IF YOU DON’T LIKE IT, CHANGE IT.

For 60 years, we’ve been working to change the world, and we’re not about to stop. At Monash, we see challenges as opportunities to make things better.

It’s hard to imagine a time when the need to make positive change has been greater than now.

We want you to help us do it.

Whether you want to change your life, your career, your community or the world, your journey starts at Monash.

As a university with a global footprint, we know we have to play our part in solving the problems facing the world.

That’s why all Monash students, lecturers, researchers, professional staff, alumni and supporters contribute to making real change.

You, too, have the opportunity to step up and make a difference.

Are you ready?

Ready to make a change? Click here to learn more.
Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in China, Malaysia, Indonesia, Italy, and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever.

Each Monash campus has its own personality, and all are friendly, welcoming communities where you’ll feel at home.
LIFE-CHANGING RESEARCH

Monash research strives to make a positive difference in the world.

Even before we became the global university we are today, our researchers looked beyond traditional boundaries, discovering ways of approaching the fields in which they worked. It’s why a Monash education is so respected around the world. Things that we now take for granted wouldn’t exist without the initial work of Monash researchers.

Today, our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we’ll help our researchers make it happen.

eBikes pedal up on safety with EEG technology

As more cyclists take to the streets, the risk of accidents also increases. Research from Monash University, IBM Research - Australia and the University of Southampton, have developed an e-bike prototype that has the ability to “read” a cyclist’s mind and respond to a potentially dangerous situation, providing a much safer and enjoyable ride.

Professor Florian ‘Floyd’ Mueller, Director of the Exertion Games Lab in the Faculty of Information Technology at Monash University and co-creator of this technology, sees this ground-breaking research as an opportunity to further human-computer interaction experiences in real-time, where the rider and the e-bike “fuse” together to support each other.

Monash researcher named Australian Young Water Professional of the Year

Dr Paul Satur, from the Monash Sustainable Development Institute, has worked to progress the water sector beyond best-practice goals. His passion and focus lie in helping remote, local communities, both in Australia and around the world, to develop the knowledge, tools and influence to ensure access to clean, drinking water.

Breakthrough blood test detects positive COVID-19 results in 20 minutes

Monash University led the charge in combating COVID-19 with the development of blood tests that could detect positive COVID-19 case in approximately 20 minutes.

This breakthrough aided governments and health experts with contact tracing and limiting community spread.

When to send an ambulance

Triple-0 calls can be intense conversations. The caller is often stressed and unsure about what they’re witnessing. And it can be difficult for the triple-0 operator to collect and sort through all of the key information. This can sometimes cause delays in making the decision to send an ambulance.

AI can help speed things up. Professor Ann Nicholson is working with Monash IT’s Associate Professor Burak Turhan to develop AI technology to improve response times to cardiac arrest. Accordingly to Ambulance Victoria, the development of such a system, could help save up to 185 lives per year.
A GLOBAL OUTLOOK

If you’re passionate about tackling global challenges and collaborating with some of the brightest minds in your discipline area, then Monash is the place where your ideas and actions can gain momentum.

Our graduate degrees will give you the edge in the employment market and prepare you for the professions of the future, both in Australia and overseas.

Our industry-relevant courses are embedded with the leadership, entrepreneurial and commercialisation skills that will advance your career. You can take a semester at the King’s College London, undertake master’s units at the Monash Centre in Prato, Italy, or complete a double master’s program with one of our international partners.

Globally connected, our alumni network is at the forefront of social and technological progress at many of the world’s best companies. If you aspire to make a positive impact in the world, you’ll find Monash learning is all about discovery, creativity, challenge and opportunity.

GET READY TO SEE THE WORLD*

International placements
Choose from a range of international placements – Asia, Africa, Europe and the US.

Overseas internships
Intern at the United Nations, New York, or Shandong Television in China – just two of many options.

Monash Malaysia
Our Monash Malaysia campus offers students the opportunity to spend a semester at Monash University’s third-largest campus which offers a distinctly international and culturally rich environment.

Monash Prato, Italy
Study at the Monash Prato Centre in Italy – offerings include fine art, architecture, Italian and law.

Connect
Connect with 360,000-plus alumni across the globe.

---

* Due to the Covid-19 pandemic, international travel restrictions are in place at the time of printing. Consequently, our offer of study abroad programs will be dependent on and subject to international travel restrictions. For further information please visit, monash.edu/study-abroad

2022 INTERNATIONAL GRADUATE COURSE GUIDE
GET AHEAD WITH MONASH

Click here to find out how a Monash education prepares you for success into the future.

From day one, a Monash education sets you on the path to future career success.

Our programs and platforms are designed to get you career-ready.

**Career Connect**
Our Career Connect program gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching.
[monash.edu/career-connect](monash.edu/career-connect)

**Student Futures**
Our Student Futures platform allows you to collate the real-life skills that will show employers you have what they’re looking for, taking into account not just your university activities, but those that are part of your ‘outside’ life – paid work, family responsibilities and contributing to your community.
[monash.edu/student-futures](monash.edu/student-futures)

**Develop leadership**
While studying, you’ll be encouraged to foster the skills for effective leadership that will enable you to positively influence the University, your community and, eventually, the world.
[monash.edu/students/leadership](monash.edu/students/leadership)

**Monash Talent**
With our employment service, Monash Talent, you can start your career search without stepping foot off campus. We have a team of recruitment specialists who’ll connect you with reputable employers and match you with jobs that suit your skills and passions.
[monash.edu/talent](monash.edu/talent)

**Mentoring**
Throughout your studies here, you have the opportunity to mentor or be mentored. You can share or gain insights about life at university, career planning, building employability, as well as future goals.
[monash.edu/mentoring](monash.edu/mentoring)
THE CHOICE IS YOURS

We know that when, where, how and what you study is critical to progressing your career, skills and knowledge.

You might be a professional looking to gain expert knowledge in your current field, or you might be looking for a career change. Or maybe you want to complement your existing knowledge and experience by tackling study in a new discipline so that you develop a competitive edge in your career.

We offer a comprehensive graduate coursework portfolio that includes graduate certificates, graduate diplomas and master’s programs. Our range of graduate course options allows you to choose the qualification level and course duration that suits your needs.

Depending on which path you take, you may be eligible for credit for your prior qualifications and/or experience. This could reduce the duration of your course and lower the overall cost.

Graduate certificates
These are our six-month courses, and provide a way to broaden your knowledge base within a shorter period of time. They can give you a sense of what’s involved with graduate coursework studies.

Completing your graduate certificate not only provides you with a qualification, it can also create an opportunity for you to pursue further studies in either a graduate diploma or a master’s degree, and can shorten your study time should credit be available.

Graduate diplomas
Through our one-year graduate diploma courses, you could develop a broader understanding in your chosen area of study. Completion of a graduate diploma can also provide a pathway to further studies at a master’s or doctorate level. If you decide to pursue further studies in your chosen field, you may be eligible for credit which would reduce the overall duration.

Master’s by coursework
We offer a broad portfolio of master’s by coursework programs, with options available in nine of our faculties. These courses can run from two to four years, and you may receive credit for prior studies and/or experience which would allow you to complete your studies in a shorter time.

Our master’s courses provide opportunities for professionals to further develop specialist knowledge in their chosen field, or for individuals to change their career direction entirely and undertake study in a new discipline.

You can see the full list of our graduate coursework offering on pages 22-23.

Whatever your ambition, Monash can help you get there.
WORK WHILE YOU STUDY

From day one, a Monash education sets you on the path to future career success.

WORK-INTEGRATED LEARNING

Our programs and platforms offer work-integrated learning experiences and engagement with industry. You’ll develop an enterprising mindset, hone your employability skills and gain a competitive edge in the graduate employment market.

Incorporate professional experience into your studies through clinical placements, fieldwork, study tours, placements, or internships. Each of our ten faculties offer work-integrated learning options. We’ve listed just a few.

I undertook a clinical placement with Tradelab, a Geneva based non-profit organisation that assists developing countries with trade-related legal matters. This internship was valuable as it gave me an opportunity to gain practical working experience and at the same time make a meaningful contribution to the future of sustainable infrastructure development.”

PRATIK AMBANI
Master of Laws (Juris Doctor), 2019

I chose Monash specifically, because unlike similar programs in other universities, this program offered internship opportunities where we learn to apply our knowledge and skills in a real-life settings. My internship with Janssen enabled me to seek guidance from people with years and years of experience within the pharmaceutical industry. Janssen arranged an intern engagement program where I had the opportunity to talk with people from different parts of the company each week. They also involved me in meetings where I could observe how different roles work together in a cross-functional team. I gained an understanding of how much science is involved and how it fits within a pharmaceutical company. This experience opened my eyes to a wide range of roles where science is highly utilised.”

ASSIFA NUR HISANA
Master of Biomedical and Health Science, 2020

Click here to learn more about our work-integrated learning options

IT and Engineering
Both our IT and Engineering faculties have specific Work-integrated Learning opportunities throughout their graduate offering.

