IF YOU DON’T LIKE IT, CHANGE IT.

For 60 years, we’ve been working to change the world, and we’re not about to stop. At Monash, we see challenges as opportunities to make things better.

It’s hard to imagine a time when the need to make positive change has been greater than now.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world.

That’s why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

Ready to make a change? *Scan here to learn more.*
Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in Malaysia, China, Indonesia, Italy and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever. Each Monash campus has its own personality, and all are friendly, welcoming communities where you’ll feel at home.

**ITALY**

**Prato**

In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.

**INDONESIA**

**Jakarta**

Research intensive and industry engaged, Monash Indonesia is a postgraduate campus for future leaders – those seeking master’s and PhD degrees, as well as executive programs and micro-credentials.

**INDIA**

**Mumbai**

Bustling Mumbai is home to the IITB-Monash Research Academy, a collaboration that gives PhD students opportunities to work closely with industry to find solutions to global problems.

**MALAYSIA**

**Kuala Lumpur**

Monash University Malaysia is our third-largest campus, with more than 9000 students undertaking courses offered across seven schools.

**CHINA**

**Suzhou**

The Southeast University-Monash University Joint Graduate School offers masters and PhD study options in areas ranging from industrial design and IT to business.

**MALAYSIA**

**Kuala Lumpur**

Monash University Malaysia is our third-largest campus, with more than 9000 students undertaking courses offered across seven schools.

**MELBOURNE**

**Australia**

Clayton

Our largest campus, home to 38,000 students and nine of our ten faculties. Everything you need is on campus – fixed outlets, sporting facilities, health services and more.

Caulfield

Our Caulfield campus hosts 19,000 students, and is our base for Art, Design and Architecture, and Monash Business School as well as some Arts and IT courses.

Parkville

Our dedicated Pharmacy and Pharmaceutical Sciences campus hosts 2000 students and is part of Australia’s leading health and biomedical precinct.

Peninsula

A coastal home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education and select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

**ITALY**

**Prato**

In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business and more.

**CHINA**

GET AHEAD WITH MONASH

From day one, a Monash education sets you on the path to future career success.

Our programs and platforms offer work-integrated learning experiences and engagement with industry. You’ll develop an enterprising mindset, hone your employability skills, and gain a competitive edge in the graduate employment market.

Career Connect
Our Career Connect program gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching.

monash.edu/career-connect

Student Futures
Our Student Futures platform allows you to collate the real-life skills that will show employers you have what they’re looking for, taking into account not just your university activities, but those that are part of your ‘outside’ life – paid work, family responsibilities, and contributing to your community.

monash.edu/student-futures

Develop leadership
While studying, you’ll be encouraged to foster the skills for effective leadership that will enable you to bring out the best in yourself and the people around you.

monash.edu/students/leadership

Monash Talent
With our employment service, Monash Talent, you can start your career search without stepping foot off campus. We have a team of recruitment specialists who’ll connect you with reputable employers and match you with jobs that suit your skills and passions.

monash.edu/talent

Mentoring
Throughout your studies, you’ll have the opportunity to be a mentor or be mentored. You can share or gain insights about life at university, career planning, building employability, as well as future goals.

monash.edu/mentoring

Work-integrated learning
Incorporate professional experience into your studies through clinical placements, fieldwork, study tours, placements, or internships.

SCHOLARSHIPS TO UNLOCK YOUR TALENT

Our doors are open to the curious, the optimistic and the change-makers.

A scholarship will help you make the most of your time at university. And that’s why we have more than 400 types of scholarships. Here’s just some of the types of scholarships we offer:

**Academic scholarships**
We want as many bright minds as possible to benefit from a Monash education. Our Sir John Monash scholarships aim to attract academically gifted students. And our faculties also offer scholarships for academically gifted students. But we also want to recognise those students who want to make a difference in the lives of other students by becoming mentors.

**Equity scholarships**
We recognise that sometimes your ATAR doesn’t reflect your potential. If you’re from a low-income background, have a disability or medical condition, live in a regional or remote area, are from asylum-seeking background, or have experienced difficult circumstances, we offer scholarships to ensure that none of these factors prevent you from pursuing your dreams.

**Indigenous students**
We offer many scholarships for Indigenous students, with our faculties also offering opportunities to attend Monash through their own scholarship programs.

**Accommodation scholarships**
We offer scholarships to help cover the costs of your accommodation, and there are even scholarships to support any relocation costs if you’re from a rural area.

At Monash, we believe in giving our students the best chance to achieve their potential.

The number of scholarships and grants offered each year varies. So find the right scholarship for you at monash.edu/scholarships

---

We want as many bright minds as possible to benefit from a Monash education. Scan here to learn about our scholarships program.

2022 UNDERGRADUATE COURSE GUIDE
There’s more than one way to start your journey. You might not have achieved the ATAR you needed, perhaps you want to return to study, or you’re transferring from TAFE or another university – our pathways are here to help.

The Monash Guarantee
The Monash Guarantee can get you into one of our courses even if you don’t reach the course’s lowest selection rank to which an offer was made. You could be eligible for the Monash Guarantee if you:
• have experienced financial disadvantage
• live in a low socioeconomic area
• are an Indigenous Australian
• attend a Monash-listed under-represented school.
Every Monash University course has a Monash Guarantee ATAR. For most courses, if you meet the criteria, achieve the Monash Guarantee ATAR and complete all course prerequisites, you’ll be eligible for a place at Monash. For some exceptions, see monash.edu/guaranteedentry.

Special Entry Access Scheme (SEAS)
SEAS adjusts your ATAR in recognition of circumstances that may have affected your education. This gives you a better chance of getting an offer for the course you want. You’ll receive adjustments depending on your personal circumstances. The adjustments are made to your combined study scores and your ATAR is recalculated. The recalculated ATAR will impact your selection rank which is used during the selection process.
Check out our SEAS calculator for an estimate of your SEAS-adjusted ATAR at monash.edu/seas.

Diploma of Higher Education (DoHE)
DoHE might suit you if you completed Year 12 but didn’t quite meet the entry requirements for your preferred course, if you’re returning to study, or would benefit from additional learning support. On successful completion, you can get up to one year of credit towards a range of degrees in education and science.

Monash Indigenous Entry Scheme
The Monash Indigenous Entry Scheme provides an entry point for Aboriginal and Torres Strait Islander students into a range of Monash courses. You’ll also be eligible for internal transfer into other Monash courses, including law and engineering, subject to transfer requirements.

Monash Indigenous Access Program (MIAP)
If you identify as an Indigenous Australian, live in a low socioeconomic area or have experienced financial hardship, and achieve an unadjusted ATAR of 90, Monash Access Program (MAP) can help.

In your first year, you’ll study four law units along with four arts, commerce or science units. When you pass all law units with a credit (60 per cent) average, and achieve a credit average overall, you’re guaranteed a place in the second year of the relevant double degree course. If you don’t achieve the credit average, you can still continue the relevant single degree course and receive credit for all subjects you’ve passed. To apply, complete a Special Entry Access Scheme (SEAS) application through VTAC and enrol into one of the following courses:
• Bachelor of Arts (Law Pathway)
• Bachelor of Commerce (Law Pathway)
• Bachelor of Science (Law Pathway).

