY
Bachelor’s degree (or equivalent) in a related field1 + two years’ relevant work experience, OR
Bachelor’s (honours) degree (or equivalent) in a related field2, or a medical degree or a Monash University Bachelor of Public Health Science degree
Master of Philosophy or successful completion of PhD or doctoral degree or AQF level 9 qualifications (or equivalent) in a related field1 + two years of relevant work experience, OR
Bachelor’s degree in a related field1 + a minimum of two years of relevant work experience + part 1 of a specialist medical training program or current fellowship of a specialist medical college recognised by the Medical Board of Australia + current registration with AHPRA or a satisfactory substitute that the faculty considers to be equivalent

Additional requirements

Relevant work experience or a statement from an employer to substantiate your period of employment.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3 Related fields include public health science and medicine.
The Graduate Certificate of Clinical Simulation will enable you to apply principles and theories that inform educational practice in a range of clinical and other relevant contexts to undertake professional and highly skilled work and as a pathway for further learning.

This practice-based qualification is suitable for a broad range of health professionals who are, or will be, engaged in simulation-based education. This includes in teaching, assessment, evaluation, mentoring and supervision of health professionals and students in a range of clinical and other contexts.

The qualification is also suited to health professionals who use simulation for healthcare service quality improvement or systems testing. However, the use of simulation as an educational method is prioritised.

The Graduate Certificate of Clinical Simulation requires the successful completion of a foundation unit and two short courses from the Monash Institute for Health and Clinical Education eligible short course offerings.

Entry requirements

**ELIGIBILITY**

Bachelor’s degree (or equivalent) in a related discipline from any health-related qualification

Duration: 1 year

DEGREE AWARDED

Graduate Certificate of Clinical Simulation

This is the total 2019 fee for this 24-credit-point course. However you’ll receive 12 credit points for specified short courses, reducing the fee to $7000 for 2019. (Fees for the short courses are charged separately.)

*Only available part-time.

Entry requirements

**ELIGIBILITY**

Bachelor’s degree (or equivalent) in a related discipline from any health-related qualification

Duration: 1 year

DEGREE AWARDED

Graduate Certificate of Clinical Simulation

COURSE CODE: MA4008

This is the total 2019 fee for this 24-credit-point course. However you’ll receive 12 credit points for specified short courses, reducing the fee to $7000 for 2019. (Fees for the short courses are charged separately.)

*Only available part-time.

This graduate course equips you with the professional and personal qualities for future dietetic practice in a variety of workplace settings.

It integrates academic teaching and learning with clinical, population health, food service, research and management experience, and is carried out in both academic and professional practice placement settings. You’ll complete supervised placements in both clinical and community settings, gaining a breadth of professional experience.

In this course, there are also plenty of opportunities to apply your dietetics knowledge outside of the classroom. You’ll learn through simulated patient scenarios, hands-on food activities and by working in Monash’s onsite nutrition clinic.

Entry requirements

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

 Fees are per 48 credit points, which represents a standard full-time course load for a year.

^ Only available part-time.

This course provides the academic preparation for managers in healthcare and public health, and those aspiring to such roles.

You’ll receive structured learning in key management disciplines, including policy, organisational theory, financial management, human resources management, economics and marketing, with an emphasis on healthcare organisations and specific health-focused domains such as epidemiology, biostatistics and managing the patient care process.

---

1. The minimum industry experience is needed for you to apply complex theories and knowledge to professional practice in healthcare and public health management. It also enables you to positively contribute to the peer-learning incorporated into the course.
ADVANCED HEALTH CARE PRACTICE
Expert master’s

- Peninsula, online
- 1 or 1.5 years
- February and July

DEGREE AWARDED
- Master of Advanced Midwifery Practice (M60018)
- Master of Advanced Medical Imaging Practice (M60014)
- Master of Advanced Occupational Therapy Practice (M60012)
- Master of Advanced Paediatric Physiotherapy Practice (M60013)
- Master of Advanced Primary Health Care Practice (M60011)
- Master of Advanced Radiation Therapy Practice (M60016)

ALTERNATIVE EXIT
Graduate Certificate of Advanced Health Care Practice

COURSE CODE: M6001
Fees are per 48 credit points, which represents a standard full-time course load for a year.
This course is delivered in online mode apart from the midwifery practice specialisation, which is delivered at the Peninsula campus.
* The Master of Advanced Radiation Therapy Practice is only offered in semester 1 (February).