Monash Business School
Monash Business School offers practical experience with many of their courses, with many of their courses providing accreditation and professional recognition.

Monash Law School
Monash Law offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

Monash Law School
Monash Law School offers practical experience with many of their courses, with many of their courses providing accreditation and professional recognition.

Medicine, Nursing and Health Sciences
Our school of Medicine, Nursing and Health Sciences have created placement requirements through many of their graduate courses, all designed to maximise your professional development.
In this video, two professors at different universities join forces to demonstrate quantum physics.

At Monash we offer a mix of both in-person and online learning.

Some Monash courses are fully online, while others provide the opportunity to undertake some studies online and some on campus. We also offer online learning if you’re unable to attend on-campus due to current travel restrictions. While travel restrictions are in place you can commence and continue your studies fully supported by our education technologies and academic staff. Once you’re able to travel you can transition to on-campus programs.

Online learning at Monash can look different depending on what course and units are studied. For example, in some units, you’ll be listening to livestreams of lectures, and attending virtual tutorials via Zoom; in others you’ll be watching chemistry prac recorded by our lecturers and teachers.

At Monash, we want you to get the most out of your education experience. To achieve this, we use a variety of tools and platforms to support and enable online learning.

These include Moodle, Echo360, Panopto, and Zoom.

MOODLE
Moodle is an essential go-to point for:
• Course content
• Reading lists
• Assessment and study requirements
• Assignment uploads
• Discussion forums
• Contact information for tutors and lecturers

ECHO360 and PANOPTO
You may use Echo360 to watch lecture recordings or Panopto to upload video assignments.

ZOOM
Zoom is a technology used to facilitate meetings and online classes.

These platforms and tools are the main systems in use by Monash to support day-to-day online learning, and are easy to use with plenty of support available to ensure you have access at all times.
Peninsula campus’ Gillies Hall is the largest commercial Passive House building in Australia, and is the most energy-efficient structure Monash has built. Gillies Hall won gold in the ‘Architecture – Multi Residential – Constructed’ category at the 2019 Melbourne Design Awards for its green credentials.

ON-CAMPUS ACCOMMODATION
Our on-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There’s also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Prices for on-campus accommodation range from $240 to $303 per week.

We also have dedicated graduate wings in our urban community halls exclusively for graduate students. They’re quieter and often include shared spaces to study and connect with your neighbours.

If you’re a graduate or mature-aged student you’ll be allocated a room within a graduate wing. Applications are free and open in September. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

With students from 70 countries and a wide range of facilities on your doorstep, discover why on-campus accommodation is much more than just your room.

monash.edu/accommodation

COST OF LIVING
Before you begin your studies at Monash, it’s a good idea to plan and prepare a budget.

Below are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures (in Australian dollars) are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things like medication and other personal items, such as clothes.

All costs are subject to inflation.

Depending on your chosen course, additional costs may apply for class materials and other requirements. Please make sure you check any additional costs for your course before commencing your studies.

Off-campus accommodation
- Hostels and guesthouses $90 to $150 per week
- Rooming houses $85 to $215 per week
- Private rental $165 to $440 per week
- Boarding schools $11,000 to $22,000 per year

Other living expenses
- Groceries and eating out $80 to $280 per week
- Gas and electricity $35 to $140 per week
- Phone and internet $20 to $55 per week
- Public transport $15 to $65 per week
- Car (after purchase) $150 to $260 per week
- Entertainment $80 to $150 per week

* The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation costs include gas, water, electricity, internet, residential parking permit and more. Click monash.edu/accommodation/pricing for more information.

** Prices shown here are based on a typical three-bedroom house.
Our Australian base is a vibrant, multicultural city that offers an abundance of cultural festivities, international sporting events, cafes and restaurants with cuisines from around the world, beautiful parks and beaches, and an eclectic mix of music and arts. You couldn’t pick a better place to live.

As one of the world’s most liveable cities1, you can expect excellence in public transport and healthcare, as well as opportunities for casual work while studying. Plus, Melbourne is renowned as a welcoming environment for international students, providing a home away from home.

1 Economist Intelligence Unit 2019.
At Monash, you’re at the centre of everything we do.

We offer you careers counselling, academic support, health and wellbeing services, professional development opportunities and family support. We can even help you find somewhere to live. You can also take advantage of academic support services and modern study facilities designed specifically for graduate students. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

monash.edu/study/student-life

ACADEMIC SUPPORT

During your studies, you can access academic support programs to improve your written and oral expression, reading, listening and note-taking skills. Tutors are available to guide you through research methodologies, conference presentation and the best way of submitting academic papers.

Monash Connect

Monash Connect can advise you on anything from admissions, enrolment, fees, academic support, language support, graduations and scholarships. Student service centres are located on all Australian campuses. We now offer ‘live chat’ to new and existing students. It’s just another way we’re making it easier to find out what you need to study at Monash.

monash.edu/connect

Monash Postgraduate Association (MPA)

As a Monash graduate student, you’ll automatically become a member of the Monash Postgraduate Association, which provides services for graduate students such as social functions, newsletters and publications, advice, advocacy and mediation, and seminars to help you transition from study to a successful career.

mpa.monash.edu

Dedicated learning spaces

We value the work of our research students and have invested in purpose-built facilities that reflect this. The PhD Hub in Building 88, 27 Sports Walk, Clayton campus, is open 24/7 to all graduate research students, while the Graduate Student Hub in Building 89, 21 Sports Walk, Clayton campus, is open from 7am to midnight for our graduate coursework and research students. In addition to these spaces, there are a number of central facilities dedicated to graduate students across our Clayton, Caulfield and Peninsula campuses.

monash.edu/graduate-research/current-students/graduate-spaces

Monash Professional Pathways

Through a combination of classroom-based programs (courses) and industry-based learning experiences (internships), Monash Professional Pathways supports those seeking professional experience and careers in Australia. Through us, graduates are better able to secure employment in their chosen fields and perform to employer expectations in their roles.

monashprofessional.edu.au

PERSONAL SUPPORT

Career guidance

Take advantage of our career development programs and individual career counselling.

monash.edu/careers

Family support

Monash University is proudly committed to supporting staff and students with family responsibilities by providing discounted fees at four quality childcare centres across Clayton, Caulfield and Frankston. Check the centres’ websites for further details, and to organise a tour of the facilities.

monash.edu/childcare

Monash Sport

Monash Sport offers a wide range of group fitness classes, gym memberships, aquatic activities and competitive or social sports.

monash.edu/sport

Wellbeing

Each Monash campus features a health, wellbeing and development hub with counsellors, medical practitioners, student advisors and a team of people from different faith communities to support you in all facets of university life – from accommodation and financial aid to life-balance issues.

monash.edu/health

Disability support services

If you have a disability or medical condition that impedes your study, the Equity and Diversity Centre will help you access services such as learning support, assistive software or equipment loans.

monash.edu/disability

At Monash, you’re at the centre of everything we do.

We offer you careers counselling, academic support, health and wellbeing services, professional development opportunities and family support. We can even help you find somewhere to live. You can also take advantage of academic support services and modern study facilities designed specifically for graduate students. We recognise the richness and depth of our Monash community, and are committed to diversity and inclusion.

COURSE INFORMATION FAST FACTS

Look for these icons on each course page for key information.

Location
Duration
Intakes
$ Fees
In a rapidly changing world, designers need to constantly develop their skills, strategic thinking and knowledge to respond to innovative solutions in the developments in their field.

Ideal for both designers and non-designers, this course focuses on four core design studios that will engage you with design systems, services, processes, environments and objects.

Guided by Monash academics and industry practitioners, you will build technical capabilities and knowledge in design thinking and strategy while developing research capabilities and an entrepreneurial mindset.

Specialisations
- Collaborative design
- Interaction design
- Multimedia design
- Advanced studies in design.

Professional recognition
The Master of Architecture is a 'recognised course' by the Design Institute of Australia – the peak industry body for professional design.

Entry requirements
- Bachelor's degree (or equivalent) in any field
- Distinction (70%) in the final year of your degree
- A minimum of five years of relevant work experience
- Maximum of 75% of the course load may be taken on a part-time basis
- Any other qualifications may be considered on a case-by-case basis

Monash English language level
Level A (see page 90).

Career options
- Registered architect
- Government policy advisor
- Project manager
- Property and community development
- Graduate of design-related courses
- Masters qualification in a related field

Create a master’s degree that suits you
Our courses offer a unique and nuanced approach to their industry and subject matter, and are underpinned by our guiding principles to be innovative, international, and engaged. There are many ways you can create the master’s degree that best suits your interests and career needs:

• Tailor your program by taking specified electives from other coursework master’s degrees offered in the faculty*
• Accelerate your studies, taking units over the winter and summer, and complete your degree in less than one year†
• Apply for professional internships to develop your professional development and networks
• Go on study tours and gain practical, on-the-ground experience both in Australia and abroad

OR

• Create a pathway to a PhD — by completing a research thesis as a prerequisite for future enrolment into a PhD or master’s by research
• Take advantage of leadership opportunities through our Arts Graduate Leadership Program and gain access to professional development workshops

As globalization continues, the demand for language experts, teachers and intercultural communicators has significantly increased. The application of linguistic knowledge to professional contexts is at the heart of the curriculum. You’ll have the opportunity to regularly engage with real-world case studies and practical problem-solving as part of your studies. There’s also an extensive fortnightly seminar series where you can engage with guest lecturers from industry and other universities.