Pathways to Law
If you identify as an Indigenous Australian, live in a low socioeconomic area or have experienced financial hardship, and achieve an unadjusted ATAR of 90, Pathways to Law can help.

In your first year, you’ll study four law units along with four arts, commerce or science units. When you pass all law units with a credit (60 per cent) average, and achieve a credit average overall, you’re guaranteed a place in the second year of the relevant double degree course. If you don’t achieve the credit average, you can still continue the relevant single degree course and receive credit for all subjects you’ve passed. To apply, complete a Special Entry Access Scheme (SEAS) application through VTAC and enrol into one of the following courses:
• Bachelor of Arts (Law Pathway)
• Bachelor of Commerce (Law Pathway)
• Bachelor of Science (Law Pathway).

TAFE/VET entry pathways
We recognise vocational qualifications from providers across Australia, and have priority partnerships and formal articulation pathways with selected Victorian TAFE institutes. If you’ve successfully completed a certificate IV, diploma or the first year of an advanced diploma, you could qualify for a place at Monash and be eligible for some credit towards your course for any graded TAFE/VET studies you’ve completed. See monash.edu/domestic-pathways for a full list of TAFE/VET entry pathways.,

Monash College
Monash College offers accredited diploma programs that lead to the faculties of Arts, Art, Design and Architecture, Business, Education (double degree courses), Engineering, Information Technology and Science at Monash. These diplomas provide the opportunity to enter the second year of selected Monash courses if you achieve the required academic standard.

They’re all full-fee-paying courses, however, scholarships may be available for Australian students who’ve experienced educational disadvantage. Monash College is owned and operated by Monash University.

The Monash Access Program (MAP)
MAP is a part-time bridging course for mature-aged students (21 or over). It prepares you for university study and gives you a solid foundation to progress into a range of bachelor’s degrees at Monash. There are no tuition fees, and priority is given to students who’ve experienced financial or other hardship.

Monash Indigenous Access Program (MIAP)
MIAP is a part-time bridging course for mature-aged students (21 or over). It prepares you for university study and gives you a solid foundation to progress into a range of bachelor’s degrees at Monash. There are no tuition fees, and priority is given to students who’ve experienced financial or other hardship.

Monash College
Monash College offers accredited diploma programs that lead to the faculties of Arts, Art, Design and Architecture, Business, Education (double degree courses), Engineering, Information Technology and Science at Monash. These diplomas provide the opportunity to enter the second year of selected Monash courses if you achieve the required academic standard.

They’re all full-fee-paying courses, however, scholarships may be available for Australian students who’ve experienced educational disadvantage. Monash College is owned and operated by Monash University.

TAFE/VET entry pathways
We recognise vocational qualifications from providers across Australia, and have priority partnerships and formal articulation pathways with selected Victorian TAFE institutes. See monash.edu/domestic-pathways for a full list of TAFE/VET entry pathways.
When you choose to study overseas, it’s more than your surroundings that change – you’ll experience new cultures and enhance your global perspective.

Many programs are supported by generous scholarships and assistance packages.1

**Semester exchange**
Choose from more than 150 partner institutions in Asia, Africa, Europe and the Americas, gaining credit towards your degree while seeing the world.

**Global study tours**
Complete a unit overseas in two to four weeks. You’ll learn from inspiring academics and classmates in places as diverse as China, Fiji, France, Chile, Indonesia or Rwanda.

**Global work-integrated learning**
Rub shoulders with US Congress, or intern with Oxfam in South Africa. Placements and industry projects are offered for credit as part of most degrees.

**Swap your seasons**
Make the most of your semester break. Travel to a vibrant city abroad and complete a short study program for credit.

**Try Malaysia**
Experience our Malaysia campus on the Global Intercampus Program (GIP). You’ll also get the benefit of funding packages and in-country support services.

**Italy awaits**
Spend 4–12 weeks in Prato, Italy, completing a wide range of unit offerings such as Italian, law or criminology.

**Funding while abroad**
By applying for courses overseas, you’re automatically considered for a share of more than $2 million in scholarships.

**Go global**
Build a professional network while you’re still studying. Our Global Discovery Program taps into the expertise of some of our brightest alumni — students have previously traveled to cities such as London and New York. Learn more at [monash.edu/global-discovery](http://monash.edu/global-discovery).

---

1. Due to the COVID-19 pandemic, international travel restrictions are in place at the time of printing. Consequently, our offer of study abroad programs will be dependent on and subject to international travel restrictions. For further information please visit [monash.edu/study-abroad/study-abroad](http://monash.edu/study-abroad/study-abroad).
LIVING ON CAMPUS

Start with a short stroll to class before lunch. Study on the lawns in the afternoon. Gyms, sports fields and even restaurants – they’re all on your doorstep if you live on campus.

ON-CAMPUS ACCOMMODATION

On-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There’s also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Cost of living

Before you begin your studies at Monash, it’s a good idea to plan and prepare a budget.

Here are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things such as medication and other personal items, such as clothes. All costs are subject to inflation.

Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies.

OFF-CAMPUS ACCOMMODATION

- Hostels and guesthouses $90 to $150 per week
- Shared rentals $85 to $215 per week
- Homestay2 $378 per week
- Rental $165 to $440 per week
- Boarding schools $11,000 to $22,000 per year

OTHER LIVING EXPENSES

- Groceries and eating out $80 to $280 per week
- Gas and electricity $35 to $140 per week1
- Phone and internet $20 to $55 per week3
- Public transport $15 to $55 per week
- Car (after purchase) $150 to $260 per week
- Entertainment $80 to $150 per week

Before you begin your studies at Monash, it’s a good idea to plan and prepare a budget.

Here are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things such as medication and other personal items, such as clothes. All costs are subject to inflation.

Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies.

1. The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation costs include gas, water, electricity, internet, residential parking permits and laundry. Details: monash.edu/accommodation/accommodation/pricing
2. Any student under the age of 18 who chooses to stay in homestay must use the Monash Homestay Accommodation Service (HAS). monashcollege.edu.au/life-at-monash-college/accommodation/homestay
3. Prices shown here are based on a typical three-bedroom house.

GILLIES HALL

Peninsula campus’ Gillies Hall is the largest commercial Passive House building in Australia, and is the most energy-efficient structure Monash has built. Gillies Hall won gold in the Architecture – Multi Residential – Constructed category at the 2019 Melbourne Design Awards for its green credentials.
Choose from a vast range of clubs, make friends and share unforgettable experiences.

We offer a range of student support services to make sure you get the most out of university life, including study skills, mentoring support, health and wellbeing services, financial aid, technology assistance, education and professional goals, and more.