Are you a medical practitioner, nurse, midwife, occupational therapist, physiotherapist, radiographer, radiation therapist, primary healthcare practitioner or manager?

The Master of Advanced Health Care Practice is a pathway for professionals like you to gain a master’s-level qualification that enhances your qualifying course/entry-level course – and provides the widest range of career options for the future. This course is interprofessional, and you’ll complete a common module – essentials of advanced healthcare practice and research that reflects the collaboration required in practice to deliver the highest-quality healthcare.

Specialisations
- Clinical midwifery
- Medical imaging
- Occupational therapy
- Paediatric physiotherapy
- Primary healthcare
- Radiation therapy.

Entry requirements
Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

Additional requirements
You must submit a curriculum vitae, including referees, before your application can be assessed.

1 Selection is based on previous academic achievement. There are specific requirements for each specialisation; for further details, visit monash.edu/study
2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
3 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration. Not all specialisations are available for study as a 1.5-year duration.
**HEALTH AND SCIENCE RESEARCH**

**Graduate diploma**

- Location: Clayton
- Duration: 1 year
- Intake: February and July
- Fees: $28,000
  - 2019 fees p.a.

**DEGREE AWARDED**

Graduate Diploma of Health and Science Research

**COURSE CODE:** M5021

Fees are per 48 credit points, which represents a standard full-time course load for a year.

- Develop your passion for research, build on your bachelor’s degree and advance your knowledge in a health or science discipline through a combination of coursework and research.
- You’ll also undertake research methodology training and carry out an independent research project in your selected discipline, working closely with a supervisor who’ll provide you with guidance and academic counselling. The course also offers a pathway to higher degree research.

**Specialisations**

**Medicine, Nursing and Health Sciences**
- Biomedical science
- Emergency health
- Medical imaging and radiation sciences
- Nursing
- Nutrition science
- Physiotherapy.

**Science**
- Astrophysics
- Biological sciences
- Chemistry
- Earth science
- Materials science
- Mathematics and statistics
- Physics.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

DEGREE AWARDED
Master of Health Management

ALTERNATIVE EXITS
• Graduate Certificate of Health Management
• Graduate Diploma of Health Management

COURSE CODE: M6008
Fees are per 48 credit points, which represents a standard full-time course load for a year.

If you’re working, or planning to work, in middle or senior management roles in healthcare, the Master of Health Management is for you.

Your core units cover law for health systems, clinical leadership and management, improving healthcare quality, financial issues in healthcare management, foundations health policy, epidemiology and biostatistics, reform and development of health services, and a health services management case study.

You can choose your electives from units offered in our Master of Public Health or other approved master-level management units. You can also exit the course early with a Graduate Certificate of Health Management or a Graduate Diploma of Health Management, if you meet the requirements.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>

</tr>
</tbody>
</table>

Additional requirement
You must submit a curriculum vitae showing relevant industry experience before your application can be assessed.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 The department will individually assess applications from those without a degree who have extensive professional experience.
HEALTH PROFESSIONS EDUCATION
Graduate certificate

Clayton
1 year
February and July

$14,000
2019 fees

DEGREE AWARDED
Graduate Certificate of Health Professions Education

COURSE CODE: M4009
This is the total 2019 fee for this 24-credit-point course. However you’ll receive 12 credit points for specified short courses, reducing the fee to $7000 for 2019. (Fees for the short courses are charged separately.)