**Career options**

Graduates go on to a broad range of occupations at organisations such as:

- Australian government departments (DFAT, Defence, Attorney General)
- International Red Cross
- United Nations
ARTS, HUMANITIES AND SOCIAL SCIENCES

Develop a greater understanding of the dynamic world of global politics in the 21st century.
You’ll develop foundational knowledge of international affairs, grounded in the key debates framing global politics, and address the big questions about global justice, war, peace, social movements and interstate relations.
This course builds essential skills in global leadership, intercultural communication and facilitating positive change in a context characterised by significant levels of global complexity and connectivity.
Successful completion of this degree can count towards a Master of International Relations for those who desire further study.

Entry requirements

- Bachelor’s degree (or equivalent) in a related field\(^3\) + a Graduate Diploma of Arts
- Monash English language level Level A (see page 96).

Career options

Graduates go on to a broad range of occupations at organisations such as:
- Australian Federal Police
- Australian Trade Commission
- ASEAN Ministry of Foreign Affairs

Keen to further focus your international interests and aspirations? This double-degree could be for you.
You’ll complete one of the specialisations offered within the Master of International Relations and you’ll also take on the main components of the Master of Journalism, giving you the chance to enter the journalism industry or, if you’re already part of the media, to extend your expertise.
This course’s national and international orientation means you’ll use a full range of media technologies and gain insights into approaches to international relations.

Career options

Graduates go on to a broad range of occupations at organisations such as:
- Foreign affairs correspondent
- Graduate Certificate of International Relations and Master of Journalism
- Graduate Diploma of Arts
- Adventure tourism
- Events management
- Cultural institutions

By completing Australia’s most innovative industry-focused tourism program you’ll develop specialised skills in all aspects of the international tourism industry, including tourism marketing and destination management.
This course explores tourism’s potential to be compatible with the development of sustainable organisations, urban and rural regeneration, natural resource management and wildlife conservation, and the diversification of benefits from international and domestic tourism.
This truly global program will see you undertake international field trips, investigate best practice international precedents and study alongside students from around the globe – helping to build the cross-cultural skills that underpin a successful career path in tourism.

Career options

- State, regional and national tourism
- Management consultancy
- Advertising and marketing

Organisations are increasingly looking towards marketing and communications professionals with specialist knowledge in the digital space.

We’ll build on your foundational knowledge of marketing, giving you an advanced understanding of the key learning areas integral to the success of digital marketing strategies.

With a focus on real-world marketing application and the political, social and cultural impact of communications, you’ll be ready to take on opportunities in a number of sectors, including government, corporate and not-for-profit.

You’ll emerge from the Master of Marketing and Digital Communications as a confident communications professional.

We offer start dates per year and you’ll undertake one unit per teaching period. You’ll complete your studies when and where it suits you, with coursework and assessments specifically designed to fit around your busy lifestyle.

Build your skills in advocacy, reputation management, crisis communications, and audience research and analysis.

Taught by leading academics and practitioners in the field, the Master of Strategic Communications Management has a strong applied focus and aligns closely with innovation taking place in the industry.

You'll learn the impact of persuasive storytelling and influence strategies, and will consider the effectiveness of integrated media campaigns using both traditional and digital approaches.

You'll be equipped with the skills and knowledge to build effective communication and stakeholder management strategies, as well as the expertise to communicate with diverse audiences during and after a crisis.

Your studies will be capped with the option of an industry communications field school, professional internship or major research project.

9 Part-time study may be available to international students studying onshore in Australia who hold specific visa categories. Please check your visa for confirmation.

10 This is the total 2021 fee for this 24-credit-point course.

11 This course is not available to international students who are holders of an Australian student visa, for study onshore in Australia. However, holders of some other categories of Australian visas (such as those who hold specific visa categories) may be eligible for this course.

12 This course can be taken in accelerated part-time mode due to the online carousel mode of delivery.
This program is a joint initiative of two Monash Business School departments: the Department of Economics and the Department of Econometrics and Business Statistics.

With a comprehensive theoretical and practical curriculum across your chosen specialisation, you will develop expertise in applied economic and econometric tools to apply to projects in different sectors. You will also have the opportunity to undertake independent research during the course of your studies. In addition, applied econometrics and business economics streams have a PhD pathway, preparing you for doctoral study.

Specialisations
- Applied econometrics
- Applied economics and econometrics
- Economics

The degree you’re awarded will reflect your chosen specialisation.

1. Applicants wanting to complete the applied econometric or applied economics and econometrics specialisation must achieve a result of at least a distinction (70%) average in a first year undergraduate maths/economics unit.

2. In the equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table. You’ll be ranked and selected based on your prior academic record, and on your relevant employment experience (where applicable) and statement of purpose (where required).

3. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

4. Related fields include economics, econometrics and business statistics.

5. A credit (60%) average is required in both qualifications.

This course is designed to help marketing professionals get ahead of the curve, and make a positive impact on business and society. You’ll build a toolkit of the techniques, frameworks and strategies necessary for a competent, responsible and effective marketing leader. You’ll be taught by leading academics and industry experts, and study the latest theories and research influencing the industry, including topics on advertising, company strategy and value creation.

All core units are offered online or on campus, with day and evening classes also available.

With the opportunity to undertake a corporate project thesis or take part in our global study program, you’ll be equipped to progress into more advanced and innovative roles.

The Monash MBA is a two-year program involving experience-based modules, live consulting projects, industry engagement, and study with international business schools. Featuring modules on innovation, transformation and globalisation, the Monash MBA takes a strategic and practice-based approach to management development. It is designed for ambitious young professionals with a minimum of three years’ business experience. The MBA program brings together international and local students from a wide range of professional and cultural backgrounds, and is committed to a global orientation in all its activities.

Working closely with leading professors, business executives and project supervisors, you will consult directly with business organisations throughout the program. Live projects on strategy, commercialisation of technology, data analytics and global strategy are designed into the curriculum.

In this course, you’ll learn world-leading techniques and rigorous foundations in statistical thinking, probabilistic modeling and computational techniques. It’s a hands-on program, where you’ll learn how to solve problems, analyze and interpret data, as well as collect, tidy, arrange and build recipes with fresh and local data that tell you about your world. Your instructors are global experts in the field of data-driven decision-making, with active and globally connected research programs. And as part of a small and elite program, you’ll work closely with your instructors, resulting in more personalized assistance with your career development.

Accreditation and professional recognition

This course is professionally accredited by the Statistical Society of Australia.

The Global Executive MBA is an intensive 15-month program for experienced managers, featuring international modules and a series of weekend modules.

Designed for executives in diverse sectors and professions with a minimum of 10 years’ work experience, the program addresses complex, challenging, strategic issues in organisations. The course aims to develop graduates who are global in orientation and who can lead organisations at a senior level. It emphasises contemporary business and organisational challenges, and provides an integrated approach to discipline-based academic content.

The module themes are globalisation, innovation and transformation. The projects, cases and materials are strategic, global and contemporary, and the program has the active involvement of senior industry leaders locally and internationally.

The three international modules are taught by leading business schools in Europe, Asia and America. International business consulting projects in high-tech sectors – advanced manufacturing, life sciences, digital transformation – are also undertaken in these markets.

Master of REGULATION AND COMPLIANCE
COURSE CODE: B5620 CRICOS CODE: 010201

This is a future-focused, innovation-led course designed to provide you with the skills needed to navigate regulatory compliance within an increasingly complex corporate environment.

Designed in conjunction with industry experts, this course will equip you to manage beyond compliance, through exposure to international best practice and the latest regulatory technologies. You’ll also discover how to identify key risks within businesses, and gain an understanding of the contemporary regulatory and compliance environment in which business operates.

You can focus on one discipline or select from a range of discipline-specific regulation-oriented electives in the areas of: financial services; sustainability and the environment; employment and human resources; global enterprise; artificial intelligence and new technologies; and ethics and risk management.

Master of APPLIED BEHAVIOUR ANALYSIS
COURSE CODE: D5615 CRICOS CODE: 102718E

This course is for those interested in the science and practice of applied behaviour analysis in clinic, home, school and work settings. You’ll be provided with the knowledge and tools to help people with diverse needs to learn new skills, become more independent, and overcome socially important problems, using empirically-supported assessment, teaching, and intervention strategies.

You’ll graduate ready to work across a range of contexts, including early intervention, general education, inclusive and special education, and specialised behaviour support.