We can also put you in touch with like-minded people to share information, build networks and get the support you need throughout your Monash studies. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

Visit monash.edu/students/support to learn more about:
• Monash Connect (support with enrolment, fees, accommodation and more)
• Career Connect (career, leadership and volunteer opportunities)
• cultural inclusion
• clubs and associations
• safety and security
• student news
• the William Cooper Institute – a hub for Aboriginal and Torres Strait Islander study, learning and engagement
• events and activities
• study programs
• self-development
• medical, dental, counselling and other health services
• disability support
• LGBTIQ support
• child care and parenting rooms.

We also have a peer mentoring program, to help you adjust from high school to university. Every first-year student will receive mentoring from a senior student in the same faculty.

Details: monash.edu/about/mentoring

### OUR COURSES

Choosing what to do at uni is an adventure. It’s about discovery, passion and realising your dreams. At Monash, we offer a range of courses that allow you to fulfil these ambitions. Use the index below to find your course of interest.

monash.edu/study

#### ART, DESIGN AND ARCHITECTURE
- **Architectural Design** 18
- **Design** 18
  - Communication design
  - Industrial design
  - Spatial design
  - Collaborative design
- **Fine Art** 19
  - Fine art
  - Art history and curating

#### ARTS, HUMANITIES AND SOCIAL SCIENCES
- **Arts** 20
  - 26 majors, 33 minors
- **Criminology** 21
- **Global Studies** 22
  - Cultural competence
  - Human rights
  - International relations
  - International studies
- **Media Communication** 22
  - Journalism
  - Media
  - Public relations
  - Screen
- **Music** 23
  - Composition and music technology
  - Music performance
  - Popular music
- **Politics, Philosophy and Economics** 23
  - Politics and governance
  - Philosophy
  - Economic analysis

#### BUSINESS
- **Accounting** 24
- **Actuarial Science** 24
- **Banking and Finance** 25
- **Business** 25
  - 12 majors, 10 minors
- **Business Administration** 26
  - 5 majors, 4 minors
- **Communications** 26
  - 11 majors, 12 minors
- **Economics** 27
- **Finance** 27
- **International Business** 28
- **Marketing** 28

#### EDUCATION
- **Education (Honours)** 29
  - Early childhood and primary education
  - Primary education (studied as a single or double degree)
  - Primary and secondary education
  - Primary and secondary inclusive education
  - Primary and secondary health and physical education
  - Secondary health and physical education
  - Secondary education (studied as a double degree)

#### ENGINEERING
- **Engineering (Honours)** 30
  - Aerospace engineering
  - Biomedical engineering
  - Chemical engineering
  - Civil engineering
  - Electrical and computer systems engineering
  - Environmental engineering
  - Materials engineering
  - Mechanical engineering
  - Mechatronics engineering
  - Software engineering

#### INFORMATION TECHNOLOGY
- **Computer Science** 31
  - Advanced computer science
  - Data science
- **Computer Science Advanced (Honours)**
- **Information Technology** 32
  - 5 majors, 13 minors
  - Software engineering is studied as a specialisation of the Bachelor of Engineering (Honours) – see page 36.

#### LAWS
- **Laws (Honours)** 33

#### MEDICINE, NURSING AND HEALTH SCIENCES
- **Biomedical Science** 34
- **Health Sciences** 34
- **Medical Science and Doctor of Medicine** 35
- **Nursing** 36
- **Nursing and Midwifery (Honours)** 36
- **Nutrition Science** 36
- **Occupational Therapy (Honours)** 37
- **Paramedicine** 37
- **Physiotherapy (Honours)** 38
- **Psychology (Honours)** 38
- **Public Health** 39
- **Radiation Sciences** 39
- **Radiography and Medical Imaging (Honours)** 40

#### PHARMACY AND PHARMACEUTICAL SCIENCES
- **Pharmaceutical Science** 40
- **Pharmaceutical Science Advanced (Honours)**
- **Pharmacy (Honours)** 41
  - Master

#### SCIENCE
- **Applied Data Science** 42
- **Applied Data Science Advanced (Honours)** 42
- **Science** 43
  - 23 majors, 21 minors
- **Science Advanced – Global Challenges (Honours)** 43
- **Science Advanced – Research (Honours)** 44

Bachelor of ARCHITECTURAL DESIGN

COURSE CODE: F2001

Caulfield 3 years → February and July

This studio-based degree is your first step to becoming an architect. You’ll combine your creative vision and technical expertise to imagine new environments of the future and help shape society through great design in the built environment.

You’ll study with award-winning architects, Monash academics and industry professionals and learn how to think beyond the building to create solutions that transform the way we live, creating spaces, places and communities that improve our quality of life.

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Architectural writer and commentator, community development officer, historic building conservator, interior design consultant, property developer, sustainable design consultant, theatre and set designer, urban design and planning consultant, urban informatician.

GUARANTEED ENTRY FOR MONASH STUDENTS INTO MASTER OF ARCHITECTURE

Monash students who have successfully completed our Bachelor of Architectural Design are guaranteed entry into our two-year Master of Architecture, which is the required pathway to become a registered architect.

Bachelor of DESIGN

COURSE CODE: F2010

Caulfield 3 years → February and July

Learn how to think like a designer to solve complex problems with curiosity, agility, experimentation and creativity.

You first apply for the Bachelor of Design, and then after your first semester, you choose your specialisation (Communication, Industrial or Spatial design). Or in your second year, you can change to Collaborative design.

All our design degrees are recognised by the Design Institute of Australia (DIA).

Specialisations

• Communication design
• Industrial design
• Spatial design
• Collaborative design.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Communication design: communication designer, advertising art director, branding expert, digital animator, experience designer, graphic designer, information designer, interaction designer, mobile app developer, motion graphics designer, web/UI designer.

Industrial design: industrial designer, digital product designer, experience designer, product and packaging designer, design consultant, furniture designer, lighting designer, public transport designer, automotive designer, service designer.

Spatial design: interior designer, experience designer, museum and exhibition designer, stage/art production designer, visual merchandiser.

Collaborative design: service designer, design strategist, interdisciplinary designer, social innovator, design entrepreneur, design researcher as well as many careers that haven’t yet been imagined.

Bachelor of FINE ART

COURSE CODE: F2003

Caulfield 3 years → February

Fine Art is unique, multi-disciplinary, studio-based courses that provide you with the options to explore the world of contemporary fine art. You can focus your studies through a hands-on practice-based approach or develop your knowledge as a specialist in art history and curating.

We’ll foster your education and knowledge, and introduce you to key figures in the local and international art worlds to help you grow as a contemporary and future-forward artist.

Specialisations

• Art History and curating – develop a specialised knowledge of the art world and excellent communication skills.
• Fine art – where you can develop your contemporary art practice and complement your studies through a double degree.

---

**Bachelor of CRIMINOLOGY**

**COURSE CODE:** A2008

Criminology is the study of crime and social control. Crime – how we define it, how we understand its causes and the ways we respond to it – provides a window into society’s challenges, values and aspirations.

This course offers students a world-leading program delivered by a team of outstanding teachers and researchers. You’ll consider the local, national and global aspects of crime and justice, and become familiar with a range of lenses for understanding and assessing the impact of society’s changing responses to crime and justice.

