

MDP Pathway Visual Planner

- The MDP Planner is to assist students with mapping out prospective Professional Development Activities.
- The Professional Development modules are divided into two key areas:
 1. Excellence in Research and Teaching
 2. Professionalism, Innovation and Career
- Students must complete a total 120 hours of Professional Development before the Final Review Meeting.
- Completion of the Professional Skills Development Rubric in discussion with supervisors will provide students with assistance and direction in identifying key areas for Professional Development.

A list of available Professional Development modules can be found here:

<https://sites.google.com/monash.edu/mnhsphdworkreadysuite/home>

To complete the MDP Planner students should identify key areas and the relevant Professional Development modules. This document is designed to help students identify core areas of interest and

Excellence in research and teaching

Key areas of interest	Identified Modules	Hours
E.g. Digital Literacy	Excel- 2016 Advanced Formulas and Functions	6.5 hours

Professionalism, Innovation and Career

Key areas of interest	Identified Modules	Hours