Professional accreditation

The Association for Behavior Analysis International has verified this course toward the coursework requirements for eligibility to take the Board Certified Behavior Analyst® examination. Applicants will need to meet additional requirements before they can be deemed eligible to take the examination.

Graduate Certificate of COUNSELLING
COURSE CODE: D4002 CRICOS CODE: 102762J

This course will provide you with knowledge of theory, concepts, principles, issues and contexts relevant to working as a counsellor, as well as preparatory skills.

For those already within an established career, the course will provide complimentary knowledge and understanding of human behaviour which may be applied to enable a positive, supportive and safe workplace environment.

Note: Successful completion of the Graduate Certificate of Counselling does not guarantee admission into the Master of Counselling course. Applicants interested in progressing to the Master of Counselling course will need to submit a new course application. Admission into the Master of Counselling is competitive and based on academic merit.

Career options

- Behaviour analyst in a range of settings.
- Early intervention clinician
- Special educator/special education administrator
This course addresses the professional learning needs of educators, educational administrators, managers and others interested in or involved in learning and education, both locally and internationally.

The Master of Education looks at learning in schools, workplaces and community, and connects research and practice to make you a stronger teacher, an engaged practitioner and an advanced specialist.

This course doesn’t provide a recognised initial teaching qualification. Students seeking an initial teaching qualification should refer to the Master of Teaching.

Specialisations
- Digital learning
- Early childhood education
- Inclusive and special education
- General education studies

The degree you’re awarded will reflect your chosen specialisation.

Entry requirements
- Bachelor’s degree (or equivalent) in education or a related field
- Graduate certificate, or graduate diploma, or master’s degree (or equivalent) in education or a related field
- Related fields include disciplines relevant to your chosen specialisation.

Additional requirements
- Working with Children Check
- Monash English language level

Monash English language level
Level D (see page 90).

Alternative exits
- Graduate Certificate of Counselling
- Graduate Diploma of Counselling

1. For detailed information on specialisation, visit: monash.edu/graduate/courses/ref/EDU/education-DE602
2. We have listed these in the course. Admission into this course is competitive.
3. In equivalent Monash University grading scales: 5.0 is a scale grade C; 6.0 is a pass grade 50%.
4. Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.
5. Related fields include counselling, psychology and social work.
6. Related fields include disciplines relevant to your chosen specialisation.
As a registered psychologist, this course will prepare you to practise as an educational and developmental psychologist in a range of settings including primary and secondary schools, health and welfare services, hospitals, care facilities, clinics and private practice and within business and corporate environments. You’ll develop an advanced ability to think critically and analytically about the processes involved in educational and developmental psychology, and the application of these to professional practice and research.

You’ll have the opportunity to apply theory to practice through 750 hours of supervised professional experience across the course.

Professional accreditation

The Master of Advanced Educational and Developmental Psychology course is accredited by the Australian Psychology Accreditation Council (APAC). With a further two years of supervised practice in educational and developmental psychology, graduates are currently eligible for endorsement as Educational and Developmental Psychologists with the Psychology Board of Australia (PsyBA).

Graduates also qualify for membership of the Australian Psychological Society, and meet requirements for membership of the College of Educational and Developmental Psychologists of the Australian Psychological Society.

Entry requirements

<table>
<thead>
<tr>
<th>Eligibility</th>

</tr>
</thead>
<tbody>
<tr>
<td>Applicants must have a current registration with the PsyBA, and either an APAC-accredited master’s (coursework) degree in Psychology, OR an APAC-accredited master’s (coursework) degree in Psychology, OR a general registration as a psychologist with the PsyBA for a minimum duration of 12 months.</td>
<td>1</td>
</tr>
</tbody>
</table>

Additional requirements

You’ll also need to:
- provide a supplementary form that demonstrates evidence of leadership, the role of social justice in educational settings, and the persistent challenges facing leaders. You’ll gain an understanding of how leadership interacts with, and responds to, the dynamics of policy, politics and power in differing contexts, and how this shapes education and learning.

In your final semester, you’ll immerse yourself in a project tailored to your specific interests, which will deepen and enhance your learning, and prepare you for the next step in your career.

Alternative exit
- Graduate Certificate of Education Studies
- Graduate Diploma of Education Studies

Career options
- School principal or vice principal
- Year-level or subject coordinator
- Corporate or tertiary education manager
- Educational consultant
- Early childhood education centre manager.

1. In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualifications must be accredited to the equivalent Australian level specified in the entry requirements table.
2. Even if you do not meet the criteria for a higher course duration, you may still complete the longer duration.
3. Relevant professional experience includes: teaching, education or adult/behavioural education – this could be in schools, universities, public sector, private business, and community organisations.

In the course you’ll consider various constructs of leadership, including traditional and emergent leadership theories, cultural manifestations of leadership, the role of social justice in educational settings, and the persistent challenges facing leaders. You’ll gain an understanding of how leadership interacts with, and responds to, the dynamics of policy, politics and power in differing contexts, and how this shapes education and learning.

In your final semester, you’ll immerse yourself in a project tailored to your specific interests, which will deepen and enhance your learning, and prepare you for the next step in your career.

Monash English language level

Level A (see page 90).
Our Graduate Diploma of Professional Psychology is designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) for a generalist fourth-year in psychology.

This course is suited to those who want to pursue advanced study in psychology at master’s or doctoral level, or to undertake supervised practical experience.

By studying our Graduate Diploma of Professional Psychology, you’re offered advanced study of psychology, research training and an introduction to the psychological practice. You’ll be able to choose an elective from topics including developmental psychology and wellbeing, or positive psychology in professional practice. After graduating, you can undertake further training and study needed for professional registration in psychology.

**Professional accreditation**

Our psychology courses are accredited by the Australian Psychology Accreditation Council (APAC). Professional accreditation ensures those graduating from the courses hold degrees recognised by employers, and adhere to state and national accreditation standards.

**Entry requirements**

- **ELIGIBILITY**
  - Doctorate degree in psychology or an equivalent in psychology from any course accredited by the APAC.
  - Please note that qualifications need to have been completed within the past 10 years.
- **Monash English language level**
  - Level D (see page 90).

**Career options**

- General registration as a psychologist (after additional studies to complete the required pathway).
- Private practice, health and welfare services, and business environments.

Our Master of Professional Psychology is designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) and the Australian Health Practitioner Regulation Agency (AHPRA) for a generalist fifth year in psychology.

This course equips selected psychology graduates with the advanced psychotherapeutic skills required for general registration as a psychologist. It develops your professional capability to apply the theoretical, research, assessment and therapeutic skills involved in psychology.

Following graduation, you’ll be able to undertake a year of supervised generalist practice, then progress to full registration as a psychologist.

**Professional accreditation**

Our psychology courses are accredited by the Australian Psychology Accreditation Council. Professional accreditation ensures those graduating from the courses hold degrees recognised by employers, and adhere to state and national accreditation standards.

**Entry requirements**

- **ELIGIBILITY**
  - A fourth year of psychology study from any course accredited by the APAC, which may be a graduate diploma or a bachelor’s honours degree. Please note qualifications must have been completed within the past 10 years.
  - High Credit (90%)
- **Average requirements**
  - Duration
  - 1

**Additional requirements**

You’ll also need:

- To complete a supplementary form that demonstrates evidence of suitability for work as a professional psychologist and includes referee reports (one academic and one professional) and relevant work experience (voluntary or paid).
- To attend an interview.
- To meet the English language requirements of the Psychology Board of Australia (PsyBA). Consult the PsyBA website for these requirements: www.psychologyboard.gov.au

**Special requirements**

- Working with Children Check (before placement).
- Provisional registration with the Psychology Board of Australia (before commencing study, and maintain such registration throughout the period of enrolment).

**Monash English language level**

Level D (see page 90).

**Career options**

- General registration as a psychologist (after one year of supervised practice outside of the course).
- Private practice, health and welfare services, and business environments.

---

1. In equivalent Monash University grading scales terms, a 12.5% scale where 50% is a pass. Your prior qualifications must be accredited to the equivalent Australian level specified in the eligibility requirements table.
2. This table is intended to provide an approximate comparison with Monash University criteria. The equivalence requirements are determined by Monash University and are intended to reflect the qualifications required for professional registration in psychology.
3. Please note that qualifications need to have been completed within the past 10 years.
4. You’ll need to have achieved a high credit (65%) in fourth-year psychology. Admission into the course is competitive and may require a higher overall average than the minimum requirement.
5. You’ll need to have achieved a distinction (70%) in your third year of psychology.
6. This requirement applies to students in all specialisations except early childhood education.
7. If you’re applying for the dual early care and primary education specialisation or the primary education specialisation, you must have at least one year of full-time equivalent work experience relevant to one or more learning areas of the primary school curriculum.
8. The fee quoted is based on 48 credit points of study for one standard year. You’ll therefore be required to pay a higher fee in year one where more than the 48 credit points is required.
9. Under a master’s degree in any discipline, and want a career as a global educator and teacher?
10. Our curriculum combines theory and professional experience, giving you the skills and professional values to become an effective educator. You can choose to specialise in early childhood, primary or secondary education – or a combination. Through engagement with the latest thinking and practices, you’ll be able to effectively foster the learning of students with various ages and needs.
11. You’ll complete a minimum of 60 days’ teaching practice with opportunities in urban, rural, remote and international settings and schools.
12. All primary and secondary education specialisations are accredited by the Australian Children’s Education and Care Quality Authority (ACECQA).