You’ll gain an understanding of victimisation and perpetration, inequality and its impacts, and approaches to understanding crime. Throughout the course you’ll develop your capabilities via the key themes of expert knowledge, global reach and focus, and collaboration and innovation.

**The Global Immersion Guarantee**

You’ll also have the opportunity to be part of the ground-breaking Global Immersion Guarantee fieldwork trip, see page 20 for more information.

---

### Bachelor of MUSIC

**Course Code**: A2003

- **Clayton**: 3 years → February and July

Monash’s Sir Zelman Cowen School of Music and Performance has one of the most comprehensive music programs in the country, excelling in classical, jazz and popular music performance.

As well as receiving individual instrumental teaching, you’ll collaborate with international artists, learn from accomplished teaching staff, study and perform in New York and Prato, Italy, and perform to audiences across the country with an ensemble or orchestra.

This course is available as part of a bachelor/master’s program, allowing high-achieving students to graduate with both degrees in just four years. Refer to page 20 for further information.

**Specialisations**

- Composition and music technology
- Music performance
- Pop music

The Global Immersion Guarantee

You’ll also have the opportunity to part of the Global Immersion Guarantee fieldwork trip, see page 20 for more information.

**Selection requirements**

You must complete an audition/composition. For more information, visit arts.monash.edu/music/audition-information

**Career options**

Accomplicant, artist manager, audio engineer, audio-visual production, composer, conductor, critic, DJ, editor, festival producer, film scorer, marketing and communications, music journalist, music therapist, music writer, musicologist, performer, teaching and much more.

---

### Bachelor of POLITICS, PHILOSOPHY AND ECONOMICS

**Course Code**: A2010

- **Clayton**: 3 years → February

Developed by Monash’s world-renowned politics, philosophy and economics professors, this elite program is designed for deep thinkers who want to have a real impact.

You’ll study at the creative intersection between politics, philosophy and economics, developing your ability to think critically about analysts, strategy and leadership as you learn to transform big ideas into tangible results.

With access to the award-winning, funded Global Immersion Guarantee and exclusive global study tour and internship opportunities, you’ll gain real-world experience and shape your professional networks before you’ve even graduated.

This course is available as part of a bachelor/master’s program, allowing high-achieving students to graduate with both degrees in just four years. Refer to page 20 for further information.

**Specialisations**

- Politics and governance
- Philosophy
- Economic analysis.

The Global Immersion Guarantee

You’ll also have the opportunity to part of the Global Immersion Guarantee, see page 20 for more information.

**Selection requirements**

You’ll also need to complete a supplementary form providing information about your interests.

**Career options**

Advocacy, banking and finance, business management, civil society leadership, consulting, diplomacy, economics, government, international relations, lobbying, policy analysis, politics, public affairs and more.

---

1 The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.

2 For double degree courses you must meet the prerequisites for both degrees. Refer to pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study.

3 Eligibility requirements apply: First year Bachelor of Arts and Bachelor of Global Studies students and relevant double degree student (or final academic standing, who on an average 24 points of credit) obtaining at least 12 points (out). Students must have passed all of their arts units.
Bachelor of ACCOUNTING
COURSE CODE: B20129
RANKED NO. 36 IN THE WORLD IN ACCOUNTING AND FINANCE

Accounting is more than a numbers game, and it’s vital to business success. In this course, you’ll gain solid technical skills across key areas such as information systems, corporate finance, auditing and assurance, financial reporting and data analysis.

As the largest business school in Australia, we can equip you with the broader business and advisory skills needed to build a successful accounting career.

Depending on your electives, this course could prepare you to meet the accounting accreditation requirements of:
- CPA Australia
- Chartered Accountants Australia and New Zealand
- The Institute of Public Accountants
- The Chartered Institute of Management Accountants
- The Associate of Chartered Certified Accountants.

Auditing, budgeting, business advisory, forensic accounting, liquidation, management accounting, mergers and acquisitions, taxation.

Bachelor of ACTUARIAL SCIENCE
COURSE CODE: B2033
RANKED NO. 39 IN THE WORLD IN ECONOMETRICS AND ECONOMICS

If you’re big on numbers and the role they play in our day-to-day lives, actuarial science can help turn your curiosity into a promising commercial career. Learn to evaluate risk and opportunity in a business setting, and use your findings to influence some of society’s most important economic structures.

Monash Business School’s Department of Econometrics and Business Statistics is the only dedicated department of its kind in Australia and has the largest concentration of econometricians and statisticians in the region.

This degree is also accredited by the Actuaries Institute, and may allow you to achieve Part I of the Actuaries Institute professional qualification.

Accounting, consultancy, human resources, marketing.

Bachelor of
MARKETING

RANKED NO. 44 IN THE WORLD IN BUSINESS AND MANAGEMENT
QS World University Rankings by Subject 2020

Clayton 3 years → February and July

Develop the creative and technical insights you need to help businesses build their brand. This course will give you a combination of technical, practical and analytical skills, from understanding buyer behaviour to building social campaigns – everything you need to think and act as a professional marketer.

Marketing employers around the world recognise the quality of a marketing qualification from Monash and the solid grounding in business that it offers. This makes our graduates sought-after nationally and internationally.

Get more from your Monash experience

Monash Business School offers:

- Access to professional placements, corporate projects and industry internships with some of the most influential companies in the world.
- You can enrol in programs for leadership, professional development and volunteering. And you can join professional societies for networking.
- You can even head overseas to participate in our industry-based study programs in Europe, Asia, USA or South America.

1 The course provided is used as a guide only, and not either the lowest selection rank to which an offer was made in 2021 or an estimate (E).
2 For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study.
3 This is dependent on international travel restrictions.

Bachelor of
EDUCATION (Honours)

RANKED NO. 44 IN THE WORLD IN BUSINESS AND MANAGEMENT
QS World University Rankings by Subject 2020

Clayton, Peninsuas 4 years → February

DEGREE AWARDED
The degree you’re awarded will reflect your chosen specialisation.

Are you ready to change the world through education? Do you want to be the teacher your students remember? Choose to specialise in early childhood, primary or secondary education – or a combination of these – and graduate ready for a successful career.

Specialisations

Choose one of the following specialisations:

- Early childhood and primary education
- Primary education – studied as a single or double degree
- Primary and secondary education
- Primary and secondary inclusive education
- Primary and secondary health and physical education
- Secondary health and physical education
- Secondary education – studied as a double degree only.

Double degrees

A double degree is a great option if you’re interested in teaching but also want to gain expertise in another discipline. At Monash, you can choose from the following double degrees with either the Primary or Secondary Education specialisation: arts, business, fine art, music and science.

Pathways into Education

If you’re narrowly missed the entry requirement for direct entry into an education degree, you can consider a pathway program such as the Diploma of Tertiary Studies or Diploma of Higher Education. On successful completion you can gain up to one year of credit towards a range of Monash education degrees.

Professional experience – local or global

Put your learning into practice by completing at least 80 days of professional experience during your course. You can stay local, head rural or overseas. You can be in a classroom or an integral part of a community program. Build your confidence and gain real-world experience so you’re ready to teach when you graduate.