^ Only available part-time.

The Graduate Certificate of Health Professions Education will qualify you to apply principles and theories that inform educational practice in a range of clinical and other relevant contexts to undertake professional and highly-skilled work and as a pathway for further learning.

This practice-based qualification is suitable for a broad range of health professionals who are, or will be, engaged in the teaching, assessment, evaluation, mentoring and supervision of health professionals in a range of clinical and other contexts.

The Graduate Certificate of Health Professions Education requires the successful completion of a foundation unit and two short courses from the Monash Institute for Health and Clinical Education eligible short course offerings.

Entry requirements

ELIGIBILITY
Bachelor’s degree (or equivalent) in a related field from any health-related qualification

Duration
1

MAGNETIC RESONANCE IMAGING
Graduate certificate

Off-campus
1 year
February and July

$11,950
2019 fees

DEGREE AWARDED
Graduate Certificate of Magnetic Resonance Imaging

COURSE CODE: M4019
This is the total 2019 fee for this 24-credit-point course.

^ Only available part-time.

With a contemporary and evidence-based curriculum, this course will keep you up-to-date with advanced and rapidly-changing technologies in the field. Learning from experienced practitioners and leaders in medical imaging research, you’ll explore MRI and its application to clinical diagnostic imaging, and build to an advanced understanding of MRI techniques.

You’ll gain the clinical judgement, decision-making and leadership skills to shape your future practice and take the next step in your career — whether that be progressing to a leadership role, engaging in research or developing new career pathways within your workplace.

Entry requirements

ELIGIBILITY
Bachelor’s degree (or equivalent) in a related discipline1 or a health science discipline leading to appropriate professional recognition or registration, OR

A general science degree with specialisation in anatomy, physiology or physics, OR

A biomedical or medical undergraduate/graduate-entry master’s degree

Duration
1

1 Related fields include radiography, medical imaging and radiation therapy.
Our graduate-entry medical program is designed as an integrated, interdisciplinary curriculum. It’ll prepare you to graduate with the knowledge, skills and attributes of a beginning medical practitioner.

You’ll see the discoveries of our renowned researchers put into clinical practice and benefit from our links with the largest healthcare provider network in Australia, which includes the Monash Medical Centre, The Alfred (Melbourne’s major casualty hospital), Eastern Health and Victorian health services in rural, regional and outer metropolitan Melbourne.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIGIBILITY</th>

</tr>
</tbody>
</table>

**Additional requirements**

You’ll be ranked on your academic results. If you’re shortlisted, you’ll be invited to attend a Multiple Mini Interview (MMI) and will have to complete a Situational Judgement Test (SJT) as part of the selection process.

(Note: applicants aren’t required to undertake the GAMSAT.)

**Special requirements**

Upon enrolment you’ll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check
- provide a current Provide First Aid certificate (before enrolling in this course) – highly recommended.

---

1 Competition for limited clinical training placements is very high. Applicants from a non-imaging background are strongly advised to secure their clinical placement before undertaking this program.

2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.

3 Fifty domestic places are reserved for students undertaking Monash’s Bachelor of Biomedical Science. A further 25 places are available to students of all specified degrees.

4 The related degree must include ‘full-body’ human anatomy and physiology.

5 Details of equivalent bridging courses in physics and human anatomy and physiology can be obtained by emailing the Department of Medical Imaging and Radiation Science at radiation.sciences@monash.edu

**DEGREE AWARDED**
- Master of Medicine

COURSE CODE: M6033

Fees are per 48 credit points, which represents a standard full-time course load for a year.

Gain the skills to deliver collaborative and optimal perioperative care to patients presenting with complex, chronic and acute medical conditions requiring surgical intervention.

Our Master of Medicine takes an evidence-based and risk-informed approach to the justification of perioperative medical interventions in modern surgical settings. You’ll also develop skills in research and clinical leadership in this emerging medical discipline.

