

MONASH
University

ADVANCE YOUR CAREER WITH A MONASH MASTER'S DEGREE

Your pathway from Chisholm Institute to a globally-recognised postgraduate qualification.

Ready for the next step? Eligible Chisholm bachelor graduates can now seamlessly transition into a Monash University master's degree. Take your applied learning further with a world-class postgraduate qualification.

WHY MONASH?

Seamless progression

The Chisholm bachelor's degree is formally recognised for master's entry.

Globally-recognised qualifications

Monash University is consistently ranked among the world's leading universities, giving graduates international credibility and mobility.

Career advancement

Monash master's degrees are designed to strengthen professional capability and support progression into senior or specialised roles.

Industry-aligned learning

Programs evolve alongside industry needs, ensuring graduates are equipped with relevant, contemporary skills.

Flexible study options

Part-time, full-time, online, or blended delivery – Monash courses are set up to support work-study balance.

Research excellence

Students benefit from Monash's strong research culture, expert academics, and access to advanced facilities.

Global opportunities

Monash's extensive international networks create pathways for study experiences, collaborations, and mobility.

Professional accreditation

Many Monash master's programs meet professional accreditation standards, supporting graduates entering regulated fields.

WHO THIS IS FOR?

- Current Chisholm Institute bachelor students planning their next step
- Recent graduates pursuing additional, higher-level qualifications.

HOW DOES IT WORK?

1. Complete your Chisholm bachelor degree.
2. Achieve the required academic entry score.
3. Ensure you meet any language, age, or special course requirements.
4. Apply directly to Monash University for your chosen master's degree.
5. Receive credit or advanced standing where applicable (course-dependent).

READY FOR WHAT'S NEXT?

Start exploring your options and entry requirements.
