

### **Club Membership**

The minimum membership fee that can be charged by Monash University Affiliated Sporting clubs is \$15.00. Sporting clubs should comply with a two tiered membership structure with the following categories; Monash students and Non students with each tier being separated by a minimum of \$5. ie;

Monash Student - \$15  
Non Students -\$20

The following would be an acceptable club membership structure;

Monash Student - \$60  
Non student - \$100

Once members have joined, the committee should make every effort to fulfil promises made about the Club. The Club should endeavour to organise regular functions, mail out club newsletters and stay in touch with members. This is a crucial activity to ensure Club members re-join the following year.

Clubs will also be asked to submit membership list to Monash University periodically, it is therefore important that clubs maintain a current membership database.