**Entry requirements**

**ELIGIBILITY**
- MBBS or an equivalent basic medical degree recognised by the Medical Board of Australia or a satisfactory substitute that the faculty considers to be equivalent + completion of two years’ clinical hospital medicine

**Duration**
- 1

**Additional requirement**
- A curriculum vitae.

**MENTAL HEALTH SCIENCE**

**Expert master’s**

**Off-campus**
- **3 years**
- **February and July**

- **$23,000**
- **2019 fees p.a.**

**DEGREE AWARDED**
- Master of Child Psychotherapy
- Master of Community Mental Health
- Master of Mental Health Nursing
- Master of Psychiatry

**ALTERNATIVE EXITS**
- Graduate Certificate of Mental Health Science
- Graduate Diploma of Mental Health Science

COURSE CODE: M6022

Fees are per 48 credit points, which represents a standard full-time course load for a year.

- Compulsory workshop requirements at the Clayton campus.
- Only available part-time.
- * July intake for mental health nursing specialisation only.

This course develops the professional knowledge and skills for clinicians delivering mental healthcare.

Depending on your undergraduate studies, you can select from community mental health, child psychotherapy, psychiatrist-in-training or mental health nursing. The course can be completed by coursework or, if you’re seeking to build your research capability, you can incorporate a research project or minor thesis as part of your studies.

Our specialisations aim to meet the specific needs of these disciplines within mental health services. Whichever specialisation you choose, you’ll graduate with the ability to evaluate research literature, identify research gaps, conduct practice-based research projects, and develop, apply and advocate evidence-based best practice.

**Specialisations**
- Child psychotherapy
- Community mental health
- Mental health nursing
- Psychiatrist-in-training.

**Entry requirements**

Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>Bachelor’s degree (or equivalent) in a related field2 or qualification/experience or satisfactory substitute that the faculty considers to be equivalent + relevant work experience</td>
<td>Credit (60%)</td>
<td>3</td>
</tr>
</tbody>
</table>

**Additional requirement**
- A comprehensive curriculum vitae citing evidence of current employment with the relevant mental health focus.

---

1 In equivalent Monash University grading scale terms, a ‘100%’ scale where 50% is a pass.
2 Child psychotherapy related fields include social work, psychology, medicine or occupational health, and a minimum of one year of work experience in a child or adolescent mental health program.
Community mental health related fields include social work, psychology, medicine, occupational health or public health, and recent/current relevant work experience.
Mental health nursing related fields include nursing and have entered a graduate nursing program in mental health nursing or have other relevant current nursing work experience.
Psychiatrists-in-training related fields include nursing and have entered a graduate nursing program in mental health nursing or have other relevant current nursing work experience.

2020 GRADUATE COURSE GUIDE
ADVANCED CLINICAL NURSING
Expert master’s

Clayton, Peninsula 1 or 1.5 years  February, July and summer A

DEGREE AWARDED
• Master of Advanced Clinical Nursing
• Master of Nurse Practitioner

ALTERNATIVE EXITS
• Graduate Certificate of Advanced Clinical Nursing
• Graduate Diploma of Advanced Clinical Nursing

COURSE CODE: M6031
Fees are per 48 credit points, which represents a standard full-time course load for a year.
* A limited number of Commonwealth Supported Places (CSP) are available to eligible applicants.

The Master of Advanced Clinical Nursing prepares you for leadership roles in nursing.

The course enables you to develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

Specialisations*
• Emergency nursing (Peninsula)*
• Intensive care nursing (Clayton)*
• Mental health nursing (Peninsula)*
• Medical surgical nursing – offered in partnership with Monash Health
• Nurse practitioner (Clayton)*
• Perioperative nursing (Clayton)*
• Paediatric nursing (subject to approval) – offered in partnership with Monash Health
• Paediatric intensive care nursing – offered in partnership with Monash Health
• Paediatric emergency nursing – offered in partnership with Monash Health.