Career options

- Manage or contribute to complex projects for public, private or non-governmental organisations
- Consultant, entrepreneur or CEO of your own company
- Lead specialist engineer in your field(s) of expertise

Do you have a Science-related degree?

You may now pursue a career in engineering at Monash if you have a degree in a STEM-field, such as science, mathematics on pharmacy. A new foundation year has been introduced to provide you with the skills to become an accredited and in-demand engineer.

Specialisations

- Chemical engineering
- Civil engineering
- Electrical engineering
- Materials engineering

Professional accreditation

The Master of Professional Engineering has been designed to meet the stage one competencies for accreditation by Engineers Australia (EA). The accreditation process for full recognition by EA has commenced and currently has provisional accreditation. The master’s degree will be an internationally recognised qualification which allows you to work as a professional engineer in Australia and other Washington Accord signatory countries.

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

2 Even if you’re eligible for a shorter course duration, you may elect to complete the longer duration.

3 Other than a four year engineering degree as a discipline as approved by the Faculty to be rating the specialisation within the master’s course. You may be considered if you hold a three year engineering technology degree that is equivalent to the first three years of a related engineering degree accredited under the Washington Accord.

4 You must meet the eligibility requirements. For more information, visit monash.edu/apply

Prepare for a career in IT management, project management, business information systems, information systems, information management or knowledge management. Artificial intelligence (AI) has the ability to transform every aspect of our lives – from cars driving themselves to robots performing complex surgery. AI can help to predict the path of bushfires, detect early-stage skin cancers, and counteract false and polarising information on social media. It informs business decisions, optimises operations, and drives outcomes of leading companies. The potential of AI is infinite.

Monash is the only university among the prestigious Group of Eight to offer a comprehensive Master of AI. This course will equip you with the skills and knowledge to achieve innovative outcomes. Under the guidance of internationally recognised experts, you’ll have an opportunity to apply your knowledge to real-world challenges to influence a range of industries including healthcare, agriculture and manufacturing.

  - White hat hacker
  - Digital forensics analyst
  - Cybercrime investigator
  - Quantitative analyst
  - Chief data officer
  - Cloud engineer
  - Mobile systems analyst
  - Enterprise data architect
  - Solutions architect
  - App developer
  - Data architect
  - Data engineer
  - Software engineer

- **Data scientists play a major role in solving real-world business problems. From data curation and management to processing and analysis, data scientists help organisations harness information.**

- **Our Master of Data Science prepares you for a career in the field, giving you skills in data management, analytics, data analytics, big data management and processing. In this course you’ll cover statistical and exploratory analysis, data formats and languages, processing of massive data sets, and management of data and its effects in an organisation and the community.**

- **Entry Requirements:**
  - Bachelor's degree (or equivalent) in any field^3  (Credit (60%) 2
  - Bachelor's degree (or equivalent) in a related field^4  (Credit (60%) 1.5

- **Monash English Language Level:**
  - Level A (see page 90)

- **Alternative exits:**
  - Graduate Diploma of Data Science
  - Graduate Certificate of Data Science

- **Career options:**
  - Chief technology officer
  - Solutions architect
  - App developer
  - Enterprise data architect
  - Data architect
  - Data engineer
  - Software engineer
  - Data scientist
  - Data analyst
  - Data archivist
  - Data analyst
  - Data scientist

- **The Master of Information Technology provides the knowledge and skills to solve real-world problems with the latest technology. This course features core studies in IT project management and software engineering, and offers a wide range of elective choices spanning data management technology, mobile and distributed systems, machine learning, cloud computing and cybersecurity.**

- **With a Master of Information Technology, you could become a software engineer, an enterprise data architect, a mobile systems analyst, a cloud consultant, or even a chief technology officer.**

- **Entry Requirements:**
  - Bachelor's degree (or equivalent) in any field^3  (Credit (60%) 2
  - Bachelor's degree (or equivalent) in a related field^4  (Credit (60%) 1.5

- **Monash English Language Level:**
  - Level A (see page 90)

- **Alternative exits:**
  - Graduate Diploma of Information Technology
  - Graduate Diploma of Information Technology

- **Career options:**
  - Software engineer
  - Data architect
  - Enterprise data architect
  - Systems analyst
  - App developer
  - Solutions architect
  - Chief technology officer

- **As a cybersecurity professional, your skills will always be in high demand. By studying our Master of Cybersecurity, you’ll have the skills to manage and administer cybersecurity and blockchain.**

- **This course prepares you for a career as a security systems analyst, systems designer, data security specialist, or software security engineer or administrator.**

- **In your final semester, you can choose to complete an industry experience project or research thesis. Additionally, you can apply for a scholarship place over summer in the highly regarded Monash experience project or research thesis.**

- **In your final semesters, you can choose to complete an industry experience project or research thesis. Additionally, you can apply for a scholarship place over summer in the highly regarded Monash experience project or research thesis.**

- **The Master of Information Technology provides the knowledge and skills to solve real-world problems with the latest technology. This course features core studies in IT project management and software engineering, and offers a wide range of elective choices spanning data management technology, mobile and distributed systems, machine learning, cloud computing and cybersecurity.**

- **Study this course for a pathway to higher-level research in IT. Our Graduate Certificate of Information Technology Research is suited to high-achieving students who’ve completed a relevant undergraduate and coursework master’s degree but don’t have a research component in order to progress.**

- **You’ll undertake research methodology training and carry out an independent research project on a selected topic, working closely with a supervisor who’ll provide you with guidance and academic counselling.**

- **Additional Requirements:**
  - A research proposal (500-1000 words)
  - A detailed curriculum vitae listing your qualifications, work experience and details of two recent references.

- **Monash English Language Level:**
  - Level A (see page 90)
LAWS

Do you already have a law qualification from a non-Australian jurisdiction? If so, the Graduate Diploma of Australian Law can help prepare you to satisfy the academic requirements needed for admission in Victoria. The course comprises three components: an introduction to the Australian legal system; core law units required for admission to practice in Victoria; and law elective units. The number of credit points and selection of core units will depend on the jurisdiction in which you earned your existing law qualification.

Entry requirements
Selection is based on your previous academic achievement in your prior qualification(s).

ELIGIBILITY

Bachelor’s degree (or equivalent) in law from a non-Australian jurisdiction 1

Additional requirements
Applicants must have a letter from the Victorian Legal Admissions Board (VLAB) stipulating which areas of law are required to meet the academic eligibility requirements for admission to practice in Victoria. The letter from VLAB must be dated within 12 months of submitting your application for study.

Monash English language level
Level A (see page 96).

This degree satisfies the academic requirements for admission to practice as an Australian lawyer.

Our Juris Doctor (JD) is an intensive, graduate-entry law degree designed for non-law graduates. It develops advanced professional skills in problem-solving, critical thinking, research, communication, collaboration, self-management, ethical awareness and professional judgement. The JD recognises the specific needs of graduate entrants and teaches the skills available only from one of Australia’s leading law schools.

Clinical education experience
Monash Law now offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

Entry requirements

ELIGIBILITY

You must satisfy one of the following three options:

Bachelor’s degree (or equivalent) in any field with at least a Grade Point Average (GPA) of 5.0 on a 7-point scale for equivalent credit average OR 2, 3

Bachelor’s degree (or equivalent) in any field with a GPA of 5.0 on a 7-point scale for equivalent credit average

Incomplete studies in a law course, a minimum GPA of 5.0 on a 7-point scale in the law studies, with the fail result in the final year

Bachelor’s degree (or equivalent) in any field with at least a GPA of 4.0 on a 7-point scale and LSAT score of 150+ taken within five years prior to applying for admission

Monash English language level
Level C (see page 96).

Alternative exit
Graduate Diploma of Legal Studies

Master of Laws

Our Master of Laws is designed for law graduates wanting to develop in-depth knowledge of a particular legal area, or to advance their professional expertise in a current area of practice, or to enhance your capacity to undertake independent research. You’ll gain advanced professional skills and knowledge of law developments, practice and scholarship of one or more areas of law.

Entry requirements

ELIGIBILITY

A bachelor’s degree (or equivalent) in law from a non-Australian jurisdiction + a letter of assessment from the Victorian Legal Admissions Board (VLAB) 4

A JD or a bachelor (hons) degree (or equivalent) in law, or an equivalent qualification 5

A bachelor’s degree (or equivalent) in law + either a graduate diploma in law or a graduate certificate in law, or an equivalent postgraduate qualification OR 6

A bachelor’s degree (or equivalent) in law + sufficient relevant work-based or other learning that together constitute the equivalent of one of the above qualifications OR

A bachelor’s degree (or equivalent) in law + admission to practice as an Australian lawyer 7

Monash English language level
Level A (see page 96).