Career options

Community education, corporate training, curriculum development, health and fitness coaching, student welfare, school leadership, teaching.

Prerequisite studies

VEE
English: Units 3 and 4: a study score of at least 30 in English (EAL) or 25 in English other than EAL. Maths: Units 1 and 2: satisfactory completion of two units from study combination of General Mathematics, Mathematical Methods or Specialist Mathematics; or Units 3 and 4: any mathematics.

IB
English: Level 1. Maths: Level 2. For prerequisite subject requirements, please refer to page 46.

Non-academic selection requirement – CASPer
All applicants are required to complete a mandatory online 90-minute computer-based test called CASPer, as part of the application process. For more information, visit monash.edu/education/takecasper.

Post-enrolment requirements

During your degree you’ll be required to meet some extra requirements:

- Working with Children check
- Literacy and Numeracy test.

1 The score provided is used as a guide only, and not either the lowest selection rank to which an offer was made in 2021 or an estimate (E). Ranges of criteria.
2 For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available at monash.edu/study.
3 This double degree is only available with the Fine Art specialisation.
Co-operative Education Program

Complete a three, six or 12-month paid Co-operative Education Program internship to kick-start your engineering career. Learn practical engineering skills, gain real-life insights into the workforce, build industry connections and graduate job-ready.

Gain real-world industry experience

The industry-based learning program offers a unique opportunity for all undergraduate IT students to enhance their education through a practical placement with one of our leading global or Australian industry partners.

Apply key concepts from class in a practical, corporate setting and develop sought-after skills through an industry placement that counts towards your degree.

1. The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).
2. For double degree courses you must meet the prerequisites for both courses. See pages 52-53 for a full list of double degree prerequisites. Course codes and CRICOS codes for double degrees are available in monash.edu/study.
3. Full double degrees with Engineering are only available with the Advanced Computer Science specialisation, and can only be asked as a double degree with specific Engineering specialisations. See monash.edu/study for full details.
Bachelor of INFORMATION TECHNOLOGY
COURSE CODE: C0000

Clayton  3 years  → February and July

IT is everywhere, but its power comes from the experts who create the IT systems upon which we all rely. This highly practical course gives you the problem-solving skills to drive the ongoing revolution in the way we communicate, conduct business and experience the world.

At our leading IT faculty, you’ll learn from the best in an innovative environment.

Our comprehensive range of majors, minor and double degrees give you the flexibility and choice to develop your strengths and explore new areas.

Bachelor of LAWS (Honours)
COURSE CODE: L3001

Clayton  4.25 years  → February

Whether you aspire to work in a top-tier law firm, in a multinational corporation or as an advocate for justice, take the first step with Monash Law. Law teaches you how to think critically, analyse complex problems and articulate solutions. These skills are demanded by employers across multiple roles and industries. Monash Law graduates are among the highest-earning and most employable professionals in Australia and around the world.

At Monash, we have the largest range of elective units of any law school in Australia so you can customise your degree and pursue areas of study that you’re passionate about.

**Entry requirements**

**COURSE**

**ATAR1** | **IB1** | **MG**
--- | --- | ---
Bachelor of Laws (Honours) | 4.25 | 97 | 38 | 94 |

**Double degree2 with**

**Arts** | 5.25 | 97 | 38 | 94 |
**Biomedical Science** | 5.25 | 97.25 | 38 | 94 |
**Computer Science** | 5.25 | 97 | 38 | 94 |
**Criminology** | 5.25 | 97 | 38 | 94 |
**Engineering (Honours)** | 6.25 | 97.05 | 38 | 94 |
**Global Studies** | 5.25 | 97.05 | 38 | 94 |
**Information Technology** | 5.25 | 97 RC | 38 RC | 94 RC |

Industry-based Learning

Apply for our industry-based Learning program and gain professional experience with industry placements that count towards your degree.

---

**Prerequisite studies**

**VCE**

English: Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL.

Maths: Units 1 and 2: a study score of at least 27 in English (EAL) or at least 25 in English other than EAL.

1. The scores provided are to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E). RC – Range of criteria.
2. For double degree courses you must meet the prerequisites for both courses. See pages 52-55 for a full list of double degree prerequisites.
3. Only available with some specialisations; see monash.edu/study for full details.
By studying biomedical science, you’ll explore the various body systems and the interactions between organs, tissues and cells, as well as the complex processes that occur to allow us to function and develop normally. You’ll also learn how disruption of these processes can lead to disease and you’ll gain an understanding of how this knowledge fits into the big picture of human health.

Design your own degree: you’ll complete a specialised program and explore electives based on your interests, in areas like biochemistry, immunology and physiology. You can even choose subjects in business or law, to diversify your degree.

**Entry requirements**

**COURSE** | **ATAR** | **IB** | **MG**

**Career options**

Clinical research, dietetics, forensic sciences, government, health education, healthcare marketing, health promotion, nursing, occupational therapy, public health, social work.

---

### Bachelor of MEDICAL SCIENCE AND DOCTOR OF MEDICINE

**COURSE CODE:** M6011

Monash is the only Victorian university to offer two entry points for students considering a career in medicine – one directly from school, and a graduate-entry pathway. For school-leaver entry, the first two years are largely campus-based, although some city and rural clinical placements are possible. Interdisciplinary units introduce the basic medical and behavioural sciences of anatomy, biochemistry, genetics, immunology, microbiology, pathology, pharmacology, physiology, psychology and sociology. If you’re considering graduate-entry into Medicine, please go to our website for further information monash.edu/study

**Entry requirements**

**COURSE** | **ATAR** | **IB** | **MG**
--- | --- | --- | ---
Medicine |  |  |  |  

**Prerequisite studies**

**VCE**

English: Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL. Science: Units 3 and 4: a study score of at least 30 in Chemistry.

IB

English: Level 2. Science: Higher score in Chemistry only. For prerequisite subject requirements, please refer to page 46.

**Direct entry selection requirements**

- You’ll need to undertake the University Clinical Aptitude Test (UCAT)
- Interview – you may be invited to attend an interview based on your UCAT andATAR results. For more information about the UCAT, please visit www.ucat.edu.au

**Extra requirements**

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Awareness of drugs administration policy relevant to your particular year of study
- Fieldwork/clinical expenses.

**Career options**

Cardiology, dermatology, emergency medicine, general practice, gynaecology, obstetrics, ophthalmology, paediatrics, pathology, psychiatry, radiology, surgery.

---

### Bachelor of NURSING

**COURSE CODE:** M2006

Vivacity and currency in research, and links to major teaching hospitals – Monash nursing graduates are sought-after worldwide. Acquire the skills to become a registered nurse who can provide leadership and care across the age spectrum, and gain the ability to provide care in multiple settings, including acute care, primary healthcare and health promotion.

**Entry requirements**

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. Maths: Units 1 and 2: satisfactory completion in two units (any subject combination) of General Mathematics, Mathematical Methods or Specialist Mathematics; or Units 3 and 4: any mathematics.

IB

English: Level 1. Maths: Level 1. For prerequisite subject requirements, please refer to page 46.

