

BACHELOR OF MEDICAL SCIENCE AND DOCTOR OF MEDICINE

DIRECT ENTRY PROGRAM - DOMESTIC - 2022 ENTRY

Monash is the only Victorian university to offer both direct from school and graduate entry into the same medical degree.

In this course you will be learning from staff across Monash Medicine, Nursing and Health Sciences who are leaders in their field.

You will also benefit from our links with the largest health care provider network in Australia, including the Monash Medical Centre, The Alfred Hospital (Melbourne's major casualty hospital), Eastern Health, and health services in outer metropolitan Melbourne, and rural and regional Victoria.

In the Bachelor of Medical Science and Doctor of Medicine you will:

- Begin your medical studies from day one of your degree;
- Undertake training with a strong focus on patient safety, evidence-based practice, clinical role modeling, and professionalism
- Graduate with a Doctor of Medicine

WHAT IS A MULTIPLE MINI INTERVIEW (MMI)?

At Monash we use a six or eight station Multiple Mini Interview (MMI). Each circuit comprises a series of scenarios and associated questions focusing on applicants' personal qualities including:

Each applicant is given two minutes of reading time followed by eight minutes to answer five questions relevant to the scenario. At the completion of the eight minutes, there is a further two-minute changeover and reading time for the next scenario.

The MMI format allows the faculty to determine which applicants possess the personal qualities required to succeed in the MD program, as well as the qualities that we are looking for in health care professionals.

VARIETY OF LEARNING STYLES

Our innovative teaching sessions provide you with a range of learning modes. Lectures, seminars, workshops, tutorials and simulation sessions are designed to suit the content being covered. These sessions are delivered from content experts within the University as well as clinicians and researchers.

In years 3-5, we provide opportunities for you to develop and enhance your skills during clinical placement, by engaging with real patients during bedside tutorials and clinical settings, under the guidance of medical practitioners. Clinical placements may be in metropolitan or rural areas, where travel may be required.

SPECIAL REQUIREMENTS

You must satisfy extra requirements, including immunisations, Police Check and Working with Children Check to be able to complete clinical course requirements.

HOW DO I APPLY?

Applicants who wish to be considered for Medicine at Monash in 2022 **must** apply to VTAC by the close of timely applications by the end of September 2021. Only those who include at least one Medicine code in their preferences at this time will be considered. If you remove Medicine from your preferences after 30 September 2021, you cannot reinstate it in your preferences and you will no longer be eligible to be considered.

IMPORTANT NOTE: The direct entry program is only available to current Year 12 (or equivalent) students or applicants who have completed Year 12 no more than two years prior and have not commenced any form of other tertiary studies during that time. Those who have commenced tertiary study (including at Certificate IV level) are ineligible for the direct entry program.