The program has flexible teaching delivery options and offers a range of individual career pathways, including nursing, education or management positions within industry, government or independent professional practice.

### Occupational and Environmental Health
#### Graduate Diploma
- **Off-campus, multi-modal, Alfred**
- **1 year**
- **February and July**
- **$28,000 2019 fees p.a.**

**Degree Awarded:**
Graduate Diploma of Occupational and Environmental Health

**Course Code:** M5018

Fees are per 48 credit points, which represents a standard full-time course load for a year.

We recognise that medical practitioners, nurses, allied health personnel, scientists or OHS managers need to develop adaptable and responsible skills as OHS and environmental health practitioners. In this course, you’ll be able to work independently through off-campus learning, however there’ll be compulsory block attendance required each semester.

This course will give you the opportunity to gain the attitudes, skills and knowledge necessary to responsibly provide preventive health services to both reduce the health impacts of disease and injury, and assist to systematically address hazards arising from workplaces and within communities.

**Entry Requirements**
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

Graduate Diploma in Psychology
COURSE CODE: M5013
Fees are per 48 credit points, which represents a standard full-time course load for a year.
^ Only available part-time.

This course provides you with an Australian Psychology Accreditation Council (APAC)-accredited accredited major in psychology, allowing you to do the further training needed to obtain professional qualifications.

Studies include developmental and biological psychology, research design and analysis, personality and social psychology, abnormal psychology, perception and cognition, psychological testing and ethics, and research methods and theory. You’ll also have a choice of electives covering counselling or neuroscience of cognition and behaviour.

The course is offered purely online, and will include at least one hour each week of participation in live learning activities.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

$32,000 2019 fees p.a.

DEGREE AWARDED
Graduate Diploma of Psychology Advanced
COURSE CODE: M5003
Fees are per 48 credit points, which represents a standard full-time course load for a year.
^ Only available part-time.

In this fully-online, fourth-year, honours-equivalent course, you’ll increase your understanding of theoretical and methodological aspects of research, including statistics, develop your analytic, critical thinking and communication skills, and take on a supervised research project, providing training in both discipline-specific and generic research skills.

You’ll engage in learning activities with an emphasis on work readiness, to expand your understanding of the discipline and gain advanced knowledge in specific areas, including the ethics of psychological practice, and assessment and intervention, enabling you to obtain provisional registration as a psychologist.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

</tr>
</tbody>
</table>

**Additional requirements**

Curriculum vitae, relevant work experience or a statement from an employer to substantiate your period of employment.

This is your internationally-recognised passport for careers in government, industry and organisations throughout the health sector. Taught by Victoria’s leading public health professionals and The Alfred hospital clinicians, our graduates contribute to improving public health on a national and global scale.

Our program offers a wide choice of electives around our expertise in areas such as epidemiology and biostatistics, clinical research methods, health economics, health promotion and policy, so you can customise your studies around your career interests. Study units are offered in flexible delivery mode – on-campus, off-campus, block mode or online.

**Entry requirements**

Depending on your prior qualifications and experience, you may be eligible for entry credit, which reduces the duration. Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
3. Relevant experience in the health industry, government sector, policy, a provider e.g. hospital or clinic, non-government organisation, academic or research institution, consulting or pharmaceutical company.
4. Bachelor’s degree in a related discipline includes medical, nursing, allied health, other health-related degree, e.g. chiropractic, psychology, public health, environmental health, paramedic, imaging (radiology, nuclear medicine), biomedical engineering, dietetics/nutrition, pharmacy, social work, medical science/biomedical science/immunology, health science, laboratory science, science, and health economics; or in a non-related discipline, e.g. education, law, media, IT, journalism, communications, arts.
5. You’ll need 36 credit points of specified public health units: HSC2100 or PBH2003, PBH2004, PBH2005, PBH2006 or PBH2008; two units from PBH3001, PBH3002, PBH3003, PBH3004, PBH3005, PBH3009 or PBH3010; PBH3011 or PBH3012.
6. Relevant work experience includes work experience relevant to the person’s undergraduate or higher degree, in professional practice, in a related field, or that demonstrates application/work experience gained in a relevant field even if the bachelor’s degree wasn’t in a related discipline. Relevant work experience includes in the health industry (e.g. government, policy, provider, e.g. hospital, clinic), non-government organisation, academic or research institution, consulting, pharmaceutical company, etc. The statement of purpose can also explain career progression and interests.
RADIATION THERAPY
Professional entry master’s