**Extra requirements**

- Mandatory immunisation requirements
- National Police Records Check (annual requirement)
- Working with Children Check
- Awareness of drugs administration policy relevant to your particular year of study
- Fieldwork/clinical expenses.

**Career options**

Acute hospital care, aged care, community-based care, medical and surgical, mental health, rehabilitation, palliative care, pediatrics and other specialities.

---

### Bachelor of Nursing Scholars Program

The Bachelor of Nursing Scholars Program has been designed for high-performing students interested in nursing. The point of difference from the Bachelor of Nursing is the additional engagement in an academic support program.
Bachelor of NURSING AND MIDWIFERY (Honours)

In this course you’ll explore the multi-faceted discipline of human nutrition, gain an appreciation of the broad scope of food in society, develop an in-depth knowledge of nutritional and biomedical science, and understand the role of nutrition in health and disease.

As you progress through the course you’ll have the opportunity to undertake a work placement in a nutrition-related industry, work alongside nutrition researchers on a project, or apply for the opportunity to study nutrition overseas at a partner university.

- English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. Science: Units 3 and 4: a study score of at least 25 in Chemistry or Biology.

**IB**

- English: Level 1. Science: Chemistry or Biology only. For prerequisite subject requirements, please refer to page 46.

**Extra requirements**

- Working with Children Check.

Career options

Dietetics, food industry, food science, government and non-government agencies, nutrition research, public health nutrition, sports nutrition.

---

Bachelor of OCCUPATIONAL THERAPY (Honours)

Occupational therapists help people participate to their fullest potential in self-care, play, leisure, education, work, sleep or social activities, as well as promote health and wellbeing.

Our course is accredited by the Occupational Therapy Council Limited, and is recognised by the World Federation of Occupational Therapy which can open up doors for you to work in other countries (each country has its own registration requirements for overseas graduates).

- Ambulance Victoria medical and fitness prerequisites; visit www.ambulance.vic.gov.au for details.

Career options

Paramedic in national and international ambulance services, private services, industry or community-based emergency health services.

---

A pathway to graduate studies

We offer the only paramedic course from a Group of Eight University. Following the completion of your degree, you’ll have the opportunity to undertake the Master of Specialist Paramedic Practice. Monash University has been a leader in graduate education and training for the intensive care paramedic role, as well as within the field of aero medical retrieval.
Bachelor of PHYSIOTHERAPY (Honours)

COURSE CODE: M3002

Peninsula 4 years → February

Prepared to flourish in one of the most in-demand healthcare professions. A degree in physiotherapy prepares you to work independently or as part of a team of healthcare professionals. You’ll gain the skills to practise as a physiotherapist, using exercise, movement analysis, manual therapy and specialist techniques to restore, improve and promote health. After completing your degree, you’ll be eligible to apply for registration to the Physiotherapy Board of Australia.

Entry requirements

COURSE ATAR1 IB1 MG
Physotherapy (Honours) 4 96 30 37 93

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL. Science: Units 3 and 4: a study score of at least 25 in two of Biology, Chemistry, Mathematical Methods (any), Specialist Mathematics or Physics.

IB

English: Level 2. Science/Maths: two of chemistry, biology, physics or Level 3 maths. For prerequisite subject requirements, please refer to page 46.

Extra requirements

• Mandatory immunisation requirements
• National Police Records Check (annual requirement)
• Working with Children Check

Career options

Public health, private practice, sports physiotherapy, rehabilitation, paediatrics, research.

Bachelor of PSYCHOLOGY (Honours)

COURSE CODE: M3005

Clayton 4 years → February

Designed for those with a passion for understanding human cognition and behaviour, this course provides a comprehensive education in human psychology – from normal to abnormal psychology, and from the genetic/molecular level to the individual and group-behavioural level. If you successfully complete the first three years (144 points)1 of the course but do not meet the academic standard hurdle for the fourth year you’ll graduate with the Bachelor of Psychological Science. You may then apply for other fourth-year psychology programs at Monash, in particular, the Graduate Diploma in Professional Psychology or the Graduate Diploma in Psychology Advanced.

Entry requirements

COURSE ATAR1 IB1 MG
Psychology Honours1 4 87 60 31 78

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL.

IB

English: Level 1. For prerequisite subject requirements, please refer to page 46.

Career options

Clinical neuropsychology, clinical psychology, educational and developmental psychology, health services, human resources and management, not-for-profit organisations, organisational psychology, protective services, research, social services.

Bachelor of PUBLIC HEALTH

COURSE CODE: M2012

Clayton 3 years → February

From promoting good health, through to preventing disease and managing illness and disability, public health focuses on populations and communities rather than on individuals. This course focuses on developing, implementing and evaluating programs and policies to promote health and prevent disease and injury, as well as undertaking public health research.

Entry requirements

COURSE ATAR1 IB1 MG
Public Health 3 89.70 32 75

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. Maths: Units 3 and 4: a study score of at least 22 in Mathematical Methods (any) or Specialist Mathematics, or a score of at least 25 in Further mathematics.

IB

English: Level 1. Maths: Level 2. For prerequisite subject requirements, please refer to page 46.

Career options

Clinical research, disease prevention, government services, health planning and management, health promotion, non-government organisations, practice and policy, social work.

Bachelor of RADIATION SCIENCES

COURSE CODE: M2017

Clayton 3 years → February

Radiation therapy is an exciting and engaging healthcare field that uses ionising radiations for the treatment of cancer and benign conditions. Studying radiation sciences at Monash allows you to combine scientific and technical knowledge with studies in health and patient care, and prepares you for an 18-month graduate master’s program in radiation therapy.

Specialisations

• Radiation Sciences
• Informatics – combines radiation sciences with IT application and knowledge

Entry requirements

COURSE ATAR1 IB1 MG
Radiation Sciences 3 86.40 51 78

Prerequisite studies

VCE

English: Units 3 and 4: a study score of at least 27 in English (EAL) or 25 in English other than EAL. Maths: Units 3 and 4: a study score of at least 25 in Mathematical Methods (any) or Specialist Mathematics, or a score of at least 30 in Further Mathematics.

IB

English: Level 1. Maths: Level 3. For prerequisite subject requirements, please refer to page 46.

Extra requirements1

• Mandatory immunisation requirements
• National Police Records Check (annual requirement)
• Working with Children Check

Career options

Challenging and fulfilling opportunities await those who successfully complete the program. There’s an increasing demand for adaptable radiation therapists in response to the ageing population, expansion of services in regional Australia, and organic growth of the industry.

Gain general registration as a radiation therapist2

If you’re interested in becoming a registered radiation therapist through the Medical Radiations Practice Board of Australia (MRPPA), you’ll need to complete additional studies – for example, Monash’s Master of Radiation Therapy. Once you’ve successfully completed this master’s, you’ll then be eligible to register with the MRPPA.

For more information, visit monash.edu/study/courses/find-a-course/2020/radiation-therapy-m6904

1. Students must normally complete 184 credit points and achieve a minimum of a distinction (70) per cent average in PSI201, PSI202, PSI203, PSI204 and PSI205 in order to proceed to the fourth year of study.