Alternative exit
Graduate Diploma of Australian Law + Graduate Certificate of Laws

1 If you’re assessed on your entire academic record, if you haven’t completed any full-time study in the last eight years, you’ll be required to submit a current Curran index and a completed Monash 22 course statement. The personal statement may include your reasons for wanting to study law, why you want to study at Monash Law School, any voluntary work or relevant work experience, any applicable achievements and other relevant aspects that you feel will improve your application.

2 In equivalent Monash University grading scales, a 5.0 scale where 50% is a pass. Your prior qualifications must be accredited to the equivalent Australian level specified in the eligibility requirements table.

3 Or equivalent qualification and expression approved by the faculty.

4 Credit for prior studies, up to a maximum of 48 credit points, may be awarded.

5 You’ll need to satisfy a curriculum where 70% clearly advances your role – including a description of tasks and responsibilities, as well as any research skills – and describe the nature and aim of the organisation, and your employment references that support your CV.

6 For the purposes of satisfying these requirements, other learning may include, but is not confined to, learning in the context of other non-law degrees.

7 You’ll also need to supply a letter of proof of admission to practice law in Australia.
The Graduate Certificate of Laws is designed to let you advance your skills and knowledge of developments in the principles, practice and scholarship of one or more areas of law. You can focus on a specialised area or select from a broad range of electives for professional practice. You'll investigate contemporary issues in law, practice and scholarship, and evaluate complex legal issues from theoretical, global and interdisciplinary perspectives.

Entry requirements

**ELIGIBILITY**

- Bachelor's degree in law or equivalent qualification approved by the faculty.

Monash English language level

Level A (see page 90).

Alternative exit

- Graduate Certificate of Laws

Are you looking for a graduate pathway into the study of law? The Graduate Diploma in Law is ideal for law graduates wanting to acquire further legal expertise, and adds value in the workplace as well as providing the opportunity to hone legal knowledge and skills.

The Graduate Diploma in Law enables graduates of law to develop advanced knowledge and skills for legal or professional practice or higher learning, and is a pathway for entry to a masters degree.

**Entry requirements**

**ELIGIBILITY**

You must satisfy the following:

- Bachelor's degree in law or equivalent qualification approved by the faculty.

Monash English language level

Level A (see page 90).

Alternative exit

- Graduate Certificate of Laws

The Monash Master of Legal Studies is designed to equip non-lawyers with the legal skills and knowledge to make better managerial and commercial decisions in order to lead your organisation effectively. This course provides you with the legal knowledge that will give you a competitive edge in your chosen career. You can choose to focus on one of nine specialised areas.

**Specialisations**

- Commercial and corporate law
- Criminal law and forensics
- Dispute resolution
- Global society and human rights
- Health law and community
- Labour and employment law
- Public sector governance and regulation
- Technology and innovation
- Transnational economic regulation.

**Entry requirements**

- Bachelor's degree in a related field + sufficient relevant work-based experience or professional learning to provide the equivalent of a bachelor honours degree on one of these disciplines, as determined by the faculty.

Monash English language level

Level A (see page 90).

Alternative exit

- Graduate Certificate of Legal Studies
- Graduate Certificate of Legal Systems and Services
Graduate Certificate of
LEGAL SYSTEMS AND SERVICES

**COURSE CODE:** L4003  **CRICOS CODE:** 102303C

**RANKED TOP 40 IN THE WORLD**  
QS World University Rankings by Subject 2021

**Monash Law Chambers**  
February and July

**6 months**  
FULL-TIME

**A$22,250**  
2021 fees

This is the total 2021 fee for this 24-credit-point course.

Part-time study may be available to international students studying onshore in Australia who hold specific visa categories. Please check your visa for confirmation.

The Graduate Certificate of Legal Systems and Services is designed for professionals seeking to pivot their commercial, policy or administration career to the legal sector without becoming lawyers.

This prepares non-lawyers for working in the rapidly changing legal and regulatory landscape and upskill those already working in law-adjacent fields such as senior administrators in courts, law firms and regulatory agencies.

You’ll receive a theoretical and practical grounding in the areas of law relevant to legal systems and services.

**Entry requirements**

**ELIGIBILITY**  
Bachelor’s degree (or equivalent) in any field

Graduate Diploma of Biotechnology

### Career opportunities

Our graduates can pursue work in a range of areas, including:

- Biotechnology companies and start-ups
- Medical device companies
- Medical or pharmaceutical sales
- Patents offices
- Pharmaceutical companies
- Regenerative medicine
- Regulatory agencies.

¹ Please refer to the CRICOS Code for full details.
² Please refer to the CRICOS Code for full details.
The degree you’re awarded will reflect your chosen specialisation.

This course integrates academic teaching and learning with clinical, population health, food service, research and management experience, and is carried out in both academic and professional practice placement settings. You’ll complete supervised placements in both clinical and community settings, gaining a breadth of professional experience. There are also plenty of opportunities to apply your dietetics knowledge outside of the classroom. You’ll learn through simulated patient scenarios, hands-on food activities and by working in Monash’s on-site nutrition clinic.

Professional accreditation

This course has been accredited by Dietitians Australia.

**Bachelor of Medical Science and Doctor of Medicine**

**COURSE CODE:** M6019  
**CRICOS CODE:** 0101541

Our graduate-entry medical program is designed as an integrated, interdisciplinary curriculum. It will prepare you to work with the healthcare skills and attributes of a beginning medical practitioner.

You’ll see the discoveries of our renowned researchers put into clinical practice and benefit from our links with the largest healthcare provider network in Australia, which includes the Monash Medical Centre, The Alfred (Melbourne’s major casualty hospital), Eastern Health, and Victorian health services in rural, regional and outer metropolitan Melbourne.

**Professional accreditation**

This course is professionally accredited by The Australian Medical Council.

**Entry requirements**

**ELIGIBILITY**

Successfully completed or be in the final year of completing a degree with significant and broad biomedical science content from an internationally recognised university with a minimum grade-point-average of 6.0 out of 7.0

Average requirements: 4 Credit (60%)  

Additional requirements

- You’ll be invited to attend a Multiple Mini Interview (MMI) and will have to complete a Situational Judgement Test (SJT) as part of the selection process. 
- Note: applicants aren’t required to undertake the GAMSAT.

**Special requirements**

- Upon enrolment you’ll be asked to:
  - comply with the mandatory immunisation requirements in readiness for clinical-fieldwork placements
  - obtain a Police Check (annual requirement)
  - obtain a Working with Children Check
  - obtain a current Level 2 Fost Aid certificate (by end of the first semester) – highly recommended.

**Monash English language level**

Level C (see page 90).

---

**Master of Advanced Nursing**

**COURSE CODE:** K6006  
**CRICOS CODE:** 098319M

The Master of Advanced Nursing prepares you for leadership roles in management and education. You’ll develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

The program has flexible teaching delivery options, and offers a range of individual career pathways, including nursing, education or management positions within industry, government or independent professional practice. Most specialisations can be taken by coursework, or a combination of coursework and research.

**Specialisations**

- Advanced nursing studies (Clayton, Peninsula)
- Disaster nursing (Peninsula)
- Nursing education (Peninsula)
- Nursing leadership and management (Clayton)
- Trauma nursing (Clayton)

**Entry requirements**

**ELIGIBILITY**

Bachelor’s degree in nursing or equivalent  
Bachelor’s degree in nursing or equivalent + a minimum of two years’ full-time equivalent relevant professional experience in nursing  
Bachelor’s (honours) degree (or equivalent) in an unrelated field

Average requirements: 2 Credit (60%)  

1.5 Credit (60%)  

1 Credit (60%)  

Additional requirements

- an application letter advising specialisation
- certified evidence of current nursing registration.

**Special requirements**

Prior to clinical placements, you’ll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical-fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.

**Monash English language level**

Level B (see page 90).

**Alternative exits**

- Graduate Certificate of Advanced Nursing
- Graduate Diploma of Advanced Nursing
You’ll need to provide evidence of previous tertiary-level study of a minimum of one six-credit-point unit in human anatomy/physiology (or a related area) from any recognised tertiary institution or the Monash Human Biology short course.4, OR

Patients who are already registered nurses in Australia or overseas aren’t eligible to be considered for this course.5

In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table. You must also be able to communicate in English to the required standards, or hold current English language skills registration standard, or hold current English language skills registration standard.
**Doctor of Physiotherapy**

**Course Code:** M6032  
**CRICOS Code:** 018986C

This three-year integrated program will provide you with the knowledge, skills and clinical practice experience required to work as a physiotherapist, with a particular focus on the development of leadership skills.