- Off-campus
- 2 years
- July

DEGREE AWARDED
Master of Radiation Therapy

COURSE CODE: M6004
Fees are per 48 credit points, which represents a standard full-time course load for a year.
* Commonwealth Supported Places (CSP) are available to eligible applicants. The corresponding Student Contribution Amount published in this guide is indicative and can vary depending on unit enrolment.

If you have a first degree in science or a related health discipline, this accelerated learning program allows you to gain a professional entry-level qualification at graduate level.

After completing the two-year program, you’ll be able to apply for general registration as a radiation therapist from the Medical Radiation Practice Board of Australia. You’ll have job opportunities in both the public and private health sectors in metropolitan and regional Australia. This course is the only online graduate-entry radiation therapy program offered in Australia, and if you’re an interstate student you may be able to study in your home state.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>
<thead>
<tr>
<th>ELIGIBILITY</th>
<th>Average requirements1 Duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelor’s degree (or equivalent) in science or health science, including</td>
<td>Credit (60%) 2</td>
</tr>
<tr>
<td>human anatomy and physiology + you must also have passed either Year 12-</td>
<td></td>
</tr>
<tr>
<td>level physics or higher, or an equivalent bridging course2</td>
<td></td>
</tr>
</tbody>
</table>

Additional requirements
- You’ll be required to undertake additional assessment and will be invited via email to attend the University or a nominated site. You need to be available to attend the additional assessment in person at the specified location.
- You must undertake a clinical visit to a radiation therapy centre and provide documentary evidence of the visit at the time of submitting your application for the program. If you don’t provide evidence of this visit, you won’t be eligible for the Master of Radiation Therapy.
- Clinical centre visit dates and the clinical visit verification form can be found on the Department of Medical Imaging and Radiation Sciences website. You must refer to the information available in the special requirements outlined. It’s your responsibility to ensure you have the correct documentation.

For more information, visit monash.edu/medicine/spahc/radiography/teaching/postgrad/master-radiation-therapy

Special requirements
Upon enrolment you’ll be asked to:
- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- complete a Level Two First Aid course.
- obtain a Working with Children Check.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.
2 Details of equivalent bridging courses in physics and human anatomy and physiology can be obtained by contacting the Department of Medical Imaging and Radiation Sciences via email at radiation.sciences@monash.edu
Gain broad knowledge and receive practical training in the applications of reproductive biology in animals and humans, and explore the social and ethical issues these raise.

On completion of the course, you’ll be able to show a thorough theoretical understanding of human and animal reproductive sciences, and demonstrate practical techniques in human clinical and veterinary reproductive sciences.

If you pass all units for this course and achieve an overall grade average of distinction (70 per cent) or above, you may qualify for admission into the Master of Clinical Embryology or into higher degrees by research.

**Entry requirements**
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass.

This course prepares you for a career as a professionally-qualified social worker.

It includes studies in theory, skills development and supervised professional practice, and opportunities for group-based learning, community engagement, practice research and integration of social work theory and practice.

The theoretical content builds on the knowledge graduates have acquired in previous higher education, while the social work skills components and professional practice introduce you to contemporary social work practice.

The course is accredited by the Australian Association of Social Workers (AASW), and includes 1000 hours of supervised professional practice.