2. These courses are designed to be used as a guide only, and are either the lowest selection rank to which an offer was made in 2021 or an estimate (E).

3. Some options may require additional study.
**Bachelor of RADIOTHERAPY AND MEDICAL IMAGING**

**COURSE CODE:** M3006

This course is designed to develop expert skills to become a registered radiographer, enabling patient diagnosis and management by using X-rays – including CT scanning, ultrasound and magnetic resonance imaging (MRI) – to create diagnostic images for analysis and interpretation. Radiographers are also responsible for implementing best practice imaging protocols. The program is designed to allow closely related integration between the classroom and the clinical workplace.

- Working with Children Check
- Level 1 First Aid certificate

**Career options²**

Application specialist, nuclear medicine, private practice, public health, radiography, research, sonography.

---

**Bachelor of PHARMACEUTICAL SCIENCE**

**COURSE CODE:** P3001

In 2020, Monash ranked No. 2 in the world for pharmacy and pharmacology² (only Oxford ranked higher). Under the guidance of expert academics, you’ll study the chemistry, biology, biomedicine and delivery technology of medicines and improve human health by learning how to develop more reliable, accessible and effective medicines.

We offer a hands-on course where you’ll gain the technical and professional skills that will enable you to put your knowledge into practice.

Monash’s long-standing relationships with major employers in the pharmaceutical sector and related industries will put you in a competitive position where you’ll graduate armed with the skills employers are looking for.

Academia, biomedical research, biotechnology, clinical trials, drug analysis, pharmaceutical industry, regulatory affairs, research and development, toxicology.

---

**Bachelor of PHARMACEUTICAL SCIENCE ADVANCED (Honours)**

**COURSE CODE:** P3002

This advanced version of the Bachelor of Pharmaceutical Science has been tailored for high-achieving students. You’ll learn how to develop reliable, accessible and effective medicinal products, and translate new drug insights into treatments for patients. The third year of the course includes an extended placement in one of our pharmaceutical research groups, which will give you the skills and independence to conduct a substantial research project in your fourth (honours) year.

Bachelor of APPLIED DATA SCIENCE

COURSE CODE: S2010

Clayton 3 years → February

We live in a time where information and knowledge have never been more abundant. The decisions that shape our future will rely on graduates who can extract meaning from large volumes of data and transmit it to community and industry leaders.

The Bachelor of Applied Data Science is a program of study that equips you with the skills necessary to provide solutions to a wide range of problems. You'll bring together key skills in information technology and mathematics, and apply these to real-life projects.

This unique blend of skills will empower you to apply data science to a wide range of industries, making you a highly desirable problem-solver.

Bachelor of APPLIED DATA SCIENCE ADVANCED (Honours)

COURSE CODE: S3003

Clayton 4 years → February

The advent of big data is creating the need for a unique set of skills. This advanced program is designed to equip you with the necessary skills to provide solutions to a wide range of problems.

This four-year specialist course will develop your technical know-how in approaching these challenges. A new and specially designed stream of units will harness core skills in data science and mathematics for a series of authentic, interdisciplinary problem-solving challenges.

From the first year of the course, you'll also complete a series of studio-based units where you'll apply the knowledge you've developed to real-world projects. In the final year, you'll synthesise the knowledge acquired during the program in an individual research project.

Bachelor of SCIENCE ADVANCED – GLOBAL CHALLENGES (Honours)

COURSE CODE: S3001

Clayton 4 years → February

This course includes all the elements of a Bachelor of Science, and more. In addition to studying the scientific discipline of your choice – from the broad range available – you’ll receive high-level training in leadership, persuasive communication, entrepreneurship, policy, ethics and corporate social responsibility. The program includes an overseas industry placement.

Selection requirements

Complete a written submission and, if shortlisted, attend an interview in person. vtac-sup.adm.monash.edu/SupplementaryVTAC

ADMISIONS AND APPLICATIONS

HOW TO APPLY

**Semester 1 entry – apply through VTAC**
If you’re aiming for semester 1 entry into undergraduate courses at Monash, you must apply via the Victorian Tertiary Admissions Centre (VTAC) at www.vtac.edu.au, unless specified in this course guide. VTAC applications open in August each year.

**Semester 2 entry – apply to Monash University**
If you’re applying for mid-year entry, you must apply directly to Monash. monash.edu/admissions/apply/online

Requirements
To be considered for an undergraduate course, you need to meet Monash’s entry and course-specific requirements, as well as the English language minimum prerequisites. Some parts of these, such as VCE study scores and extra requirements, are subject to change, so check the Monash website for the most up-to-date information on the course for which you’re applying. Meeting the minimum requirements doesn’t guarantee entry to a course, as there may be more applicants than places available. monash.edu/study

FEES

We’re committed to providing you with an ever-evolving, modern, student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We’re investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those that aren’t yet created.

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirror the true cost of delivering a premium educational experience where you’ll learn from some of the finest minds in the world.

Commonwealth Supported Places
In the Australian higher education system, Australian citizens, New Zealand citizens and Australian permanent visa holders who undertake a course of study in Australia are considered domestic students and are eligible for a Commonwealth Supported Place (CSP). A CSP is a subsidised enrolment where the government pays for part of your course and you only have to pay the Student Contribution Amount (SCA). Each unit of study is classified into a student contribution band, depending on the study area of the unit (this may be different from the study area of your course). The amount you pay for your unit of study is usually the maximum allowed by the government for that band.

Eligible CSP students may use a HECS-HELP loan to pay for all or part of the SCA. monash.edu/enrolments/government-loans/commonwealth-supported-place

Student Services and Amenities Fee (SSAF)
Students enrolled at Monash University in a CSP are also charged a Student Services and Amenities Fee (SSAF).

In 2021, the maximum SSAF was $313; this fee may differ in 2022. Eligible students may use a SA-HELP loan to pay for all or part of the SSAF. monash.edu/fees/fee-types/amenities

Deferral
At Monash, you’re allowed to defer your course for up to 12 months. Deferral for longer than a year may be considered in exceptional circumstances – for example, financial difficulties or compulsory military service.

Some courses don’t allow you to defer your studies – please contact the faculty of your chosen course for advice if needed. Scholarship holders should also check the conditions before applying, as not all scholarships can be deferred.

Applications for deferment need to be made on the web enrolment systems, or on a deferment application form and lodged with the relevant faculty before the end of the specified enrolment time. monash.edu/admissions/study-options/defer

Career options
Banking, biotechnology, biomedical science, cryptology, environmental geoscience, genetics, finance, food chemistry, forensic science, industrial physics, mathematical modelling, weather and climate change, and much more.

Note: Mathematics or Further Mathematics can only be used if not counted towards the maths prerequisite.