Building on an undergraduate degree in foundational sciences, and learning from expert physiotherapists and researchers, the Doctor of Physiotherapy will prepare you to work in public and private hospitals, private practice, sports, aged care and community health, both locally and beyond.

**Professional accreditation**
The Doctor of Physiotherapy course is an approved program of study, accredited by the Australian Physiotherapy Council on behalf of the Physiotherapy Registration Board.

**Master of Social Work**

**Course Code:** M6012  
**CRICOS Code:** 00974A

This course prepares you for a career as a professionally qualified social worker.

It includes studies in theory, skills development and supervised professional practice, and opportunities for group-based learning, community engagement, practice research and integration of social work theory and practice.

The theoretical content builds on the knowledge you’ll have acquired in previous higher education, while the social work skills components and professional practice introduce you to contemporary social work practice.

**Professional Accreditation**
The course is accredited by the Australian Association of Social Workers (AASW), and includes 1000 hours of supervised professional practice.

**Clayton**  **ON-CAMPUS**  **1.5 or 2 years**  **FULL-TIME**  **February and July**

$A44,500 (2021 fees p.a.)

This degree recognises the urgent need to address the future of human food supply in the face of global population and environmental pressures, and the dependence of human welfare and geopolitical stability on food supply adequacy and accessibility.

The Master of Food Science and Agribusiness is a forward-thinking, interdisciplinary degree, involving the faculties of Science, Engineering, Medicine, Nursing and Health Sciences, and Business, as well as the Monash Food Innovation Centre.

The Master of Food Science and Agribusiness integrates the knowledge needed to recognise and address these future global challenges.

With continued improvements in DNA sequencing technology, genome-based diagnostic and health management, the healthcare system stands at the gateway to a future where diseases are diagnosed early and precise treatments provided. However, in the absence of enough specialist genome analysts, we cannot translate and expand the discoveries from genome sequencing to the healthcare system, and ultimately improve health.

At Monash, we’ll train you in specific technical and professional skills so that you’re equipped to help the world take the next crucial steps in diagnostics and genomic medicine.

SCHOLARSHIPS TO UNLOCK YOUR TALENT

At Monash, we believe in unlocking your potential to make a difference in the world.

Monash University is committed to attracting academic high achievers and producing internationally competitive graduates.

**MONASH SCHOLARSHIPS**

**Monash International Leadership Scholarship**
Tuition fees are paid for the duration of the course for high-achieving international coursework students. Selection is based on academic achievements, application statement and the student’s potential to be a Monash University ambassador.

[monash.edu/new-scholarships](http://monash.edu/new-scholarships)

**Monash International Merit Scholarship**
A$10,000 is paid per year for the course duration to high-achieving international coursework students. Selection is based on academic achievements, application statement and the student’s potential to be a Monash University ambassador.

**Monash International Tuition Scholarship**
This scholarship covers your course fees as an international graduate research student. Selection is based on academic achievements and eligibility.

**Monash Graduate Scholarship**
A$28,373* is paid per year for the duration of your research. Selection is based on academic achievements and eligibility.

[monash.edu/graduate-research/future-students/scholarships](http://monash.edu/graduate-research/future-students/scholarships)

**Graduate research scholarship applications**
You can apply to be considered for all scholarships you’re eligible for, together with your application for admission.

[monash.edu/graduate-research/future-students/apply](http://monash.edu/graduate-research/future-students/apply)

**EXTERNAL SCHOLARSHIPS**

**Australia Awards**
Australia Awards are prestigious international scholarships funded by the Australian government, and aim to contribute to the long-term development needs of Australia’s partner countries. Monash offers a range of courses for the next generation of global leaders. To find out more, see the Australia Awards Scholarships information on the Department of Foreign Affairs and Trade website: [www.dfat.gov.au](http://www.dfat.gov.au)

**Other external scholarships**
Monash has relationships with sponsors from numerous countries worldwide. These scholarships and sponsorships offer a range of benefits to recipients to enable them to study at Monash University.

[monash.edu/scholarships](http://monash.edu/scholarships)

We want as many bright minds as possible to benefit from a Monash education. Click here to learn about our scholarships program.
STUDY GRANTS

At Monash, we’re committed to helping you make change to the world we live in. With International Study Grants valued at up to AUD$10,000, as a credit towards your tuition fees, we’ll help you reach your full potential and achieve your career goals and aspirations.

As an international student applying to study a graduate course at Monash University in Australia, you’ll automatically be assessed for a Monash University International Study Grant offer:

- You’ll need to have a conditional or full offer letter to study at a Monash Australia campus.
- Study Grants are offered at either AUD$5000 or AUD$10,000 (depending on the outcome of your assessment).
- Depending on the offer amount, this is paid in either one or two payments of AUD$5000 per semester (and the value is credited against your tuition fees).
- You must study a minimum 12-credit-point load per semester to maintain your grant.
- You can defer your grant. However, to remain eligible, you must take it up again in the same calendar year it was offered.

Please note that Monash University International Study Grants are limited, so we encourage you to apply early.

AM I ELIGIBLE?

You must first apply for a Monash course. Monash University International Study Grants are awarded based on select eligibility criteria including:

- Study level – new commencing students undertaking graduate degrees are eligible.
- Academic criteria – you must meet our academic entry requirements and have a conditional or full offer letter to study at a Monash Australia campus.
- Citizenship – Monash is committed to providing equitable access to education from under-represented regions and countries. We’re also dedicated to building a diverse student body cohort across our course offering.

For further information, visit monash.edu/study/fees-scholarships/international-study-grants

1 Study grants are offered at the discretion of Monash University Australia. Grants are limited.
2 The amounts, eligibility and conditions specified here are for international students commencing study in 2021. Amounts, eligibility and conditions for entry in 2022 may differ.
3 Please note that these Study Grants are not available for TNE or sponsored students. Some courses may be excluded. Please contact the university to find out more.
4 International Study Grants are offered according to set terms and conditions which are detailed in the grant offer letter.
ENTRY REQUIREMENTS

When you apply to Monash University for a graduate degree by coursework, you must satisfy all of the following requirements:

1. Minimum age requirements
   You must be at least 17 years of age to enrol in a Monash University course. Some exemptions may apply. For further information, visit monash.edu/admissions/age-requirements

2. Academic and additional entry requirements
   All Monash graduate courses require you to have successfully completed a minimum of an Australian bachelor degree (or equivalent) and satisfy the academic entry requirements. Some graduate courses may also have additional and/or special requirements. Refer to the course specific pages to locate these requirements.

3. English entry requirements
   All Monash University graduate courses require you to satisfy English entry requirements. Different English entry requirements apply to graduate courses, as outlined in this guide.

   English entry requirements can be met in one of the following ways:
   Language of instruction
   You can meet the English entry requirements if you’ve completed a minimum of an Australian bachelor degree (or equivalent) that must be taken full-time study (equivalent to 48 Monash-credit points) in one of the following qualifications:
   • an Australian bachelor's degree (or equivalent) that must be taken as a Foreign Language:
   • Pearson Test of English (Academic): www.pearsonpte.com
   • Cambridge Certificate of Proficiency in English (CPE): www.cambridgeenglish.org
   • an Australian VET diploma level (or equivalent) that must be taken as a Foreign Language:
   • Internet/Paper-Based TOEFL (American Test of English as a Foreign Language): www.ets.org
   • Cambridge Certificate in Advanced English (CAE) and Cambridge Certificate of Proficiency in English (CPE): www.cambridgeenglish.org
   • an Australian bachelor's degree (or equivalent) that must be taken within two years prior to the Monash course commencement date; or
   • an Australian bachelor's degree (or equivalent) that must be completed and taken within five years prior to the Monash course commencement date.

   You may be required to submit documentary evidence in the form of an official letter from the institution at which the study was completed. This document must be written and signed by the institution’s registrar (or other authorised person) of the education institution to the satisfaction of the Monash University Academic Board.

   English proficiency tests
   If you have not met English entry requirements as outlined above, Monash accepts the following English proficiency tests as satisfying English entry requirements, provided it has been taken within two years of the Monash course commencing date (other guidelines apply):
   • Academic IELTS International English Language Testing System: www.ielts.org
   • Internet/Paper-Based TOEFL (American Test of English as a Foreign Language): www.ets.org
   • Pearson Test of English (Academic): www.pearsonpte.com
   • Cambridge Certificate of Advanced English (CAE) and Cambridge Certificate of Proficiency in English (CPE): www.cambridgeenglish.org

   Monash University reserves the right to ask students to undertake an approved English proficiency test to meet English course requirements.

   For more information regarding English entry requirements, refer to the Admission to Coursework Courses and Units of Study Procedures available at monash.edu/admissions-coursework-procedures

   Please note that all entry requirements for Monash University are subject to change.

FEES

We’re committed to providing you with an ever-evolving, modern, student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We’re investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those that aren’t yet created.

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirrors the true cost of delivering a premium educational experience where you’ll learn from some of the finest minds in the world.

