

# Masters of Project Management (B6019)

## Relevant Professional Experience Summary Form

Applicant name:

Date:

### Admission requirements – Course pre-requisites

We want to understand your experience so that we can best assess your application. Please tell us about any work experience you have done in the below areas. You may have more than you think you do, so make sure you articulate this in your summary. Please give us one example that you have used in your work experience.

**1. Scope**

How have you contributed to defining the scope of your work?

**2. Time**

How have you contributed to the development and implementation of schedules to deliver your work?

**3. Cost**

How have you contributed to the development and management of budgets in your job?

**4. Quality**

How have you contributed to planning and applying quality processes at work?

**5. Human Resource**

How have you contributed to the HR requirements at work?

**6. Communications**

How have you contributed to planning and delivering communications on the job?

**7. Risk**

How have you contributed to assessing and managing risk at work?

**8. Procurement**

How have you contributed to the procurement of resources to complete your work?

**9. Stakeholders**

How have you contributed to the identification and management of stakeholders to complete your work?

**10. Integration**

How have you contributed to the integration of project functions to complete your work?
