### Michael Nunan

BPharm 2005,  
GradCertPharmPrac 2008  
MPH 2012

Michael Nunan is an active and highly involved alumnus of the Faculty of Pharmacy and Pharmaceutical Sciences. As the inaugural recipient of the Mathew Peck Travelling Scholarship in 2004, Michael undertook his placement in Vanuatu – the beginning of a passion for practising pharmacy in developing nations.

Following graduation, he travelled to the Solomon Islands as a Chief Pharmacist, where his work has been instrumental in setting up sustainable systems and infrastructure that have improved access to essential medicines for thousands of people. In mid 2014 Michael joined his wife Erin (BPharm 2005) to practice in Swaziland before travelling to Sierra Leone, working as a senior pharmacist at an Ebola treatment centre.

Michael is now undertaking a PhD at the University of Melbourne on “Improving access to priority medicines for mothers and children through the implementation of mobile electronic pharmacy inventory systems” and plans to continue his outreach work in the developing world.
