MONASH EUROPEAN RESEARCH FOUNDATION ETS

CONNECTING EUROPE WITH MONASH'S GLOBAL RESEARCH ENGINE

Italy-based. Europe-linked. Monash-powered for Horizon Europe (PIC 885280492).

For 25 years, Monash's Prato campus has served as a hub to cultivate trusted relationships with European institutions, governments, and industry. This enduring presence provides a foundation for impactful partnerships, supported by Monash's extensive global network that includes campuses in Australia, Malaysia, and Indonesia as well as footprints in China, India, and the USA. Our transcontinental research ecosystem connects Europe to one of the fastest growing and consequential regions of our times: *the Indo-Pacific*.

UNMATCHED DEPTH, UNRIVALLED BREADTH

With expertise drawn from ten faculties, Monash brings true interdisciplinary capability at scale. Our world-class research infrastructure covering four key capability areas – drug discovery and development, biomedical and life sciences, advanced manufacturing and materials, and digital research – helps translate ideas into impact. Combined with strong global partnerships, rich human expertise, and a proven record of impactful collaboration, Monash is an invaluable partner for Europe's most forward-looking research initiatives.

EMBEDDED IN EUROPE

We've participated in 45 Horizon 2020 and Horizon Europe projects, built partnerships with more than 100 universities and research institutes across the EU, and engaged through our global partner status with the EUTOPIA University Alliance.

We bring our Asia-Pacific expertise into conversation with Europe via these activities.

MONASH University

INTERNATIONAL CAMPUS NETWORK

We're a founding member of the Group of Eight (Go8), a coalition of Australia's leading research-intensive universities, recognized globally for high academic standards and significant contributions to world-class research. Our membership signals excellence comparable to Europe's top institutions.

RESEARCH STRENGTHS ALIGNED WITH EUROPEAN PRIORITIES

MUERF enables Monash to work across all three pillars of Horizon Europe, and our research portfolio is closely aligned to the scheme's missions and priorities, including:

- Climate Change and Energy Transition
- Health and Wellbeing
- Digital Transformation
- Materials Innovation and Advanced Manufacturing
- Resilient Democracies and Inclusive Societies

FIVE GREAT REASONS TO PARTNER WITH US

1. Co-Create Solutions Where the Future is Being Shaped
Our Horizon Europe-eligible campuses in Malaysia and Indonesia, plus partnerships across China and India, position you for collaborative research where economic, environmental, and geopolitical momentum is shifting fastest.

Address defining challenges from climate adaptation to digital governance, together.

2. First-Mover Advantage in the Evolving Research Landscape

Australia's advancement towards Horizon Europe association and the Commission's Indo-Pacific R&I strategy unlock unprecedented co-funding pathways.

Secure strategic positioning, consortium scale, and regulatory interoperability before competitors do.

3. Exceptional Research Excellence That Strengthens Your Consortia
Australia represents 0.3% of the world's population yet delivers 3% of global research output—top-50 ranked Monash leads this performance.

Partnership brings world-class methodologies, advanced facilities, and a proven track record that strengthens Horizon Europe proposals.

4. European Responsiveness, Indo-Pacific Access
MUERF's base in Italy eliminates time zone friction with direct EU experience and support.

EU-aligned standards mean administrative harmony. Your teams can focus on breakthroughs not bureaucracy.