Tuition fees
To study at Monash University, you’ll need to pay tuition fees to the University. As an international student, you’ll be charged full fees. Tuition fees vary depending on the course and the year of commencement. All tuition fees and course durations specified in this guide are in Australian dollars and only apply to courses studied at Australian campuses. The tuition fees quoted are for 48 credit points and are applicable to courses commencing in 2021. Tuition fees for courses commencing in 2022 will be different.

Monash University reserves the right to adjust the annual tuition fees in future years of your course. Any adjustment will be applied on the first day of January each year for teaching periods with a census date thereafter.

For more information regarding fee types, visit monash.edu/fees-fee-types/overseas-health-cover

Overseas Student Health Cover (OSHC)
It’s a condition of the Student Visa (subclass 500) that you must hold Overseas Student Health Cover (OSHC) for the duration of your stay in Australia. Monash University requires all commencing international students to purchase OSHC for the duration of their visa. If you’re accompanied by immediate family to Australia as dependants on your student visa, you’ll also need to purchase the visa-length OSHC for them.

Your Confirmation of Enrolment (CoE), for student visa purposes, will only be issued:
• once you’ve accepted your course-offer along with payment for OSHC; or
• provided proof of having a valid visa-length OSHC; or
• you’ve submitted approved documentation for exemption from payment of OSHC; or
• nominated for Monash to purchase OSHC on your behalf with Monash’s preferred OSHC provider.

monash.edu/fees-fee-types/overseas-health-cover
**MONASH ENGLISH LANGUAGE LEVELS**

Each Monash course has an assigned Monash English Language Level that applies to Monash-approved English proficiency tests. Entry scores for each level are specified below.

**HELPING YOU GET INTO MONASH**

To succeed at Monash, you’ll need excellent English language skills.

At Monash College, we’re dedicated to preparing students for success at Monash University. By completing an English course at Monash, you’ll gain fluency in English, and confidence in the academic skills required at Monash at a graduate level.

We offer three tailored English language programs designed to meet the specific requirements of the Monash course you’re aiming to enter. When you apply, we’ll assess your current skills and place you in the best program for your level and destination course.

**English language courses**

- **Monash English (ME)** – a course with flexible duration designed to build on your current English proficiency and prepare you for entry into Foundation Year, Monash English Bridging or your preferred graduate degree.
- **Monash English Bridging** – a course designed to prepare you for the English and academic expectations of graduate study at Monash. The course is only available to students who’ve met the academic requirements for their graduate course but have narrowly missed the English language requirements. Duration of the course is dependent on your current level of English proficiency. When you receive your offer, you’ll receive a packaged offer for 10, 15 or 20 weeks, aligning to the intake of the University semester.
- **Introductory Academic Program (IAP)** – a five-week course focused on further enhancing the study skills required for success at Monash. To be eligible, you must receive a full offer to study at Monash University. For entry requirements, detailed course information and intake dates, visit monashcollege.edu.au/courses

**The benefits of English preparation at Monash**

1. Be confident in the Monash teaching and learning style before you commence your degree.
2. Benefit from our student-centric teaching style, giving you access to your tutors for immediate and personalised feedback.
3. Be better-prepared for your Monash studies by learning academic skills essential to all degrees such as:
   - how to write essays and academic reports
   - how to reference your sources
   - how to deliver presentations.
4. Study alongside like-minded students who have the same goal as you – to study at one of the world’s top universities.
5. Live in Melbourne while you study, and immerse yourself in the culture and lifestyle. You’ll improve your academic English by attending class, and your general English by practising during everyday life.
**APPLICATION PROCESS FOR INTERNATIONAL STUDENTS**

**BEFORE YOU APPLY**

Use monash.edu/study to check:
- the international entry requirements
- additional entry requirements – for example, details of relevant work experience
- special course requirements
- fees
- closing dates
- when courses start.

**When should you apply?**

As early as possible. Some courses may close a few months or a year before the start of the course, while others have quotas. Aim to have your online application submitted as early as possible. This allows time for your application to be processed and can help you ensure you secure a place if your preferred course has limited places. Applying early also gives you time to get your student visa, which can take up to six months for some nationalities and countries.

**HOW TO APPLY**

**STEP 1**

Apply

All students must apply for a Monash University course online. Please refer to the following website for a step-by-step guide: monash.edu/admissions/apply/online

With your online application, please provide your academic documentation, including academic transcripts, graduation certificate and grading scales (indicating the pass mark and grading requirements if applicable). Alternatively if you are yet to complete your qualification or haven’t received your final academic documents, please provide your current transcript and indicate the qualification you are studying in your Monash application, and we may be able to make you a conditional offer. If you’re applying for a course that has additional requirements, please also provide the necessary documentation with your online application.

You’ll be required to provide original or certified academic documentation for other supporting documents upon request. For further information on certifying documents, visit monash.edu/study/how-to-apply/international-student-applications/certifying-documents

**Need help with your application?**

Contact us:
- monash.edu/study/how-to-apply/enquiries/general-international-enquiry
- +61 3 9903 4788
- Chat with Monash

If you’re applying through a Monash agent, please contact them for assistance. Some agents may charge a fee for additional services, so please ask what these costs are before you make an appointment. Please ensure that your agent is an authorised agent by visiting monash.edu/study/how-to-apply/international-student-applications/agents-database

**STEP 2**

Your application is assessed

When your application is received, Monash University will assess your application according to University entry requirements.

Monash University is obliged to check that you’re genuinely seeking temporary entry to Australia to study. If the University forms the opinion that you’re not a Genuine Temporary Entrant (GTE), it may refuse to accept your application or withdraw an offer of a place, or cancel your confirmation of enrolment.

If your application is successful, you’ll receive a full offer in the form of an International Student Course Agreement (ISCA). Instructions will be supplied on how to accept your offer, including the fees and Overseas Student Health Cover (OSHC) you need to pay.

If we’re not able to make you a full offer immediately, you may receive a conditional offer. A conditional offer means you must submit more information and meet the requirements specified in the ISCA. Usually, the information we need is documentation (for example, official final transcript, graduation certificate or an English proficiency test) to see if you meet the specific entry requirements for the course you’ve applied for. We’ll explain what’s needed in the ISCA. Please submit the documentation to us as soon as possible, or contact us if you need any help. If you’re not successful for your first preference, your application will be considered for your next preference.

**STEP 3**

Accepting your offer

To accept your offer, you need to follow the instructions in your ISCA. You must complete, sign and return Part A of your ISCA, along with payment and a photocopy of the personal details page of your passport to Central Admissions, before the offer lapse date. Your payment should include OSHC as specified in your ISCA for the duration of your visa for yourself and any family members accompanying you to Australia.

When making payment it should be noted that:
- Monash University doesn’t accept cash;
- dishonoured bank drafts may incur additional bank fees, and
- you may need to notify your bank of large deductions on your account.

Bank drafts will need to be mailed to Central Admissions. Please ensure you include your full name and Monash student ID on the back of the bank draft.

**STEP 4**

We send you a Confirmation of Enrolment (CoE) and enrolment package

Once you accept your full ISCA or packaged ISCA (with no academic conditions specified) you’ll receive a CoE and an invitation to set up your electronic Monash account and enrol online in units of study.

You’ll need the CoE to apply for a student visa. See below information on how to arrange your student visa.

You need to plan your course and enrol early so that you can get the best possible start. Information about enrolment process and course-specific enrolment and arrival dates are available at monash.edu/get-started

Following this, you’ll receive:
- your welcome letter, and
- Destination Monash – your complete guide to living in Australia and studying at Monash University, and
- a series of emails with useful information and resources to help with your transition to Monash.

**STEP 5**

Arrange your student visa

The Department of Home Affairs (DHA) is responsible for issuing visas for entry to Australia. In general, as an international student you’ll need a student visa to study at Monash, and under a student visa, you may only enrol in a Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) registered course.

You’re advised not to commence the visa application process until you’ve been issued with your CoE. You must keep in mind that your student visa application may take up to six months or more, depending on your nationality and country of residence. When applying for a student visa, you’ll need to meet all core visa criteria, such as the GTE requirement, good character and health criteria. Financial capacity and English language proficiency documentation may also be required.

Further information can be located at:
- monash.edu/study/how-to-apply/international-student-applications/visa-requirements
- monash.edu/connect/student-visa

**STEP 6**

Register your arrival and attend orientation

Make your own travel arrangements, aiming to arrive in Melbourne at least two weeks before orientation. Orientation activities at Monash University happen before the semester starts and are designed to help you settle in. Some orientation activities focus on providing more information about your studies, while other activities are designed to help you meet new people and become familiar with our amazing campuses. Use the orientation ePlanner to create a personalised orientation plan. Visit orientation.monash

If you wish to use our airport reception service, you need to complete and return the request form available at monash.edu/study/book-your-airport-reception

If you require help with arranging accommodation, visit monash.edu/study/student-life/accommodation
