Reporting questionnaire

Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. The aggregated data in your workplace profile assists relevant employers in understanding the characteristics of their workforce, including in relation to occupational segregation, the position of women and men in management within their industry or sector, and patterns of potentially insecure employment.

NB. IMPORTANT:

• References to the Act mean the Workplace Gender Equality Act 2012.
• A formal ‘policy’ and/or ‘formal strategy’ in this questionnaire refers to formal policies and/or strategies that are either standalone or contained within another formal policy/formal strategy.
• Data provided in this reporting questionnaire covers the TOTAL reporting period from 1 April 2018 to 31 March 2019. (This differs from the workplace profile data which is taken at a point-in-time during the reporting period).
• Answers need to reflect ALL organisations covered in this report.
• If you select “NO, Insufficient resources/expertise” to any option, this may cover human or financial resources.

1.13 If your organisation would like to provide additional information relating to gender equality indicator 1, please do so below.

Gender equality indicator 2: Gender composition of governing bodies

Gender composition of governing bodies is an indicator of gender equality at the highest level of organisational leadership and decision-making. This gender equality indicator seeks information on the representation of women and men on governing bodies. The term “governing body” in relation to a relevant employer is broad and depends on the nature of your organisation. It can mean the board of directors, trustees, committee of management, council or other governing authority of the employer.

2. The organisation(s) you are reporting on will have a governing body. In the Act, governing body is defined as “the board of directors, trustees, committee of management, council or other governing authority of the employer”. This question relates to the highest governing body for your Australian entity, even if it is located overseas.
2.1 Please answer the following questions relating to each governing body covered in this report.

Note: If this report covers more than one organisation, the questions below will be repeated for each organisation before proceeding to question 2.2.

If your organisation’s governing body is the same as your parent entity’s, you will need to add your organisation’s name BUT the numerical details of your parent entity’s governing body.

2.1a.1 Organisation name?

Monash University

2.1b.1 How many Chairs on this governing body?

<table>
<thead>
<tr>
<th></th>
<th>Female</th>
<th>Male</th>
</tr>
</thead>
<tbody>
<tr>
<td>Number</td>
<td>0</td>
<td>1</td>
</tr>
</tbody>
</table>

2.1c.1 How many other members are on this governing body (excluding the Chair/s)?

<table>
<thead>
<tr>
<th></th>
<th>Female</th>
<th>Male</th>
</tr>
</thead>
<tbody>
<tr>
<td>Number</td>
<td>5</td>

</tr>
</tbody>
</table>

☐ Yes (you may specify why a target has not been set)
☒ No
☐ Governing body/board has gender balance (e.g. 40% women/40% men/20% either)
☐ Currently under development, please enter date this is due to be completed
☐ Insufficient resources/expertise
☒ Do not have control over governing body/board appointments (provide details why):
  Monash University does not have control over governing body/board appointments. The minimum and
  maximum size of Council (Monash University's governing body) is determined by the Monash University
  Act (2009), which includes in its membership Ministerial Appointees, persons appointed by the Governor-
  in-Council and persons elected to the position. The University also conforms to the requirements of the
  ‘Appointment and Remuneration Guidelines’ (2018) for board members of non-departmental entities in
  Victoria. The Guidelines state that consideration should be given to the gender composition of the board
  as well as to the diversity of members to reflect the diversity of the Victorian community.

2.5 If your organisation would like to provide additional information relating to gender equality indicator 2, please do so below.

To mitigate unwanted bias in 2018 Council elections, Monash University decided not to publish photographs that traditionally accompanied candidate statements. This decision was informed by a review of research literature on gender bias in facial inferences that tend to predict voting behaviour and electoral outcomes.
