CAREERS PRACTITIONERS SEMINAR

The Domestic Student Recruitment team is looking forward to seeing you at this year's Careers Practitioners Seminar.

This event provides you with relevant and current information about courses and opportunities at Monash University. It's a great opportunity to experience our vibrant campus, and meet a range of Monash staff involved in admissions and recruitment.

Date: Thursday 6 June 2019  
Time: 8am - 2pm  
Venue: Caulfield campus

Please register your attendance online by Friday 24 May.

ISAT UPDATE

International students studying VCE or equivalent in Australia and interested in applying for Monash's Direct Entry MD are required to undertake the ISAT.

Students who expect to obtain permanent residency by the commencement of the course are advised to contact the Faculty Admissions Unit for further information.

See the International Admissions requirements for further information.

NEW DATA SCIENCE DEGREES

We’re excited to introduce the new Bachelor of Applied Data Science and the Bachelor of Applied Data Science Advanced (Honours) to Monash University.

Research and analysis with big data sets is making a positive impact on our daily lives across a very wide range of disciplines.

Our new Applied Data Science programs, available from 2020, will deal with the challenges that large bodies of data present to research, industries and society.

We will be offering a workshop as part of this year’s Careers Practitioners Seminar to provide you with further information about this exciting new program.

SCIENCE PRECINCT TOURS

If your students would like to take a closer look and see where they could be studying science next year, this is a great chance to visit our brilliant facilities and student spaces. Get a feel for campus life and have a chat with some of our science students and staff. And if they need some course advice, we can help with that too!

WINNING TEAMS AT BEYOND BUSINESS CHALLENGE

Congratulations to Whitefriars College, Frankston High School and Wellington Secondary College for winning Monash Business School’s Beyond Business Challenge. The Beyond Business Challenge is part of the Business Explorer Program, and designed to help students to gain firsthand insights into university life.

Our final series is Commerce Connect on 26 September at Caulfield campus. Students will explore the world of commerce via a series of masterclasses.

Registration Details

MEDICINE, NURSING AND HEALTH SCIENCES

WINTER CAMPUS TOURS

Help your students experience what it’s really like to study a career in health at Monash with one of our winter campus tours. Our winter campus tours, offered at both the Clayton and Peninsula campuses, will give your students exclusive access to our learning facilities and the opportunity to chat to staff and current students.

Tour our brand new Biomedical Learning and Teaching building and try out our clinical labs and simulation environments in nursing, radiography, physiotherapy, OT and paramedicine. Spaces are limited to offer the best experience, so registrations are essential.
ARTS, HUMANITIES AND SOCIAL SCIENCES

WHICH ARTS DEGREE?

In Arts, we offer range and versatility in our degree offerings. We hope this snapshot overview helps to guide your students:

- Bachelor of Arts - create your own program. Opportunity to fast track to a Master's degree
- Bachelor of Criminology - develop specialist knowledge in all aspects of crime and justice
- Bachelor of Media Communication - gain a deep understanding of the role of media
- Bachelor of Global Studies - be a leader in making social change and creating a difference
- Bachelor of Music - solid training with unparalleled performance opportunities
- Double degree - double your career options, networks, and opportunities