**Entry requirements**
Selection is based on your previous academic achievement in your prior qualification/s that must be accredited to the equivalent Australian level specified in the table below.

<table>

2. Bachelor of Science should include a major field of study in anatomy, biology, biochemistry, genetics, pharmacology, physiology, microbiology, immunology or zoology.

**Special requirements**
Upon enrolment you’ll be asked to:
- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.

---

1. Required by the Australian Association of Social Workers. Units fulfilling the prerequisite studies of society are broadly assessed and include sociology, social science, social psychology, human development, anthropology, philosophy, history, gender, law, politics, media, the arts, technology and multicultural society. Your past academic standing is also a significant factor in selection. For the most up-to-date requirements, visit monash.edu/study

**DID YOU KNOW?**
Existing Monash University Bachelor of Human Services graduates are eligible for direct entry to the Master of Social Work and will receive 24 points of credit, reducing the length of study from two to 1.5 years.
TRANSLATIONAL RESEARCH
Graduate certificate

Clayton, multi-modal

---

The Faculty of Pharmacy and Pharmaceutical Sciences offers two complementary pre-registration programs for pharmacy interns.

**Intern Training Program (ITP)**
Completion of an ITP is a prerequisite for registration as a pharmacist in Australia.

The Monash Pharmacy ITP, a one-year part-time program, is practice-focused, utilises flexible delivery methods and is undertaken during the pharmacy internship year. It’s designed to address all competencies required for initial general registration as a pharmacist.

**Intern Foundation Program (IFP)**
The IFP is an innovative 12-credit-point program for intern pharmacists designed to recognise, support and enhance workplace learning. It can only be undertaken concurrently with the ITP. Enrolling in both the ITP and IFP enables you to graduate at the end of your intern year with a Graduate Certificate of Pharmacy Practice.

You’ll have an individualised workplace learning plan to ensure you’re building your skills by completing activities relevant to your workplace and career development.

ADMISSIONS AND APPLICATIONS

Applications for graduate coursework programs can be made online via monash.edu/study/apply, except for the Master of Teaching. Applicants for this course must apply through the Victorian Tertiary Admissions Centre at www.vtac.edu.au

All applicants for coursework programs must meet the minimum entry requirements and English language requirements.

For details, visit:
monash.edu/admissions/entry-requirements/minimum
monash.edu/admissions/english-language-requirements
monash.edu/study/apply

SCHOLARSHIPS

At Monash, we’re committed to attracting academic high achievers and producing internationally competitive graduates.

Coursework scholarships
If you’re a prospective or continuing coursework graduate student, there’s a variety of scholarships and bursaries available. The number of scholarship and bursary offers made in any one year varies.

Research scholarships
The Australian Government’s Research Training Scheme covers your research course fees if you’re an Australian or New Zealand citizen or Australian permanent resident. There are various other scholarships and bursaries available to assist with other costs.
Fees

Graduate coursework courses are generally offered as full-fee-paying places with a limited few available with Commonwealth Supported Places (CSP). All tuition fees and course durations specified in this guide are in Australian dollars and apply only to courses studied at Australian campuses. The tuition fees quoted are for 48 credit points and are applicable to courses commencing in 2019. Tuition fees for courses commencing in 2020 will be different.

Monash University reserves the right to adjust the annual tuition fees in future years of your course. However, any adjustment factor won’t exceed six per cent per year. Any adjustment will be applied on the first day of January each year for teaching periods with a census date thereafter.

monash.edu/fees

Eligible fee-paying students may use a FEE-HELP loan to pay for all or part of their tuition fees.

Commonwealth Supported Place (CSP)

For CSP, units are grouped into three broad bands. The band in which the unit is located determines your contribution amount for that unit. Usually, the units you’re required to enrol in to complete your course will each fall into the same band.

The below table outlines the annual student contribution amount for a full-time student who’s enrolled in a standard full-time course where all units are in the same band. In a standard full-time year, students typically study 48 credit points.

<table>
