October 2019
Your research and learning skills are key to your success as a Monash student and for your future career.

At Monash, you are developing skills to manage your own learning. To enable you to do this effectively, the Library provides a range of programs, resources and activities, as part of and alongside your coursework. Reflecting on and meeting your skill development needs is important as a student and for future personal and professional success.

ONLINE RESOURCES

Research and Learning Online provides resources to equip you with the skills you need to successfully complete your assignments, exams and research. monash.edu/library/rlo

Develop skills at your own pace for:

- studying at university
- academic integrity including citing and referencing
- research and writing in different disciplines from undergraduate to graduate research level.

Library guides are a starting point for researching your topic: guides.lib.monash.edu

Additional Library website resources include:

- reading lists
- electronic books and journals
- databases
- learning tools, including LinkedIn Learning.

PROGRAMS

The Library works closely with faculty and educators across the University to embed research, communication and academic skills in your undergraduate, graduate and research degree.

Online and face to face programs are provided in the following areas:

1. Planning and approaching tasks in an academic/research environment with integrity;
2. Critical thinking and research skills;
3. Written and oral communication skills.

ENHANCE YOUR SKILLS

Register for one of the Library programs that run alongside your coursework my.monash.edu.au/news-and-events/bookings/library

Drop-in to a Library Research and Learning point for a 15 minute consultation with a learning skills adviser or librarian monash.edu/library/drop-in

Graduate Research students can also make an appointment with a librarian or learning skills adviser monash.edu/library/skills/contacts
