PARKING REGULATIONS TO BE ENFORCED

A number of areas around the university, with capacity for about 2000 vehicles, have been designated "restricted parking areas".

Staff members wanting parking permits for restricted car parks should purchase them as soon as possible. It is likely that staff demand will be heavy; if any permits remain unsold by March 31, these will be available for sale to students.

The permits, costing $15, are available from the parking office in the basement of the University Offices.

No permits will be required for other campus parking areas which have space for a further 3500 cars. On the map below, restricted car parks are shown in green.

Until next Monday, February 3, a "period of grace" applies in the restricted car parks. Vehicles without permits are not being booked but motorists are being told that they are parking without authority and that they should, if eligible, apply for a permit if they wish to continue to use that area.

After next Monday, restricted car parks will be supervised and all vehicles without permits will be booked.

If a vehicle is repeatedly parked without authority, the University Parking Officer will apply to either the Chairman of the Parking Committee, the Comptroller, or the Deputy Comptroller for authority to tow the vehicle away. It will be taken to a specific area within the University and blocked to prevent removal. Drivers will be permitted to remove their vehicle after identifying themselves to the Parking Officer.

... cont.
Visitors to the university may obtain a day permit from the main entrance gatehouse; regular visitors may apply for free issue of an orange permit. In both cases the permit will allow parking in either a restricted or unrestricted car park; but not in a loading zone or service bay. Handicapped persons may apply for free gold permits which carry the same privileges as orange or green permits.

TWO FILM SEASONS NOW RUNNING

Two film seasons are running at Monash and tickets are available for the remaining screenings.

One season features the films of Luis Bunuel; the other is a selection of films showing how women have been portrayed in the cinema. Both seasons are part of the Monash Summer School.

Four films remain in the Bunuel season - “Diary of a Chambermaid” (Jan. 30); “Belle de Jour” (Feb. 4); “Tristana” (Feb. 6); “Discreet Charm of the Bourgeoisie” (Feb. 11). Screenings, in the Alexander Theatre, start at 8 p.m.

Four nights remain in the “Cine Women” season - “Some Like It Hot” (Feb. 3); “Dream Life” (Feb. 5); “100 A Day” and “Lucia” (Feb. 10); “Therese Desqueux” and “A Doll’s House” (Feb. 12). These films will be at 7.30 p.m. in the Union Theatre.

For information about tickets contact the Clubs and Societies Office, 1st. Floor, Union, ext. 3180, or book at the door.

COLONIAL DANCE NIGHT

A “Colonial Dance Night”, a night of traditional Australian and British dances, will be held in the Union this Thursday (January 30). It is sponsored by the Folksong and Dance Society of Victoria and is part of the Monash Summer School.

There will be English, Irish, Scottish and Australian jigs, polkas and dances. Each dance will be demonstrated by the dance team and then everybody can join in.

The venue is the Cellar Room, ground floor, Union from 8 p.m. The cost will be $2.50 with students at $2. More details are available from the Clubs and Societies Office. ext. 3180.

LECTURE BY CAMBRIDGE MAN

Professor David Tabor from Cambridge University will speak at an engineering colloquim at 4 p.m. on Thursday, February 6 in Room 101, Building 6, Engineering School.

His topic is “Friction and Transfer of Thermoplastics”. The talk will be open to all those interested.

Professor Tabor is head of the Physics and Chemistry of Solids Group, Cavendish Laboratory, Cambridge.

CONCERT BY GUITAR MAESTRO

Portuguese classical guitarist and singer Carlos Paredes will give a concert at Robert Blackwood Hall on Friday, February 21.

Paredes has been appearing at the Perth Festival of Arts.

The Monash concert, which starts at 8 p.m., will be his only Melbourne performance.

Tickets are $4 and $3; students: $3 and $2. Bookings can now be made at Robert Blackwood Hall or on ext. 5448.

ENGINEERING COURSE AND WORKSHOP

Two overseas engineers will be guest lecturers at a five-day course and workshop on fluidisation being organised by the Department of Chemical Engineering. They are Dr. J.F. Davidson from Cambridge University and Professor Daizo Kunii from the University of Tokyo.

The course will be held from February 24 to 28 and more details are available from ext. 3420. Other lecturers will be Mr. A.B. Whitehead from the CSIRO and Professor O.E. Potter, chairman of the chemical engineering department.

THE WRONG PLACE

Although located in the medical building, the Department of Genetics is not part of the Faculty of Medicine as reported in Sound No. 2, 1975. It is in the Faculty of Science.

COINING THE ODD PHRASE

The Finance Branch last week received a cheque from a student for a library fine. The following message was attached to the payment:

I'll be Franc with you.
I had a Yen to Peso, and did so, even though I was a bit Lira at first.
I was Kurus to see how Krone men like yourselves would Fils when Yuan Cent one’s money like this.
I hope I don’t get into Rouble over this ... (Pyas don’t Sen any of your men to Pound me into the ground, or Drachmae over the coals, because I’Dohar and scream and maybe Su you.)
Anna ‘nother thing, I hope you’ll Escudo all these seemingly Milliemes of puns,
Baht I feel I have Talents in this area; besides, it’s just me trying to be Pfennig.