Monash University – Clayton for 4 years from February and July

1. Duration is based on a standard full-time load of 40 credit points per annum.
2. Science approved fields: Biology, Chemistry, Environmental Science, Geography, Mathematical Methods (only), Specialist Mathematics, Physics or Psychology. Mathematics, Psychology, Biological Science, Environmental Science, Geography, Mathematical Methods, Physics and Psychology. (Scholars Program).
3. Indicators - The scores provided are indicative only and may differ from the lowest selection rank due to changes in the level of difficulty.
4. Indicators - The scores provided are indicative only and may differ from the lowest selection rank due to changes in the level of difficulty.
5. Master’s accelerated pathway.
7. Bachelor of Pharmacy (Honours) is an accelerated course where students may complete the degree in four years. Students may commence in Caulfield in year one and then transfer to Clayton in year two.
8. Bachelor of Pharmacy (Honours) is accelerated and is available with all specialisations. Please see: https://www.monash.edu/study for more information.
9. Bachelor of Pharmacy (Honours) is an accelerated course where students may complete the degree in four years. Students may commence in Caulfield in year one and then transfer to Clayton in year two.
10. Bachelor of Pharmacy (Honours) is accelerated and is available with all specialisations. Please see: https://www.monash.edu/study for more information.
DOUBLE YOUR OPTIONS WITH A DOUBLE DEGREE

A Monash double degree course allows you to study towards two degrees at the same time.

What is a double degree course?

Monash offers two types of double degrees: a double undergraduate degree and an undergraduate/graduate double degree. A Monash double undergraduate degree course allows you to study towards two degrees at the same time. This means you can keep your options open, develop expertise in different but complementary areas, or simply pursue two areas of interest in greater depth. You’ll be awarded with two transcripts, one for each degree completed.

Double undergraduate degree

How long does it take?

A double undergraduate degree course takes two years less to complete than studying towards the two degrees separately. This is because the required units in one course count as electives in the other. For example, if you decide to take a Bachelor of Engineering (Honours) and a Bachelor of Commerce, it’ll take you five years instead of seven. Therefore, you would take all of the common core units for engineering as well as your 18 units of specialisation. You’ll also take all the prescribed core units in commerce as well as eight units that make up your commerce major. So, not only will you save two years of time, you’ll also save two years of course fees.

Bachelor’s/master’s double degree courses

Some double degree courses incorporate both an undergraduate and graduate element. After five years you’ll graduate with both a bachelor’s and a master’s degree. These courses, covered entirely by Commonwealth Supported Place (CSP) funding, are:

- Bachelor of Medical Science and Doctor of Medicine
- Bachelor of Pharmacy (Honours) and Master of Pharmacy

In addition, the Bachelor of Arts (page 20) and the Bachelor of Engineering (Honours) (page 30) offer accelerated master’s pathways that enable you to complete an expert master’s course with only one further year of study.

</table>

* Under this arrangement, years one to three, including the four master’s units, are covered by CSP funding. The final fourth year is the standard full-time master’s program.

Entry requirements

Some double degree courses may require you to study across two campuses in order to complete your course. To be eligible for admission to a double degree course, you’ll need to meet the academic entry requirements for both single degree courses. For example, if you’re applying for the Bachelor of Laws and Bachelor of Music, you’ll need to satisfy the subject prerequisites for both courses as well as any range of criteria requirements that apply for either of the courses. The back tables in this brochure provide a guide to the overall score, or an estimate, required for admission in 2020. All scores are to be used as a guide only. See page 52 for full entry requirements.

Entry requirements

1 Available only with the industrial design specialisation.
2 Available only with the formulation science specialisation.
DOUBLE DEGREE COURSES AT A GLANCE

Monash University has the largest offering of double degrees in Australia.

For admission to double degree courses, generally the higher requirements for the two component single degree courses is a good indicator of the likely requirements for the double degree course. Where there is a range of criteria for one of the component courses, these criteria will still apply to the double degree course.

In each case you should expect to meet the entry level of each of the single degree courses. Some double degree courses may require you to study across two campuses in order to complete your course.

</table>

1. Duration is based on a standard full-time load of 40 credit points per session.
2. Science approved list: VCE: Biology, Chemistry, Experimental Science, Geography, Mathematical Methods (any), Specialist Mathematics, Physics or Psychology. IB: 96 points or higher, Chemistry, Experimental Science and Biology (HL only), Further Mathematics (HL only), Further Mathematics (SL only), Further Mathematics (LS only).
3. ATAR – The scores are produced to be used as a guide only and are either the lowest selection cut to an offer made in 2021 or an estimate (E).
4. Depending on your Arts major, you may take the Arts component at Clayton or Caulfield.
5. This course is an additional requirement for students who have taken double degrees.
6. Media communication subjects will be taken at Caulfield campus.
7. The Bachelor of Education (Honours) is an accelerated course where you’ll be required to undertake more than the standard annual load of 40 credit points in your two and/or three years in order to complete the course in four calendar years.

Universities use some words you might not be familiar with. So to make sure nothing is lost in translation, we’ve put together a list of explanations.

**Prerequisites**
Previous study or other criteria required to gain admission into a particular course or unit.

**Undergraduate course**
The first level of tertiary studies at university, including diploma or bachelor degree courses.

**Units**
Subjects that make up your course are known as units.

**Elective**
A unit where you choose what unit to study. The choice may be from a specified list of units, or it may be a free elective where you can choose any unit within Monash providing you have the necessary entry requirements and there are no restrictions on enrolment in the unit.

**Degree**
The academic title you get when you complete a course of study. For example: Bachelor of Arts, Master of Business.

**Double degree courses**
Two courses studied concurrently with required units in one course being counted as elective units in the other. A double degree takes fewer years to complete than if you studied one after the other.

**Comprehensive course**
These courses allow you to select from a wide range of subjects within a broad field of study. You have the option to choose your major immediately or later, and you’ll try a range of subjects in your first year before narrowing your focus in year two — while still having the opportunity to try new things — before finally committing to your major area of study.

**Major**
The main area of study chosen in a comprehensive course, study in a single discipline, totaling 48 credit points (eight units) taken sequentially over three years. You don’t need to declare your major when you enrol.

**Extended major**
An extended version of your major requiring you to study 72 credit points (12 units) over three years.

**Minor**
Study in a single discipline, totaling 24 points (four units).

**Specialist course**
A structured course usually focused on developing the knowledge and skills needed for professional practice in a specific field or profession.

**Specialisation**
Taken in specialist courses, a specialisation is a minimum of 12 units in a particular discipline, and provides an in-depth education in your chosen field. You must choose your specialisation when you enrol.

**Honours**
Honours may be an extra year of study at the end of your undergraduate degree. All of our four-year undergraduate courses include honours in their structure.

**Graduate courses**
Further study completed after you graduate with a bachelor’s degree.
DISCOVER MORE TO CHANGE MORE AT OUR 2021 EVENTS

Monash Information Evenings
March to September
We’ll be in your local area to answer your questions on everything you need to know about Monash, including our courses, accommodation, scholarships and student life.
monash.edu/information-evenings

Inside Monash
March to August
Get the inside story from our faculties about what it’s really like to study at Monash.
monash.edu/inside-monash

Open Day
Open Day is your chance to experience what life at Monash is all about! You’ll be able to explore our campuses, meet current students and staff, find out more about our courses, and get a taste of everything Monash has to offer.
